

IMPERIAL VALLEY IRRIGATION SYSTEM MENAGED

Military Forces at Calexico Say the Situation is Very Serious

Six Fraternal Societies Will Attend Goldfield Funeral

The funeral of the four victims of the Goldfield accident has resolved itself into the greatest fraternal demonstration that has ever been held in this part of Nevada. Both Wheeler and Rice were members of the Odd Fellows and it is also known that some of the deceased were members of the Moose, Eagles, Masons, Pythian Sisters, and it is requested that the members of these orders take part. The train will leave here at 12 o'clock sharp and go directly to the freight depot in Goldfield, so as to avoid the auto trip from the Columbia station.

Returning from the same station, the train will leave Goldfield at 6 o'clock and arrive here at 7:15 p. m. Members of the Uniform Rank who have uniforms are requested to wear them with sidearms. Tickets for this train will be good on no others. Funeral arrangements contemplate a public funeral tomorrow afternoon at 2 o'clock, when services will be held at the Hippodrome theater, Goldfield. The bodies will be shipped the following morning. The body of Dr. Wheeler will be taken Friday morning to Denver, where interment will be in Fairmount cemetery. The body of Cyrus Rice will be shipped to Portland, Oregon, the same morning, and the funeral of Dan Falvey will occur right after the ceremonies at the Hippodrome, with interment in the Goldfield cemetery. Hermann Krueger's remains will go to his former home in Pennsylvania.

Goldfield has been stirred to the core by the accident that robbed the camp of three leading citizens, and every effort is being made at the inquest today to place the responsibility where it belongs. The sentiment of the southern camp is that the brunt of the blame falls on the firm that was ordered to repair the Weyle auto and then failed to either remove the machine from the road or to do the work contracted for. This is a Goldfield firm. When ordered to repair the machine they visited the wreck and took away the front axle, which they hauled off to Goldfield, and did not return until yesterday, when indignant citizens insisted on prompt action that the machine might be removed from the road. The contractors had a big car and a stock of tools when they first visited the place and should have seen that the disabled auto was removed from the line of travel. This is the view taken of the matter by the officers of the Goldfield Unity club, where an impromptu indignation meeting was held yesterday morning.

PAY DAY SPECIALS BRING OUT CROWDS

This is the day when a quarter million dollars is distributed to the wage-earners of Tonopah, and the local merchants are profiting by the money going into active circulation. Merchants say this is one of the best days they have had in the course of the last three months.

CATHOLIC PASTOR RESIGNS AND IS ASKED TO STAY

FATHER FLYNN AWAITING THE ARRIVAL OF PRIEST FROM UTAH.

Father W. J. Flynn, pastor of St. Patrick's church, has resigned and his resignation has been accepted by Bishop Scanlon, of the Salt Lake diocese, to which Tonopah is attached.

The date on which the pastor will leave is not definitely settled. There is even a possibility that he may be induced to remain in Tonopah. The trustees and a majority of the congregation are objecting strenuously to a change and their protests may lead to a reconsideration of the order providing for the appointment of a successor.

Father Flynn was ordained for a diocese in Ireland and came to the United States by request of the bishop of Salt Lake, who had several churches to supply. In the natural course of events Father Flynn would return to his original diocese and be appointed to a pastorate there, but he prefers to remain in the United States and, on receiving a recommendation letter, will continue to reside in the western country.

The trustees of the Catholic church held a meeting at which a committee was appointed to take up the matter with the suffragan of Salt Lake, with the idea of retaining the services of the esteemed pastor, and an answer is expected by mail.

The Tonopah rectorship is regarded as one of the most attractive holdings in the Salt Lake diocese outside the cities of Ogden and Salt Lake, and the local trustees feel that the church should not suffer by the coming of a stranger who would require many months to get acquainted with parishioners scattered throughout the greater part of Nye county.

VOTING ON TOLLS ON PANAMA CANAL IS DUE TONIGHT

END OF THE LONG HISTORIC DEBATE ON THE FLAG EXEMPTION.

(By Associated Press.) WASHINGTON, June 10.—The long historic debate over the repeal of Panama canal tolls exemption was in the last stages when the senate resumed work with the prospect of final voting before adjournment tonight.

Administration leaders assert the repeal would pass with a safe majority.

The question of national prohibition has again loomed up on the congressional horizon. That the house may be forced to vote soon on a resolution providing for national prohibition through an amendment to the federal constitution is virtually assured.

ELKS' DANCE POSTPONED ACCOUNT OF THE FUNERALS

The regular semi-monthly social of the Tonopah Elks, scheduled for tomorrow, has been postponed to the following Thursday, owing to the funeral services which will be held in Goldfield tomorrow.

WATER OVER SANTA FE BRIDGE AT NEEDLES AND HUNDREDS WORK RAISING THE LEVEES

(By Associated Press.) SAN BERNARDINO, Cal., June 10.—The Colorado river flood situation at various points is critical. Two prospectors and an Indian boatsman were drowned today near Calzona, Ariz., attempting to cross the river. The volume of water passing through the Crevasse at the government levee

on the Mojave Indian reservation is expected to relieve the situation affecting Imperial valley. A force is raising a levee at Beale, where three levee breaks occurred previously. Near Needles the water swept over the abutments of the Santa Fe bridge and reached ties. Houses at lower Needles are inundated. Two hundred

Chinese worked all night raising the levee at Volcano Lake, Lower California, which is threatened. The river is still rising. Hundreds of teams and scrapers are on the job. Captain Harbord, commanding the military forces at Calexico, reported the situation has seriously menaced the irrigation system.

