TONOPAH DAILY BONANZA

Today's Silver
Quotation, 56 1/4

VOL. XI. NO. 15

TONOPAH, NEVADA, THURSDAY EVENING, NOVEMBER 9, 1911.

PRICE 10 CENTS.

REPUBLICANS WIN AND TAMMANY IS DEFEATED

Democratic Majority of 24 In Present Assembly Is Retired By Election of Republicans.

Election returns from various states up to noon yesterday clear up the uncertainty of earlier reports. In Massachusetts Eugene N. Foss, democrat, is re-elected, but will, as previously, be surrounded by republican state officials.

In New Mexico, apparently the democratic state ticket has been elected, but the republicans are still hopeful of controlling the legislature.

In Maryland, Philip Lee Goldsborough, republican, is elected.

Kentucky elected practically all the democratic state candidates, giving James Bennett McCreary, for governor, over 30,000 majority. The legislature is democratic by 85, assuring the election of Ollie James for United States senator.

Democratic mayors are elected in Columbus, Cincinnati and Cleveland, Ohio.

New York state assembly will contain 101 republicans, 48 democrats and 1 socialist. The senate holds over, and continues democratic. In New York City the republicans generally had the better of it. Tammany retains its grip on Manhattan and the Bronx, but has lost Brooklyn and control of the board of aldermen.

In New Jersey, which has a democratic assembly and republican

senate, the republicans will control both houses.

The strength shown by the socialists was the feature of the elections. In eighteen cities or districts situated in six states socialists elected candidates and polled a surprisingly large vote in several other states.

In Ohio, Lima and nine other cities elected socialist mayors. At Columbus and Canton socialists were a close second for mayor. At Schenectady, N. Y., Rev. G. R. Lunn, socialist, was elected mayor, receiving two-thirds of the total vote. A majority of the county officers there are socialists.

Cookston, Minn., elected a socialist mayor. Four socialist commissioners were elected at Saginaw, Mich. Massachusetts will have a socialist assemblyman. A socialist councilman was elected at Bridgeport, Conn.

NEW YORK, Nov. 9.—Tammany Hall's hold on New York City was shaken in the battle of the ballots, with local officials mainly at the stake. The democrats successfully defended their ancient strongholds of Manhattan the Bronx, but by greatly reduced pluralities.

Queens county also went democratic, but the republican fusion ticket made a clean sweep in the borough of Brooklyn. Republicans gained eight assemblymen in New

York county, and will send 15 members of that body out of a total delegation of 35.

New York state elected a republican assembly, thus depriving Governor Dix, democrat, of the support he hitherto received from both branches of the legislature. The present assembly has a democratic majority of 24. The new one will have a republican majority of upwards of 30. In New York City, Tammany strength was materially reduced, but its candidates were elected, although by greatly reduced pluralities.

In Brooklyn the fusion of judicial and county candidates was successful, with perhaps one exception.

A democratic congressman was elected in the Second Kansas district to fill the place of Representative Mitchell, republican, deceased.

In Kentucky James B. McCreary, democrat, was elected governor by a large majority. A democratic legislature was also assured, which assures the choice of Congressman Ollie James as United States senator.

The first election to be held in the new state of New Mexico is still in doubt. Both democratic and republican candidates are claiming victory on meager returns. Indications point to a republican legislature, which will elect two United States senators.

Early returns from the state election in Maryland are inconclusive as between Arthur P. Gorman, democrat, and Philip L. Goldsborough, republican.

Mississippi elected a democratic governor and legislature by very large majorities.

ROLPH WILL BE SUPPORTED BY THE CITY COUNCIL

SAN FRANCISCO, Nov. 9.—Final returns from Tuesday's municipal election show the election of Chas. M. Fleckert, district attorney, over Ralph M. Hawthorne, municipal conference candidate by a vote of 35,072 to 33,467.

Frederick Eggers defeated Thomas Flinn by 35,152 to 32,726.

For coroner T. B. W. Leland, municipal conference, was elected over J. M. Toner by 36,426 to 22,157.

Thomas Boyle was re-elected auditor over John Lackman.

Sixteen of the eighteen supervisors elected were endorsed by the municipal conference, which first named James Rolph, Jr., for mayor.

