\$2,000,000 TO BE USED FOR DOUBLE TRACK IN NEVADA

SOUTHERN PACIFIC PLANS TO SPEND PART OF BOND ISSUE IN THIS STATE.

(By Associated Press.)
SAN FRANCISCO, June 6.—Of the thirty millions the Southern Pacific proposes to spend on improvements, this includes over two millions for double track in Nevada, shop improvements at Porterville, station improvements at Selma, the extension of the Hanford and Summit lake line to Jameson, the Porterville North Eastern to Maguasto and a survey from Marshfield to Eureka.

MOTOR DRIVEN VEHICLES MUST CARRY LIGHTS

NEW TOWN ORDINANCE ADOPTED TODAY BY BOARD OF COMMISSIONERS.

Automobiles and motorcycles will be required to carry head and tail lights when traversing the streets of Tonopah after nightfall hereafter, according to a town ordinance adopted today by the board of commissioners sitting as a town body. A number of complaints have been filed with the commissioners lately regarding motor driven vehicles running about after nightfall without carrying lights and in several instances accidents have been narrowly averted.

The board is expected to complete the regular monthly session this afternoon when an adjournment will be taken until next month. During the morning action was taken concerning the road work authorized as a result of the visit to Willow Creek Wednesday and Thursday, and it is estimated that at least \$1500 will be spent on the thoroughfares in this district.

WHEN COMPANY CALLS DO YOU BORROW DISHES?

HANDSOME 42-PIECE DINNER SET IS OFFERED AT BARGAIN BY BONANZA.

Are you in need of dishes? When company is had for dinner it is necessary to borrow plates and cups and saucers from the neighbors?

The Bonanza offers you an opportunity to secure a 42-piece dinner set for practically nothing. The set is given with a year's subscription to the Bonanza and the charge is \$16.50. The Bonanza, if subscribed for monthly, would cost \$15. Consequently you are paying but \$1.50 for the set, which is worth at least \$15.

A number of sets have been reserved until after the 10th of this month and this precaution appears necessary for but a limited number remain unsold. Better place your order at once.

MARTIN IS TAKEN TO COAST SANITARIUM

Neville Martin, who became slightly deranged several days ago, was taken to San Francisco this morning by his brother, Guy Martin, and will be placed in a coast sanitarium. Martin's condition is not serious and this morning he showed considerable improvement. It is expected that he will completely recover after receiving medical treatment from one of the coast specialists.

AVIATORS WILL FLY AT ELY ON FOURTH OF JULY

The main feature of the Fourth of July celebration to be given in Ely this year will be aeroplane flights by Frank H. Burnside, representing the Thomas Bros. Aeroplane company of Bath, N. Y. The flights will be made on July 4 and 5.

The contracts under which Burnside will fly have been signed by the celebration committee and the aeroplane company's representative. Burnside will use a headless biplane and will arrive with his machine on June 28.

POET'S BODY CREMATED.

(By Associated Press.)
LONDON, June 6.—The body of Alfred Austin, the late poet laureate who died Monday, was cremated at Golden's Green today without any ceremony. A memorial service was held in the chapel royal, St. James palace, at the same hour.

QUARTER BREED PRINTED MATTER IS DECLARED TO BE AN INDIAN

FEDERAL JUDGE AT LOS ANGELES HAS HARD PROBLEM TO DETERMINE.

(By Associated Press.)
LOS ANGELES, June 6.—When is an Indian not an Indian? This question is being considered by Judge Olin Wellborn of the federal court in connection with the application of G. H. Bublitz, wholesale liquor dealer of San Bernardino, for a new trial on a charge of selling liquor to an Indian.

Bublitz was convicted of selling wine to a Mesa Grande Indian named Augustine Benegas. Now affidavits have been submitted to Judge Wellborn that Benegas has always been considered Spanish. His father was one-fourth Indian and three-fourths Spanish and his mother half Indian and half Spanish. The affidavits show that Benegas never lived on an Indian reservation nor received any government allotment of land.

The government contends that persons of mixed blood, even though they are more white than Indian and even though they have no tribal relations with the Indians, must still be considered Indians.

