

DISCORD MAY BE SUBDUED

PRESIDENT BRINGS PRESSURE TO
BEAR ON MEMBERS OF BANK-
ING COMMITTEE.

(By Associated Press.)
WASHINGTON, July 25.—The president endeavored today to reconcile differences of opinion in the demerit-house banking committee on the administration currency bill. He spent most of the forenoon talking to representatives of the wing opposed to certain features. "Democrats, get together before long," he said after the conference. More conferences will open next week.
Senator Works continued his tariff speech chiefly on the sugar schedule. He said free sugar in 1916 would ruin the beet sugar industry.

WORST TWO MEN IN SUCCESSION AT THE GYM

SPLENDID EXHIBITION FOR THE
BENEFIT OF THE BOYS OF
THE GYMNASIUM.

The local fight fans witnessed a fine boxing exhibition last night at the gymnasium. The preliminaries were excellent. George Ryan and Jim O'Connell fought five rounds to a draw. The rounds were two minutes each, with one minute between rounds. Both boys fought their very best. The next preliminary was six rounds of boxing, by Ed Newell and Ed Sweeney. The rounds were three minutes each with one minute rest. Sweeney slipped several times. Ed Newell entered the ring with a sore hand. In the second round there were mixing it and Sweeney happened to hit Newell's hand hard and the latter stopped fighting and protested that he couldn't fight any longer, but after his seconds encouraged him he kept on. Sweeney's glove came off twice and the fight had to be stopped until the put on the glove. The referee let the boys shake hands and the fight was resumed. The result was a draw.

The fight fans were yelling their heads off, as they were too anxious to see what the main event would be. The unknown proved to be "Freck" Lyden. As he entered the ring he was greeted with a warwhoop. Reese fought "Freck" first. In the first round nothing was accomplished worth recording, but in the second "Freck" made a cut on Reese's eye which will result in a black eye later on. "Freck" was as fresh in the third round as he was in the first. He was trying for a knockout. At last the opportunity came. Reese was covering his face and Lyden sent in blow after blow to his stomach and when the former covered his stomach Lyden delivered an uppercut and knocked him out. After he recovered he came back and shook hands with "Freck".

"Freck" rested for five minutes before the next scheduled five round battle. Lyden started the first round by trying to knock Mills out, but the latter covered his face and backed away from the champion. Every time Mills covered "Freck" would bring a terrific blow on the back of Mills' neck. The second round was the same kind of fighting but was stopped by Chief of Police Evans and "Freck" Lyden was proclaimed victor. The house was packed and every fan went away satisfied that he had received his money's worth.

ENGLISH CHAMPION WINS IN THE TENNIS SINGLES

(By Associated Press.)
WIMBLEDON, Eng., July 25.—Maurice McLoughlin lost to J. C. Parke, England, three sets to two today in the final rounds for the Davis cup. Norris Williams of Philadelphia won from C. H. Dixon of England by the same score.

The doubles will be played tomorrow and two singles matches Monday.

WILSON HAS ARRIVED.

(By Associated Press.)
NEW YORK, July 25.—Ambassador Wilson arrived today from Mexico. He expects to reach Washington tonight.

FORGED NORTH STAR CERTIFICATES SENT OUT FROM NEW YORK, SAYS NAT BOAS

Forged North Star certificates have been floated through interests in New York, according to a warning issued this afternoon by Nat Boas, addressed to J. C. Robertson, the local broker, who was asked to notify others of the warning. The message reads: "Be careful all North Star certificates received from New York. It is a very clever forgery. We can't tell how many issued. Watch all your deliveries and send them for transfer."

NEW SCHOOL WILL BE READY FOR THE OPENING NEXT TERM

Tonopah's new school house is rapidly nearing completion and will be ready for occupancy September 2 when school opens. The finishers are at work on the ground floor now and will bestow the final touch next week.

The building is one of which any community might well be proud. The heating and ventilating system is the most modern, being a hot air blast and suction plant. The system has been used in Reno's new \$350,000 high school building and has given complete satisfaction there.

Disposing of Classes.

The high school and higher grades will occupy the upper floor of the building and the lower grades and kindergarten the lower. The building is fitted with modern sanitary plumbing and the very best features of lighting obtainable.

A spacious gymnasium fitted with stage, dressing rooms, shower baths and all accessories on the ground floor assures the students a place for athletic contests and entertainments.

On the upper floor there is a large assembly room with a capacity for 100 pupils.