Bull Moose Up Against Wall With Trust Magnate for Leader

(By Associated Press.) NEW YORK, June 10.—Amos Pinchot made public the text of a confidential letter addressed to Roosevelt by members of the Progressive national committee and other leaders, denouncing George W. Perkins, chair-

man of the national executive, as a menace to the party, principally because of affiliation with the United States Steel corporation and International Harvester, "two great monopolies which have succeeded most in exploiting in public, and crushing or-

ganized labor." The letter opens: "The situation exists within the Progressive party which must be terminated before it can command general popular support." The letter says Perkins favors protection for a private monopoly of an American industry and has been taking active steps to commit the Progressives to that policy, which is actively opposed to recognition of labor's rights to organize and deal with capital through unions.

RUSSIA CELEBRATES ANNIVERSARY OF ESTABLISHING LABOR PRESS

(By Associated Press.) ST. PETERSBURG, June 10.—Russian trade unionists have been celebrating the second anniversary of the establishment of a labor press in the country. Notwithstanding the most elaborate precautions taken by the police, meetings have been held in almost all factories, collections made, and resolutions adopted in support of the press. In many factories workmen have resolved to devote to the press fund a whole day's

wages and to try their best to increase the number of subscribers. Since it was established, Truth, the organ of the trade unions, has had 36 issues confiscated, and it has had to change its name half a dozen times. Besides, fines totalling \$4,000 have been paid; 16 of its editors have been imprisoned, and their sentences totalled 47 months.

THOUSAND YAQUIS RUSH TO RESCUE OFFICER FROM TROOPS

CIVIL GOVERNOR SAVED BY SAVAGES AND UPHELD BY CARRANZA.

(By Associated Press.) NOGALES, Ariz., June 10.—A message from Carranza brought quiet to Hermosillo after the civil governor, Maytorena, made himself virtually a prisoner in the palace. With the aid of Yaqui Indians Maytorena gained ascendancy over the military authorities under Colonel Calles.

The crisis in the struggle between the civil and military factions was reached Friday. Maytorena retired into his palace, surrounded by a guard of 100 troopers. Calles controlled the remainder of the capital. Bloodshed was imminent when Chief Urbalejo, at the head of 1,000 Indians, arrived in response to an appeal from Maytorena, who regained control of the situation. The Indians disarmed Calles and his followers. An editor who supported Calles was dragged through the streets and several of Calles' followers were killed trying to rescue him.

News of the conditions at Hermosillo was telegraphed Carranza, who replied that he supported Maytorena. Gen. Calles and staff, with the editor of a local newspaper and staff, left today for Nogales, Sonora.

DAVENPORT HELD FOR THE KILLING OF MRS. DE LONG

BODY OF VICTIM LIES AT THE MORGUE WITHOUT A CLAIMANT.

Lou Davenport, the old prospector accused of the killing of Mrs. Minnie De Long Sunday night, was arraigned yesterday afternoon before Justice Dunseath and entered a plea of not guilty and was held to the district court for trial. The case will not go to the grand jury, as the district attorney will act by filing information charging the prisoner with the crime.

The body of the woman remains at the morgue and if some claimant does not appear by tomorrow burial will be had at the expense of the county in Potter's field. Chief of Police Evans, hearing that the woman's husband lived at Butte, Mont., wired that place and received an answer stating the deceased was not his wife and adding that her maiden name was Hughes. He thought she came from Buffalo, N. Y. A telegram to her mother at Edgely, N. D., has failed to elicit an answer.

MILL RUNNING IN CANDELARIA BY ENGLISH SYNDICATE

Once again the roar and pounding of a mill is heard in Candelaria and the dawn promises brighter days for that old bonanza camp. The mill recently completed by George E. Threlfall is running full blast and is doing splendid work. Mr. Threlfall informs us that the work of adding more machinery and increasing the capacity of the plant an additional 60 tons a day will begin at once. It begins to look as though the old camp will shortly take its place among the bullion producers of the state. It has the ore and only needs economical methods of treatment.—Western Nevada Miner.

KERMIT MARRIED FOR FIRST TIME

CIVIL CEREMONY TO BE FOLLOWED BY CHURCH FUNCTION TOMORROW.

(By Associated Press.) MADRID, June 10.—The civil marriage of Belle Wyatt Willard, daughter of the American ambassador to Spain, and Kermit Roosevelt, was performed this morning. The ceremony was performed at the residence of the chief of police by the magistrate of the Buena Vista district. Moving picture men were out in force. The colonel and Ambassador Willard were among those present. The religious ceremony will occur Thursday.

