

Delegates Eagles Gather In Tonopah

Second Annual Session of State Aerie

MANY DELEGATES AND VISITORS ARE IN ATTENDANCE FROM VARIOUS PARTS OF STATE--ALL WELCOMED

With the delegates from all parts of the state present the Nevada State Aerie of the Fraternal Order of Eagles is in session today at the second annual convention. The state aerie was formed a year ago at Yerington and the added attendance at the present session is a sufficient testimonial to the growth of the organization. Several aeries in the eastern part of the state are affiliated with the Tri-State Aerie which embraces Idaho, Utah and a portion of Nevada. A representative of the grand worthy president of the order is in attendance and it is expected that every aerie in the state will be affiliated with the state organization before the next annual session is held.

The delegates and visitors arrived yesterday morning, although a few tardy representatives came in from the north this morning. The freedom of the city was extended the strangers immediately upon their arrival and the program of entertainment was started with no delay. A parade was formed at the depot on the arrival of the south bound train and also of the special train from Goldfield and the visitors were escorted to the Miners Exchange hall, which has been secured as the headquarters, although the business sessions are being held in the Odd Fellows building.

They met this morning at 10 o'clock and remained in session until noon when an adjournment was taken until 1:30 this afternoon. During the recess the various committees set to work upon their duties. The officers of the state aerie include the following:

D. W. McKenzie, Yerington, state president; C. L. Deady, Carson City, state vice president; M. V. Dandurand, Virginia City, state chaplain; C. J. Leonzio, Reno, state secretary; P. Kinney, Reno, state treasurer; J. Smith, Fallon, state conductor; N. P. Nelson, Manhattan, state inside guard; C. D. Cameron, Manhattan, state outside guard; F. G. Folsom, Reno, B. H. Reymers, Yerington, C. L. Richards, Tonopah, state trustees.

State deputy presidents—E. G. Folsom, Reno; Ed Malley, Tonopah; Dan Morgan, Virginia City; J. Emmet Walsh, Goldfield; H. M. Lillis, Las Vegas; L. M. Richards, Manhattan; J. Smith, Fallon; Frank S. Peterson, Round Mountain.

This evening at the Miners Exchange hall a smoker will be held for Eagles only. During the evening the Goldfield officers and drill team will exemplify the work of the ritual, after which boxing bouts will be staged and will be followed by other forms of entertainment.

The real work of the convention will start tomorrow morning and it is expected all business will be transacted during the afternoon, when the election of officers will be held and also the convention city of next year decided upon.

A public smoker was held last evening at which addresses of welcome were made and responses by several visitors followed, including an address by State President D. W. McKenzie of Yerington.

The delegates in attendance include the following:
Reno aerie, No. 297—C. J. Leonzio, L. B. Fowler, P. Kinney, F. G. Folsom, A. S. Carter.
Comstock aerie, No. 523 of Virginia City—W. M. Dandurand.
Emerald aerie No. 346 of Goldfield—J. G. Thompson, J. A. Cody, J. Emmet Walsh, D. A. Turner, M. M. Detch.

Carson aerie No. 1096—John Sanger, Geo. E. Kitameyer, John Olding.
Las Vegas aerie No. 1213—H. M. Lillis.
Tonopah aerie No. 1422 of Manhattan—L. M. Richards, Chas. I. Faucher, N. P. Nelson.

Yerington aerie No. 1696—D. W. McKenzie, W. J. McKenzie.
Round Mountain aerie No. 1799—John Larry.

Tonopah aerie No. 271—J. P. Murphy, M. McCormick, Letson Balliet, W. B. Evans, F. J. Coyle, Henry Kelly.
Fallon aerie No. 1447—Entitled to representation but delegates absent.

ARTESIAN WELL IN THE RAILROAD VALLEY SECTION PRODUCES FLOW OF OVER 500 GALLONS TO MINUTE

Artesian water has been developed by the Railroad Valley company, exploring land in the Railroad valley section recently taken up under the Carey act restrictions. News of the discovery was brought to Tonopah yesterday by Victor Barndt and D. H. Walker, both of whom are interested in the project.

A core was sunk 350 feet in depth and the flow secured measures better than 500 gallons a minute, a quantity sufficiently large to irrigate a good patch of land. The Railroad Valley company took up 60,000 acres of land and of this amount it is calculated that over 30,000 can be placed under cultivation after a sufficient number of artesian wells have been sunk.

