

ADIOS TO VISITORS

The Faults Of Our Brothers We Write On the Sands

DEMONSTRATION OF SCHOOL WORK FOR THE BENEFIT OF PARENTS

Most of the people know in a general way that Tonopah has this year all the special departments that go with an up-to-date and complete high school course, but few have visited the school and seen the work at first hand.

To give the parents and taxpayers a chance to see for themselves what is being done a public demonstration is being arranged for Friday afternoon, and it is hoped that a large number will avail themselves of the opportunity.

PREDICTS PARTY'S RETURN

SENATOR BORAH SAYS TIME IS RIPE TO BURY DIFFERENCES.

(By Associated Press.)
DETROIT, May 26.—A glowing future for the Republican party reunited with the Progressive element which left it in 1912 was painted by Senator Borah in speaking at a statewide "conference" of Republicans. "The Republican party is coming back into power. We have proof on every hand. The task before us is to make our party equal to the tremendous problems which now concern us. Our duty is to make it clear that the Republican party is to be as it was in the best days, a thoroughly progressive party. What we want in this country is a party which will do the simple but profound thing which Lincoln did—gather up common sense, common honesty, common patriotism, common courage and common righteousness of the common people and organize it into a militant progressive disciplined force for legal and social justice, and do it all under the constitution and laws of this blessed old republic."

MOTHER OF TONOPAH MAN DIES IN CALIFORNIA

N. M. McCormick, vice-president of the Eagles, received a telegram announcing the death of the mother of Lee McIntosh, of the Tonopah Auto company, at Colton. Mr. McIntosh left here Sunday morning for Southern California and arrived in time to see his mother pass away. The deceased was 79 years of age.

MACHINERY EQUIPMENT FOR THE WHITE CAPS

A carload of material arrived this morning consigned to the White Caps Mining company. This comprised a galvanized frame 40 feet high, an engine house, iron cages, mine cars, compressor, pump and hoist. This came from the Red Top at Goldfield and will be rushed to Manhattan, where the White Caps company is installing a new plant in record-breaking time.

Divorce a Disgrace to America Time Has Come for Correction

(By Associated Press.)
CHICAGO, May 26.—"One out of eleven marriages in this country ends in divorce. The highest divorce rate in any country is in Japan. The next highest is in the United States. This situation is a disgrace to America." So saying the report of the committee on marriage and divorce made to the Presbyterian general assembly in session here opened with an emphatic denunciation of apathy on this subject and declared that the time was ripe for action and not words. "Certainly no earnest man can be quiet and satisfied under such conditions," the report read: "No doubt, some will say that we must call a conference, pass resolutions and organize a new society. Such proposals only add a new aggravation. Full publicity has been given. Resolutions have been passed. Congress and conferences composed of the highest abilities have been called and have issued their findings and advice. Surely, nothing more is needed in the way of theory. More is needed in the way of action and results. The two legal bodies provided for no executive agency to carry their plans into effect."

EAGER TO COME AGAIN

Their Virtues on the Tablets Of Love and Memory

CROWNING ACHIEVEMENT OF TONOPAH AND A GREAT SOCIAL TRIUMPH SCORED BY SOME OF BEST PEOPLE ON EARTH

BY MRS. JOHN C. MARTIN

How they danced from the first glorious strain of a glorious orchestra to the last waning notes of captivating cadences. It was the finest ever of the B. P. O. E. The scene was brilliant and how proud every one was of the fair women in their attractive attire. The crispness, the newness, the chic, the charm, and the art displayed proved most fetching and up-to-date. For every costume was entirely new and altogether most pleasing in the striking departure from the clinging silhouette styles of the past season. The swiftness of drapes, the volants and general bouffant effects transformed the ladies into old time pictures which are so beautifully depicted in the miniatures of the masters. Indeed, it would be very difficult to draw

comparisons, for the vivid hues of the 300 could be seated at a time, but in spite of this fact the accommodations were not adequate to the demand and the tables were filled two and three times over. The menu comprised all the delicacies of the season, salads, cold meats and liquid refreshments according to the taste of the guest. Henry C. Schmidt presided as toastmaster and introduced Judge J. A. Sanders, with a request that he respond to the toast of "The Women of the Desert." The sentiment was neatly turned and the speaker received an ovation as he sat down. List of Candidates. The visitors took the back trail this morning and received a send off from the boys who turned out to help them complete their packing and to wish them safe journey and many happy returns. The complete list of