YARDMASTER AT TRUCKEE SLAIN BY ENGINEER

TRUCKEE, Cal., June 10.—A. A. Taylor, Southern Pacific yardmaster in this city, was shot to death this morning at 9:30 by H. Clapp, engineer on a switch engine, who gave himself up.

FIVE WOMEN DIE IN TRYING TO ESCAPE A FIRE

(By Associated Press.) NEW YORK, June 10.—Eight persons, five of them women, lost their lives and thirty were injured by a fire in the old style east-side tenement. The flames swept through so rapidly that escape was cut off before all were aroused. One woman and son were killed leaping from a window.

TWO JUDGES FOR EACH DISTRICT IS THE LATEST ALLEGED BLUNDER

Judging from former decisions handed down by the Supreme Court of Nevada, the law passed by the last legislature will give to each of the ten judicial districts two judges. This condition came about by the enrolling clerks making the grave error of changing the original bill, calling for one judge in each district, but the second, which was to have two, according to the Carson Weekly. The changed bill went to the governor, and was signed by him, making it a law, which in the opinion of some of our best legal talent, cannot be changed without a legislative act. This means an added expense of close to \$150,000 to the different districts, unless a special session of the legislature is called to remedy the mistake. A special session at this time would cost the state about \$12,000, and would save the counties approximately \$138,000. Why has this not been done before now? It is rather late in the day, and it surely has been discussed enough all over the state, and we surmise that the governor feared that other issues would arise which he did not care to meet. The following is taken from the 25th Nevada Reports, page 68, and is from a decision handed down by the supreme court. Constitutional law—legislative enactment enrolled bill conclusive:

"An enrolled bill, signed by the proper officers, and deposited with the secretary of state, is conclusively presumed to have been regularly enacted, and the courts cannot look to memoranda endorsed on the bill, or to the legislative journals, to determine whether the bill was read on the three several days as required by the state constitution. The following is taken from the same reports on page 80: "The constitution makes the signing of an enrolled bill by the presiding officer of the two houses and by the secretary of the senate, and clerk of the assembly, conclusive evidence of the passage by the legislature; and when passed and approved by the governor, and filed in the office of the secretary of state, it constitutes a record which is conclusive evidence of the passage of the act as enrolled, and in accordance with the rules prescribed by the constitution relating to legislative procedure."

The salary of these judges will be \$4,000 a year, excepting the first, whose salary shall be \$3,000 a year, and the judge of the fourth judicial district, whose salary shall be \$4,500 a year, and the judge of the fifth judicial district, whose salary shall be \$6,000 a year, and the seventh judicial district, whose salary shall be \$4,500 a year.

Under the law as it stands, the state is divided into ten judicial districts, divided as follows: The counties of Storey, Douglas and Ormsby constitute the first judicial district; the county of Washoe shall constitute the second judicial district; the counties of Eureka and Lander shall constitute the third judicial district; the county of Elko shall constitute the fourth judicial district; the county of Nye shall constitute the fifth judicial district; the county of Humboldt shall constitute the sixth judicial district; the counties of Esmeralda and Mineral shall constitute the seventh judicial district; the counties of Lyon and Churchill shall constitute the eighth judicial district; the county of White Pine shall constitute the ninth judicial district, and the counties of Lincoln and Clark shall constitute the tenth judicial district, all of said salaries to be paid in equal monthly installments out of the district judges' salary fund of the several counties of the state.

ORDER EASTERN STAR. Mrs. Annie Owens, Mrs. V. L. Brown, Mrs. Annie Hadins, Mrs. R. H. Burdick, Mrs. C. Stevens and Mrs. R. B. Davis were passengers for Reno this morning, where they go to attend the grand chapter of the Order of the Eastern Star, which is to convene in Reno tomorrow. Mrs. Davis was accompanied by her daughters, Miss Isabel and Elizabeth.

HUERTA WANTS TO NAME SUCCESSOR MEDIATORS BALK

THIS NATION WILL NOT CONSENT TO THE PROPOSED ARRANGEMENT.

(By Associated Press.) NIAGARA FALLS, June 10.—The obstruction of Mexican mediation proceedings which has arisen, again threatens failure of negotiations. The United States said to the mediators that it cannot consent to any method of transaction from the existing regime to the proposed new provisional government of Huerta. The mediators insist that Huerta be permitted to appoint a man to be agreed upon. This the Americans refuse to accept because the constitutionalists won't accept a peace plan which permits Huerta to exercise the constitutional function of naming a successor.

BANTAM NOT FIT TO APPEAR WITH BALTIMORE BOY

(By Associated Press.) LOS ANGELES, Cal., June 10.—Lack of condition and stamina in the sporting writers' diagnosis of the case of Johnny Coulton, who astonished his friends last night when he failed to stay three rounds with Johnny Williams, of Baltimore. Coulton had been ill and it was thought he had recovered, but appeared a shell of the former bantam-weight champion.

SUICIDE OF HEIDENRICH ON CARSON RANCH

Joe Heidenrich, son of the lessee of a ranch on the outskirts of Carson City, committed suicide Monday by shooting himself through the head. Deceased gave no intimation of his intention. He is supposed to have been deranged by receiving numerous threatening letters before and after the recent fire which destroyed several buildings on the ranch.
