

Impeachment or Removal of Judge Langan Is Urged

Special Session of the Legislature Recommended for Quick Action

GOLDFIELD BANK WILL LIQUIDATE

HAS FOUR DOLLARS ASSETS FOR EVERY DOLLAR OF LIABILITIES, BUT RETIRES.

The First National bank of Goldfield went into liquidation this morning after the matter had been considered for some time by the directors, who include Sheriff Ingalls and Thomas B. Lockhart, of the Florence Goldfield mine.

The bank issued a statement to the effect that assets amounted to \$3,491.73, to meet liabilities of \$34,495, thus offering a safe margin the security of depositors.

No surprise was manifested at the announcement which has been expected for some time as the business of the bank has shrunk with the decline of the camp until it appeared there was no room for two banks in the town. Last week the appointment of Cashier to a similar position in Carson prepared patron's for today's announcement.

The First National bank of Goldfield succeeded the Nye and Ormsby bank in 1909, occupying the quarters at the corner of Main and Ramsey streets in the building erected by Frank Golden for the bank before it was overwhelmed by bankruptcy of the State Bank trust company, but the First National never enjoyed more than a small share of the business of Goldfield merchants.

WEDDING BELLS PEAL FORTH FOR A JUNE BRIDE

EARLY MORNING CEREMONY AT THE HOME OF MRS. JOHN GREGOVICH.

Bryden M. Bateman and Miss Lena Gregovich were married this morning at the home of the bride's mother on Brougher avenue by Dr. A. Lester Hazlett, dean of the Episcopal church. The attendants were: Matron of honor, Mrs. Jennie Curieux, sister of the bride; ring bearer, little Miss Catherine Curieux, and flower girl, Miss Geneva Duffin. The best man was Mr. John Yeager, foreman of the West End, where the bridegroom is employed on the engineering force.

After the marriage ceremony the entire party adjourned to the dining room where breakfast was set forth in an array of flowers brought from Florida. Many beautiful gifts were displayed. The couple left for Long Beach and Los Angeles for a honeymoon trip after which they will return to Tonopah and take up their residence at the home of the bride's mother.

Mrs. Bateman was born in Eureka, Nevada, was in the Tonopah schools a teacher for some three years. The bridegroom was born in England and came to Michigan as a boy. He has been a resident of this camp for the last six years and is now employed as engineer at the West End mine.

CAPTAIN OF COASTER FALLS OVERBOARD

(By Associated Press.)
LOS ANGELES, June 30.—The lumber schooner Louise, from Umpqua river, arrived today and reported that Captain Adolf Anderson fell overboard Saturday. The body was not recovered.

TEMPERATURE REPORT.

Highest temperature yesterday, 72; a year ago, 74.
Lowest temperature last night, 59; a year ago, 52.

BULGARIA FIRES ON SERVIANS AND GREECE RESPONDS

BULGARS ATTACK SERVIANS AND GREEKS RUSH TO ARMS TO JOIN THE FRAY.

(By Associated Press.)
BELGRADE, June 30.—The Bulgarians today opened an attack on the Serbian troops along the entire line in Macedonia. The news created intense excitement here.

The Serbian premier after addressing parliament to support the policy accepting arbitration offered by the Russian emperor, went immediately to his office after the sitting was suspended.

Later a message said the Bulgarians had also attacked the Greek troops along the entire front.

ATHENS, June 30.—King Constantine of Greece started today for Saloniki. The Greek fleet was to depart immediately for the gulf of Saloniki.

SIMPSON WEDS DENVER GIRL IN LOS ANGELES

WINGFIELD'S MINING ENGINEER MARRIES A DAZZLING DENVER BEAUTY.

Telegraphic advices reached here last night, says the Goldfield Tribune, to the effect that on Friday Kenneth M. Simpson and Miss Mary D. Shannon secured a marriage license at Los Angeles. It was reported that they informed the clerk at the Alexandria hotel, where they were registered, that they were to be married by a priest on Saturday morning and were to leave for San Diego. This is doubted by friends of the couple in Goldfield as Mr. Simpson had announced before leaving here his intention to proceed at once to New York and sail on the fifth of July for Europe.

