

"TWO OLD PALS" IS A WONDERFUL ANIMAL PICTURE

"Two Old Pals," a remarkable Selig animal picture in which Toodles, the big Selig elephant, plays the principal part, will be the feature at the utter theater tonight. This will rival "Lost in the Jungles," shown here sometime past and so well received by everyone. The big elephant is made to do things almost human and besides, the picture has many comical sketches too. "Pants and Pansies," is the title of one of the best Biograph comedies that has been shown and will be projected tonight. A young man is preparing a bouquet of pansies to send to his sweetheart and while writing a note to put in the box with the pansies, he knocks over the ink, just as he has written "I hope to see you wearing them" and at once bundles up his trousers, all saturated with ink to send off to have them cleaned. The messenger boy gets the bundles mixed and delivers the pansies to the cleaning shop and the pants to the young lady. Then the fun starts. A Vitagraph drama and a pathe Indian picture close the program.

The Printys will introduce the "Texas Tommy" tonight by request. Tomorrow a great trick comedy picture entitled "A Windy Dream" will be shown.

ORDER FOR A COURTMARTIAL CAUSES A STIR

WASHINGTON, Feb. 17.—The Ainsworth case took a sudden turn late yesterday when President Taft approved the former adjutant general's petition for retirement. This means there will be no courtmartial, it is said.

WASHINGTON, Feb. 17.—While no order of military arrest was issued yesterday the status of Major General Frederick C. Ainsworth was that of an officer under suspension and under orders to remain in Washington pending the adoption of disciplinary measures by the department. This is understood to mean that General Ainsworth is to be tried by courtmartial on a military charge that he is alleged to have been guilty of disrespect to Gen. Leonard Wood, the chief of staff, and to Secretary of War Stimson.

The court probably will be one of the most notable in the army's history. It may be several days before the issue of the formal order creating the court and citing Gen. Ainsworth to appear before it.

Although the issues are exceedingly important involving the old rancorous disputes that have been waged between the line and the staff for 25 years, officers of the department believe the trial will not consume much time. It is believed the evidence will be principally documentary, including the orders and reports issued from the adjutant general's office within the last four years and especially the letter made public yesterday from Secretary Stimson to Gen. Ainsworth, formally charging him with disrespectful conduct. In view of the limited accommodations at the department the court probably will assemble at the war college or at Fort Myer, across the Potomac.

General Ainsworth maintains the reticence he has steadfastly occupied since Secretary Stimson's letter was made public. It is understood he now is arranging for counsel preparing his defense.

It is fully expected at the department that the case will figure extensively before congress and that perhaps the democratic house may take steps to investigate the whole department, and especially the relations between the general staff and the adjutant general's office.

Officials of the department profess no concern at this, taking the ground that the president, as commander-in-chief of the army, is the only constitutional authority authorized to deal with the issue presented to the case and no congressional interference would be tolerated.

CORPSES FLOAT ON THE WATER

WHOLE VILLAGES AND PARTS OF TOWNS WIPE OUT BY TERRIBLE FLOODS.

LISBON, Feb. 17.—Whole villages and parts of some towns were wrecked by the floods which recently swept Portugal and whose subsidence makes known the fact that damage of \$10,000,000 was done by them. The provinces of Estremadura, Algeva, Alemtejo and Minho suffered most.

Scenes of havoc and desolation are observed for miles along the country roads. Houses and other buildings have collapsed and among their ruins dead cattle lie in thousands.

There also have been many human victims. Many persons have been left destitute.

The government has sent 50,000 loaves of bread, 50,000 pounds of fish and 20,000 bottles of wine, and more supplies are being forwarded.

The cemeteries have in some cases been undermined and corpses are floating in the streets. Relief stations have been organized and succor is being given to persons in distress.

PRESBYTERIAN SERVICES.

Sunday evening, subject: "Do We Rob God?" Good singing by the congregation. Bible school at 10 a. m. Morning sermon at 11 a. m. Chorus choir. Young People's meeting, 6:30 p. m. A cordial invitation to all services. Rev. Herman L. Burnham, minister.

DRASTIC ACTION WILL BE TAKEN

WASHINGTON, Feb. 17.—The war department has decided to deal drastically with Lieutenant Ben W. Fields of the Eighteenth Infantry, who, in command of a squad of American soldiers, made a mistake of crossing into Juarez, Mexico, from El Paso, Texas, Thursday afternoon and nearly precipitated an international clash. Fields has been arrested pending investigation.

While the war department is convinced that the mistake was due to the unfamiliarity of Fields and his men with the fact that the trolley car they boarded was to cross into Mexican territory as a part of its regular trip, it is desired that this fact be thoroughly impressed on the Mexican officials.

The Mexican government has promised the United States to protect the ten Americans now at Tlaxcala, state of Durango.

At Palomas, on the border line just south of Columbus, New Mexico, the rebels are reported to be

permitting goods of all kinds to come into Mexico at one-half the regular tariff duties.

While conditions in Juarez are said to be favorable to the government, conditions farther west in Chihuahua, particularly the Casas Grandes region, still are unsettled. There is much opposition to the government and the rebels there continue to interfere with the running of trains.

Railway communication between Mexico City and Onaxaca in the south has been interrupted.

MRS. BATTEN IS IN LIMELIGHT

CHICAGO, Feb. 17.—A woman registered at a hotel here as Mrs. Theresa K. Batten of New York, said yesterday that she is possessed of \$500,000 which had been stolen, and that she was on her way from Reno, Nev., to New York to pay the money back to those from whom it has been taken.

Mrs. Batten said she once had been the wife of David Rothschild, president and self-confessed wrecker of two New York banking institutions, and who died in Sing Sing in 1907. She said it was her purpose to restore the half million dollars to the depositors of these institutions, the Federal Bank of New York and the Globe Security company.

The liabilities were upward of \$2,000,000, she said, and that her understanding was that the receivers already had paid sixty cents on the dollar.

Mrs. Batten said she learned last November that she had been left the money. She is under the care of a physician and nurse.