The class rooms both up stairs and down are finished in hard plaster tinted to deaden the reflection. The gymnasium will seat 750 people and in this respect will be the most desirable place in town for holding entertainments.

The building will be a source of pride to all when finished and the schools in Tonopah should improve greatly under these new conditions.

The faculty next year will consist of:

Chauncey W. Smith, city superintendent.

J. D. Scott, instructor in science and mathematics.

BEATS TONOPAH IN THE NUMBER OF SURPLUS DOGS

SACRAMENTO COMPLAINS OF BE-
ING OVERRUN—PUPS ARE
TOO FREQUENT.

If the complaint made by a citizen living at Twenty-sixth and N streets is well founded, dog days have surely come for the commissioner of public health and safety, and the poundmaster, "Citizen" yesterday breathed into the ear of the city commission that he had been pestered and annoyed by dogs until he was nearly crazy, and asked for relief which has been promised by Commissioner Bliss.

"All the dogs in the neighborhood excepting sixteen," said the citizen in his letter to the commission, "sleep on our front porch, and the other sixteen sleep on the back porch."

"I do not object to canine concerts and even when we find a litter of pups back of the piano we did not complain, but I do object to being tired in my own tree in my own yard by a half dozen strange dogs belonging to the people in the next block. Only last night one of them stole a loaf of bread off the table, and while I was chasing him the bunch cleaned off the table. Will this be permitted to go on I ask you as a man."

"How would you like to be compelled to kick a dozen of the neighbors' dogs off your bed every night in order that you might sleep? The only thing we get in return for these dogs are many, many fleas."

HIS SHIRT BLOWN OFF.

GRAND FORKS, N. D.—Frank Griffith's shirt was torn from his back and lifted into the air by the premature explosion of a bomb with which he was experimenting at the state fair grounds. He will recover.

Louise Pohl, languages and mathematics.

Florence Bray, history and English.
W. M. McKinder, commercial.
Augusta John, domestic science.
Wilbur C. Blair, manual training.
Helene Slavitt, eighth grade.
Anna Bradley, seventh grade.
Hazel McKenzie, sixth grade.
Georgia Bennett, fifth grade.
Jessie Evans, fourth grade.
Jennie Curieux, third grade.
Edna Sullivan, second grade.
Gertrude Wallace, first grade.

The appointments of teachers for the kindergarten and music and drawing have not been definitely made, but will be announced shortly.

The new teachers so far elected are experienced in their various departments, having taught for years.

Miss John comes from New York and has had several years work in the eastern schools. Mr. Blair comes from Washington. He has taught several years in the western and middle western states.

The new building will contain 22 rooms; on the ground floor will be five grade rooms and the kindergarten, gymnasium, heating department of three rooms, stage, dressing rooms, cloak rooms and toilets.

On the second floor there will be three grade rooms, two general class rooms, a commercial room, library, school board and principal's office, physics laboratory, chemical laboratory, coat rooms and assembly hall. All the grade rooms will be equipped with wardrobes and teachers' lockers.

There will be a sanitary drinking fountain on each floor. The building will be heated and ventilated by the Morgan system of heating and ventilating with automatic control.

Provision has been made in the gymnasium for the installation of a moving picture machine, the operating room being already built.

WILL NOT DALLY WITH ATTEMPTS TO GAIN TIME

GREECE AND SERVA WANT PER-
MANENT SETTLEMENT WITH-
OUT ANY ARMISTICE.

(By Associated Press.)
BUCHAREST, July 25.—Greece and Servia today rejected the Romanian proposal for a provisional armistice during the peace conference. They say they will not consent to a cessation until the signature of the armistice and peace preliminaries.

SENT TO PRISON FOR MEETING IN THE COMMONS

SENTENCED TO FOURTEEN DAYS
FOR MAKING SPEECHES
IN THE LOBBY.

(By Associated Press.)
LONDON, July 25.—Lady Sibyl Smith, daughter of the Earl of Artrim, and two other women were sentenced to fourteen days in prison for attempting to hold a meeting in the lobby of the house of commons. Transfusion of blood was ordered for Mrs. Pankhurst who was released yesterday. Physicians had great fear of the outcome owing to weakness caused by the hunger strike.

TEMPERATURE REPORT.

Highest temperature yesterday, 73; a year ago, 80.
Lowest temperature last night, 52; a year ago, 60.