In the application for the license Mr. Simpson's age is given as 31 and that of the bride 23. Miss Shannon spent some time in Goldfield and has a wide circle of friends here. Mr. Simpson is general manager for the Booth, Blue Bull, Sandstorm-Kendall, Atlanta and Kewanas companies, and is consulting engineer for various companies controlled by the Wingfield interests. The couple is expected to return to Goldfield from Europe within six or seven weeks.

CINNABAR FOUND 28 MILES EAST OF THIS CAMP

ANOTHER DISCOVERY IN EASTERN PART OF NYE COUNTY IN PAY QUANTITIES.

Another cinnabar deposit has been located in the eastern part of Nye county 28 miles from Tonopah and the locators say their samples prove it is of shipping grade.

L. V. Cirac, Charles A. Joseph and J. A. Mayette affixed their names and the names of a number of their friends to the location stakes. The find is about four miles from Sallsbury Wash where the big gold excitement occurred four years ago under the name of Ellendale. The ore shows considerable cinnabar but the rock is evidently of volcanic origin as it appears badly burned. Samples from the cropping yield two per cent quicksilver.

TEN MEN GO OUT TO WILLOW CREEK TO RUSH WORK

PREPARATIONS MADE TO DEVELOP PROPERTY AT WILLOW SPRINGS ON BIG SCALE.

Mr. A. Burch, general manager of the Goldfield Consolidated Mines company, and Dan Cronin, superintendent of the Willow Creek property lately acquired by George Wingfield, passed through Tonopah this morning enroute for the new silver camp east of town. They came over from Goldfield last evening and spent last night at the Mizpah so they could make an early start for their hundred mile run across the desert. They hit the trail at 6 a. m. and are expected back some time tonight, if no accidents delay them.

The big Wittenberg truck has been engaged to haul a load of ten miners and their outfits to Willow Creek, besides a load of provisions and supplies for the company boarding house. Other supplies went forward Tuesday by a twelve animal team and more are to follow as fast as the material arrives by rail. It is the intention to rush work on the Willow Creek holdings as fast as possible and it is confidently believed that regular shipments will be in order from that camp before long. The road is in better condition than at any time in history, as a number of laborers have been employed on it at county expense, leveling, filling and grading so as to reduce the strain on the big trucks that will do most of the hauling.

Dan Cronin hails from Tintic, Utah, and for years held the offices of sheriff of that county. He resigned to get back into the mining game as he thinks there is a greater future in that sort of thing than in politics, which he has eschewed forever. Cronin has the reputation of making the Mercur Consolidated mine what it is and is an old sidekick of Burch who also hails from Tintic.

He says the road between Big Creek and the county line is in good shape for heavy traffic.

CAUGHT AT HAZEN FOR TAKING \$50 FROM A CABIN

GOLDFIELD NEGRO ACCUSED OF ENTERING HOME OF CHINESE MAN AND STEALING.

Joe Bradford, a colored man just arrived from Goldfield, was arrested yesterday at Hazen on orders from Chief Evans and will be returned tomorrow. Deputy Chief Peck left on No. 23 this morning and expects no trouble in securing the prisoner.

Bradford came to town recently and under the pretext of looking for work visited numerous homes in the outskirts. Among these was that of the Chinese laundryman who caused his arrest. After Bradford left the cabin the sum of fifty dollars in coin was missed and the further fact that Bradford had taken the first train out for the north and in buying a ticket displayed more money than he was known to have had for the last year, fastened suspicion on him.

TONOPAH WARMING UP TO WEATHER JOB

After a chilly experience of the last few days it was an agreeable surprise for the weather man to go to his kiosk this morning and discover that the highest early morning reading in his experience of this station occurred at four o'clock when the mercury stood at 59. An hour later the reading showed a decline to 57 but more than made up the deficiency after the sun got warmed to its work and the humidity of last week increased the discomfort of the public.

