FOUR FEET OF MILLING ORE IS OPENED UP ON 1200-FOOT LEVEL OF BUCKEYE-BELMONT MINING CO.

Four feet of milling grade ore has been opened up in the Buckeye property east of Tonopah, according to the reports of General Manager Leonard Balliet. The body is on the 1200 foot level of the property at a point about 150 feet distant from the shaft in the direction of the Halifax ground. A drift being sent to the side line of the Halifax encountered the ledge, which was about 15 inches in width when first broken into. Subsequent blasting opened up the body for a width of four feet, and the values as obtained from the assay report show the rock to average about \$8 per ton.

TONOPAH ELKS READY FOR JAUNT TO GOLDFIELD

LOCAL BILLS WILL ATTEND CEREMONY AT GOLDFIELD TOMORROW NIGHT.

Eight automobiles have been chartered to date for the purpose of conveying Tonopah Elks to Goldfield tomorrow night for the purpose of attending the big doings arranged by the southern lodge in commemoration of the initiation of thirty or forty candidates from Las Vegas and other southern points into the order. The total number of Tonopah Elks who will participate in the journey is not known, for many will not declare their intention until they witness the departure of the crowd, and then fall in line. It is believed that fully 50 Tonopah Elks will join in the caravan and the auto loads will depart regularly throughout Saturday afternoon and evening.

Concerning the proposed entertainment and initiatory exercises the Tribune has the following:

Elkdom has been quietly but energetically at work for several weeks making preparations for the big time that is to take place on Saturday night and which may be carried over into Sunday. Goldfield lodge is to celebrate its anniversary and at the same time induct into the mysteries of the order some 25 to 40 new members who are to arrive from Las Vegas and from as far east as Caliente in a special car over the Las Vegas & Tonopah railway.

Since Exalted Ruler Charles S. Sprague issued his letter to the members, telling them of the importance of the occasion there is scarcely a member of the lodge in Goldfield who has not made up his mind to be present and "lend to the rhyme of the poet the beauty of his voice," as Judge Barnes in his poetical way would say.

All the officers have been stirring themselves, and Past Exalted Ruler J. Emmett Walsh, who is chairman of the committee of arrangements, has been at work night and day. Everything is now in order to welcome the visitors and to carry out the impressive ceremonies that are to mark the birthday of the lodge.

The reason Postmaster E. R. Collins has been flying about the camp lately in his automobile with such speed and determination is that he has a mysterious something to do with the initiatory rites and there is going to be something doing, according to all reports in that line. There is to be a banquet that will be long remembered, not by reason of the dyspepsia that may follow, but on account of its excellence. A committee of linguists of the lodge has been engaged with a dictionary and grammar for weeks in turning the menu into real French.

There has been some delay necessary in making the announcements because until this afternoon it was not known how many candidates for initiation would appear from the south. Some said at first that there would be thirty and some as low as twenty. All this was put at rest this afternoon, however, when Exalted Ruler Sprague received a dispatch from Las Vegas announcing that there would be at least thirty-five and probably forty candidates.

This will probably make it possible to have the two days' celebration that was at first planned, and beginning on Saturday night, the occasion will also be observed on Sunday.

BREAKS NECK IN ATTACKS SENATE ACCIDENT AND RECOVERY IS ASSURED

WALKS AROUND FOR WEEK BEFORE DISCOVERING NATURE OF INJURY.

(By Associated Press.)
SAN FRANCISCO, May 23.—Paul V. Parker, a brother of the superintendent of the state hospital at Napa who was injured Sunday in a street car accident here, has been found to be suffering from a broken neck, although at the time he appeared to have sustained a few scratches. He has been walking around, but his sore neck caused him to go to a physician. An examination showed a bad fracture of the cervical vertebrae. Physicians say he will recover and said this is the second case on record.

FOR METHOD IN ADOPTION OF TREATIES

REPRESENTATIVE CLAIMS LARGE EMPLOYERS FAVOR ALIEN IMMIGRATION.

(By Associated Press.)
WASHINGTON, May 23.—Representative Sisson of Mississippi, speaking before the house today on the California alien land legislation, disclaimed any intention to make a "war talk" as has been feared by the president. He attacked the treaty making power of the government where it superseded the law making power of the individual states. He said many large employers of labor were glad to have the federal government let aliens enter so they could obtain great tracts of land, especially in California and employ "cheap alien labor." He pleaded for open door sessions when the treaty was discussed by the senate and the publication of documents bearing on the contemplated treaty.

