GERMAN SUBMARINES SINK TWO STEAMERS

Russia Hammers at East Entrance to Constantinople

ZAPATA WILL EVACUATE MEXICO CITY

(By Associated Press.)
WASHINGTON, March 29.—Diplomatic dispatches from Mexico City say it is understood that General Obregon, with the Carranza forces, is returning to the capital. Zapata is

about to evacuate. The war department believes that the American forces at Brownsville, Texas, are ample to protect Brownsville during the fighting between the Mexican factions at Matamoros, across the Rio Grande.

ALL HOPE ABANDONED FOR SUBMARINE

(By Associated Press.)
HONOLULU, March 29.—Vessels are again sweeping the harbor for submarine F-4, without success. The object believed to be the submarine,

held by the grappling apparatus on Saturday, developed to be an old anchor. The officials abandon all hope that the crew are alive. Work continues as rapidly as possible.

IT IS CONTENDED BY PETROGRAD THAT VICTORIES IN CARPATHIANS GIVE TO RUSSIA FREE ENTRANCE TO HUNGARY

(By Associated Press.)
LONDON, March 29.—The British steamer Agula was torpedoed by a German submarine in the English channel and sunk. The crew was saved. The report that the British steamer Falaba was sunk by a German submarine is confirmed. The Falaba was sent to the bottom off the south coast of Wales. The loss of life is probably heavy. Russia is again knocking at the back door of Constantinople by bombarding the Turkish forts in the Bosphorus, with what success is unknown. As to the front door of the Turkish capital, the Dardanelles, the only news is that the mine sweepers of the allies are continuing at work, the weather preventing resumption of the bombardment. The German troops in north Poland have returned the attack and are centering their movement in the region of the Skwa river, near the Prussian border. Petrograd contends that victories in the Carpathians have given the Russians access to northern Hungary. Italy has decreed censorship of military news, beginning tomorrow. A Paris newspaper publishes an unverified report that Austria has agreed to cede part of Trent to Italy at the close of the war in return for Italy's neutrality. Berlin says that General Von Kluck, who led the German rush into France, was slightly wounded while inspecting the positions of the army on the western front.

BODY OF MEMBER OF BOTH ORGANIZATIONS BORNE TO THE OUTGOING TRAIN

The body of William C. Harding was conveyed from Wagoner & Cavanaugh's undertaking parlors this morning to the train, to be sent to Oakland, where the interment will take place. The cortege was led by the Tonopah lodges of Elks and Eagles, sixty members marching. Then came the casket, borne on the hook and ladder truck of the Tonopah fire department, the vehicle being draped in black and drawn by uniformed volunteers. The pall bearers marched on either side of the truck and the paid fire department brought up the rear. The fire-bell on lower Main street was tolled as the cortege passed.

The pall bearers were: W. B. Evans, J. A. Saunders, Charles Wittenberg, J. C. Robertson, Charles Richards, Alex. McKenzie, Joe Kenilman and Elbert O'Connell. The date of the funeral is not yet known, but it will take place under the auspices of the Oakland lodge of Elks.

ROUGH HOUSE IN NYE COURT ROOM

SLIPPERY FLOOR OF DANCE HALL POOR PLACE TO HOLD AN ARGUMENT

A court case was held before the justice of the peace at Rhyolite last Friday and the room wherein the trial was held was formerly utilized as a dance hall. As the trial progressed an argument ensued between Thos. K. Chambers, an attorney from Tonopah, and Bookkeeper Chapman of the water company involved in the action. The difficulty occurred over the right of attorney to inspect certain documents. A verbal argument was followed by the waving of clenched hands. Both parties to the discussion wore glasses. Chambers backed away, putting up a defense, followed by Chapman, who slipped on the waxed floor and suffered not only breakage of his spectacles, but a summons from the court to answer for contempt. Profuse apology prevented the infliction of punishment, after which the case was amicably resumed.

PRANKS PLAYED BY SNOWSTORM LIGHTNING

TWO PROPERTIES SLIGHTLY AFFECTED BY SUDDEN AND UNSEASONABLE FLASHES

Some slight damage, rather mere inconvenience, was done last night by the peculiar lightning storm which occurred during the snowfall. The effects were particularly noticeable at the new Midway and the Jim Butler. Happily the arresters of lightning used by the power company prevented serious damage.

When the new plant is installed the local properties will be practically immune from lightning difficulty unless from a direct flash. Manager Bruce has completed the heavy task of placing the ponderous new transformers and they are now being dried out with electric driers. Within two weeks or less they will be ready, but it will require fully thirty days to get the new plant in complete working condition.

(By Associated Press.)

(By Associated Press.)
SACRAMENTO, March 29.—Any employer refusing to pay wages five days after due to any one who has left his employ, will be required to continue the wages at the same rate for thirty days as a penalty under the bill by Lyon, which today passed the Senate. The bill makes it a misdemeanor for an employer to refuse or defer wages after due when he is able to pay. The presence of a crowd of lobbyists in the senate floor when it reconvened provoked a declaration from Eshleman that he would tolerate no lobbying while the senate is in session. The assembly passed the Meek bill permitting the employment of convict labor on state highways, by a vote of fifty to twenty-four.

Barron is indicted for the murder of two section hands near Cuprite, south of Goldfield. The jury box was filled with veniremen this morning by 11 o'clock and the examination of the jurors was begun. The jury was selected by 2:30 and the taking of testimony began. Undertaker Cavanaugh was the first witness. He testified to being summoned on the night of February 7 to go to Cuprite, where he found the bodies. His testimony was very gruesome, describing the blood-stained clothing and the bullet wounds.