COURT CRUCIFIED BY OFFICIAL FINDINGS OF AN UNCHECKED REIGN OF LOOT

RAILROAD PLANS \$500,000 DAMAGE TO DISSOLVE ARE UP FOR SANCTION IS BLAMED ON SCOTTISH WOMEN

THREE YEARS TIME GIVEN TO BRING ABOUT COMPLETE DIVORCE.

(By Associated Press.)
ST. PAUL, Minn., June 30.—The plan dissolving the Union Pacific-Southern Pacific merger which the attorney general, with the approval of the president, agreed with officials of the Harriman system, were submitted to the federal judges sitting here as the district court of Utah, and were taken under advisement.

Briefly, it provides for executing \$38,290,409 worth of Southern Pacific stock held by the Union Pacific for the Pennsylvania holding in the Baltimore & Ohio, approximately of the same value, and placing the remaining \$88,357,700 of the Southern Pacific \$126,650,000 in the hands of a trust company to be sold within a definite time. The plans allow until January 1, 1916, for a complete dissolution of the combination adjudged to be illegal by the supreme court.

PYTHIAN KNIGHTS TO HOLD JINKS THIS EVENING

DISAPPOINTMENT IS EXPRESSED OVER ENFORCED ABSENCE OF SUPREME OFFICER.

A smoker and high jinks will be held by the Knights of Pythias this evening at their castle hall and a good time is assured everybody who will come. Lloyd H. King, superintendent of the western insurance department who has held that position for the last fifteen years will attend. It was expected that Chas. Davis, supreme representative, would be here for this occasion, but owing to failure of his train to make the connection at Hazen he will not arrive until tomorrow morning. An effort was made to postpone the celebration, but owing to the hall having been engaged for another order it was found impossible to depart from the original plans.

Piano Tuner.
Expert piano tuning and repairing. Leave orders at Rotholz Bros., Bonanza office. Formerly of Melville Clark piano factory, Chicago. Best references. Estimates free of charge. 33611 BEN T. BOWEN.

WILL EXCHANGE PULPITS WITH FATHER DERMODY

Father Flynn of Tonopah will do double duty next Sunday and the Sunday after, officiating both here and in Goldfield each Sunday. This is the only way the two pastors of the leading Catholic churches of southern Nevada can secure a vacation. There is a scarcity of priests in both the Sacramento and Salt Lake dioceses and the bishops have consented to the arrangement suggested. Consequently, next Sunday only 8 o'clock mass will be celebrated here. Immediately after Father Flynn will leave for Goldfield where he will celebrate mass at 10:30 and also conduct evening service, returning Monday morning.

NOT THE VALLEY VIEW.

The team mentioned in Saturday's Bonanza as the Valley Views disclaim any connection with that company of players, and say they are to be known hereafter as the Tonopah White Sox. Their numbers are recruited from the mines and every man is a tested player.

Rotten Receivership and Venal Betrayal of a Trust Reposed in the Courts by Misguided Depositors of the State Bank & Trust Company --Kick Out the Receiver Is the Emphatic Advice of Investigator

The report of the investigation of the receivership of the State Bank and Trust company in pursuance of an act of the legislature approved March 10, 1913, has been issued by George B. Thatcher, attorney general and William Forman, special counsel appointed to assist in digging the facts from the records. The conclusions are given as follows:

If the grounds for impeachment should not exist against Judge Frank P. Langan, grounds for his removal do exist, as shown by the record, and it is the duty of the legislature under the facts which can and will be presented, to remove him.

In view of the fact that it will be necessary that a special session of the legislature be called before the next election, we deem it necessary that such special session be called at as early a date as practicable in order that the charges against Frank P. Langan may be presented to the legislative body, and, if found true, that he be removed from the office of District Judge of the First Judicial District of the State of Nevada.

We deem it right and proper that the public should know what we advise in the event of the removal of Judge Langan, and therefore, would recommend:

That a competent, fearless and just judge be appointed to fill the vacancy caused by the removal of Frank P. Langan.

