

Will Pass Alien Land Bill Tomorrow

Objection Administration Not Heeded

BRYAN TAKEN ON TRIP THROUGH SCHOOLS AND WITNESSES HUGE ATTENDANCE OF JAPANESE PUPILS

(By Associated Press) SACRAMENTO, May 1.—The request of the democrats for more time to study the Webb anti-alien bill caused the leaders in the senate to postpone further consideration until tomorrow. Senator Curtis introduced a resolution proposing that the legislature defer action in accordance to the wishes of President Wilson as expressed by Bryan, not to enact a law this session, then he moved for a postponement. It is agreed that the final vote be taken tomorrow and no motion will be allowed to reconsider after the last roll call. Governor Johnson received President Wilson's telegram calling attention that the Webb bill will involve the appeal to the courts on the question of treaty rights and will cause a long and delicate litigation. The governor replied, thanking the president for the suggestion and saying he was anxious to avoid such a result and referred the dispatch to the attorney general. In transmitting the correspondence to the senate, Governor Johnson said he and the attorney general were unable to see how any language could be used and on subject the measure to the same objection. SIX SETS OF LEASERS WORKING ON FIVE FOOT LEDGE AT STRIKE IN NEW DISTRICT NORTH OF LODI

A mining discovery with the earmarks of being one of the best made in years and surrounded with difficulties enough to make it attractive, has been made 15 miles north of Lodi, according to Fred J. Amigo, the well known mining engineer who returned from that district this morning. The district is also 25 miles southeast of Fairview. Amigo spent considerable time in the new regions which were discovered by James Stratford and Joseph Arthur, both of whom formerly lived in Tonopah. An ore body five feet in width has been opened up for a distance of 350 feet in length and starting returns have been received. Amigo took several samples from across the body and at an old assay office near Lodi he assayed the ore and received a return of \$160 to the ton. In making his assay he had no material for separating the gold from the silver and figured the button on a purely silver basis. Additional assays were brought to Tonopah by Amigo and he will receive the accurate returns today. Six sets of leasers are at work already. Practically the entire mining population of Fairview has deserted the town and stampered to the new find. The country has been staked for an area of four miles. Superintendent D'Arcy of the Lodi company endeavored to secure an option on the holdings of Stratford and Arthur for George Wingfield but the owners refused to consider any kind of a proposition. Their holdings consist of five claims. The discovery was made a few weeks ago and the owners secured a surveyor from Lodi to run the lines on the claims. It was through this source that the news of the discovery leaked out. Amigo declares that parties who visit the district should go prepared to undergo hardships. There is no water to be found nearer than Lodi, 15 miles distant, and it is practically impossible for new arrivals to secure provisions in the district. Stampedees are warned to carry complete outfits if they visit the region. The formation in the district resembles Tonopah, being porphyry and andesite. There is no outcrop, the ledge being revealed by shallow trenching. For years rich float has been found in the district and diligent search has been conducted by scores of prospectors in the hope of discovering the ledge from which the float originated. From outward appearances the rock is barren of metal but when examined it is possible to determine the silver component in huge quantities.

HOW IS YOUR MONEY SPENT?

Some families with a thousand dollars a year will get as much out of that thousand dollars as other families with twice that amount. It is all in the ability of the individual to spend properly. To all those who really wish to become efficient purchasing agents for themselves or their families we recommend the conscientious, daily study of the advertisements appearing in the BONANZA and other newspapers of equal reliability. The person who dashes out and buys without taking thought is generally afflicted with regrets. A little forethought in buying saves time and annoyance. Do your thinking with the advertisements of a reliable paper before you, and your results will be a hundred per cent more satisfactory.

