REMEMBER THE FOURTH.

THIS is the time to get the grouse out of your system, bury all personal animosities and throw care to the wind. Get into the mood for enjoying yourself and don't forget the masked carnival on Sunday night for which suitable prizes are offered. Through an oversight of the committee in failing to report this important adjunct of the celebration, the hour was omitted from the official programme furnished the Bonanza yesterday, but those who have gone to the expense of procuring costumes may rest assured that the masquerade will be pulled off and all are invited to join. Chief of Police Evans will see that ample protection is furnished and that no hoodlums will be allowed to interfere with the merrymaking.

The programme is the best ever seen in Tonopah and all that remains is for the citizens to get together and unite so as to insure the success of every event on the cards. The executive committee has thrown the doors wide open and all events, with the exception of the boxing contests, will be pulled off according to the time and place mentioned in the programme.

WHEN YOU THINK IT IS HOT.

IF any one in Tonopah feels inclined to complain about the local brand of weather he should study the records of other stations to see how blessed we are in having a temperature permitting happy and refreshing sleep at hours when there is no rest for the weary elsewhere. For instance, Fresno reports a temperature of 105 degrees. This is equal to a temperature of 115 in Tonopah, without the advantage of cool evening breezes to freshen the supply of ozone. Tonopah never has any just cause for complaint with respect to weather summer or winter. If it appears unseasonable the people have the assurance that it is always much worse somewhere else and that there is no such thing as sunstroke or hydrophobia at this altitude. Exposure to the sun does not hurt. On the contrary, it is distinctively beneficial, and the more sunlight you allow to eat into your system the better you will feel for it.

Illinois needs a new banking law which will not permit rascally bankers to juggle securities. The Lorimer failure is not the only one accredited to the system now in vogue where bankers can take out of the front door.

Science seems to be in doubt whether Mount Lassen is a real volcano or not. It's about time for Mount Lassen to deliver the goods if it sets up as a volcano.

President Wilson seems to be satisfied so long as the pinch of poverty does not become a fistful.

FIGHT SPECIAL FOR NIGHT OF FOURTH

TRAIN WILL LEAVE TONOPAH IN THE AFTERNOON AND RETURN AT MIDNIGHT.

For the fight scheduled for Goldfield on the night of the Fourth a special train has been arranged by the Goldfield Athletic club, leaving here at 1 p. m. and returning at midnight for the fare of \$1.25 for the round trip. The match is between Sailor Grande, of California, the light heavyweight champion contender for the world's championship, and Bob Graham, the Goldfield electrician who has made a reputation for putting it over the best men of the southern country. The men will fight at 165 pounds for a purse of \$1,000. The preliminary will be between Johnny McCahey and Kid Harrison for a purse of \$500, entering the ring at 135 pounds.