candidates who return home full-fledged members of the antlered herd is as follows: J. H. Brightwell, Emery E. Orr, A. M. Hartzell, Cline V. Spell, C. B. Nance, Raymond J. Doyle, F. E. McCarty, John G. Miller, H. Vandever, Rola Mountgoy, W. J. Steed, John McNamara, Wm. H. Keim, David J. Floyd, D. L. Sullivan, J. C. Collins, Joseph Flanders and James E. Voorhies, of Ruth, Nev.; Clarence S. Crain, O. G. Bates, Nathaniel J. Davis, William E. Bellings, John Elger and J. H. Dever, of Ely. Alex. McIntyre, Albert McFadden, J. W. Scott and Patrick J. Quinn, of Manhattan; Peter J. Glasier, Candalaria; Charles DeFlon and Noble C. Miller, of Tonopah; R. O. Noble, East Ely.

The dancing floor was crowded to its full capacity, yet the arrangements were so adroitly made that there was no confusion and no discomfort and it is a credit to the order to state that there was no tangoing or any other dances of the rag order. The dance programs were of a special design printed by the Bonanza in three colors with an Elk's head embossed and surrounded with a wreath of forget-me-nots as the emblem of the order. The committees were as follows: Committee of arrangements—H. E. Epatine, chairman; Ed. Malley, H. C. Schmidt, E. W. O'Connell, J. J. McQuillan, A. H. Keenan. Floor committee—E. W. O'Connell, floor manager; M. H. W. Hatton, F. H. Penn, Lowell Daniels, W. B. Hafneran, W. B. Evans, Lew Herring. Reception committee—Jos. F. Gori, Ralph Hussey, A. A. Dewar, W. W. Booth, Ed. Malley, H. H. Atkinson, J. S. Mullins, P. P. Mannix, D. J. Fitzgerald, W. B. Evans, Chas. Benson, H. E. Epatine, Ross Condon. Among the toilets were the following:

HEAVY FROST OBSERVED EARLY THIS MORNING

A heavy frost, but not what Weather Observer Piercy calls a killing frost, was noticed this morning at 5 o'clock, when the mercury stood at 29 degrees. Reno was colder with a temperature of 36. The frost was not sufficient to do any damage to flowers. The last killing frost occurred last year on June 7th.

BRIGHT OUTLOOK SETTLEMENT OF APEX SUIT

CLYDE HELLER'S ARRIVAL IN SAN FRANCISCO HAS SOME SIGNIFICANCE.

Sudden activity in West End and Jim Butler this afternoon started the report that negotiations for a settlement of the controversy had resulted in both sides coming to an understanding. West End was bid at \$2 in San Francisco without any offers and there was a more sanguine tone to the market. At the local office there was no information of any settlement, but a private wire from San Francisco offered the explanation that Clyde Heller was due to arrive there tomorrow on route to Tonopah from British Columbia, and Cal Brougher was credited with the remark that there was a possibility of coming to some sort of an agreement. One of the biggest boost reports issued from the office of any mining company in Tonopah was issued this afternoon by the West End in a statement showing net earnings for April were \$43,336.38, after deducting \$9,000 incurred in litigation work that would have been saved to the company under normal conditions. The work is classed as "dead work," as it is of no value in the development of the mine at this time. Had it not been for this net earnings would have been \$52,000, or close to the \$55,000 at which competent judges estimated the earnings a month ago.

THE RESERVOIR FILLED TO PRESENT CAPACITY

Thursday the gates were opened at the Labontan dam to allow the regular flow of the Carson river to pass through the conduits under the dam, the required capacity of the reservoir having been obtained from the flood waters. The water has reached an elevation of 63 feet above the river bed and 35,000 acre-feet has been stored for this season's irrigation. At this height the water has reached the limit of the present riprap and if the reservoir were filled any higher the water would interfere with the work of completing the dam.—Churchill Eagle.

HAD AN ARM BROKEN IN CRANKING MACHINE

While returning from Wabuska on Wednesday of this week in the Wagoner auto Ernest Johnston had both bones of his wrist broken in cranking the machine. Mr. Wagoner drove the young man to his home in the lower end of the valley and Dr. Leavitt was summoned to attend the injury. The accident was a painful one and young Johnston will carry his arm in a sling for a couple of weeks, but the injured member will be all right in course of time.

AT THE WHITE HOUSE.

(By Associated Press.)
WASHINGTON, May 26.—Roosevelt arrived for the third visit since he left the White House five years ago.

DEATH OF JACOB RIIS.

(By Associated Press.)
BARRE, Mass., May 26.—Jacob Riis, author and social worker, died at his summer home today after a long illness.