DENIES REPORTS OF SETTLING LITIGATION EXISTING BETWEEN ROUND MOUNTAIN COMPANIES

For some time past rumors have been placed in circulation in Tonopah and in other mining camps of Nevada of a reported settlement of litigation concerning Round Mountain properties. Of late such assertions have appeared in various state papers. J. P. Sweeney, manager and director of the Round Mountain Sphinx Mining company, last evening vehemently denied the rumored settlement and declared that as far as he knew there was no effort being made to settle the differences existing between the Sphinx company and the Round Mountain Mining company. "These rumors are sent out from time to time by certain people for the purpose of influencing the stock market," declared Mr. Sweeney in making the denial to the reports in circulation. "Within the past year a number of rumors have been started and all have been traced to the same source. These false reports include new strikes made in the property, settlement of litigation, favorable decisions from the courts, favorable decisions from the secretary of the interior and several other varieties, all of them being without fact or foundation, and all favorable to the Round Mountain Mining company so far as reports go—but always against them when the real truth and facts are known. "For the information of those who are invited to nibble at a juicy lemon—the purchase of Round Mountain Mining company stock, I wish to say that I am reliably informed that the next annual report of that company will show earnings of but five percent during the past two and one-half years. This reduction in earnings has been caused by the old ore shoot, from which their best ore was extracted, passed into the Sphinx company ground three years ago. "The Sphinx company is not interested in the settlement of the Davidson judgment by the Round Mountain Mining company. The Sphinx company claims ownership of the Davidson ore and at the proper time will proceed to show title to the same." Mr. Sweeney declared that every avenue was being used to place rumors in circulation regarding the untruthful settlement of the litigation and that the parties behind the move had lately resorted to the newspaper columns with considerable success. It was with the sole idea of refuting the untruthful assertions, which he declares are intended to lead stockholders astray, that he made the statement as outlined above.

CARRARA NOW LOCATED ON THE RAILROAD LINE

BRANCH LINE OF TIDEWATER IS EXTENDED TO THE MARBLE CITY. (Special to the Bonanza) CARRARA, May 1.—The road from Carrara Townsite to the Tonopah and Tidewater railroad has been completed. The tracks lie but three-quarters of mile from those of the L. V. & T. E. N. Miner, an ex-magazine publisher of New York City, has permanently located at Carrara, and goes to Goldfield today to purchase a house and other supplies. Mr. Miner is one of the original stockholders of the American Carrara Marble company, having tied to the Belmont district when the boom first hit.

SENTENCE FOR FRANK DEXTER IS SUSPENDED

AN INDETERMINATE sentence of from one to five years was pronounced by Judge Averill in the district court this morning upon Frank Dexter, who entered a plea of guilty to the charge of high grading from the Belmont mine. The execution of the sentence was suspended for a period of 18 months, during which time Dexter was instructed to report either in person or in writing, monthly to the court and give an account of his conduct. The suspension of the sentence was upon the recommendation of counsel for the Belmont and also by the district attorney, under Dexter had entered a plea of guilty to the charge last Monday. If at any time Dexter's conduct is not exemplary he is liable to arrest and confinement in the state prison in compliance with the sentence of the court.

NEVADA WOMAN HIGHLY HONORED AT WASHINGTON

A Washington correspondent of the Sacramento Bee sends out the following dispatch under date of April 21. Edna Covert Plummer of Mineral Hill, Eureka county, Nevada, has acquired the distinction of having been admitted to practice before the supreme court of the United States, an honor that few women in the country have attained. Mrs. Plummer was admitted on the request of Representative Roberts of Nevada. Mrs. Plummer is the wife of Thomas Plummer, formerly a member of the Nevada legislature, and now owner of stage lines running out of Mineral Hill, and interested in mines. She was admitted as an incident of her honeymoon. The couple were married in Chicago several months ago and are traveling before returning to Mineral Hill to make their home. She is a graduate of the Kent Law school in Chicago and was an attorney for a bank there.

POWERS MAY YET OCCUPY SEAPORT OF MONTENEGRO

ATTEMPT WILL BE CONTINUED TO FORCE THE EVACUATION OF SCUTARI. (By Associated Press) LONDON, May 1.—At a meeting of the ambassadors today a proposal was made that the Montenegrin seaport of Antivari and Dulcigno be occupied jointly by Austria, Italy and England, as a further demonstration of the decision to enforce the demand that Montenegro evacuate Scutari. The reply of Montenegro to the demand of Europe was received today. It is non-committal and necessitates further negotiations.

LOUIS, Mo., May 1.—The fourth American Peace congress began a three days session today, the principal speaker being Andrew Carnegie who said the goal of universal peace was almost attained and that President Wilson and his administration would gain immortal glory for the manner in which they deal with the question.

TIME OF HIS LIFE AT NEVADA TOMORROW NIGHT

FUNDS TO BE RAISED FOR ATHLETIC PURPOSES BY PRESENTATION OF FARCE. The police department have been asked to find Uncle Tom, Bob Grey's negro butler. The old negro bolted from the house and has not been seen since. Grey says that Uncle Tom was very badly frightened. He thought he saw his double, and naturally thought his last hour had come. All efforts to quiet him were unavailing and Grey thinks he has gone south, to be at home when the end comes. Grey would not explain why the old darkey had imagined he saw his double, but those interested can find out by attending the high school play, "The Time of His Life," Friday, May 2, at 8:15, Nevada theater.