Heretofore the company has sunk wells in the dry lake while searching for potash deposits. The land in that vicinity cannot be used for agriculture. At the place the last well was sunk the ground is the best for agricultural purposes. It is located about 10 miles north of the dry lake and is due west of Currant Creek.

The well was sunk with the new rotary drill which is capable of sending the bit down 20 feet an hour. The drill has only been installed but a short time and the hole which has developed the flow was the first to be sent down. Additional wells will be sunk without delay as it is desired to develop as much water as possible within the coming summer. Considerable excitement attended the striking of the artesian flow and settlers in the Currant Creek section are very optimistic over the future of that section. It is understood that a number of Mormon families contemplate settling in Railroad valley.

BORAH PAYS HIGH TRIBUTE TO PROSPECTOR

SENATOR IN SPEECH TELLS WHAT HE OWES TO BAND OF PIONEERS.

Judging from the eulogies being pronounced over the prospector one would conclude that the east is becoming alive to the fact that this old fashioned pioneer of the west is becoming a part of history, and ancient history at that. Senator Borah recently delivered such sentiment before the senate, and the west should cut this out and paste it where it can be read once a day at least until the conviction percolates through that unless future prospecting is encouraged by those financially able to do so, the mining industry is going to deteriorate Borah's tribute follows:

"The prospector is one of the unique ones of the most exceptional and most worthy of all those remarkable characters who have exploited and led the way for the development of the west. The west owes him a debt of gratitude which the west can never pay. Always poor, often homeless, self reliant, hopeful, generous and brave, he has been the solitary explorer of desert and mountain fastness; the man who has unlocked from its imprisoned silence the countless millions of what is now the world's wealth. He penetrates the most remote and inaccessible regions, defies hunger and storms alike, sleeps upon the mountain side or in improvised cabins, restlessly wanders and searches through weeks and months and years for nature's hidden and hoarded treasures. Often times his search ends in poverty and distress and failure, sometimes in success. Without the prospector—the great mining centers of the west would not exist. Without his uneasy, never tiring efforts millions of dollars now on their way to minister to the happiness and comfort of the race would never have been poured into the channels of business and commerce.

ELKS CARAVAN VISITS GOLDFIELD SATURDAY NIGHT

LOCAL LODGE MEMBERS DESCEND IN FORCE UPON SOUTHERN CITY.

Goldfield was visited Saturday night by a large delegation of Tonopah Elks, the occasion being the initiation of 40 candidates from Las Vegas and the southern country. The candidates were initiated in two classes and the ceremonies were not concluded until an early hour Sunday morning.

It is estimated that between 60 and 75 Tonopah Elks joined in the caravan to the southern city, as nearly 20 automobiles were utilized to convey the visitors across the desert. The visitors were royally entertained as a banquet was served during the early part of the evening after the first class had been subjected to the initiatory proceedings.

The Tonopah visitors returned at various times during the morning, the last machine reaching this city at 6 o'clock. Yesterday practically every newly made Elk visited Tonopah where they were entertained at the Elks club. During the afternoon an opportunity was afforded for a visit to be paid to the local mines and mills and at 7 o'clock the "baby Elks" took their departure for Goldfield. They will continue on to Las Vegas this morning.

36 ARE KILLED IN ACCIDENT LONG BEACH SATURDAY

MAY PROSECUTE BUILDERS OF PIER THAT COLLAPSED WHEN CROWDED.

(By Associated Press.)
LOS ANGELES, May 26.—The grand jury will not investigate Saturday's disaster at Long Beach where 36 people were killed, it was announced today after a conference between District Attorney Fredericks and Coroner Hartwell. It was decided the coroner's jury was vested with sufficient power to cover the case, and the right to obtain prosecutions for manslaughter should the evidence at the inquest Thursday warrant.

The jury will investigate the history of the municipal pier, the construction of which in 1905 and 1906 led to charges of graft against J. P. Losee, a councilman, and Mayor Eno. The Losee jury disagreed and he was not tried the second time. He turned over to the city \$1000. Experts will examine the pier.

The dead were buried under special permits before the inquest. Sixty-five who were seriously injured, and 200 partially disabled will be aided by a relief fund being raised by the Daughters of the Empire, and Sons of St. George, the principal organizations in charge of the Empire day celebration.

CHILD WANDERS FAR FROM HOME BEFORE LOCATED

LITTLE TOT FOUND NEAR WEST END MINE BY AN ARMY OF SEARCHERS.

