

HUNDREDS ARE DROWNED AT SEA

(Continued from Page One.)

to have been drowned by the sinking of the steamer Titanic. One of the Cunarders is proceeding to New York, and unless otherwise ordered, will reach New York with about eight hundred survivors. The sea is filled with icebergs and our commander, Mr. Rostron, is coming by way of Cape Race. The message is from the Cunard liner Carpathia.

NEW YORK, April 16.—Unconfirmed reports from the wireless operator on the steamer Circles at 10:30 this a. m. say that additional rescues have been made by passing steamers. One report says the White Star liner Virginia has on board over four hundred passengers on board.

NEW YORK, April 16.—Among some of the most prominent cabin passengers on the ill-fated Titanic were F. D. Millet, the artist and president of the Consolidated American Academy at Rome; Major Archibald Butt, military aide to President Taft; C. M. Hayes, president of the Grand Trunk railway; J. Bruce Ismay, chairman and managing director of the White Star line; Henry B. Harris, the American theatrical director and manager; W. T. Stead, Mrs. Isador Strauss, Mr. and Mrs. John Jacob Astor, Mr. and Mrs. G. D. Widener, Benjamin Guggenheim, and Mr. and Mrs. Harry Widener. The captain of the Titanic was E. J. Smith. The last communication with the Titanic before she struck the icebergs was a wireless message received by the Marconi station at Cape Race, reporting her 1284 miles east of Sandy Hook at 2:15 o'clock Sunday morning.

That icebergs are very prevalent in the Atlantic just now was made known yesterday when it was learned that the big Cunard liner Carmania, and the French liner Niagara, had terrible adventures with them last week. The Niagara had several plates stove off near Grand Banks last Thursday and the Carmania herself had an exciting and trying day threading her way through the large ice floes.

MONTREAL, April 16.—Ever since the Titanic flashed "C. Q. D." yesterday the Virginian has been in constant communication, and report just received say in a wireless message from the captain of the steamer Virginian, of the White Star line, that they reached the Titanic before she sank and that nearly six hundred women and children had been transferred before the Titanic settled slowly and sank almost without warning.

MONTREAL, April 16.—Wireless reports which have just reached this city state that the last ray of hope entertained for additional passengers to be saved was blasted when the report came here that Captain Jambell of the White Star liner Virginia had reported to the agents at this port that the vessel's rescue trip was fruitless. From semi-official source in Montreal it is believed now that the only passenger that have been saved are those that are now on board the Cunard liner Carpathia.

The message received from Captain Jambell of the Virginian is as follows: "We arrived too late on our rescue mission to save anyone. When he came in sight of the Titanic she was sinking and we were helpless to extend aid to those who were doomed to a watery grave. We are now proceeding on our way to Liverpool." The sum and substance of this latest wireless message means that the only survivors of the Titanic are those aboard the Carpathia.

HALIFAX, Nova Scotia, April 16. A wireless message from the Sable Island wireless station reports: "We have been communicating with the French liner Peridan and learn that she saved no Titanic passengers."

WASHINGTON, April 16.—President Taft has just been informed by the White Star line officials that they have no trace of Colonel Butts, the president's aide.

NEW YORK, April 16.—Lord Pirie, who designed the Titanic, is among the survivors.

CANNOT BRING SUIT.

WASHINGTON, April 16.—The supreme court of the United States decided that the United States could not bring suit in the Oklahoma courts to set aside conveyances by full-blooded Choctaws and Chickasaws of land inherited by them, whether "homestead" or "surplus" lands. The decision confirms thousands of conveyances.

BOTH THOUGHT TO BE INSANE.

Tomorrow afternoon, Drs. Richard and McDonnell will, before Judge Averill and County Clerk Pohl, examine Tom Hadlock and William Dogan as to their sanity. Both parties are confined in the county jail.

TEDDY IS ON HIS WAY TO NEBRASKA AND KANSAS

CHICAGO, April 16.—Theodore Roosevelt, candidate for the republican nomination, has just arrived here on his way to Nebraska and Kansas, where he will open the campaign at Hastings. He refused to discuss the political situation but intimated that later he would have something to say.

HOPELESSLY INSANE FROM REMORSE

Yesterday afternoon County Physician Richards and Dr. McDonnell before Judge Averill, inquired into the sanity of Joe Watson, who was brought from Manhattan a few days ago. The inquiry did not consume much time, for the unfortunate man is a hopeless insane person. He is insane upon religion. Joe Watson was raised near Ely, where his parents have resided for many years, and it is believed, remorse caused his insanity. It was only a short time ago he left this section, where he had resided for six years, and went to his home near Ely, where a brother was afflicted with insanity and shortly after his arrival he accompanied the insane man to the asylum. This is thought to have preyed upon his mind until he became insane. This morning he was taken to Reno a "hopeless maniac, and it is thought he will not survive his malady many days. Prior to his affliction he was a sober, industrious working man, and his affliction is a surprise to his many friends.

SUFFRAGETTES STILL ON JOB IN LONDON TOWN

LONDON, April 16.—Undismayed by their defeat on the conciliation bill in the house of commons, the suffragettes are busy today organizing a new campaign to be waged in connection with the general franchise reform measure, aiming to correct many of the prevailing evils of the British electoral system, particularly plural voting, whereby a man may cast as many ballots as there are constituencies in which he holds property. Premier Asquith has promised to back the bill.

Although personally opposed to women, Asquith has promised that if the commons wishes to amend this bill so as to include women suffrage, he will not interpose party obstacles. Led by Mrs. Millicent G. Fawcett, the suffragettes hope to reverse the verdict of the conciliation bill, especially as it was lost by the narrow margin of but eight votes, when their amendment to the general franchise reform measure is brought forward.

ROOMS ARE SCARCE.

It is almost impossible to secure rooms in any of the rooming houses in this city, owing to the mining activity now in evidence in this city.

TEDDY IS WINNER.

PHILADELPHIA, April 16.—Corrected returns up to this afternoon give Theodore Roosevelt 54 of the 64 district national delegates with prospects that the number will be increased to 55, as the result of Saturday's primary election.

Judge L. A. French's decision in the case of Constable Phil Wolf of Lovelock against Humboldt county was filed yesterday with County Clerk Davey. The plaintiff is awarded a judgment in the sum of \$3,572.55. The suit was one for back fees as constable of Lovelock.

TWO FISHERMEN ALMOST PERISH IN A BLIZZARD

SAN BERNARDINO, April 16.—Caught in the blizzard on the mountains, George Wayland and Harrison Brown, fishermen from the Needles, nearly lost their lives. Brown today was carried ten miles over snow five feet deep by rescuers from Bear valley, who were summoned by his companion after Brown had fallen unconscious. Six feet of snow covers the entire valley, the heaviest April snowfall recorded.

CONSIDERABLE LOSS OF SHEEP FROM THE COLD

The extremely cold weather has caused quite a loss of sheep. Shorn of their coats of wool, many of the old ewes were not in a condition to withstand the cold. Reports from all sections of Humboldt county indicate that the loss has been extraordinary everywhere.