Shamrock IV Takes Water

(By Associated Press.)
GOSPORT, Eng., May 26.—Shamrock IV, challenger for the America's cup, was launched today and christened by the Countess of Shaftesbury. A hundred guests of Sir Thomas Lipton witnessed the ceremonies of launching his latest champion.

CALL HALT ON PEACE CONFAB

SUDDEN INTERRUPTION TO CONFERENCE BY HITCH IN THE TERMS.

(By Associated Press.)
NIAGARA FALLS, May 26.—When all appeared going well, and the Mexican delegates believed they had reached an accord with the Americans, on the early issue of a formal statement explanatory of their position on the land question, and regretting it is impossible for them to give a guarantee for action of a new sovereign and recognized government, negotiations came to a sudden halt. The Mexican delegates were all ready to print the document. Then they stopped and said they had concluded not to issue a pronouncement. After a conference of mediators and American delegates, Justice Lamar said: "We had begun to discuss terms and details of plans and specific actions on several agreements. On some under discussion we came to a substantial agreement. There was no disagreement." Many rumors say it is believed the Americans desired a more definite assurance regarding the land question to meet the declared purpose of the president.

DAIRY FARMING GROWING IN MASON VALLEY

H. C. Elges, who has purchased the old Reymers ranch from the Luthers people, took possession some days ago and has brought in quite a number of dairy cows. Reymers and Martin have been plowing up a portion of the ranch for reseeding, the work being done with their tractor engine and new gang plow. It is understood that the new owners of this property intend to make it one of the most up-to-date dairy ranches in Mason Valley.—Yerington Times.

UTAH DAM RELEASES A FLOOD

STATE RESERVOIR BREAKS AND WATER SWEEPS THE SEVIER VALLEY.

(By Associated Press.)
RICHFIELD, UT., May 26.—The dam of the Hatchtown irrigation reservoir broke and released a flood which is rushing down Sevier river valley. Telephones and horsemen warned settlers and it is believed no lives are lost. Many are homeless. Fear is felt for the safety of the Pinto reservoir, further down the river. The Hatchtown reservoir is part of the state irrigation project completed last year. It held 17,000 acre-feet of water. The break is attributed to a landslide.

LOAN FORCED ON MEN WITH MONEY AT MAZATLAN

NEW GOVERNOR BEGINS BY LEVYING TRIBUTE ON LOCAL BANKERS.

(By Associated Press.)
U. S. S. CALIFORNIA, MAZATLAN, May 26.—Wireless.—General Buena, governor of Tepic since constitutionalist occupancy, has forced financiers there to loan 50,000 pesos to Carranza for payment of troops, according to information conveyed to the commander of the Pacific fleet.

TEMPERATURE REPORT

Highest temperature yesterday, 52; a year ago, 81. Lowest temperature last night, 39; a year ago, 58.

Memorial Day Programme

This evening representatives of the fraternal societies are invited to meet at the office of Harry Epatine for the purpose of arranging details of the parade for Memorial Day. The parade comes Saturday and the ladies fear the closeness of the anniversary may be forgotten in the pressure of the last few days' entertainment. They urge all organized bodies to send delegates.

PICTURE SMASHERS GIVEN LONG TERMS IN ENGLISH JAILS

POLICE TAKE GREAT PRECAUTIONS AGAINST DISTURBANCE AT DERBY.

(By Associated Press.)
LONDON, May 26.—Suffragettes who slashed pictures in the National gallery of the Royal academy, with several window smashers, were convicted and sentenced. Six months each was given the picture destroyers, and the others four. Freda Graham harangued the jury, saying she attacked the pictures "as a protest against the king's illegal and unconstitutional action in refusing to receive a legal deputation of women." Precautions have been taken at the Epsom race course to prevent a repetition of last year's tragic interference with running the derby when Emily Davison met death by jumping onto the course. Two thousand police will be on duty. Extraordinary arrangements have been made to prevent the king and queen from being subjected to annoyances.

ROOSEVELT WILL OPEN IN KEYSTONE STATE

(By Associated Press.)
PHILADELPHIA, May 26.—Roosevelt's formal campaign for Progressives will probably be opened in Pennsylvania.

Tribute to Jack Lynch

(Last of the Pony Express Riders.)
To the Editor of the Bonanza:
New York, May 21st, 1914.
I just read your tribute in the Bonanza of the 15th to Jack Lynch, who was called to the "great beyond," which is a sad reminder that there are a very few of the old timers left. I was pleased to see you pay him this well deserved tribute. He was a man sterling to the core, and I am glad I had the privilege of knowing him well and being able to appreciate his true worth.
C. R. ZABRISKIE.