Of fourteen union labor candidates for supervisors, Andrew J. Gallagher was the only one elected.

ATHLETIC PITCHERS LEAD AMERICANS ON WORK ON MOUND

CHICAGO, Nov. 9.—The Philadelphia Athletics have three of the first pitchers of the American league, according to the official pitching average. Covington of Detroit, who leads the list, pitched only eight games, and therefore Bender, who is officially second, is the real leader with an average of .773; Plank is next with .733, and Coombs next with .700.

ONLY A FEW DAYS MORE AND THE CHINESE EMPIRE WILL HAVE CEASED TO BE

PEKIN, Nov. 9.—The legations believe that the end of the Manchu dynasty is in sight. There seems to be no hope of saving even a nominal throne. The provinces north of the Yang Tse river are now clearly for the republic. The only force of Manchu troops large enough to cope with the local situation anywhere is in Pekin.

Indications now are that the capital will be surrounded before many days by Chinese soldiers. Where the court will take refuge in that event is a matter of mere speculation. Troops are guarding the tunnel along the route from Pekin to Chang Kian Kau, where it is expected supporters will dynamite the tunnel after the emperor and his family passes through. A report received here is that Chang Kian Kau is unsafe. The national assembly is holding a meeting without an orator but certain members are endeavoring to maintain a nucleus.

Prince Chang's palace seems deserted. It is believed he is in the forbidden city. American soldiers with a supply of skyrockets were sent to each outlying mission compound last night. It is not believed

a concerted attack will be made on foreigners but there are many in the city who are opposed to them. The legation has advised all Americans and others to come into the legation quarters or seek other places of safety.

The government proposed yesterday to cut the Pekin-Tien Tsin railroad beyond Feng Tai, to prevent additional troops arriving. It is said that British Minister Sir John Jordan protested on grounds that Great Britain is entitled to operate the railway in the event of suspension of service in accordance with an old agreement. Consequently the line is still open.

Chinese report that the Kalgan railway is in the hands of the revolutionists. A rebel force is reported proceeding apparently in the direction of Pekin at a point on the railway about 70 miles from the capital. One hundred carts left the city of Pekin yesterday for Jehol, and 200 mounted Manchus proceeded in the same direction later. Chinese believe this party is preparing the way for the flight of the court. Manchu troops here number 11,000, imperial guards 7500, police 4000 and banner police 5000.

TONOPAH "76" CON. WILL DELIVER STOCK ABOUT 15TH INST.

By reference to the advertisement in other columns of the Bonanza, it will be seen that the management of the Tonopah "76" will close their books for the first subscription of 100,000 shares on the 15th inst., at which time stock will be delivered to shareholders of record. During the past few days several large blocks of the stock have been subscribed for locally, so it looks as though the entire issue will be taken up by the time the close.

The survey of the property, which is surrounded on three sides by the Tonopah Extension and West End Consolidated, will be completed in a few days, and then the site for the shaft will be selected. The company expects that before the 20th work will be started on the shaft. The work of the "76" will be watched with interest, as it is confidently believed by those familiar with the western trend of Tonopah's mineral belt that no great depth will be attained before ore deposits are reached.

DEATH AND BURIAL OF FRANK FOSTER

The Leader-Independent of Greeley, Neb., in its issue of October 26, chronicles the death and funeral of Frank Foster, who was killed in a mine at Superior, Ariz., on October 21, by falling from a ladder down the shaft. The deceased is well-known in Tonopah and Goldfield by all Coloradans and was held in the highest esteem by all of his acquaintances. The deceased was a personal friend of Sheriff Malley, County Treasurer Frank Mannix, Thomas McMannis and scores of other Colorado citizens, residing in Tonopah. Mr. Foster resided at Goldfield for a number of years, being employed in the mines in that camp. Mr. William Turner of Tonopah was a brother-in-law of the unfortunate man who lost his life while performing his duty. Mrs. Turner is a sister of the deceased's wife. The funeral was the largest ever held in Greeley, where Mr. Foster was born and grew to manhood.

NEGRO LYNCHED.
MERIDIAN, Miss., Nov. 9.—"Judge" Mosely, colored, was taken from jail by a mob of 4000 and lynched yesterday. Mosely hit a white man with a stick.

