RESTRAINING ORDER ISSUED TO BOOTH COMPANY

SUES ON AN APEX RIGHT TO RECOVER \$900,000 AND TO FORBID JUMBO EX. AND SUNFLOWER FROM REMOVING ORE

(Special to the Bonanza.)
CARSON CITY, Feb. 25.—The Booth Reorganized Mining company of Goldfield obtained yesterday afternoon a restraining order in the United States district court forbidding the Jumbo Extension Mining company and the Merger Mines company from removing any more ore from these premises and also sues for the recovery of \$900,000, claiming 15,000 tons, valued at \$60 a ton, which already have been removed. The injunction also restrains the Jumbo Extension company from paying the dividend recently declared. The Booth Mining company claims to apex both the Jumbo Extension and the Sunflower of the Merger.

CASH BOY NOT FLOODED—VEIN NOW APPEARS TO BE A NEW DISCOVERY

There are no material changes in the Cash Boy today, according to Mine Manager E. H. Mead. Last night's shots are now mucked out and another round of holes is being put in. The ore shows material improvement, although it is not yet of milling grade, but is getting close to that point, improving as the footwall is approached. A rumor went through the town and was possibly put on the wires that Cash Boy had been flooded out. Mr. Mead says that the baling today was concluded in half an hour and that the presence of the small water flow is but indicative of a permanent fissure. The ledge, formerly believed to be the Murray, looks at present like an entirely new find. It strikes almost exactly east and west and dips to the north at an angle of 45 degrees. On the dip of the formation the ledge has been pierced a distance of nearly twenty feet from the hanging wall. The values are expected to materially increase as the footwall is neared.

AMERICAN PROPOSALS FOR CESSATION OF SUBMARINE WARFARE AND MINES BEFORE BRITISH AND GERMAN COURTS

(By Associated Press.)
BERLIN, Feb. 25.—Prasnysz, in Russian Poland, has been captured by the Germans. The Germans captured 10,000 Russians and in other engagements north of the Vistula took 5,000 prisoners. South of the Vistula the Russians have advanced and have occupied Mogily.
(By Associated Press.)
LONDON, Feb. 25.—The second week of Germany's submarine campaign has opened with the loss of two more British ships, the Deptford and Western Coast, both small steamers. They were sunk off the coast of England in different places, by mines or torpedoes. One man was drowned on the Western Coast. Previously ten vessels, seven of them British, were sent to the bottom. Germany is apparently preparing to extend its field of operations. Three submarines were sent to Pola, presumably for use in the Adriatic and Mediterranean. American proposals for cessation of this form of warfare are before the German and British governments. There are no indications whether they will be accepted or not.

WHOLE CITY SORROWS FOR THE DEATH OF BELOVED TEACHER, MRS. MCKENZIE

After struggling heroically for a week against the inroads of pneumonia, Mrs. Hazel Larcombe McKenzie, beloved wife of Clyde McKenzie, answered the call late yesterday afternoon and an entire community mourns its loss, for the deceased was close to the hearts of the people, as during the four years that she was engaged in teaching in the public schools she endeared herself to her pupils and through them to the parents, while her fellow teachers held her in the highest regard and affection.
Mrs. McKenzie was a Reno girl, born there 26 years ago. She was a student of the public schools of that city and a graduate from the University of Nevada, from which her husband also received his degree. She was a class leader and a member of the Theta Epsilon sorority. Three years ago, shortly after coming to Tonopah, she was married to Mr. McKenzie, but preferred not to give up her work until she became eligible to a life diploma, which would have been at the conclusion of this semester.
When she was taken ill she was removed to the Tonopah Mines hospital, where nurses and physicians and her husband were constantly at her bedside, while her father and sister were also summoned from Reno. Mrs. McKenzie taught the fifth and sixth grade prior to this

LITTLE HOPE FOR PASSING SHIP BILL

ALL EFFORTS CONCENTRATED ON PASSAGE OF SUPPLY MEASURES

(By Associated Press.)
WASHINGTON, Feb. 25.—With only six working days remaining of the present session of congress, the prospect of enacting any other legislation aside from the appropriation bills before adjournment is regarded by the senate Democratic leaders as slim. They are concentrating their efforts toward the passage of supply measures. Administration senators have admitted that there is little hope of passing the ship bill.

AN ANCIENT SWINDLE IS BEING RENEWED

PUBLIC WARNED AGAINST NEW VERSION BY SCOTLAND YARD

(By Associated Press.)
LONDON, Feb. 25.—Scotland Yard warns the public against a new version of the old Spanish prisoner swindle. This time it is not a Spaniard who has hidden a war chest of the Carlists in an accessible mountain and appeals to some one to accept half the contents in return for furnishing him with bail money. In the new version of the swindle it is a Belgian. The Belgian, on the death of his master in the siege of Liege, fled with 20,000 pounds in Bank of England notes. He is now in trouble in Spain, and will part with half of the notes to any one helping him out of the scrape with a little ready cash.
A large number of these swindling letters have been sent to England, and Scotland Yard men suspect the game is also being worked in the United States.

DICKERSON MAY LOSE HIS POSITION

BILL INTRODUCED GIVING STATE POLICE CHARGE OF PRISON

(Special to the Bonanza.)
CARSON CITY, Feb. 25.—Should a bill introduced by Senator Bradshaw in the upper house yesterday afternoon become a law, Warden Dickerson of the state prison will lose his official head. The measure provides that the state police shall have charge of the prison and that its superintendent shall be ex-officio warden. This would give the job to Alex. Burke, who was recently made the successor of Captain Donnelly. The salary for both offices would be \$3,000 a year.
Senator Fulmer has offered a bill for the expenditure of \$5,000 a year by the state for the development of artesian water. Senator Hussman has introduced a bill making the maximum penalty for grand larceny 18 instead of 14 years' imprisonment.