KING GEORGE OF ENGLAND GIVES POLITICAL VIEWS

EXPRESSION SIGNIFIES FRIENDLY RELATION OF THREE BIG POWERS

(By Associated Press.)
BERLIN, May 23.—The first political note at the wedding ceremonies of the daughter of the German emperor was sounded today by King George of England in an address to British residents at the reception. He said: "The preservation of peace is my fervid desire, as it was the chief aim and object of my father's life."

The king's words, according to the opinion in influential circles, epitomized the chief significance of the visit of himself and emperor Nicholas of Russia as a demonstration of friendly relations between the three powers.

SPECIAL TRAIN WILL CONVEY THE GOLDFIELD EAGLES TO TONOPAH TO ATTEND STATE AERIE OF F. O. E.

A crowd of decorators have been busy for the last day or two within the Miners Exchange hall, preparing for the three days' session of the state aerie of Eagles which commences Sunday. The Miners Exchange will be the headquarters for all Eagles during the session and the interior is now being decorated.

Saturday night a reception will be held at the hall, which will be open to the public. It is expected that a number of brief addresses, welcoming the visitors to this camp, will be made and the delegates will respond briefly. A band concert will be given on the streets prior to the reception.

The entire town is expected to turn out Sunday morning to meet the north bound train which is expected to convey several hundred delegates and visitors to this city. The band will be in attendance and the visitors escorted to the headquarters. At 11 o'clock a special train will arrive from Goldfield and will likewise be met by the band and local Eagles. A parade will form and the Eagles will march through the main part of Tonopah, returning to the Miners hall to disband.

During the afternoon the first ball game between Eagles teams will take place at Recreation park. Prizes have been arranged for the best decorated building in Tonopah and likewise the best decorated display window. In addition prizes will be awarded to the tallest, shortest, fastest, least, homeliest and prettiest Eagle attending the convention.

Tuesday afternoon at 4 o'clock the Tonopah drill team will give an exhibition drill on Main street, after which the various drill teams will retire to one of the halls to exemplify their portion of the ritual. Kids' races will also be held during the afternoon, and prizes totaling about \$50 will be distributed to the winners of the various events.

LAW MAKER OF LANDER REPORTED JUMPED HIS BOND

HARRIS, AWAITING GRAND JURY INVESTIGATION, IS DECLARED TO BE MISSING.

Harvey E. Harris, former county clerk of Lander county and member of the legislature, is reported to have jumped his \$500 bond, on which he was held to answer to the grand jury on a charge of misappropriating public funds. Advice received today from Austin declare that Harris had left that city and that his whereabouts are now unknown. He was held to answer to the grand jury at the conclusion of his preliminary hearing last Tuesday.

It is understood that Harris is charged with a shortage of \$1800 and that several other county officials and individuals are implicated in the case. The exact manner in which the shortage occurred could not be determined but it is stated that discrepancies have been found in his stationery purchasing account.

Harris was a member of the last legislature and on the first of the year completed his term as county clerk. He has resided in Austin for years.

USE VOUCHERS AS EVIDENCE IN BOSTON TRIAL

PROSECUTION SHOWS SUMS PAID FOR PLANTING OF DYNAMITE.

(By Associated Press.)
BOSTON, May 23.—Checks and vouchers, the latter approved by William M. Wood, president of the American Woolen company, on trial with Frederick E. Aiteaux, accused of planting dynamite in the homes of strikers at Lawrence last year, were introduced in evidence today and show the company paid Aiteaux \$2000 at one time and \$505 at another time. The last check was endorsed "for expenses at the Lawrence strike," and the prosecution contends this corroborates the testimony of the state's witnesses, John Breen; that Aiteaux hired him and paid him \$500 at one time.

ENTERS PLEA OF NOT GUILTY TO MURDER CHARGE

LIZZIE WOODFOLK, COLORED, WILL FACE TRIAL IN DISTRICT COURT IN JUNE.

A plea of not guilty to the charge of murder was entered in the district court this morning by Lizzie Woodfolk, colored, charged with taking the life of Lena Hamilton, also colored. Judge Averill set the date for the trial at June 3. The defendant was represented in court by Attorney J. E. McNamara, who was appointed by the court.

