

## INDICATIONS DISFAVOR ITALY ENTERING WAR

### AUSTRIA MAKES FURTHER OFFERS OF CONCESSIONS OF TERRITORY TO PUT END TO THE PLANS FOR HOSTILITIES

(By Associated Press.)  
ROME, May 19.—Foreign Minister Sonnino has reported that he informed the council of ministers that offers of additional territorial concessions have been received from Austria. German Ambassador von Buelow and Austrian Ambassador von Maccho have denied that they demanded passports or that their de-

parture is imminent. The royal decree, under which all railroad lines and stations in Italy have been put under the supervision of the military is published in the official gazette. Forty were killed and 100 wounded by the police and Austrian troops in quelling an uprising in Pola, according to a dispatch. The homes of Italian residents are reported sacked.

### VOLCANO DISTRICT SCENE OF ACTIVITY

(Special Bonanza Correspondence)  
VOLCANO, May 18.—Mining affairs at Volcano assumed a livelier aspect during the past week. Tribulators have been arriving with their camp outfits and leasers' row is now rapidly filling up on all the desirable locations and four sets of leasers are now busily engaged in both trenching and sinking operations. On the original strike lease, being operated by Messrs. Glenn, Musser and Ellis, the shaft is now down between 12 and 14 feet and they are now engaged in putting in a collar set and windlass and bucket. The shaft will be 57 feet in the clear. There is a nice seam of talc on the hanging wall. The strike of the vein is 20 degrees north of west and no footwall is in sight. The vein is becoming better defined as depth is attained and more solid and in place. There are 78 sacks of first-class ore and 20 tons of second-class ore that it is believed will go \$20 or better, and between 25 and 30 tons of \$10 ore. The leasers expect to augment their

force of miners as soon as possible. C. Glen, who is the owner of the Bannock group of four claims, has sublet the entire group to Messrs. Musser and Ellis and they have up to the present time granted seven leases, all of which are expected to be in active operation by the end of the present week. Messrs. Frederick, Eastman and Frevert have the No. 1 lease adjoining the original on the southeast 200 foot block and with a double shift are making between 4 and 5 feet per day. They are now down 16 feet and have flattering indications of nearing the pay zone and believe they have no footwall on the south side of the shaft. The lease conditions which apply to all other leases require 50 feet of sinking or 50 shifts per month, 1 year lease, 15 per cent net royalty on all ore shipped, all leases to expire April 1, 1916.

Jarvis, Smith and Dr. Masterson control block No. 2 adjoining Fred.

### ENTERTAINMENT FOR THE LITTLE FOLK

#### LADIES OF SANCTUARY SOCIETY GIVE CHILDREN A FESTIVAL

The ladies of the Sanctuary Society entertained 120 boys and girls of St. Patrick's parish at an ice cream festival last evening at Knights of Columbus hall from 7 until 11 p. m. Rev. Jerome Diss celebrated a special mass for the children at 8 o'clock in the morning and acted as master of ceremonies in the evening.

The first hour was spent in dancing and games. Then followed a splendid program, the numbers of which were contributed entirely by the children with the exception of a vocal solo by Mrs. Al Kelleher, a humorous juvenile selection by Miss Catherine Kelly, a piano solo by Miss Loretta Walsh, and a big bear story by Father Diss. The children's contributions, which included vocal and instrumental duets and recitations, leaped with a bound from the emotion of the sentimental ballad to those mixed feelings "when pa keeps house."

The ladies of the Sanctuary Society wish to express to the Knights of Columbus for the use of the hall and banquet-room and to the parents and many friends of the children for their generous contributions of money and cakes, their sincere thanks for their help in making the evening a pronounced success. In fact, so generous were these offerings, that the surplus admits the announcement of a picnic outing, at a date to be arranged later.

It was noted with regret that Mrs. E. L. Timlin, president of the Sanctuary Society, was unable to attend, owing to illness.

#### AMERICANS WILL FIGHT YAQUI TO A FINISH

(By Associated Press.)  
DOUGLAS, Ariz., May 19.—Rifles and ammunition from the cruiser Raleigh have been sent to the Americans in Yaqui valley, the Americans refusing to leave their property. They are determined to fight the Indians to a finish.

### GERMANY'S REPLY WILL BE DEFERRED

(By Associated Press.)  
WASHINGTON, May 19.—Official information has been received that Germany's reply will not be completed for at least a week. It is known that Germany will indicate a willingness to have her submarines act toward all merchantmen just as destroyers or cruisers would, giving

time for the passengers and crew to leave, provided the merchantmen are unarmed, or if passengers and contraband traffic are separated. That position is looked upon with some favor here. That the United States stands firmly on the principles of the note, has been conveyed informally to Germany since the note was sent.