TWO CLODBURSTS IN MASON VALLEY.

Two clodbursts swooped down on Wabuska and further down the line on the shores of Walker lake. At Gillis the dirt was thrown up over the tracks and in places the ground was cut from under the street. South of Mina no trouble was encountered. The train, due at 8:30, did not arrive until 1:15 p. m.

OVER 200,000,000 REBELS IN 7 PROVINCES OF CHINA

SOUTHERN IRREGULARS GIVE
FIGHT TO REPUBLIC TROOPS
IN THE NORTH.

(By Associated Press.)
CANTON, July 25.—Seven southern Chinese provinces with a population twice that of the United States have reached an agreement for joint action against the provisional president, Yuan Shi Kai and the Peking government. In the eighth province of Kwang Si the troops sympathize with the movement. Ten thousand irregulars departed today to fight the northern army. Other armies are being organized.

SHANGHAI, July 25.—The government forces, aided by a warship, repelled a fierce assault by rebels early today. Foreign consuls complained that shells of warships fell in the foreign concessions.

REBELS CONTROL ALL POINTS IN CHIHUAHUA

THOUSAND SOLDIERS TO REIN-
FORCE OPPONENTS OF HU-
ERTA REGIME.

(By Associated Press.)
HERMOSILLA, July 25.—Three hundred soldiers were sent today to aid rebels in Chihuahua district. Seven hundred more are promised. Rebel advice state Mason flew over Guaymas harbor today and dropped bombs close to a federal gunboat.

A NARROW ESCAPE.

ST. LOUIS, Mo., July 25.—After falling 110 feet from the top of a smokestack to a steel roof, and after stopping with his head in a bucket of tar which had followed him in the Lange, Edward Horner, a steeplejack at Granite City, Ill., walked half a mile home. He was bruised.

WHO PAY TAXES TO KEEP THIS TOWN GOING?

When a new bridge is needed, a road must be repaired, a courthouse is to be built, where does the money come from? Do the mail order houses pay it? Hardly. They will not even send a contribution to help buy a bell for the new church or to help a Fourth of July celebration. They pay no taxes in this town, and they are not concerned in its prosperity.

This town must be supported by its residents and those who live in the immediate vicinity. If they insist on sending their money away then they are helping to kill their town, and they are making it harder for them to pay the taxes necessary to maintain local government and to make local improvements.

You owe something to yourself, and you owe something to your neighbors. You can help yourself by helping your neighbors. You can't injure your neighbors without injuring yourself. When you send money to mail order houses you are hurting your town, your neighbor and yourself.

SPEND YOUR MONEY WHERE YOU MAKE IT.

SAN FRANCISCO PRIZE FIGHTER KILLS WOMAN WHOM POLICE DID NOT PROTECT

(By Associated Press.)
SAN FRANCISCO, July 25.—Although the police were notified three times last night that Joseph Archer, a prize fighter intended killing Lillian Sadie Bernard, an actress, they made no attempt to arrest him or protect the woman. Today he entered her room, shot her five times and himself three, both dying before a policeman broke into the room. She refused his attentions. He told Arthur Rice of his intentions and the latter informed the police.

BATTLE MOUNTAIN MINE IS OPTIONED TO TONOPAH MEN

The Gray Eagle group of claims, a well known silver-lead property lying 22 miles southeast of Battle Mountain and owned by the Horton Banking company, has recently been bonded by Tonopah capital. This property which has been idle for many years, has a large tonnage of ore blocked out, and although the owners have had many tempting offers for it in the past, it is only recently that they have decided to let it go.

The property is developed by a 1400 foot tunnel, which cut the vein at a depth of 300 feet. One vein exposed

by this tunnel is three feet wide and averages \$39 in gold, silver and lead. This ore is ready to be shipped to the smelter; another vein eight feet wide and averages about \$10 in gold, silver and lead. It also is exposed by the tunnel. By concentration the vein is expected to yield a profitable smelting product.

The main vein outcrops continuously for a distance of 2000 feet. On the outer extremities of the property two sets of leasers are taking out shipping ore, some of which assays as high as \$40 in gold alone.

MILITIA CONTROL THE SITUATION IN MICHIGAN STRIKE

TROOPS ORDERED OUT TO PRO-
TECT PROPERTY IN VICIN-
ITY OF CALUMET.