MANY MASONS TO ATTEND GRAND LODGE AT RENO

TONOPAH WILL BE WELL REPRESENTED AT MASONIC LODGE GATHERING.

Tonopah will be well represented at the meeting of Grand Lodge Masons and Eastern Star which convenes in Reno next week, as a number of delegates to both orders are planning attending the sessions. Among the number who are believed will attend are Mr. and Mrs. P. E. Keeler, Mr. and Mrs. Thos. Lindsay, Mr. and Mrs. Alex. A. Dewar, Mrs. R. H. Burdick, Mrs. Al Brown and Sanford Galvin. The delegates are now attempting to secure accommodations during their stay in Reno. This is proving a difficult task owing to the G. A. R. encampment which is expected to attract at least 5000 visitors to the riverside city.

SOCIALISM IS ABLY DISCUSSED BY BEN WILSON

BROTHER OF BERKELEY MAYOR DELIVERS LECTURE AT NEVADA THEATER.

Ben Wilson, orator, amply fulfilled the expectations of the socialists intense earnestness, wit and learning enable him to hold his hearers spellbound. For two hours and fifteen minutes he expounded the truths and principles of socialism. Many continued to sit and talk or think after he had left the platform. His next lecture will be at Goldfield and from there he will go west to fill a number of coast dates. A. A. Ritchie made the speech of introduction with great credit. It is the policy of the party to divide these honors among the various members of the local.

CASE AGAINST HACKER CALLED FOR HEARING

Miss Anna McDonald's \$100,000 breach of promise suit against W. L. Hacker, former city attorney of Sparks, and clerk of the twenty-sixth assembly, will be called late this afternoon in Judge Harwood's division of the district court.

The case was set originally for 10 o'clock today, but failure to finish the case of Capuro against Washoe county prevented its being taken up. It then was set for 1:30 o'clock, but a further continuance was necessitated by the fact that Hacker's attorney is engaged in the trial of the case of Davis against Mooser.—Reno Gazette.

Hacker was assemblyman from Nye county two years ago and the progress in his case is being watched with interest by his many acquaintances here.

BROKERS WHO SHORT TONOPAH STOCKS FAIL

The stock brokerage firm of Newport, Wilson & Company, of Philadelphia, has gone to the wall and is ranked among the busted concerns. The fact that this firm has gone to the wall while shorting on Tonopah stocks is the only item of interest so far as Nevada is concerned.

"I SEE BY THE PAPERS"

Did you ever stop to think of the deep significance of the above oft repeated colloquialism?

It is estimated that more than 95 per cent of the population of the United States that can read are newspaper readers.

The quotation, or rather the universal repetition of the same thought signifies to what a tremendous extent the public depends upon the press for its ideas and daily information.

Not so very long ago "I see by the papers" referred nearly always to some news happening, but today the expression is just as likely to indicate store news—advertising news, the arrival of some choice merchandise, some change in style, a new idea in apparel, or any one of a hundred interesting and constantly changing bits of information which crowd the pages of the reliable daily papers like the BONANZA.

There is, indeed, much worth while that one may "see by the papers" if he will but study the advertising pages.

SENTENCED FOR PRINTING STORY ROASTING GOVT.

PATTERSON PUBLISHER MUST GO TO JAIL FOR INCITING HOSTILITY.

(By Associated Press.)
PATTERSON, N. J., June 6.—Alexander Scott, editor of the "Weekly Issue," was sentenced today to serve from one to fifteen years in jail and pay a fine of \$250 for "inciting hostility against the government." The case was the result of printing an article supporting the silk strikers. He will appeal.

PLACER LAND IS BEING SOUGHT BY RAILROAD

WESTERN PACIFIC IS SEEKING TITLE TO PROPERTY NEAR GERLACH.

This week in the United States land office in Carson was heard the arguments on one of the largest land questions ever brought before the officials in this state. The case is that of the Western Pacific railway against a number of locators of placer ground around Gerlach. The land was located under the placer law in 1909 and later the Western Pacific took up the land under the script law. The mineral locators of the land contested the holding of the railroad and the secretary of the interior ordered that a hearing be had on the matter. During the past ten days evidence has been taken at Gerlach in the case.