DECLARE MOVE TO HAVE U. S. ENGAGE IN WAR

BRITISHERS ADOPT HOSTILE ATTITUDE TOWARD DELEGATION PEACE SOCIETY. (By Associated Press) LONDON, May 1.—British working men and suffragettes have adopted a hostile attitude toward the British delegation now enroute to the United States to arrange for the Anglo-American Peace centenary. The leaders urge the Americans to make a hostile demonstration, asserting that politics is behind it, and that the scheme is to pledge the United States to assist England in war against Germany.

MINER ARRESTED ON CHARGE OF ASSAULT

Nick Delish, who has been employed at the Belmont, was taken into custody last night by Chief of Police Evans upon a warrant charging assault. The warrant was issued upon the complaint of Jack Grant, timberman at the Belmont. According to the story as related by Grant the two men had some words while down in the mine. After coming to the surface another quarrel resulted and Grant asserts that Delish drew a pocket knife. No blows were struck. Delish will be given a hearing this afternoon in the justice court.

(By Associated Press) WASHINGTON, May 1.—Reports from the City of Mexico say that foreign merchants in the towns in Coahuila are preparing to close their stores because of the demand of General Carranza that his paper money be accepted for its face value. Taxes have been raised twenty percent to finance his campaign.

ROADS DECLINE INCREASE WAGES OF EMPLOYEES

(By Associated Press) NEW YORK, May 1.—The managers of the eastern railroads declined today to grant higher wages to conductors and trainmen. The reply, sent to the Order of Railway Conductors, and Brotherhood of Railway Trainmen, says the present wages are liberal and in many cases excessive. Wages are better and working conditions are requested that would increase the pay of 100,000 men by \$17,000,000. A committee is conferring as to future action.

SOCIALISTS DANCE WILL BE HELD THIS EVENING

The Socialists of Tonopah will be the hosts tonight at a Mayday dance given at the Minors Exchange hall. Preparations for the event have been under way for several weeks and the committee in charge reports a heavy ticket sale. The crowd in attendance is expected to break all records. The best of music has been secured and a large floor committee will be on hand to assist in the entertainment of those who attend the function. Read the Bonanza want ads.

FREE SUGAR MEANS THE LOSS HAWAIIAN ISLANDS

STATEMENT IS MADE THAT JAPANESE WOULD SOON CONTROL THE ISLANDS. (By Associated Press) WASHINGTON, May 1.—The placing of sugar on the free list will mean the turning over of the Hawaiian Islands to the Japanese according to a letter from an Episcopal bishop at Honolulu, read in the senate today at the request of Senator Works. The letter says that free sugar will drive nine-tenths of the white away, but the Japanese will be able to exist on the reduced profits on sugar.

NEW BROKERAGE OFFICE OPENED BY C. S. SPRAGUE

Charles S. Sprague, the former Goldfield newspaper man, now engaged in the brokerage business in the southern city, has opened joint offices in Tonopah and hereafter all stock quotations and market bulletins will be received by the branch office in this city. The formal opening of the new office was held yesterday and all quotations were received from all the leading markets. The office will be in charge of C. A. Leager as Mr. Sprague will devote the best part of his time to the Goldfield end of the business. Sprague has a thorough knowledge of all southern Nevada mining properties brought about by his long residence on the desert and stands ready at all times to answer all inquiries that may be directed to him.

BLESSED WAS THE SUNSHINE IN MONTH OF APRIL

Eighty percent of sunshine blessed Tonopah during the month of April, according to the monthly meteorological report as issued today by J. C. Percy, observer of the local government weather bureau. The sunshine was the one redeeming feature in the weather line for the month. The highest temperature recorded was 72 degrees on the 26th, and lowest was 29 degrees on the 19th. The wind showed its usual activity, the movement being 8484 miles with an average hourly velocity of nearly twelve miles. The prevailing direction was to the southeast. The total precipitation was .9 inches. The snowfall was 4.2 inches. The greatest precipitation was on April 17 and 18 when 37 inches of rain fell. The precipitation is .09 of an inch less than was recorded during the corresponding month of last year and .14 of an inch less than the month of April, 1911.
