## WAR OR PEACE RESTS WHOLLY WITH GERMANY

### Congress Will Be Assembled if Lusitania Outrage is Repeated

(By Associated Press.)  
WASHINGTON, July 22--The new American note to Germany is enroute to Berlin. It should reach Berlin tonight or early tomorrow. Secretary Lansing has announced the text will be given out for publication for morning papers on Saturday. What action will be taken in the event of further violation of American rights is not disclosed, but the general understanding is that another disaster, such as the Lusitania, would mean the immediate assembling of congress. The president has given careful consideration to eventualities to which the new note may commit the United States, and believes it places squarely on Germany the responsibility for any act that may cause a rupture.

### RUSSIANS RETREAT TO FORTRESS

(By Associated Press.)  
BERLIN, July 22.--It is officially announced that the Austro-Germans driving at Warsaw from the south have compelled the Russians to retreat into the fortress of Ivangorod, about 56 miles southeast of the Polish capital. The fortress is now closely invested.

### ANTI-NAPOLEON TACTICS USED

(By Associated Press.)  
LONDON, July 22.--While prayers for victory are being said throughout Russia, the Austrians and Germans are continuing their drive at Warsaw. Meanwhile they are reaching further north toward Riga, from which the advance guard is not more than 20 miles. Generally speaking, the Russians are falling back, employing the tactics with which they harassed Napoleon in 1812. They are burning all bridges, destroying the roads and laying waste the countryside with fire and dynamite, removing provisions and destroying what they cannot take with them. They are driving all cattle before them, leaving for the invaders nothing but a desolate, ruined waste. All Courland has been laid waste. Windau, in flames, sent its glow for miles. Coincident with Russian dispatches saying the spirit of the army is unbroken and that its belief in ultimate victory is strong, comes a report that the feeling is growing that Russia is doing more than her share, bearing at present almost the entire burden.

### TROOPS CALLED OUT TO COPE WITH SITUATION AT BAYONNE

#### Two Attacks on Deputies while Arson Is Also Resorted to by Striking Rioters

(By Associated Press.)  
NEW YORK CITY, July 22.--Two men were killed and six wounded at the Standard Oil company's tidewater plants at Bayonne as the result of two attacks on the deputies guarding the property. Two fires also occurred, one at the Standard plant where a watchman's house was destroyed, the other in the yard at tidewater where lumber is stored. This was started by means of burning waste thrown over the walls by rioters. Those killed were shot through the heart with rifle bullets, apparently fired by the guards. A sudden down-pour of rain had much to do with stopping the fight in which the men were killed. The rioters used sticks, stones and revolvers, while the guards replied with Winchester rifles.

(By Associated Press.)  
TRENTON, N. J., July 22.--Sheriff Kinkaid has requested Governor Fielder to call out troops to cope with the situation at Bayonne.

### FIFTY LOOTERS OF VILLA'S EXECUTED

#### Maytorena Expects to Make His Last Stand at Nogales-- Santa Cruz Falls

(By Associated Press.)  
DOUGLAS, July 22.--General Calles has confirmed the reports that his soldiers have executed between fifty and sixty Villa troops caught looting at Cananea. He said that his advance guard is within twelve miles of Nogales, where Governor Maytorena has concentrated the Villa forces.

(By Associated Press.)  
NOGALES, Ariz., July 22.--Five hundred Carranza troops captured Santa Cruz, according to dispatches. Santa Cruz is a few miles southeast of Nogales, Sonora, where Maytorena, the Villa leader, expects to make a last stand. The Carranza forces, it is reported, captured the Villa cannon, which was turned on the fleeing Villa soldiers, killing two.

(By Associated Press.)  
GALVESTON, July 22.--Support from President Manuel Cabrera of Guatemala, for the plans of Huerta and associates in reestablishing control over the affairs of Mexico, was pledged as early as last February, according to La Voz de la Revolucion, a newspaper at Merida, Mexico. It prints Cabrera letters to Huerta. One of them says: "You may count on my aid in any possible way to tranquilize Mexico."

### EXTENSION-WEST CASE CONTINUES

#### JUDGE INSPECTS EACH OF WORKINGS

ARGUMENT WILL PROBABLY NOT BE BEGUN IN THE CASE BEFORE TOMORROW

Instead of a mere motion and action thereon by the court, the matter of the application by the Tonopah Extension Mining company to have the temporary restraining order against the West End Consolidated Mining company made a permanent injunction, it now develops into a regular hearing of the merits of the controversy, including the introduction of expert testimony. In this action the Extension seeks to have the West End perpetually restrained from breaking through from its mine into the slope of the plaintiff company. Last night Judge Averill, accompanied by counsel on both sides, inspected both the workings. Introduction of testimony continued all day and argument will probably not be taken up until some time tomorrow. If then, the vacation of the Nye county bench and bar seems rapidly going glimmering, or will at least be greatly curtailed.

#### WELCOME VISITORS

Mrs. B. S. Shell of Lancaster, Ohio, and Mrs. M. S. Barrett of Tulsa, Okla., are here visiting their brother, Branch Smith. Mrs. Shell is the wife of Brooks E. Shell, who formerly was city attorney at Denver, and is known by many Colorado people here.

The Tonopah Belmont Development company this morning shipped from its Tonopah mill 59 bars of bullion by Wells, Fargo express. The consignment weighed 116,242 troy ounces and was a two weeks' cleanup. Estimating the gold and silver contents at 65 cents an ounce, the shipment was marketable for \$75,557.30.

