

BRICK LAYERS UP IN RENO OUT ON STRIKE

EMPLOYMENT OF NON-UNION HOD CARRIERS IS CAUSE OF STRIKES.

RENO, Nev., Jan. 15.—Every bricklayer employed in the construction of the new high school building went on strike Saturday, as did the union hod carriers also employed at the structure. For some time there have been differences between the bricklayers and the contracting firm who are building the high school, and matters reached a culminating point when an order was issued for the union men to cease work.

The main trouble, according to the bricklayers, has been the employment of non-union hod carriers who were hired at a wage scale less than that sanctioned by the union. Consequently the union men refused to work and handle mortar that was conveyed to them by non-union hod carriers.

PASSENGERS ARE ICE-BOUND NEAR CHICAGO

CHICAGO, Jan. 15.—Forty-five passengers remained ice-bound on two lake steamers five miles out of Chicago harbor last night, 72 hours after they ran afoul of floating ice, which made further progress impossible. Tugs last night gave up all efforts to reach the imprisoned vessels. Wireless reports from the Indiana, one of the steamers, indicated that they had enough food and fuel on board both craft to last a week, but the approach of wind meant great danger and possible disaster.

BEAUTIFUL WEATHER.

Sunday was one of the most beautiful winter days ever experienced in Tonopah; in fact, any place in the known world. There was not a cloud in the sky and the sun shined out bright and warm. If walking fast one would perspire freely as in the late spring time.

We surely should be congratulated on our beautiful climate, and especially when we consider the severe cold and stormy weather from which the east and middle west is suffering.

A few comparisons of the government weather report for Friday, January 12, shows:

Reno, Nev., 42 degrees above zero; North Platt, Neb., 24 degrees below.

Tonopah, Nev., 22 above; Haron, S. D., 42 below zero.

Winnemucca, Nev., 28 above; St. Paul, Minn., 28 below zero.

On Sunday the Tonopah weather bureau station recorded 51 degrees above zero.

DISASTROUS FIRE.

BIRMINGHAM, Ala., Jan. 15.—Fire shortly after midnight practically destroyed the Cable Piano company's building here and has spread to the Southern Bell Telephone company's six-story building.

MILLS WILL BE CLOSED DOWN DURING TROUBLE

TEXTILE MILL AGENTS HAVE SHUT DOWN DURING THE STRIKE.

LAWRENCE, Mass., Jan. 15.—Although there was no repetition on Saturday of the outbreaks that marked the beginning Friday of the strike of textile operatives, who object to a decrease in wages, incident to their curtailment of the hours of their working week, under the new 54-hour law, mill agents and owners are considering the idea of a general shutdown until conditions have become more nearly normal. Mayor Scanlon suggested this step. Such a step would affect eight or nine mills, employing 25,000 persons.

Joseph Etter, member of the executive committee of the Industrial Workers of America, who was sent from New York by that organization to direct the strike, addressed a mass meeting of operatives Saturday afternoon. He cautioned the operatives against interfering with the mills against which a strike had been ordered and said his immediate aim was to have a general strike declared.

ANOTHER DEATH RECORDED.

DALLAS, Tex., Jan. 15.—Another death from meningitis and two new cases were reported to the Dallas board of health Saturday after the regular daily record was compiled.

NEW POSTMASTER APPOINTED.

Mrs. Allie Peterson has been appointed postmaster at Marymine, four miles from the town of Blair. Mrs. Peterson was a former resident of Tonopah.

FOLK AND CLARK BREACH WIDENED

SNAP CONVENTION CLAIM FOLK FOLLOWERS AND TROUBLE IS STARTED.

ST. LOUIS, Jan. 15.—The breach between the forces of Speaker Champ Clark and former Governor Joseph W. Folk, who are striving for the Missouri delegation at a democratic national convention, was widened further Saturday by the democratic state committee selecting February 20 as the date for holding the state convention at Joplin. The Folk adherents fought for a date in March.

Folk's managers, after the meeting adjourned, announced that the committee had called a "snap convention." Speaker Clark's representatives on the committee declared that the date for the convention was the unanimous action of the committee.

The Missouri democratic league, which favors Mr. Folk, contended that the voters would not have sufficient time to become acquainted with the issues if the state convention was held before March.

FARM ANIMALS SACRIFICED.

SANTO MONICA, Cal., Jan. 15.—Small ranchers about here, finding it unprofitable to feed their farm animals with hay at \$25 per ton, are selling them to make feed for the jungle beasts which are in winter quarters with circus organizations here. Livestock in droves are going into the maws of lions and tigers at prices as low as \$1 per head.

WE EAT TURKEY.

The editor of the Bonanza carried off the turkey given away at the New Nevada Club last evening, his name appearing on the cash register ticket. Some kind friend, realizing that ye editor was real hungry, kindly wrote our name upon the check that gave us the fat turkey bird. Many thanks to the thoughtful friend and may he continue the good deed. Another gobbler will be given away tomorrow night at the same place.

DOG CASE BEING TRIED.

Attorney Carney of Goldfield was looking after the interests of his client, S. E. Redman, in the justice court this afternoon. L. C. Branson is suing Redman for \$50 damage for the loss of a dog killed by Mr. Redman's automobile running over it. The accident was unavoidable. The funny part of the proceedings is that the pup killed was purchased for \$10 and its value increased many dollars in a few days. The supreme court has decided that a dog has no recognized cash value.

Why Send Out of Town for Your Printing
When you can have first-class work done right here, by first-class union printers.
The business man who sends out of town for his printing injures his own business as well as that of others. While on the other hand the man who patronizes home institutions increases the town's pay roll, and thereby builds up his business.
The printers and book binders in the cities of surrounding states do not come here to spend their money.
