

SIX MILLION MEN THE AWFUL PRICE OF WAR

Not to Speak of Eight Billion Dollars Already Spent

TWO THOUSAND SLAIN IN MEXICAN FIGHT

(By Associated Press.)
WASHINGTON, April 8.—Carranza's agency claims a victory in the recent battle in the state of Guanajuato, inflicting a loss of more than two thousand dead and wounded upon the Villa forces. Villa led his

troops, and Obregon commanded the Carranza men. Obregon is pursuing the fleeing enemy, the dispatch says. In reference to the proposal to neutralize Mexico City and take it out of the fighting zone, Secretary Bryan said: "Indications are not favorable."

BELGIANS NOT CONSIDERING CONQUEST

(By Associated Press.)
LONDON, April 8.—Emile Vandervelde, Socialist leader and minister of state for Belgium, displays a view as to annexing new territory to Belgium, if Belgium shall be reconquered and Germany crushed, that fails to please the more ardent XXe Siecle, the Belgian journal now publishing in Havre.

Belgians, M. Vandervelde declared, are not ambitious, and the only part they would be likely to annex is the grand duchy of Luxemburg, providing the Luxemburgers themselves wish it. He added that if it could be done without injustice and by the consent of the people, some of the bordering country whose population is Belgian rather than German might also be taken over. But as to conquering and annexing any true part of Germany, that M. Vandervelde could not think of.

The XXe Siecle, answering the So-

cialist minister, comes out for a greater Belgium, and advocates the annexing of German territory to include Aix-le-Chapelle.

Both M. Vandervelde and the XXe Siecle are in turn criticised by the Independence Belge, published in London, for their prematureness. It says editorially:

"Let us first say that it seems at least inopportune to nourish projects of conquest at a time when our thoughts ought to be centered on the delivery of our country from German domination.

"Our heroic soldiers fall in the defense of our country and not to rob the Germans of theirs. Let these criminals be put in a position where they can not hurt us, but let us have no ambition to imitate them. Aix-le-Chapelle has always been a German city. Besides, nothing would be more absurd than to break the equilibrium between the Latin and German elements of our country."

RUSSIANS NOW SEEM TO HAVE AN OPEN

HIGHWAY TO THE PLAINS OF HUNGARY AND AUSTRIANS ARE IN GRAVE DANGER

(By Associated Press.)

LONDON, April 8.—Although she has concentrated her army on the Austrian border and her navy within striking distance of the Adriatic, Italy is still endeavoring to exhaust every means to lead to a peaceful settlement with Austria in the matter of territorial concessions. An Austrian dispatch says that there is basis for the reports that Austria is seeking for peace with the triple entente and for a better deal with Italy.

The losses of men in the first six months of the war is estimated by a military expert in Rome at 5,950,000, and the cost in money \$8,400,000,000. Austrian aviators dropped bombs today on Podoritz, Montenegro, and twelve women and children were killed and forty-eight wounded.

(By Associated Press.)

LONDON, April 8.—The Russians are pushing forward in the Carpathians, Petrograd asserting that the road plains of Hungary are now open before them. The Russians have captured Smolnik, east of Luppow Pass, and have driven a wedge between the eastern and western wings of the Austrians in Beskids, placing the eastern wing in a precarious position. The battle between the Meuse and Moselle has developed into a struggle of particular severity. Paris says that the Germans sustained enormous losses. A detachment of three hundred men was mowed down by French machine guns, not one escaping. Berlin says that the French lost heavily, too.

CONFERENCE AUTO BILL PASSES SENATE

ARRANGEMENTS MADE FOR CARRYING INTO EFFECT NEW PRIMARY PROJECTS

(By Associated Press.)
SACRAMENTO, April 8.—The "conference automobile bill" passed the senate today. Motor vehicles are to pay a license fee of forty cents per horsepower. Electric cars will pay a flat rate of \$5 and commercial motor trucks according to weight. The bill requires all horse-drawn vehicles to carry lights at night. It contains stringent regulations against speeding and reckless driving. The assembly passed the Young bill prescribing the necessary machinery to carry into effect the presidential primary elections. By the terms the voters will designate on the ballot the choice of candidate for presidential nomination and vote for delegates to attend the national party convention.

