TONOPAH DAILY BONANZA

Today's Silver
Quotation, 54 3-8

VOL. XI. NO. 8

TONOPAH, NEVADA, WEDNESDAY EVENING, NOVEMBER 1, 1911.

PRICE 10 CENTS.

POPULAR TONOPAH COUPLE MARRIED SUNDAY EVENING

Sunday evening at 6 o'clock at the Presbyterian church, the Rev. H. L. Burnham united in marriage Mrs. Annie E. Warburton and Mr. Roy Crump.

It has been known for some time that this marriage was soon to be consummated, but it was thought to occur on Thanksgiving, hence a surprise to many.

The bride has occupied the position of register clerk in the Tonopah postoffice for the past three years, and by her genial and accommodating attendance upon the public, won favor into their hearts. She is the eldest daughter of the late Thomas Logan, who served this county several terms as sheriff.

The groom, Mr. Roy Crump, is too well-known to need any introduction by our pen, he having been employed for several years past as engineer at the Montana Tonopah mine, is very popular and everybody who knows him is his friend.

Miss Saddle Gibbons and Mr. Frank Bryant acted as bridesmaid and best man. The newlyweds will occupy the Blaklee residence, recently purchased by the groom and presented to his bride.

The Bonanza voices the sentiment of the entire community when it wishes for Mr. and Mrs. Crump a life of joy and happiness.

HARD FIGHTING RESULTS IN VICTORY FOR THE REBELS

Insurgents Recapture Hankow After Fierce Battle--Young Emperor Issues Royal Edict--Takes Away Privileges of the Manchu Princes and Wholesale Massacre Likely.

SAN FRANCISCO, Nov. 1.—A dispatch reporting the recapture of Hankow by the rebels was received here yesterday from Shanghai by the Chinese Free Press. According to the message, the rebel army from Hanyen moved against the imperial forces and surrounded the city, necessitating them to withdraw, after capturing two regiments who surrendered. Four field cannons were among the spoils of the fight.

The reported victory of the rebels at Hankow is confirmed in part by the Chung Sai Yat Po, which also received a cable from Shanghai yesterday. While this dispatch does not state that Hankow itself has been taken, the authoritative news is given out that Fachimen, the first railway station outside of the city and a point of great strategic importance, has been captured by the rebels in a battle and is now being strongly fortified. This battle, it is said, has just taken place. Another piece of news from Canton has it that the city is in a critical state because of the impending conflict between the rebels and the officials belonging to the Manchu regime.

The people are leaving the city in all directions. The imperial forces at Chin Shan, near Canton, have rebelled. The viceroy there has notified his city against a rebel attack.

HANKOW, China, Nov. 1.—The revolutionists have rallied and reorganized their forces and are furiously contesting the imperialist advance on Ha Yang. The insurgents still hold a section of the city which separates the foreign concessions from the native city.

The Red Cross doctors estimate that 1000 revolutionists have been killed and between 2000 and 3000 wounded during the fighting of the three days.

Of a rebel battalion which faced the imperialist machine guns with intrepid tenacity, only two or three escaped. The others were mowed down. The loyalists lost from 200 to 300 killed.

SHANGHAI, Nov. 1.—A few days will tell the future fortune of China. The burning of the navy city of Hankow by the imperialists,

accompanied, according to report, by brutal treatment of Chinese by the Manchus, has created the worst possible impression.

It is predicted that unless the Manchus immediately demonstrate the sincerity of the imperial edicts being issued in Peking, the slaughter will exceed that of the Taiping rebellion.

The district south of the Yang Tse Kiang is quiet. There is every indication that the native cities of Shanghai, Nanking, Ching Kiang, Chan Chow and the lower Yang Tse forts will be in the hands of the rebels within a week.

Wholesale Massacre.

