May His Memory Live

The world of poetry—or the world of art; for poetry is but a diversified form of art—has suffered an irreparable loss in the untimely, though not unexpected, death of Joaquin Miller.

News dispatches carry the information that the venerable poet's death prevents the completion of a poem to which he had devoted his last days, and which he guarded zealously in the hope that it might prove the crowning effort of his life.

Death came to Joaquin Miller in his little one-room cabin in the Piedmont hills, which he built with his own hands many years ago.

There are those who believe that the world never knew a greater poet than this homely old man of the mountains.

A Parallel Of St. Paul

If a story that comes from Russia is true, then we have in our own times a parallel not at all far-fetched with the conversion of Paul to Christianity on his road to Damascus.

the sacred truth. Forgive me, then, forgive me.

This is a remarkable transformation in mind and character. It is as stated, a fairly close parallel to the case of St. Paul, and there can be no doubt but that it is fair exposition of the great change wrought in an honest mind.

Twenty or thirty divorce lawyers of this state would like positions as bartenders or clerks in drygoods stores. For further information address "Divorce," Reno.

Reno has a divorce lawyer who is somewhat unique in making charges for his services. If a fair client will be his Sunday girl he has stated he would take her case for \$30.

Even though the days are becoming longer their appears to be no shortening in the road bill.

NO ROAD OVERSEERS IN NYE COUNTY

This morning County Clerk Pohl received a letter from the office of public roads, department of agriculture, in Washington, D. C., asking for a list of names of district road inspectors and district road supervisors of Nye county.

Four large blanks were enclosed for filling out. This caused a smile as Nye county has not one road supervisor or overseer.

All road work is done upon order of the county commissioners, and is sometimes looked after personally by them.

Well, poor old Carson can now draw a few long breaths. The assembly committee has reported unfavorably on the capital removal bill.
