POTASH DRILLING CAMPAIGN WILL BE RESUMED APRIL 10 BY THE RAILROAD SYNDICATE

The Railroad Valley syndicate will begin work in Railroad valley for the season of 1914 where the Railroad Valley Company left off last fall when the well froze up and compelled a stoppage of all operations after the seventh hole had reached a depth of 745 feet.

not found in encouraging quantities at that depth, operations by the syndicate will be abandoned. Victor Baradi, president of the Railroad Valley Company, arrived yesterday from San Francisco and outlined this plan of operations for the opening of the season.

WOMAN IS DYING OF MYSTERIOUS POISONING IN A HOTEL

SENSATIONAL PAIR ENTANGLED IN ANOTHER SCANDAL IN CHICAGO

(By Associated Press.) CHICAGO, March 23.—A couple believed to be R. J. Widney of Los Angeles and Mrs. Vivian Lyons of San Francisco, a native of Denver, who previous were notorious as the result of near fatal escapades in San Francisco, are entangled in another scrape here.

The woman was found unconscious in a hotel room, suffering from poison under mysterious circumstances and removed to a hospital, where she may die. The couple had registered as from Seattle. The man left for Kansas City yesterday and returned today. He declined to say whether the woman is his wife.

CLEAN UP DAYS SET FOR FRIDAY AND SATURDAY

GET BUSY WITH THE MUCK RAKE WHERE IT WILL DO MOST GOOD

Next Friday and Saturday will be house cleaning days in Tonopah. This has been ordered by Dr. Richards, health officer, and Chief of Police Evans, who will cooperate to the end that streets and private premises shall be cleaned as thoroughly as brush and broom can do it.

This is a job that the men should attend to. Give the overworked housewife a rest and put your muscle to the muckraking and rake for a few minutes and then the town authorities will take care of the rest. Four teams have been engaged for Friday and Saturday and the town will be dirtied so all will be served. Just pile the refuse into boxes either in front or at the side of the house or store and teamsters will call and haul it away.

This is the time to make Tonopah a spottless town before the hot sun of summer begins to get in its deadly work.

TONOPAH BALL TEAM BEATEN BY GOLDFIELD

A team of junior ball players from Tonopah suffered defeat yesterday at Goldfield with a picked team by a score of 12 to 8. The home boys say they did not have the proper support for their battery.

MARRIED AT THE MANSE

Frank A. Rutledge and Ruth Maria Taft of Round Mountain were married Saturday evening by Rev. J. M. Swander at the Manse.

Refuse to Quash the Indictment

(By Associated Press.) BOUGHTON, Mich., March 23.—The circuit court denied the motion to quash the indictments of conspiracy against Moyer and 27 other officers, members of the Western Federation of Miners.

Greatest Earnings In History Of the West End Con. Mine

Checks for the second West End dividend of 10 cents arrived this morning from the Oakland office and were distributed through the mail. This will add between \$10,000 and \$15,000 to the ready money in circulation as it is estimated that the holdings in Tonopah represent between 100,000 and 150,000 shares. Few local stockholders have been alarmed by the recent West End-Butler flurry and a majority is still carrying stock confident that the West End is one of the best mines in Nevada and has ore reserves as large as any other property in camp.

DIVORCEE MARRIES IN A HURRY WHILE A TRAIN IS HELD AT ELKO

What is the marriage ceremony, anyhow, but the legal sanction of the bonds of matrimony? Nothing but man-made laws to give the heirs a legal handle on which to hang their garments of parentage. A mere farce when the heart is in the keeping of another, and in a case where the two are twins, the shorter the ceremony the better.

Thursday evening as they rushed up to the county clerk's office and down to the justice of the peace and then to the train, but that's a story all by itself.

The above is evidently what D. E. Cooney and Stella Barry thought.

CON AHERN JOINS OLD COMRADES OF COMSTOCK

MALARIAL FEVER CONTRACTED YEARS AGO COULD NOT BE SHAKEN OFF

Con Ahern, aged 64, a pioneer resident of the Comstock and widely known throughout this State for his business and political activity for the past 30 years, passed away at his home at Virginia City about 6:30 this morning, says the Carson Appeal.

He served as sergeant-at-arms of the State senate for several terms and later was elected presidential elector. He was his party candidate for surveyor general against the present incumbent for the last two terms. The deceased was a great lover of home life and had entered the matrimonial state on three occasions, his present wife now being confined at Lane's hospital, San Francisco, with a serious illness and is not expected to recover.

He also leaves a son, James, a former resident of this city, now in business at Point Richmond, Cal.