Whether their conquest will be accomplished by a whole massacre of Manchus depends on the influences of the leaders. Foreigners at no point have been molested, and they will remain unharmed, the rebel chiefs assure the press, unless such actions as those of the imperialists at Hankow continue and the reports of the dishonor or murder of defenseless Chinese women and children make it impossible to control the rabble.

Further reports of small uprisings and others in the heart of the Sze Chuen province going over to the rebels are received. The panic among the officials at Peking is regarded as one of the worst features of the situation, as it betrays a weakness on the part of the dynasty towards the spirit of revolution.

Leaders of the new party look on the issuance of the edicts as victory far greater than anything that has been won on the field of battle.

All incoming river boats are crowded with refugees. Most of these are Chinese, but there are a few foreigners. Eyewitnesses of the fighting at Hankow pay a tribute to the imperial forces. They say that the revolutionists were little more than an untrained mob, but courageous and ready and willing to continue their fight.

PEKIN, China, Nov. 1.—The state of terror which has taken possession of the entire imperial court was further evidenced yesterday.

SHEEPHERDER SHOOTS AND KILLS AGED MOTHER

THE DALLES, Ore., Nov. 1.—In the presence of his father and brother, William Glissin, aged 45, a sheep herder, stabbed and killed his aged mother, who had remonstrated with him for his intemperance. The stabbing occurred at the home on a ranch near Antelope. Glissin fled to the woods, but was arrested later on the day by a posse.

THIRTEEN CARS OF FREIGHT ARRIVED HERE YESTERDAY

There arrived yesterday thirteen cars of freight, consigned to Tonopah firms and mining companies, as follows: Five cars Rock Springs coal, one car barley and one car of smoked meats for Wittenberg Warehouse company; one car Rock Springs coal for Wilkes' Warehouse Co.; one car coal for the Tonopah Mining company; one car lumber for the Verdi Lumber company; one car lumber for the Halifax Mining company; one car oil for the Standard Oil company, and one car fuel oil for the Montana Mining company.

STRIKE THREATENED ON CHICAGO ROCK ISLAND

Trouble Is Said to Be Brewing--Report That Shopmen Are Asking for Higher Wages Denied By Officials of Railroad.

CHICAGO, Nov. 1.—Officials of the Chicago, Rock Island and Pacific railroad here yesterday denied that shopmen are taking a strike vote to force a wage increase. F. O. Melcher, vice president in charge of operation, said the road had no official knowledge that any vote was being taken, but that practically the only ungranted demand of the men was for recognition of the system federation, the same cause for which shopmen on the Harriman lines are striking.

Talk of a shopmen's strike on the Rock Island, however, was general among labor-union men here. James W. Kline, international president of the railway blacksmiths, was busy yesterday exchanging telegrams with other international officers.

President Kline sent out a call yesterday for the heads of the other international unions to meet in Chicago at the earliest possible time to discuss the advisability of a strike.

STRIKE ON PACIFIC COAST SHOWS BUT LITTLE CHANGE

SAN FRANCISCO, Nov. 1.—At the end of the first month of the strike of the shop employees of the Harriman lines, both sides in the Pacific coast division are declaring their forces unimpaired and that they are ready to continue the fight. Officials of the railroad point to the fact that traffic has continued uninterrupted and that the shops at Sacramento, Los Angeles, Dunsmuir, Oakland and San Francisco have been kept in operation with almost full forces of men at work. Leaders among the strikers point to the fact that there has been at

most an entire absence of violence and declare it their intention to continue the strike peacefully. E. L. Reguin, president of the San Francisco local of shop employees, is hopeful of a victory for the strikers. Officials of the Southern Pacific road would make no statement other than that the strike has not seriously interfered with the business of the road and that the shops will be kept in operation. Rumors of elaborate preparations against attacks by strikers, in the building of stockades and the employment of hundreds of private watchmen, were denied.

MINER KILLED IN CAVE-IN AT VIRGINIA CITY

LAGGING FROM ABOVE GIVE WAY AND DIET AND ROCK CRUSH OUT LIFE.