### MAY RECONSTRUCT BRITISH GOVERNMENT

(By Associated Press.)  
LONDON, May 19.—Premier Asquith has announced that steps are contemplated which involve the reconstruction of the government upon a broader personal and political basis. Several newspapers announce the res-

ignation of Baron Fisher, the first sea lord. The Russian situation is causing a feeling of pessimism. Dispatches say that the Russian retirement along the river San is still under way. The Russians have resumed the offensive along the left bank of the Vistula.

### GOVERNMENT YACHT GOES TO THE BOTTOM

#### COLLIDES WITH SUBMARINE AND EIGHT OF CREW ARE DROWNED

(By Associated Press.)  
OTTAWA, May 19.—The government steamer Christine, formerly Lord Strathcona's yacht, collided with a Canadian submarine off the Island of Orleans, and sank in three minutes. Eight of the Christine's crew of fourteen were drowned.

### MANY SEARCHING FOR DAN LAMBORN

#### PROSPECTOR TAKES AUTOMATIC WITH HIM WHEN HE MAKES DEPARTURE

It is now feared that Dan Lamborn, who has been missing since Friday morning, is dead. He had been acting reather peculiarly, appearing depressed. Last December he deposited \$400 with a local bank and gradually drew out this money until it was all gone. He said to an acquaintance Thursday night: "I think I will go out into the hills and take a long sleep."

When it was found that his cabin seemed to be deserted, except for his two dogs which were howling dismally, an investigation was made and it was found that he had left the place neat and clean, with everything in perfect order. It was also noticed that his pistol was missing, although the holster and belt were found, together with a box partly filled with 38 caliber automatic cartridges.

County Commissioner Davis and Acting Chief Peck started to search for Lamborn, using the county car. They went as far as Volcano and also explored the hills near this city. Lamborn's dogs could not be persuaded to take the trail. Justice Dunsenath has taken charge of the personal effects of Mr. Lamborn. It is also learned that he is not only in good standing with the Knights of Pythias, but also in the miners' union. Both organizations are forming searching parties to go out tomorrow morning. The members of the union who can go are requested to leave their names with the secretary and the Knights and others to meet at 9 o'clock at the justice court or the police station.

#### A STORMY MAY DAY

The wind blew for a time this afternoon at the rate of 42 miles per hour. This is six miles faster than it has traveled at any other time since Mr. Legier became the observer here. There was a slight frost this morning, but it is not believed that flowers or vegetables were injured.

#### BRITISH STEAMER SUNK BY GERMAN SUBMARINE

(By Associated Press.)  
CARDIFF, May 19.—The British steamer Drumcree was sunk last night in the English channel. The crew were rescued.

### BRATTON WINS IN SECOND BY KNOCKOUT

Some one, in speaking of Jack Bratton, once called him "The Assassin." This title was not given in opprobrium, but complimentary to his style of fighting, which is not the deft work of a Corbett, graceful and debonair, nor the stolidity of a Sharkey, which accepts punishment stoically until the psychological moment arrives for landing the decisive blow. Jack Bratton is a fierce, intrepid fighter from the tap of the gong and his antagonist must reply in kind, or he won't be able to stay in the ring very long.

Harry Dell is himself a game ring general. It is said that he has fought 126 battles and last night is the first time for him to take the count. It was a contest that brought the crowd in the Airdome to their feet, howling with enthusiasm and it was more, it meant the saving of the fight game for Tonopah, inasmuch as the preliminary, from which was expected much in the way of clean-cut, dashing warfare, developed into a miserable exhibition of marathons, jiu jitsu and shots below the water line. Bobby Trudgen of Tonopah never had a chance for his life with the alleged referee, Johnny Carbury, a Goldfielder, was the third man in the ring, but he might as well not have been there, for he neither saw nor did anything. He didn't seem to consider it part of his duty to break the men and he was posing for the flashlight whenever any fouling was done. Fully three times Kid Smith of San Diego acquired and maintained a half Nelson and punished Trudgen at will. Once Bobby got in bad himself by hugging Smith's legs. The latter cruelly fouled the Tonopah boy by jabbing him in the groin, but the referee saw none of it, and didn't seem to want to. His raw work and that of his protegee, upon whom Goldfield had his money bet at odds of one to two, got the crowd so sore that it seemed as though the fight game were doomed for this city. But to the fistic carnival in detail.

Trudgen delayed the game fully five minutes, while Smith shivered in his corner. Then Smith beat it. Finally both got in the ring and stripped, but there were no gloves. The crowd advised them to go at it bare fists, back alley rules, but the gloves suddenly appeared and the fight was on.