(By Associated Press.)
CALUMET, Mich., July 25.—With six militia companies here and others coming the strike at the copper mines assumed a condition of routine today. There were a few parades of strikers but virtually no disorder. Union leaders declare recognition of the Western Federation is necessary to a settlement.

EAST OF OGDEN LINES WASHED EXTENSIVELY

OVER EIGHT FEET OF WATER ON
THE TRACKS OF THE
UNION PACIFIC.

OGDEN, Utah, July 25.—Breaking of a clodburst at Henifer at five yesterday afternoon, followed by a continuous downpour, has completely blocked traffic on the Union Pacific railroads, while officials report that there are no signs of immediate abatement of the storm. Several miles of track have been inundated, the rail road receiving word that the flood coursed eight feet over them, creating many washouts and doing much damage. No accurate report of the loss could be made until the flood recedes.

Word reached Ogden at five o'clock that the clodburst in Weber canyon in the heart of the Wasatch range had done great damage, although there was no loss of life. The Union Portland Cement company's plant is at Devil's Slide, two miles west of Henifer, but that corporation does not expect that there will be a loss to the town, located in the canyon, or to the plant, which is nearby.

GOLDFIELD VS TONOPAH WILL MEET SUNDAY

Goldfield All-stars and the Tonopah Elks will line up next Sunday in Tonopah for the first of a series of games between the two towns to settle the desert championship. One rumor has it that Jake Goodfriend, manager of the Goldfield team, has secured an imported pitcher for his nine, which was weak in the box. Ladies will be admitted free.

TWO SISTERS DROWN.

PORTLAND, Ore., July 25.—Rita and Carrie Lee, sisters, were drowned in the Willamette river at 1:30 o'clock this morning when a canoe in which they were taken out by Arthur Hertz and Alfred Mitchell capsized. The two men clung to the overturned canoe and were saved by the occupant of a passing skiff.

EXTENDS COAST LINES

OPENING OF CANAL IN APRIL
WILL MERGE PACIFIC AND
ATLANTIC FLEETS.

(By Associated Press.)
SAN FRANCISCO, July 25.—Secretary Daniels said today after the canal was open that the battleship fleet would be as much in the Pacific as the Atlantic. He said the fleet would probably pass through the canal in April, and their presence on the Pacific would mean the establishment of naval base and dry docks and all other equipment probably on San Francisco bay. He will inspect suggested sites.

CUT FEDERAL PIE FOR BENEFIT OF CALIFORNIA

APPOINTMENTS FOR SAN FRAN-
CISCO TAKE CARE OF DEM-
OCRATIC WORKERS.

(By Associated Press.)
WASHINGTON, July 25.—The president today nominated for assistant treasurer of the United States at San Francisco, William J. McGee; superintendent of the mint at San Francisco, Thaddeus W. H. Shanahan; appraiser, San Francisco, Ed E. Leake of Woodland; collector of customs for San Francisco, John O. Davis, chairman of the democratic state central committee; naval officer for the district of California, James H. Barry, editor, San Francisco; collector of internal revenue, first district, Jay J. Scott, secretary of the state central committee; surveyor of customs, San Francisco, Justus S. Wadell; collector of internal revenue for the sixth district, John H. Carter.

REMOVING OLD RESORT TO NEW ANCHORAGE

CUTTING UP THE VILLA AND RE-
MOVING THE REMAINS TO
ANOTHER QUARTER.

The last act in the dissolution of the Villa, a house in the restricted district which flourished since the early days of the camp, is now on the stage. Contractor Kellier has men employed cutting up the rambling old rookery into convenient lengths and sizes for handling by moving trucks. These sections will be taken to other parts of the city where they will be installed and revamped so that the new occupants will never dream of the bold people that formerly trod the floors or prouetted on the tables for the entertainment of high lives.

Mrs. Josie Wheeler, the former owner, has disposed of the furniture and contents and is anxious to see the building torn from its present anchorage so there may be no reminder of the days when bubbling waters flowed where beer now reigns supreme.

BOY HURT, DOG KILLED MOTORCYCLE SAFE

COLLISION IN WHICH THREE EL-
EMENTS OF UNCERTAINTY
WERE MIXED.

George Shields, a young motor enthusiast, sustained severe bruises but escaped broken bones yesterday afternoon when he encountered a big black dog on Main street. The collision occurred so suddenly that George did not have time to throw on the emergency brake and consequently took a header over the handle bars. The dog was killed by the impact but the machine escaped unhurt.

Certificates of location on sale at the Bonanza office.