MILITARY HONORS FOR GRAND ARMY SOLDIER

SERVICES OVER REMAINS OF THE LATE A. A. WAGER HELD LAST EVENING

Services were held over the remains of the late A. A. Wager in Wagoner & Cavanaugh's mortuary parlors last evening at 7:30. They were conducted by the Woman's Relief corps of this city. A number of veterans of the Grand Army of the Republic and of the Spanish war were present, as well as friends of the deceased who filled the parlors. The coffin was draped with the Stars and Stripes and covered with a profusion of flowers. This morning two auto loads of friends, consisting of the family of Harry McNamara and others, conveyed the body to Hot Creek, where the interment took place this afternoon.

INTERURBAN SYSTEM IS BADLY TIED UP

CAUSED BY REFUSAL OF COMPANY TO RECOGNIZE UNION OF EMPLOYEES

(By Associated Press.)
SYRACUSE, April 8.—Virtually the entire interurban system of central and western New York is tied up as a result of the strike. No cars are moving at Auburn. The Auburn-Syracuse line is tied up and other systems are affected. The strike was called following a refusal by the Empire State United Railways to recognize the Amalgamated Association of Railway Employees as a representative union body of its employees.

RICH GOLD STRIKE CLOSE TO LOVELOCK

RUMORS SAY IT IS THE BIGGEST DISCOVERY MADE FOR SEVERAL YEARS

Lurid reports have reached Winnemucca of the richness and extent of the gold strike in Coal canyon, about nine miles east of Lovelock, and only five miles from the Southern Pacific railroad, says the Silver State.

An effort was made to keep the news of the discovery from leaking out until the men who made it could perfect their locations. But it couldn't be kept under cover and the news of the strike was let out in Lovelock and Rochester a few days ago, resulting in a veritable stampede from both places.

Practically no details of the strike that can be vouched for have been received here. Rumors say that from surface indications it is the biggest thing that has been found in the state for years. Rock broken from surface croppings is said to be marvelously rich in gold. The ledges are in a porphyry formation and the section where the strike was made has been run over by prospectors for years.

MINE SCHOOL TO BE ORGANIZED TONIGHT

DR. LINCOLN COMES TO FORM PLANS FOR FUTURE WORK

At the gymnasium of the Tonopah volunteer fire department a public meeting will be held this evening for the purpose of organizing the Tonopah school of mines. Assemblyman Henry S. Schmidt, who was the author of the bill that secured the appropriation, will be chairman. The principal speaker will be Dr. Lincoln, director of the Mackay school of mines of the University of Nevada. A general invitation to be present is extended, particularly to those who desire to enroll and to alumni of mining schools and mine officials. A call for suggestions as to the manner of conducting the school will be given. The meeting is expected to result in a permanent organization. If you hear the fire bell ring, make a rush for the gymnasium at 7:30 sharp. There will be seats for all.

GERMAN SEA RAIDER WILL BE INTERNED

(By Associated Press.)
NEWPORT NEWS, April 8.—Collector Hamilton has acknowledged receipt of Commander Thirichen's letter announcing his determination to intern the German raider, Prinz Eitel Frederick, requesting permission to intern. Thirichen explained that "failure of expected relief to arrive" made the step necessary rather than to "deliver the crew and

ship to certain destruction by the British and French warships off the Virginia capes."

ATTEMPT TO KILL OWENS BILL FAILS

MOTION FOR RECONSIDERATION IN CALIFORNIA SENATE IS LOST

(By Associated Press.)
SACRAMENTO, April 8.—An attempt to overthrow the passage of the Owens bill, forbidding a limitation on trades apprentices, characterized by labor as open shop legislation, failed in the senate on Tyrrell's motion for reconsideration. The bill received twenty-two ayes, as it did on passage, and fifteen noes, two who voted against it the other time being absent. The senate judiciary committee reported recommendation of passage of the bill to remove the property qualification of jurors.

BLOODY TOWER OF LONDON OPENED TO THE PUBLIC

(By Associated Press.)
LONDON, April 8.—The "Bloody Tower" at the Tower of London, where the two "princes of the tower" were imprisoned, has been opened to the public after being used for some years as residential quarters for the warders.

Many victims of royal caprice have been immured in this particular building and the walls are still covered with their writings, the sole occupation of their long hours of confinement.