SILVER JUMPS TO 56 1/4 CENT MARK THIS MORNING

The Mine Owners' Association in Tonopah today are vying with one another in joyous congratulations over the rise in silver this morning—the highest point in price in years past—56 1/4 cents. This advance of 1 1/4 cents over yesterday means in the aggregate to the producing mines of this district \$12,500 per month, or in other words, each cent adds \$10,000 per month to the mine production of this district, figuring the output at \$1,000,000. This added increase means much to the shareholders who receive their regular quarterly dividends. Let the market continue to advance.

NEW HARDWARE FIRM FOR TONOPAH

A new hardware firm has taken over the business and remaining stock of the Nye County Mercantile company's hardware stock, and the named changed to the Tonopah Hardware company. The members of the new firm are known to every pioneer of this section and the citizens in general in Tonopah. They are Henry Schmidt and Russell Williams. These gentlemen need no introduction to our people, for they are well and favorably known to all for their gentle manners and honest dealings with their fellow people. The new firm will carry an up-to-date stock of hardware and their prices are just one-half of the regular price. Read their ad in another column and then give them your patronage.

SALT LAKE CITY'S RECENT ELECTION

SALT LAKE CITY, Nov. 9.—Under the standard of the citizens' non-partisan committee, Samuel C. Parks, candidate for mayor, won a notable victory over J. S. Bransford, incumbent, whose leadership in previous struggles gained the name for the "Americans." Nearly complete returns indicate the success of the entire citizens' ticket by a 3500 plurality. Socialists and labor vote were potent factors in defeating Bransford.

NEW LAW TRIED.
SANTA BARBARA, Nov. 9.—H. S. Holmboe, an oil operator, was arrested under the new law and charged with manslaughter for running over Henry Rose in his automobile and not stopping to offer aid. Rose died later.

DO NOT FORGET THE GREAT DRAMA ON FRIDAY NIGHT

BOUCAULT'S MASTERPIECE IS
ON THE PROGRAM FOR
TOMORROW.

"The Colleen Bawn," M. Boucault's masterpiece, will be shown at the Butler theater tomorrow afternoon and evening at the usual price of admission of 10 cents. This wonderful subject comes in three parts, or in other words, 2000 feet of film. Every scene in this grand production was taken in Ireland in the exact location described in M. Boucault's celebrated play. The setting in this romantic drama includes the beautiful Lakes of Killarney, the picturesque peat bogs, old castles, rustic colleges, the typical hedge rows and the rugged mountains. The photoplay and the acting is the best, all of the Kalem stars taking part. The "Scenario" is by Gene Gauntier, produced under the personal direction of Sidney Olcott. Don't forget to attend this performance tomorrow and witness a drama that has run for years and witnessed by millions of people. In fact you will witness a regular \$1.50 show for 10 cents. The usual two shows will be given in the afternoon and three at night.

LARGE OHIO CITIES HAVE GONE DEMOCRATIC

COLUMBUS, O., Nov. 9.—The democrats swept into power in the three largest cities of Ohio—Columbus, Cincinnati and Cleveland returning decisive democratic pluralities. A feature of the elections throughout the state was the large socialist vote. In Columbus the socialist candidate for mayor ran a close race against Mayor Marshall, republican nominee, for second place, while George J. Karb, democrat, was elected by 5000 plurality.

In Cincinnati Mayor Lou Schwab, candidate for re-election with the republican endorsement, was defeated by Henry T. Hunk, democrat, by about 5000. In Toledo Brand Whitlock, independent, apparently is elected for his fourth term by a plurality in the neighborhood of 2000.

BUSINESS MEN'S ASSOCIATION TO VISIT MANHATTAN

There is a proposition being boosted by several of our business men to visit Manhattan on a "get acquainted" trip and lie with a day and evening. This is as should be. All of the traffic and freight going to the now prosperous gold camp passes through Tonopah and considerable money passes into circulation in our midst through this traffic. Besides a brotherly business feeling existing Tonopah owes much to Manhattan's prosperity, and there are many in Tonopah who long to visit the gold camp and see its wonderful producing mines, its new mills and the old ones in operation. The day has not been set for the excursion and it is to be hoped will be named shortly. At least 75 business men of Tonopah will visit the new Manhattan. That a great big welcome will be accorded them by the people of the Pine Tree camp goes without saying.

