AUTO MAN LIKES LOOKS OF CAMP

O. P. Judd, the Nevada state agent for the Buick automobiles, arrived this morning from the coast where he has been in the interest of the company and also to secure a carload of Buicks for Tonopah. Mr. Judd this afternoon in talking with a representative of the Bonanza said:

"When I came in on the train this morning it reminded me of old times and all those that I met when I was down on the coast are talking about Tonopah and every one is predicting that you will have the biggest boom here that you have ever had in Southern Nevada. The men who are actually engaged in mining appreciate the fact that Tonopah has the ore bodies to back up the statements that appear in your papers and when they see the different companies declaring dividends they realize that the assertions are backed with merit. I have talked with many on my trip and all of them have the kindest things to say about the camp. It certainly is a pleasure to be in a camp where they have ore bodies instead of volumes of hot air. Reno is keeping a close watch on the developments here and many for the first time in their lives are investing in Tonopah stocks.

FINE NEW REELS AT THE BUTLER THEATER TONIGHT

"The Social Secretary," a pleasing and well made picture.

"The Suit of Armor," and "The Haunted Rocker" are two Vitagraph comedies that will keep the laughter floating around the house; not only that but they'll make you laugh.
