

## Citizens Honor Memory Of Puddy Grimes Splendid Tribute Drawn In Recognition Of Life Services

### BURIAL TO BE AT OLD HOME

REMAINS WILL BE TAKEN TO NEVADA CITY THURSDAY MORNING FOR INTERMENT

The remains of Puddy Grimes, Nye county's late auditor and recorder, who passed away at his home in this city yesterday afternoon, will be taken to Nevada City, Cal., Thursday morning for interment. Arrangements for the funeral were concluded today and it was decided that the body be buried in the family plot in the little town among the Sierra where the deceased was born and raised.

Impressive funeral services will be held at the Elks hall tomorrow night by the Elks and Eagles lodges. The joint service will be conducted as a mark of esteem to the memory of the fraternal brother, who, in his life time, had labored untrigingly to build up both organizations. The burial ritual of the Eagles will be followed out, and at the close the impressive service of the Elks will be conducted.

The services will be open to the public, and will start at 7:30 o'clock. On Thursday morning the body, accompanied by the bereaved relatives, will be escorted to the depot by the Elks and Eagles, and brief services will mark the last farewell.

Telegrams and messages of condolence and sympathy have been received by the members of the bereaved family from many out-of-town friends and extreme sorrow is expressed in every instance.

One of the greatest tributes ever paid a citizen of Nye county was paid to the memory of Puddy Grimes by the committee of citizens appointed last night to draft suitable resolutions. The tribute was drafted today and a copy of the same will be presented to the bereaved family of the deceased. The expression of sympathy, as drafted by the committee, bears the caption, "A Tribute From the Citizens of Tonopah to the Memory of Puddy Grimes," and reads as follows:

The people of Tonopah—men women and children—loved Puddy Grimes. He was friend and neighbor to all of us. When he fell asleep yesterday, the whole community bowed its head in sadness, and with a feeling that some of the sunshine and sweetness of life had departed. He lived with us for eleven years and played a big part in the history of this city and of the new southern Nevada. His departure leaves an empty place in the social life of the community which no man can fill as he had filled it.

In the early days of the camp he endeared himself to the whole population in that memorable period of gloom when the dread ravages of an epidemic made devastation in our midst. With a courage such as few men possess, he went into the cabins of the sick and gave his days and nights and all the strength of his body and all the cheerfulness of his big heart, to revive the vitality of the afflicted or to comfort them in their last hour of life. As long as there shall survive a grizzled old pioneer of those early days, the story of Puddy Grimes heroism will not fade from the stories that men tell to rising generations.

In public office he served long and faithfully. For many years he held the important office of recorder and auditor of Nye county. He was re-elected term after term. The people trusted him and manifested their faith in him whenever he gave them an opportunity to do so. He repaid their confidence by giving them the full measure of honest and capable public service. At the time of his death he was again the chosen can-

### WORK IN RECORDERS OFFICE NOW AT A STAND STILL

A special session of the board of county commissioners will probably be held that an auditor and recorder might be appointed to fill the vacancy caused by the death of Puddy Grimes. At the present the office is vacant and it is impossible to issue a legal document for want of the proper and authorized signature. The commissioners will hold a meeting tomorrow morning for the purpose of looking into the legal phase of the situation, and if it is found that a session can be called without delay, the board will convene this week and make the appointment. If it is found that the law requires a stated period to intervene and that the session must be called, the board will probably meet on October 30. However, it may be possible that no session will be held until the regular meeting date in November, and should this prove to be the case the appointment will not be made until November 6. The commissioners are already deluged with applications for the position, no less than 20 applicants having called upon Messrs. Cuddy and Booth.

### JOHNSON IS NOW IN WILSON'S HOME STATE

(By Associated Press) PHILADELPHIA, Pa., Oct. 22.—Governor Johnson left here this morning for New Jersey and will speak to the factory workers at Elizabeth at noon and later address the people of Trenton.

didate of his party for the office he had filled during a long period of years.

In fraternal circles he was a conspicuous figure. He was the life of the several organizations which he had helped to build in our midst. He was the kind of a man that men loved. The charm of his personality was irresistible. His was a warm heart, shot to the core with sunshine. The day never was gloomy if he was about. He loved his friends. He was just to his fellows. He always found time to lend a helping hand; to speak the cheery word; and to scatter flowers along the road of life. Men's virtues he remembered and praised; their faults were like forgotten marks in the sand. The habit of kindness radiated from his face; and it was his custom to sing and not whine when his burden was heavy.

We may not trespass upon the grief of that family circle where he was best loved, nor attempt to beguile them from sorrow that is overwhelming; yet it may comfort them to know, in their dark hour, that the people of this city, and of this section of the state, and also many other friends throughout all parts of Nevada, do stand close beside them in the shadows and share with them their days of sadness, and will, through the long years ahead, cherish the memory of him who has fallen asleep.

Goodbye, old friend, and flights of angels sing you to your rest.

## MESSAGE OF CHEER SENT TO SHERIFF MALLEY IN HOSPITAL BY RESIDENTS OF MANHATTAN

That the people throughout Nye county are anxiously awaiting news of the progress of Sheriff Ed Malley, is demonstrated by a telegram sent the injured sheriff by the residents of Manhattan. The telegram in question is one of a hundred received and it serves to show the popularity of the county official.

The telegram was sent Sunday and contained the signatures of nearly 150 Manhattan residents. It was followed by a message from the sheriff, to which was appended the signature of Malley. The signature was penned with the left hand of the sheriff and the latter document will be saved and preserved among the effects of Mrs. Malley.

The telegram from Manhattan and the signatures attached, reads as follows:

Manhattan, Nev., Oct. 20, 1912. Ed Malley, Goldfield.

We have all heard about your misfortune, Ed, and it threw a gloom over us all, but as we hear reassuring messages that your life was spared, we murmur "Thank God for that," and we are hungry for any message regarding your condition. Grit your teeth and get well soon. In our opinion you are a better man for sheriff with one arm than any other man in Nevada with two. Good luck, old boy.