ANOTHER BIG MINING SUIT IN ELKO COUNTY

There was filed in the district court yesterday a suit by the Tuncarosa-Nevada Mining Company against Z. F. Wheeler, over the ownership of the mining claims Phoenix, Golden Treasury, Bryan, New Homestead, New Era and Golden Morning lodes, and the Grand Prize mill, together with all machinery attached, and the water ditch of the Phoenix mine. The complaint alleges that the defendant's claim to the above property was obtained by reason of a suit of the Emma Mining Company vs. H. J. Mahan et al., in which a decree of foreclosure was issued out of the district court. This case came up in the district court in 1911, and the plaintiff asks that the court set aside this decree and that the defendant be declared to have no valid claim to the above property.—Elko Free Press.

BUTTE LABOR CONDITION SUPERIOR TO MICHIGAN

(By Associated Press.) WASHINGTON, March 23.—John Mitchell told press investigators of the Cabinet strike that Butte labor conditions were much superior to those in the Michigan copper field.

ASQUITH OFFERS AN APOLOGY

PREMIER SAYS THE ORDER FOR THE ARMY TO MOVE WAS MISINTERPRETED

(By Associated Press.) LONDON, March 23.—A much easier feeling is created throughout the country by Secretary Asquith's announcement that troop movements in Ulster are merely a precautionary measure to protect government property. Great interest is taken in the method the government will employ regarding the resignation of army officers. Court martial is demanded by some.

In the house of commons debate on the Home Rule situation, Secretary Asquith was charged with having caused the movement of troops as part of a concerted plan to provoke and intimidate Ulster. Heated views were aired without action.

"A misunderstanding" was the keynote of Asquith's explanation before the house of commons of the crisis caused by the resignations of army officers when their regiments were ordered to Ulster. Their belief that the army was ordered to mobilize in Ulster to quell an uprising was misinterpreted, said the premier. His explanation is generally unsatisfactory.

(By Associated Press.) BELFAST, March 23.—The city is quiet and orderly. Unionists are prepared for any eventuality, however.

SOCIALISTS NAME TICKET FOR THE SCHOOL ELECTION

POLITICS INJECTED INTO THE SCHOOLS BY FILING OF CANDIDATES

Two nominations for school trustee have been filed with County Clerk Pohl and the third will be forthcoming tomorrow. The names already sent in are Mrs. Clara Dunwoody and Mrs. Estelle Toland, representing the Socialist party, whose ticket will be completed with the name of Travis H. Lynch, who it is said will file his nomination tomorrow.

Registration for the school election will begin at the store of George Lewis next Friday and all those whose names do not appear on the great register or have changed their place of residence since the last election must register anew to have the privilege of voting on the first Saturday in April for three trustees. Nominations may be filed with the county clerk up and including Monday to the close of office hours.

DAYLIGHT BANDIT SHOOTS CASHIER

GRABS \$500, JUMPS INTO AUTO, MOBILE AND ELUDES POLICE

(By Associated Press.) ALTONA, Pa., March 23.—A robber entered the Union bank, shot the cashier, wounded a depositor and escaped in an automobile with \$500.

CONTAGION OF TYPHOID TRACED TO DAIRIES NEAR RENO

RENO, March 23.—Itunors recently placed in circulation that Reno was in the midst of a typhoid fever epidemic were dispelled yesterday when an official statement was issued by the city board of health through the secretary, Dr. C. E. Mooser. According to the statement but 26 cases have been reported to the board and of this number 21 had as the source one of the two local dairies. Precautions have been taken and it is the

opinion of the board that no further danger will arise. "The board of health," said Dr. Mooser, "deems it advisable at this time to say to the public in regard to the typhoid situation, that 26 cases of typhoid fever have been reported to the board during this month, and of these 21 were found to be existing along the routes of two dairies, thereby compelling the conclusion that the present small epidemic was due to the milk supply.

GLARING DEFECTS IN BUILDING OF ATHLETIC CLUB

ST. LOUIS JURY FINDS ENOUGH TO INDICT SOME ONE FOR CARELESSNESS

(By Associated Press.) ST. LOUIS, March 23.—The coroner's jury that investigated the Missouri Athletic Club fire here, reported that it is unable to fix responsibility for the disaster. The jurors found the fire escapes inadequate and that wooden doors led to the fire escapes. Elevators were inefficient and the only stairway was of wood. The building was of improper construction for sleeping purposes.