This week the evidence was submitted to Registrar Cohn and Receiver Tremont of the Nevada land office and arguments in the case were made by Judge Downer of Reno and Ayres Baldwin of San Francisco, representing the Western Pacific railroad; Special Agent Dyer, representing the government; and Judge Dixon of Reno representing the mineral locators. The main question in the case is the validity of mining locations and the decision of the land office will be watched with a great amount of interest by mining interests all over the state.

ALL SALOONMEN MUST APPLY FOR LIQUOR LICENSE

RADICAL CHANGE IS MADE IN LAW AND LICENSES MUST BE SECURED.

Deputy Sheriff Frank Polson yesterday sent out 26 notices to saloonkeepers doing business in the county outside of incorporated cities or towns calling attention to the new law concerning saloon licenses, says the Journal.

With the notice was sent a blank form of application for a saloon license. The law provides that dealers in the county districts must apply to the board of county commissioners for a license and until such applications are filled out and granted the sheriff has no power to issue the license.

This is a radical change from the old method. Heretofore a man might engage in business in such places not within the jurisdiction of city authorities upon paying the license merely. Now he must make an application to the county board. Cities have jurisdiction a mile beyond the city limits.

MINERAL COUNTY BASIS OF FINANCIAL SETTLEMENT

The basis of the agreement between Mineral county and Esmeralda for the settlement of their financial differences is that Mineral county owes this county \$7,800.17, of which \$2,629.36 is for interest and sinking fund on the Mineral court house bonds and the rest for different county fund settlements, says the Tribune. The bonds are to be paid as they fall due. The Mineral share of the interest at present is \$127.03, but this will be reduced as the bonds are called in. Esmeralda will sue in order to have a judicial approval of the agreement.

JACK JOHNSON MUST GO TO THE FEDERAL PRISON

Jack Johnson, the negro heavyweight champion, has been sentenced to serve one year and a day in the federal prison and to pay a fine of \$1000 for violation of the Mann white slave act. Two weeks time has been granted in which the attorneys for the black fighter may prepare for a writ of error and bonds have been fixed at \$20,000.

ILLINOIS WRESTLING MATCH COMMISSION RESUMES HEARING

WILL INVESTIGATE RESULTS OF LOW WAGES TO HEADS OF FAMILIES.

(By Associated Press.)
CHICAGO, June 6.—The Illinois view and minimum wage commission today began a two days' hearing upon low wages paid to heads of families as contributory to immorality among women. The chief witness was James Simpson, vice president of the Marshall Field company who denied that one causes the other.

JACK SALSBERY HERO OF UBEHEBE VISITS TONOPAH

PIONEER LEADER OF THIS CAMP RETURNS TO LOOK AFTER HIS INTERESTS.

Jack Salsberry, who wore out several pairs of shoes tramping the southern Nevada desert before he gained fame, and who sprang into prominence when he discovered Ubehebe with the assistance of Death Valley Scotty and Ray Baker, came over from Goldfield this morning and will tarry here for a day or two greeting and avoiding old friends and acquaintances.

Salsberry now holds forth in the lobbies of the principal San Francisco and Reno hotels, when not engaged in occupying a seat in a Pullman smoker traveling between these two cities or making a visit to the south. During the early days of Tonopah he was interested in a lease on the Tonopah Mining company, but since that date Salsberry has confined his efforts to superintending mining operations, rather than take a hand in the active work. Recently he became interested in an aeroplane upon which could be carried a bath tub for the convenience of the aviator, but the scheme fell through when it was discovered that water for bathing purposes was scarce in the southern country where it was intended to use the air craft.

NEGRO PIONEER WILL BE BURIED THIS AFTERNOON

SIMEON T. CAREY HAD HIGH STANDING IN OLD TOWN OF BELMONT.

The funeral of Simeon T. Carey, the aged colored pioneer of southern Nevada, will take place Sunday at 2 p. m. from the undertaking parlors of Wonnacott and Cavanaugh. Carey during his long residence in Belmont was regarded as an exemplary citizen and is highly spoken of by the old timers of Tonopah who were intimately acquainted with him.

Attorney Patry M. Bowler today declared that Carey stood high in the minds of the Belmont people and stated that Carey always stood ready to assist any public movement. He constantly subscribed to charity, although he never took part in any of the proceedings. Frequently he was summoned to jury duty in the old days.