The arraignment of the woman came up a week ago and was continued until this morning as the defendant announced that she would secure counsel. However, she was unsuccessful in her quest and the court appointed counsel as is provided by law.

The crime for which the Woodfolk woman is charged was committed near the depot in Tonopah over a month ago. Lena Hamilton was shot, receiving wounds which caused her death several hours later, as she was preparing to leave this city. Jealousy was the motive that actuated the killing.

SETTLEMENT OF SMITH'S AFFAIRS PROVES SUCCESS

Advices from San Francisco state that according to all indications the plan outlined by F. M. Smith's trustees in their recent letter to the creditors is working out very satisfactorily. A goodly number of Smith's notes with attendant collateral have been turned in to the Mercantile Trust company with instructions to that institution to act in accordance with the advice of the trustees.

A large and very conservative local institution turned over a big block of Smith's obligations and hypotheated securities to the Mercantile Trust company recently.

It is also understood that the holders of the Realty Syndicate's obligations, better known as Syndicate Sixes, are expressing their approval of the advisory committee's plan by depositing their certificates with the Trust company.

While developments have not been such as to warrant overconfidence on the part of the new directors of Smith's affairs, there is every reason to believe that the creditors will prove willing to assist the trustees in straightening out the present tangle.

MASTER OF THE FOURTH DEGREE OF K. C. IN TONOPAH

PROMINENT OHIO CATHOLIC IS MAKING TOUR THROUGH SOUTHERN NEVADA.

It was a splendid meeting that the Tonopah Knights of Columbus held at their home on Brougher avenue last evening. It was the regular weekly session. Much business was transacted. Besides an unusually large attendance of the members of the council. There were present many visitors from Goldfield and elsewhere.

Among the latter were included W. M. Mumm and M. J. Hanly, of Columbus, O., and John Millett, of Dalton, Mass.

Mr. Mumm is the master of the fourth degree of the Knights of Columbus of Ohio, and is a very able and interesting speaker. He is on his first trip to the Sagebrush state and is here for the purpose of inspecting some mining property at Bellehelen in which his traveling partner, Mr. Hanly, is interested.

Both gentlemen, talked interestingly at the meeting last evening. Mr. Mumm, in his speech, gave in part the program of the fourth degree in its coming campaign against some of the foes of Christianity and civilization. Among these he mentioned the easy divorce and socialism. He pictured with eloquent words and in a convincing manner the dangers of these two dominant evils to the home and government of Americans.

To say that Mr. Mumm's speech was enthusiastically received, is putting it mildly.

DAVIS DELEGATE TO GOOD ROADS CONVENTION

R. B. Davis, chairman of the board of county commissioners, and good roads advocate, has been appointed by Governor Oddie as a delegate to the Intermountain Good Roads association convention to be held at Boise, Idaho, June 16 to 17. Davis is contemplating attending the convention.

If it's of exceptional value at the price, it's sure to be advertised in the Bonanza, else the merchant would be hopelessly unprogressive.

NEVADA JUDGE TO HEAR WHITE SLAVE CASES

JUDGE FARRINGTON WILL PRESIDE IN SAN FRANCISCO FEDERAL COURT.

SAN FRANCISCO, May 23.—The cases against Maury I. Diggs and F. Drew Caminetti, under indictment by the federal grand jury on a charge of white slavery, were postponed for two weeks when they were called up to be set for trial in the federal court.

The postponement was approved by United States District Attorney McNab, with the stipulation the cases be tried during June before Judge Farrington, United States district judge of Nevada.

Charles B. Harris of Sacramento, attorney for Diggs, who is held jointly with Diggs under charge of attempt to suborn perjury, will also have his trial set at that time.

Diggs and Caminetti are accused of having deserted their wives and children and eloping to Reno with Marsha Warrington and Loto Norris, two Sacramento girls, on March 9.

DEMONSTRATION OF X-RAY

The junior physics and the senior chemistry classes of the high school were given a treat today. Dr. Griggs very kindly gave them an illustrated lecture on the uses and properties of the X-ray. The classes having completed their respective courses the lecture was thoroughly enjoyed by them. The use of the X-ray is becoming so universal in medicine and surgery that the lecture will be of great practical value to all those who were fortunate enough to hear it.