The three-year-old child of Mr. and Mrs. H. F. Martin was the cause of considerable excitement this morning and the parents spent an uneasy hour, while searchers were trying to locate the baby, which wandered away from home. The Martins reside near the high school and when the disappearance of the youngster was learned the classes were dismissed and all students joined in the search. The missing baby was found near the West End mine, a half mile distant from the home, and was returned immediately to the almost distracted parents.

Mr. Martin who is the local representative of the Silva-Berthold company declared himself as grateful to the school teachers and students who aided in the hunt for the missing youngster and the subsequent finding of the child before harm resulted.

JURY AWARDS \$13,000 DAMAGES INJURED MINER

WALTER WARD OF SILVER PEAK WINS CASE IN RENO DISTRICT COURT.

After being out an hour and three-quarters the jury in the Walter Ward damage case against the Pittsburgh-Silver Peak Gold Mining company, brought in a verdict for the plaintiff in the sum of \$13,000.

When the jury was polled by request of counsel all but two agreed that such was their verdict. Under the law ten jurymen can bring in a verdict in a civil case.

The outcome was the end of one of the longest trials of a damage case in recent years. The case began on May 12, and 11 full days were consumed in the trial.

Following the reception and recording of the verdict, Attorney Platt for the defendant company accepted to the verdict and moved to set it aside on the ground that it was excessive and for other reasons. The motion was denied and the court ordered that judgment be entered. To this counsel also accepted. Judge Moran thanked the jurors and excused them until the next jury trial.—Journal.

NEW YORK PUTS M'CARTY-PELKEY BAN ON SERUM OF POOR DR. FRIEDMAN

HEALTH BOARD WILL NOT PERMIT THE SALE OF TURTLE TREATMENT.

(By Associated Press.)
NEW YORK, May 26.—Dr. Joseph O'Connell, health officer of the port of New York, was directed today by Health Commissioner Ledlerin to submit to the board of health at the next meeting a resolution prohibiting the use in New York of the Friedman treatment for tuberculosis. He said the investigation had failed to prove of value, but showed it was injurious to patients who had been treated. The treatment has a tendency to resuscitate rather than retard the disease.

GOLDFIELD TEAM PROVES VICTOR IN BASEBALL GAME

POOR EXHIBITION IS GIVEN AND BOTH SIDES SCORE MANY TALLIES.

Back lot baseball was witnessed at Recreation park yesterday afternoon when the Goldfield and Tonopah Eagles team met for the state championship. The game was unique, as was demonstrated by the final score which stood something like 22 to 16, with Goldfield emerging the victor. The Tonopah team was crippled through the absence of Eddis Prout, pitcher. Walter Mann, captain of the team, took Prout's place, but he was soon forced to retire and was followed by Quillici, Herd and several others. It was an easy matter for both sides to score runs, although a number of the players made numerous brilliant plays.

The game was more of a "comedy of errors" than a baseball exhibition, and notwithstanding the frequency of the errors, a large crowd remained to the finish, although it appeared at times that the contest would be called off before the nine innings had been completed on account of darkness.

ARREST MINER AT HAZEN UPON LOCAL WARRANT

CHARGED WITH ATTEMPTING TO DEFAUD HOTEL KEEPER OF BOARD BILL.

Pat Herrin, a miner, departed Saturday morning for Butte, Mont., but owing to his forgetfulness in settling an alleged board bill he was brought back to this city this morning in the care of R. H. Ditzell. After Herrin's departure the management of the Grand Central hotel lodged a complaint, declaring Herrin was attempting to defraud the management of the hotel out of a \$35 bill.

A telegraphic warrant was sent to Constable Sharkey of Hazen and Herrin was placed under arrest when the train reached that city. Ditzell departed yesterday to secure the prisoner and returned to Tonopah this morning. Herrin will be given a trial this afternoon in the justice court.

ESOLA PLACED ON TRIAL TODAY GRAFT CHARGE

SUSPENDED PATROLMAN CHARGED WITH TAKING MONEY FROM VICTIM.

(By Associated Press.)
SAN FRANCISCO, May 26.—Frank Esola, suspended patrolman indicted in connection with the bunco graft investigation, was placed on trial today. He is specifically charged with the larceny of \$900 from Charles Folda, a bunco victim.

PRINCIPALS ARE ARRESTED IN CANADA

PHYSICIANS SAY M'CARTHY DIED OF BROKEN NECK, NOT HEART FAILURE.