At one time Carey was the owner of considerable property in Ohio, which, it is understood, he turned over to his wife and children. He was a native of Ohio but during his younger days came west and he believed to have settled in Nevada in about 1863. His residence in this state was almost continuous since that date.

CRIPPLED MENDICANT ORDERED TO TRAVEL

The crippled beggar, arrested yesterday morning on a charge of drunkenness, was released from custody this morning with instructions to travel. The beggar had transacted a driving business here, coaxing sympathy on account of the loss of a leg, but spoiled his game when he became intoxicated during which process he spent the money he had collected from philanthropic citizens.

CONTINUES SEARCH FOR POTASH AT COLUMBUS

Charley Watson, who has been employed by the government in drilling for potash on the different marshes in Nevada, has returned to Columbus where he will continue his experiments. Recently the government published a very interesting bulletin on the work so far carried on in this state, where Mr. Watson secured the highest per cent of potash so far discovered in Nevada or in the entire west.

TREATY SPIRIT WAS VIOLATED DECLARES JAPAN

REJOINDER OF JAPANESE GOVERNMENT TO U. S. IS MADE PUBLIC.

(By Associated Press.)
TOKIO, June 6.—Japan's rejoinder to the state department regarding the California land law maintains a violation of the spirit of the treaty and the fourteenth constitutional amendment. Popular interest in the controversy remains unabated, and several mass meetings have been arranged. The minister of commerce declared the nation desires to participate in the San Francisco exposition but must await the turn of popular opinion.

The government has postponed its reply to Bryan's international arbitration plan.

No Action On Reply.
WASHINGTON, June 6.—Japan's note was presented to the cabinet today. No action has been so far taken.

COMMISSIONERS INSPECT ROADS IN EASTERN SECTION

NECESSARY REPAIR WORK IS AUTHORIZED IN WILLOW CREEK DISTRICT.

After spending two days going over the road between Tonopah and the White Pine county line, the Nye commissioners returned to this city last night. The board journeyed as far east as Horton's ranch and declared that while the road conditions in the vicinity of Willow Creek were bad, the work of repair would start at once and it is expected that the thoroughfare will be in first class order within a month or six weeks.

"Repair work is needed badly in the vicinity of Willow Creek," declared Chairman Davis of the board, "but once the road is placed in condition it will stand for several years. The repairs will be permanent. On the other side of Willow Creek in White Pine county we found the roads to be in very poor condition, the Nye county section being far superior. It is understood that the White Pine commissioners will repair their section at once and when this is completed traveling autoists will find an elegant stretch of road between the two towns."

The board authorized the work of repairing the road during their absence and the men who secured the contracts will start work immediately. Today the board resumed their meeting at the court house and took up the business where they left off Tuesday.

AUTO TRUCKS IN COLLISION AT RYE PATCH

DAMAGES RESULTING ARE ESTIMATED IN NEIGHBORHOOD OF \$1000.

Damage to the extent of \$1000 resulted from the collision between two of the Wittenberg auto trucks engaged in transporting goods to Manhattan. The accident occurred Wednesday night in the vicinity of Rye Patch while the machines were returning to Tonopah from the northern camp.

The truck that sustained the heavy damages was driven by George McIntyre. The other machine was under the guidance of Gene Lanthier. According to the reports Lanthier was in the lead and stopped his truck to make an adjustment. McIntyre approached and before he noticed that the leading machine had been stopped the two vehicles crashed together.

The engine of the truck operated by McIntyre was demolished from the collision and it was necessary for Lanthier to tow the disabled craft to this city where it was taken to the Campbell and Kelly machine shops for repairs. The engine is badly damaged and it is estimated that the repairs will necessitate an expenditure of \$1000. The damaged truck was known as No. 1 machine, for it was the first car to be placed in the service of hauling supplies to Manhattan. The vehicle driven by Lanthier was the latest to be purchased by the Wittenberg company and escaped injury.

Assembly Dance Saturday Night.
The last of the Assembly dances will be held Saturday night, June 7, at Miners Exchange hall. Negligee shirts and lingerie dresses will be in order, as the committee have decided to make it an informal dance on account of the heat. 3842