WIDE SPREAD OF RAILROAD STRIKE IS PROPHESED

PRESIDENT KLINE ASSERTS IT
IS OUTCOME OF RECENT
VOTE OF SHOPMEN.

CHICAGO, Nov. 9.—The spread of the Railroad Shopmen's strike to the Central Georgia and the calling of a strike on the Rock Island is a matter of but a few days, according to J. A. Kline, president of the Blacksmiths' union.

As to the Rock Island, he said: "Matters are near a crisis. The votes of the various crafts as to acceptance, a rejection of the company's proposition, resulted in rejection, and this virtually is an order to strike."

CONSTANTINOPLE, Nov. 9.—The war office does not claim that Der-na was recaptured, but does claim a great victory in a battle there, in which 500 Italians were killed and many guns and much ammunition was captured.

18-YEAR-OLD TONOPAH BOY MAKES STAKE

A year ago June 29, young Roscoe Howeth, son of Mrs. G. W. Litts, sailed from Seattle for Alaska with a set determination to make a fortune in the frigid north lands, and with his gotten wealth buy a farm and become a happy and contented and prosperous farmer. With this object in daily view young Howeth labored early and late. Some days only a few colors and many a nary one for his toil. At last one day luck came to him in the shape of a rich pocket and from which he washed many thousands of dollars. With his new found wealth he returned to Seattle and last week purchased the coveted farm. Besides buying the land he remembered his mother with a handsome sum of money by sending her one of his personal checks. The boy, when leaving Tonopah, said he was determined to become a resident on "Easy Street" and that he has succeeded, brings joy to his parents and congratulations from Tonopah people.

ATTACKS HIS WIFE WITH A HATCHET THEN SUICIDES

SAN FRANCISCO SLASHES HIS
THROAT AFTER WOUNDING
HIS WIFE.

SAN FRANCISCO, Nov. 9.—John Edward Cooper, a lathing contractor, attacked his wife with a hatchet in her sleep at his home here early yesterday, and then killed himself by cutting his throat with a razor. Mrs. Cooper is dying at a hospital.

FREE DANCE SUNDAY NIGHT.

There will be a free dance at the U. and I. boarding house Sunday night. Free lunch for all attending. Best orchestra music obtainable has been engaged. Best board in town at this popular place. Everybody come. 11-9-11-3t

Bonanza "want ads" will sell your property.

GOMPERS IS OPPOSED TO ONE DETAIL

CHICAGO, Nov. 9.—Samuel Gompers, president of the American Federation of Labor, was a witness yesterday before the Employers' Liability and Workmen's Compensation commission. He gave general endorsement of the plan for compensating employees of interstate roads for injuries sustained, but excepted to the provision making each company liable for damages sustained on its own road. Gompers argued that all roads should contribute to a general insurance fund against accidents.

WASHINGTON, D. C., Nov. 9.—Some difficulties are likely to be encountered in the administration of the proposed workmen's compensation law. This was emphasized when President Gompers, of the American Federation of Labor, took issue with members of the Employers' Liability and Workmen's Compensation commission regarding the awarding tribunal to be created.

Gompers insisted the tribunal should consist of three members, one representing the employe, one the employer and the third to be a physician of standing chosen by the other two. The commission had not formulated a provision governing this important part of the law, but Senators Sutherland and Representative Moon indicated a leaning toward the selection of award boards by the federal courts. Gompers hastened to add he did not believe the courts as a rule were actuated by improper motives but he said that the environment and education would move the judges so as to render them incapable of correctly determining questions concerning industrial life.

TWENTY WITNESSES TELL OF SHOOTING BY EDITOR

STOCKTON, Cal., Nov. 9.—Twenty witnesses for the prosecution testified yesterday in the trial of S. B. Axtell, former editor of the county newspaper, charged with the murder of Charles Sollars, a Lodi business man.

The testimony purposed to show that Axtell followed Sollars about town all morning prior to the shooting. It is expected it will take a week to try the case.