YERINGTON WINS BASKETBALL BY A SINGLE POINT

SPLENDID TEAM WORK OF TONOPAH MAKES AN INTERESTING CONTEST

By the close score of 14 to 13 the Tonopah girls basketball team was defeated in Yerington by the girls team of that place last Saturday night. Within the first 19 minutes of play the Yerington girls had piled up a score of 6 to 0. The first half ended with the score 8 to 2 in favor of Yerington. In the second half the Tonopah girls, who had become used to the small court, raised their end of the score until, when time was called, the score was 14 to 13 in favor of Yerington.

The guards, Isabel Slavin and Leona Carey, received praise from all sides for their splendid guarding. Leah Regan, at center, although playing against the crack Yerington center, outplayed her at every point. The forwards, Ella Perry and Gertrude Ripplingham, played their usual strong game. Gertrude Ripplingham made all the free goals and Ella Perry made all the field goals. Anna Critchfield, who played side center, was knocked out in the first half but after five minutes' rest was able to return and played a plucky game until the finish.

The Yerington people say that the game was the most exciting one ever played in their gym, and all commended the Tonopah girls on their fine team work and unselfish playing. Saturday afternoon the visitors were taken for an auto ride through Mason valley. At 5 o'clock Miss Howe, one of the high school teachers, assisted by the high school girls, entertained both teams at dinner. The table was daintily decorated with red and white carnations. During the dinner several of the Yerington girls sang and Mrs. Picksetter and Anna Critchfield gave recitations, all of which were thoroughly enjoyed.

After the game the girls were entertained at a dance until time to leave for Tonopah. Every one was delighted with the treatment and all hope to be able to return the good time next year to Yerington. Following was the Tonopah line-up: Gertrude Ripplingham, Ella Perry, forwards; Anna Critchfield, Leah Regan (captain), centers; Isabel Slavin, Leona Carey, guards; Marie Barrett, sub.

"Immediate steps were taken to investigate the conditions of these two dairies by the board of health and its milk inspector, aided by Dr. Mack of the State university. Both places were found to be well kept, clean and all ordinary precautions taken to insure good milk. It was found that a person recently suffering from typhoid fever was living in a house without sewer connections and situated on a height with its natural drainage into the pasture of the dairy. The conclusion was reached that typhoid material during the wet season had found its way by natural drainage into this pasture, infecting the udders and sides of the animals, and in turn, through handling infecting the milk.

"The cows were ordered removed from the pasture, ordered cleansed with an antiseptic lotion, and the outhouse vault at the source of infection filled in with chloride of lime, so that there should be no further contamination from this dairy.

"At the second place one of the milkers was found to be running a temperature. He was ordered to report to a physician and to have a blood test made for typhoid. The test was found to be positive and the milk was immediately removed to a hospital and the same precautions taken as in the outhouse vault in that dairy and the cows disinfected as in the other case.

"The board of health members are of the opinion that both sources of infection have been removed and that within a short time, unless carelessness is exercised with present cases, that the conditions now existing will be effectually stopped."

ELKS ENTERTAIN DISTRICT DEPUTY TUESDAY NIGHT

TONOPAH LEADS RENO AND GOLDFIELD IN THE NUMBER OF MEMBERS

Emmett Walsh, deputy district grand exalted ruler of the Benevolent and Protective Order of Elks, returned this morning from the north, where he has been paying an official visit, and continued on to Goldfield. Mr. Walsh will be formally received tomorrow night by Tonopah lodge No. 1062 with a special program, and it is urged that all members attend.

Mr. Walsh, who was formerly district attorney of Goldfield, says Tonopah leads the rest of the State, having passed Goldfield and Reno in the roll of membership. He expresses great admiration for the local lodge, which he says shows more aggressiveness and a better spirit than either of the other two lodges in his district, having initiated more members during the past year than Reno or Goldfield.

BILLY EDMONDSON IS DEAD Many in Lovelock and vicinity will sincerely mourn at the news of the death of Arthur W. Edmondson, more familiarly known by his legion of friends as "Billy," which occurred last Friday in San Francisco. He leaves a wife, Edith W., and a brother, Alfred R., who resides in Santa Barbara, Cal. His kindly, generous nature endeared him to all with whom he came in contact—Lovelock Review.

TEMPERATURE REPORT Highest temperature yesterday, 60; a year ago, 41. Lowest temperature last night, 42; a year ago, 21.

Want Release of 5,000 Mexicans (By Associated Press.) Pecos, Tex., March 23.—The United States district court opened hearings of one habeas corpus for the release of 5000 Mexican prisoners, refugees from Ojinaga, detained at Fort Bliss by United States military.

BATTLESHIP LAUNCHED (By Associated Press.) PHILADELPHIA, March 23.—Superintendent Oklahoma, the largest American battleship launched, was christened by a daughter of Governor Crues.