(By Associated Press.)
CALGARY, Alberta, May 26.—By direction of the attorney general of Alberta warrants were issued today for Tommy Burns, promoter of the fight, that resulted in the death of Luther McCarthy; William McCareny, manager for McCarthy; Referee Smith and several trainers and attendants. It is understood that all the principals to the arrangements will be prosecuted for manslaughter. The preliminary hearing of Pelkey was postponed as a result of a decision by physicians that McCarthy died of a broken neck, and not of heart failure.

LEGAL LIGHTS OF LAS VEGAS VISIT TONOPAH

FORMER TONOPAH ATTORNEYS RETURN TO RENEW OLD ACQUAINTANCES.

O. J. Van Pelt and A. A. Stevens, former Tonopah attorneys, who emigrated to Rawhide when the boom started in that camp, were visitors in Tonopah yesterday accompanying the delegation of Las Vegas Elks, who spent the day in this city. Van Pelt is now district attorney of Clark county, while Stevens is city attorney at Las Vegas. Both gentlemen are associated together in the law business, and with their official capacities they "get 'em coming and going." "Van" recently took unto himself a better half and is now one of the most conspicuous and prominent "city" of Las Vegas. Nevertheless he has a yearning for Tonopah and spent his entire time yesterday hunting up old acquaintances. Stevens, during his residence in Tonopah was associated with Key Pittman.

THE BONANZA HABIT.

A man of our acquaintance who might not be suspected of knowing much about his wife's hats and gowns, has lately acquired the habit of studying the advertising pages of the BONANZA. The result is that he has enjoyed no little amount of profitable diversion in helping his wife make her spring selections of hats and shoes and other apparel. By friendly co operation and discussion of the many attractive offerings, he proved himself of great assistance to his wife and turned many weeks of irritating shopping experiences into a pleasant pastime. He has demonstrated to his own satisfaction that, by a systematic study of the advertising columns of the BONANZA, one may save time, money and patience in spring shopping. Also, that it is a very good habit to take the BONANZA home each day or to have it delivered regularly where it may be read thoroughly in the quiet of the home circle.

THOMAS RAMSEY, TONOPAH PIONEER, TO PAY ALIMONY

BROUGHT INTO RENO COURT ON CONTEMPT CHARGE FOR AVOIDING PAYMENTS.

Thomas Ramsey, a pioneer mining man, who was among the first to emigrate to Goldfield and who located several of the principal properties in the southern camp, is having troubles paying alimony to his former wife. Ramsey has been ordered by the Reno court to pay \$100 monthly alimony and is somewhat in arrears, according to the Reno Gazette which has the following:

Harry D. Ramsey, a prominent mining man of Reno, known all over the state, was haled into court this morning to show cause why he should not be adjudged guilty of contempt of court for failing to observe an order of court directing him to pay his wife \$100 a month for support of his former wife and their four minor children.

They explained to the court that he had been without work for several months and had sent his wife all the money he could get outside of what it cost him for his room and board.

Mrs. Ramsey, in an affidavit signed at Alameda, stated that although her husband had been directed on December 27, on which date the decree of divorce was issued to pay her \$100 each month, he has given her but \$135—\$76 in April and \$64 in May.

Judge Harwood ordered the case continued until June 11, directing Ramsey to pay his wife on June 10, which Ramsey said would be his pay day, all his earnings except what it cost him for his living expenses. Ramsey promised to do so.

WATER COMPANY COME TO RELIEF OF THE EAGLES

DONATE WATER THAT STREETS MAY BE SPRINKLED AND DUST LAYED.

Notwithstanding the edict of the county commissioners that the streets would not be sprinkled during the Eagles convention, the main thoroughfares of this city were afforded a good wetting down early yesterday morning and it was a cool appearing community that greeted the eyes of the arriving delegates when they marched up Main street after the arrival of the trains.

Credit for wetting the streets is due to Fred A. Burnham, manager of the Water company, who donated the water for the purpose. The sprinkling was carried out by the fire department which attached hose to the various fire hydrants and thoroughly saturated the ground during an early hour Sunday.

Late Saturday a committee from the local Eagles called upon Mr. Burnham relative to securing water for street sprinkling, and the body was informed that the necessary water would be gladly donated. As a consequence of this gift, Main street was passable throughout the day, as the customary clouds of dust were strangely absent.

EMPEROR JAPAN BETTER BUT EMPRESS TAKEN ILL