VIRGINIA CITY, Nev., Nov. 1.—Tons of earth completely buried the head and shoulders of Dudley Feeney, a miner employed in the Ward shaft at this place yesterday, and caused almost instant death. When dug from the pile of dirt and rocks which crushed out his existence, it was found that not a bone in Feeney's body was broken, and that there was not a scratch on the remains indicate that he had met a

sudden and violent death. Feeney and his partner, James Herrin, were casing timbers on the 2100 tank station of the Ward shaft. Feeney reached behind some lagging for the purpose of removing a block. Suddenly the lagging above him gave way and the mass of rock crashed down on the unfortunate fellow.

Herrin immediately sounded an alarm and miners came to the scene of the catastrophe. Feeney was soon extracted from the earth, but it was found that he was dead.

Feeney was about 25 years of age and unmarried. He came to Virginia City about two months ago from Butte, Mont. He is said to have two brothers in Chicago. An inquest will be held this evening.

Harry Grier, of the Tonopah & Goldfield Railroad company, passed through Tonopah this morning en route to Salt Lake.

TONOPAH HIGH WILL ENTERTAIN GOLDFIELD HIGH

The students of the Tonopah High school are making elaborate plans to entertain their guests—the Goldfield High students—Thanksgiving day and evening. On that day a return game of football will be played at Recreation park between the two schools and the young ladies and gentlemen of our high school, with the aid of their parents and citizens of our city, purpose that their guests on Thanksgiving day shall be royally entertained. In the afternoon the game will attract all and in the evening a grand ball and banquet will be given in honor of the visitors. This is as should be, and it is always to be hoped that a kindly feeling will forever obtain between the two sister towns. Every person in town should lend a helping hand and will, to further the plans and see that they are nicely carried out by our Tonopah High school students.

Mrs. C. Barnett of Goldfield departed for Luning this morning.

ITALIANS GET ANOTHER REAL GOOD SET-BACK

Turks Take Forts at Tripoli and Drive the Italians Into Trenches--Constantinople Hears of Turkish Victory.

CONSTANTINOPLE, Nov. 1.—The Turkish troops with their Arab allies, have retaken two forts at Tripoli and forced the Italians to entrench themselves within the city after abandoning large quantities of guns, rifles, ammunition and provisions, according to a telegram from Rahmi Bey, the deputy for Saloniki, who is now at Tripoli.

The message, which was received by the Tanin last night, adds:

"The Italians were unable to resist the fierce assaults of the Arabs and were compelled to retreat.

"The Italians still held three forts. The Arabs are displaying remarkable heroism and hope to re-capture the city of Tripoli."

The message is undated.

MOTION OVERRULED FOR PERSONAL REASONS ONLY

LOS ANGELES, Nov. 1.—Judge Walter Bordwell, in the superior court yesterday, accused attorneys of the defense in the McNamara case of trying to circumvent his rulings and rejected two challenges against talesmen which formed the basis for his supposition. He also refused the defense the privilege of challenging a juror, who said he would not convict a prisoner on circumstantial evidence alone, and held that this challenge was available only to the state.

Under these rulings the jury box contained last night at the close of the trial for the day, three men passed for cause by both sides in addition to four so qualified when the day's session began. To both rulings yesterday the defense noted exceptions.

For the first time during the trial the defense brought into court one of its investigators to confront a talesman, R. H. Fitzgerald, a fledgling attorney, took the stand after George W. Johnson, the retired superintendent of an iron foundry, had said he had not told any one it was his belief the Times was blown up by union men, and had not talked with anyone about the case.

Fitzgerald testified that he visited Johnson, asking him for some statistical information and later talked with him about the Times case. He could not remember what was said, he testified, without referring to his report.

Attorney Clarence S. Darrow announced that Fitzgerald would testify further later on. Johnson is the man, the challenge against whom for implied bias on the ground that he opposed conviction in cases involving the death penalty was refused by the court specifically on the ground that the defense had no right to prefer it.