That the receiver of the State Bank and Trust company, F. L. Wildes, be required to render a full, true and correct account of his trust.

That he be held to a strict account for his misfeasance and malfeasance in office, and that the necessary legal steps be taken to enforce the same.

That in the event that the supreme court should hold on the appeal now before it, that the allowances made to F. L. Wildes and to his attorneys are illegal for failure to notify the state of such intended application for allowances, that hearing be had thereon, that reasonable allowance be made, if found that any due after misfeasance, malfeasance and negligence be taken into account.

That a trustee be nominated by the depositors and creditors to represent them.

That the assets, franchises, choses in action of every kind and character be by the court ordered sold, and that the same be purchased by such trustee for and on behalf of the depositors and creditors as provided by law in case of solvent corporations.

That a new corporation be formed, which will take over and own all of the assets remaining in the hands of the receiver, the stockholders of such corporation to be the depositors and creditors.

That the business of the corporation be carried on in a businesslike manner by a board of directors elected by the stockholders (depositors).

That the stock of the corporation be distributed among the stockholders in proportion to the amount of their respective claims—for every dollar of claim due any depositor or creditor that he be issued a share of stock of the par value of one dollar.

That F. L. Wildes, receiver, after a final account be had, together with his attorneys, be discharged, and that the whole matter be taken out of court.

The report deals with the affairs of the bank from the day when the doors were closed on the 23rd of October, 1907, and not a movement of the officials entrusted with realizing on the hopes of depositors is overlooked. The detailed story requires 10,000 words in the recital which will prove of vast interest to every man or woman who had a dollar in the defunct institution.

Some of these facts are incorporated in an editorial in today's Bonanza and the nauseating details may be had by any one applying to George B. Thatcher, attorney general. The report reads:

Assets Given Away.

The attorney for the receiver calls 625,000 shares of Keane-Wonder Mining company's stock held as security for the debt of said company "nothing," and dismisses as "simply a matter of bookkeeping" the fact that a preference of creditors was created by this transaction and that the present creditors have been deprived of their just legal pro rata share of said assets. As before stated, this transaction was consummated and forced through by James T. Davis, despite the protests of the cashier of the Goldfield branch, who immediately resigned. Davis at that time was cashier of the bank. He is now cashier for P. L. Wildes.

The reports on file to date, none of which are sworn to by the receiver or anyone else, show the following facts, which the condensed and taken from these reports on file:

Receipts—
Cash on hand May 18, 1908 \$ 58,504.90
Bank balances May 18, 1908 18,203.78
Bonds sold (net) 20,418.41
Proceeds sales and collections of receiver 107,073.55
Rentals 93,452.45
Compromise, Rickey et al. 75,000.00

Refunds 2,721.24
Differences cross entries 12,947.18
Error report February 18, to May 18, 1911 80

Total \$398,392.31

Disbursements—
Expense of receivership \$207,168.11
Dividends paid 180,460.34
Error report May 18, to August 18, 1910 100.00
Cash balance February 18, 1913 10,663.86

Total \$398,392.21

Draws Salary Without Authority.

During the whole time Mr. Wildes has been receiver no order was ever made fixing his compensation as receiver until March 7, 1913 except an allowance of \$2000 was made for the first two months of the receivership; yet notwithstanding that no order has been made, his reports show he has drawn compensation at the rate of \$10,000 per year as salary. On March 7, 1913, the court made an order fixing his compensation at the rate of \$10,000 per year, exclusive of the first two months, up to the 18th day of March, 1910, and from that date to the first of August, 1912, he was allowed compensation at the rate of \$9000 per year. Wildes having already drawn compensation at the rate of \$10,000 per year for the full time, exclusive of the first two months, and the order fixing his compensation not having been made until March 7, 1913, he has therefore drawn the sum of \$5,692.20 in excess of the amount allowed by the order of court, which he still retains.

Tonopah California Property.