Preliminary by Rounds  
Round 1—Smith led wickedly at the touch of the gloves. They clinched, belaboring each other with one arm free. Trudgen lands neatly, Smith rushes him to ropes, but fails to connect. Each duck politely and swings are wasted. Clinching and close infighting for nearly a minute, Bobby breaks and slugs to face. Bobby lands and rushes Smith ferociously to rope. Takes punishment. Smith backs him across ring and lands to face.  
Round 2—Trudgen landed to body

#### How It All Happened

The crowd, as usual, was late in arriving and hostilities did not begin until 12 minutes after 9, although scheduled for 8:30. There was a small patronage of the bleachers, but the better seats were nearly all occupied. The usual badinage was passed to and fro across the squared circle for a time. Harry Grier officiated again as announcer, but had some difficulty in making himself heard, because of his shaven pate. This excited the ribilities of the crowd, who inquired his number and advised him to go back to Sing Sing as well as made other remarks which showed their appreciation of his services. Rev. Dr. King was inexplicably absent, but the tom tom was handled in masterly manner by Louie Goodfriend. Mr. Grier announced Kid Ross as challenger of the winner of the Sudenberg-Dempsey fight at Goldfield on the 25th. Dick LeGarde of Taft challenged the winner of the first fight, Micky Clifford, on behalf of Holland, 154, challenged Johnny Sudenberg, at his own weight, to fight in Tonopah July 4 for any sum from \$1000 to \$2500.

Trudgen delayed the game fully five minutes, while Smith shivered in his corner. Then Smith beat it. Finally both got in the ring and stripped, but there were no gloves. The crowd advised them to go at it bare fists, back alley rules, but the gloves suddenly appeared and the fight was on.

Preliminary by Rounds

### GREEN BOOK TO BE ISSUED BY ITALY

#### DOCUMENT WILL BE PUBLISHED TO SHOW ATTITUDE OF THE GOVERNMENT

(By Associated Press.)  
ROME, May 19.—The "green book," containing documents designed to show the attitude of Italy and the efforts made to reconcile the obligations of the triple alliance with the Italian national aspirations, is being put in type. The printers are sworn to secrecy.

### RUSSIANS FALLING BACK IN GALICIA

#### GERMANS GAIN TERRITORY BUT SUFFER ENORMOUS LOSSES

(By Associated Press.)  
LONDON, May 19.—British correspondents at Petrograd admit that the Russians in Galicia have been forced to retreat along a 200-mile line. In one case the situation appears something like a collapse of the Russian forces. The Germans and Austrians have not thus far won a victory of decisive significance, but their losses have been enormous.

### PRINCETON PRESIDENT GIVES CALL TO ARMS

#### DR. HIBBEN SAYS THE NATION MUST BE PREPARED FOR WAR

(By Associated Press.)  
MOHONK LAKE, May 19.—Dr. John Grier, president of Princeton, stirred the conference of international arbitration, taking issue with the pacifists who favor disarmament. He advocated "wise preparedness of the military of the United States." "Prepare against war," he said, "by all means. Let us pay any price which can buy peace. But there is something which cannot buy peace. We dare not trade honor for peace."

Never in the twenty-one years' existence of the conference was heard such a call to arms.

#### VIEWS HIS ARMY WHILE ENGAGED IN ACTION

(By Associated Press.)  
AMSTERDAM, May 19.—The kaiser was present Sunday at the fighting on the eastern front. He was first with the general staff and later with the division struggling to cross the San river.

### LEASES GIVEN ON A SYLVANITE PROPERTY

#### MESSRS. WEISSE AND RIDDELL ARE GIVING TRIBUTERS A CHANCE

Messrs. Weisse and Riddell, owners of the Lucky Jim group of four claims at Sylvanite camp, have, owing to the strong and insistent demand for leases on their ground, have finally decided to develop the estate in that manner, and the following parties have secured 200x600 blocks of ground which are leased on the following terms: One year from date of signing papers, 50-foot shaft and 20 per cent royalty of net values of all ore shipped: Edward McKelvey, John Humphrey, Patrick Mooney, Dry Wash Wilson, Al Haag, William Maupin, and Neville Martin. The leases so far granted will be on the Lucky Jim No. 1, 750 feet northwest and 750 feet southeast, and on Lucky Jim No. 2 claim, 450 feet northwest and 1050 southeast. The owners have reserved 200 feet of the original strike to develop on company account.

#### ASQUITH FURTHER OUTLINES HIS POLICY

(By Associated Press.)  
LONDON, England, May 19.—Premier Asquith said that reconstruction of the cabinet would be for the purposes of war. There will be no change of any kind in the policy of the country regarding the continued prosecution of the war with all possible energy, and by means of every available source.

#### TROOPS MOBILIZING IN NORTHERN ITALY

(By Associated Press.)  
BASEL, May 18.—Mobilization of troops continues in upper Italy. The trains leaving Milan are carrying soldiers in the direction of the frontier.

BERLIN, May 19.—A Rome dis-

### UNITED STATES TO REPRESENT NATIONS

#### AMERICAN DIPLOMATISTS TO CARE FOR INTEREST OF ITALY AND AUSTRIA

(By Associated Press.)  
WASHINGTON, May 19.—Both Austria and Italy have asked the United States to care for their diplomatic interests at Rome and Vienna, respectively, in the event of a severance of diplomatic relations. The embassies at both capitals have been instructed to be in readiness to do so.

patch says: "The short parliamentary interlude has ended. The street has won." It appears that only a miracle can avert war between Italy and Austria.