Challenges against Frampton and Winter on the same ground, were also denied, but these met with the disapproval of the court as being intended to circumvent his previous ruling that the men were not disqualified because of their expressed opinions that McNamara was guilty of murder.

Both men contradicted themselves somewhat, the court said, under examination by opposing counsel. The court also held they got their opinions entirely from common report, public rumor and reading the papers, all of which would not except talesmen from qualifying for the trial.

To this the defense objected, using the grounds that Winters' opinion concerning strikes was based on personal knowledge as he once replaced a striker and was pelted with eggs and other missiles.

Sam Mendenhall, an orange grower, was accepted as to cause by both sides, and Frank Frakes, a farmer, was under examination by the defense when adjournment came yesterday afternoon.

MORE THAN A MILLION TAKE ABSTINENCE PLEDGE

MILWAUKEE, Nov. 1.—At yesterday's session of the National W. C. T. U., Mrs. Stella B. Irving stated that 1,081,411 Sunday school children signed the pledge last year. The convention indorsed the Flood resolution, providing for changes at different times in the constitution of New Mexico.

GENERAL RAY DIES.

NIAGARA FALLS, Nov. 1.—General P. H. Ray, United States army, retired, died yesterday at Fort Niagara, aged 70 years. He was in active service from 1841 to 1906.

ELKS' HIGH JINKS AT MANHATTAN

The members of Tonopah lodge, No. 1062, B. P. O. E., at Manhattan and all Elks residing in the Pine Tree camp, have invited their Tonopah brothers to journey to their camp Saturday and on that evening attend in a body a high jinks smoker. The smoker will be great; there will be boxing bouts, wrestling and a splendid battle between a badger and Manhattan's town bulldog. There will be plenty of good things to eat, to say nothing of an abundance of soft drinks. Sixty members so far have signified their willingness to attend the smoker.

WANTS CROWD TO CHEER.

EL PASO, Nov. 1.—Francisco I. Madero, in Chihuahua last night, asked the crowd to cheer for Pino Suarez, but the crowd instead cheered long for Vasquez Gomez. Madero promised the people that he would quickly put down the Zapastista revolt when he becomes president. His stay in Chihuahua was marked by continuous ovations.

TEAS TOWNS DESTROYED.

SAN ANTONIO, Texas, Nov. 1.—The town of Thelma, eighteen miles south of here, was practically destroyed and two persons injured by a tornado yesterday. Great damage was done to crops.

NOTICE, YOEMAN!

All members of Yoeman lodge are requested to attend meeting at Knights of Columbus hall, Friday evening, November 3rd. Initiation and important business.

THE NEXT GREAT EVENT IN TONOPAH

The next great—really great—event in Tonopah is to occur on Wednesday evening, November 15, 1911, at 8:30 p. m. at Miners' Exchange hall, which at that place and time the grand march of the Machinists' Sagebrush lodge, No. 638, I. A. of M., will be formed and a delightful evening of dancing will be engaged by the merry throng in attendance. The best music, and nothing but the best goes with the machinists, will be heard on that night. The members of Sagebrush lodge have always been IT when it comes to entertaining the dance-loving public.

Members say this will eclipse all others of the annual dances, and the editor says right here, if it does eclipse their previous affairs, they will have to go some. The proceeds of the dance will be donated to the striking railroad shopmen, who are now out on strike. If you have not purchased a ticket do so at once!

ALEXANDER AND HARRIMAN FIGHT FOR FIRST PLACE

LOS ANGELES, Nov. 1.—The primary election for the selection of majority candidates here yesterday resolved itself into a contest between Mayor Alexander for reelection, and Job Harriman, attorney for the McNamara brothers, his socialist opponent.

The other candidates for mayor, W. C. Mushet and Miles Gregory, are apparently out of the running. Managers of Alexander's campaign say they expect Harriman to poll between 15,000 and 20,000 votes.