### WOMAN IS FATALLY STABBED

#### "AMERICA MUST HELP TO MAKE PEACE"

(By Associated Press.)  
CHICAGO, July 22.--Jane Addams has returned from her European mission. "The fighters are not ready to stop, but there is a growing spirit of unrest," she said. "In time the sentiment will be big enough to force peace. We must help."

### ORDUNA AGAIN FACES SUBMARINE PERIL

(By Associated Press.)  
NEW YORK CITY, July 22.--With 195 passengers, including eight Americans, and 10,000 tons of general cargo, the Orduna, a Cunarder, sailed today for Liverpool. All the baggage was examined.

### EXPRESS COMPANIES GRANTED RELIEF

(By Associated Press.)  
WASHINGTON, July 22.--The interstate commerce commission has decided that the revenues of the express companies are inadequate, and has modified its former orders to provide additional income. The commission's report says that while the financial condition of certain petitioners is more favorable than that of others, it appears that as a whole they are operating at a loss.

### UNITED STATES CONSUL TAKES CHARGE

(By Associated Press.)  
WASHINGTON, July 22.--The American consul at Warsaw has cabled the state department that the Belgian consul has left Warsaw and that the American consulate has taken charge of the affairs of both Belgium and Serbia.

### PREPARE FOR WAR, SAYS THE COLONEL

#### Roosevelt Impresses Upon His Hearers the Necessity for Being Ready

(By Associated Press.)  
SAN FRANCISCO, July 22.--Colonel Theodore Roosevelt addressed the Panama-Pacific exposition crowds late yesterday afternoon on "Preparedness for War." The speech was given over almost entirely to that theme and he set it forth with new emphasis. "I firmly believe that there should be universal military service for our young men on the Swiss model," said the former president, at one point in his speech. At another, referring to the price which Belgium had paid because of her unpreparedness, he said: "Some day or other it may well be that we shall have to pay on a tenfold greater scale the same price for exactly the same reasons; and, if

such should be the case, remember, my fellow countrymen, that whereas in the case of the Belgians excited warm sympathy, our misfortunes would excite nothing but scorn and contempt; for a rich, powerful, boastful people invites the ridicule of all mankind if, whether from sheer silliness and short sightedness, or from soft timidity, or from gross and greedy devotion to the material benefits of the moment, it fails to prepare itself to defend its own rights with its own strength."

With all of his old-time vigor, Col. Roosevelt denounced the all-inclusive arbitration treaties which the United States had entered into and said that

#### Lillian Reito Attacked by an Unknown Man, Who Inflicts Nine Stiletto Cuts

Lillian Reito, a woman of the restricted district, was slashed by an unknown man last evening in her cabin near the Cottage bar at 5:30 o'clock. She is at the present time in the county hospital with but little hopes of recovery.

The man who did the cutting is small of stature, wearing at that time a brown hat and a dark suit. He also had a small brown or black moustache.

The victim was about forty years old, heavy set, weighing 315 pounds. She came to Tonopah two weeks ago from Reno. A wire was sent to Frank Reito, who is supposed to be her husband, asking him to come to this camp.

The man who assaulted her spoke Italian, English and French. For some time before the attack he had been drinking and when he entered her cabin he was nearly crazed with liquor. He remained only a few minutes, when the neighbors heard the two quarrel. They thought nothing of it, until the woman fell against the door and later came out into the street, bleeding profusely. The man also emerged from the shack, stood an instant in the street and then ran towards the station. That was the last seen of him. The girl was helped

into her cabin and the ambulance called. She was rushed to the hospital and Dr. J. N. Cunningham was called. The woman was stabbed with a stiletto in nine different places. She has two very bad cuts, one under the right shoulder blade and the other on the left side near the hip. The others were inflicted upon the back and legs.

The police have not succeeded in capturing the man but they have a clue which they think will be the right one and are confident of landing him by nightfall.

### CHURCH PENSION DAY AT THE EXPOSITION

#### FIFTY MILLION DOLLARS WANTED FOR PREACHERS ON RETIRED LIST

(By Associated Press.)  
SAN FRANCISCO, July 22.--This was Church Pension Congress day at the exposition. The meeting was held under the auspices of the board of conference claimants of the Methodist Episcopal church.

Pensions for retired ministers and adequate care of the widows and dependent orphans of deceased preachers were discussed by representative leaders of the various churches. Fifty million dollars for retired preachers is the slogan of the churches. The Methodist, Presbyterian and Episcopal churches will attempt to raise ten million dollars each, and the Baptist, Disciples, Congregational, and the other large denominations also are engaged in raising pension funds.

GEORGE BANOVICH left today for Walley Springs, near Carson City.

### Concentrates and Bullion

The Tonopah Belmont Development company today shipped from its plant at Millers 35 bars of bullion, weighing 78,392 ounces, valued at \$50,954.80, figuring the gold and silver contents at 65 cents an ounce. This was the cleanup for two weeks. The company also shipped from its Tonopah plant 45 tons of concentrates, which are probably worth \$300 a ton, or \$13,500.

### DAVE PRESS' BODY CONSIGNED TO EARTH

Dave Press was buried today by the Elks. Funeral services were held at the Elks' home at 4 o'clock, which consisted of quartets and several selections by members of the musicians' union.

After the services the Tonopah Military band and members of the Elks marched to the Elks' plot in the new cemetery. Many large floral pieces were donated. Jules Smith gave a lovely wreath artistically decorated in white and purple. The Elks, the musicians' union of Tonopah and the musicians' union of Goldfield had offerings of flowers arranged in many designs.

**BONANZA SHAFT STILL IN RHYOLITE BRECCIA**

The Tonopah Bonanza Mining company's shaft is still in breccia, which is strong in rhyolite. Water reservoirs are still being tapped every day or two, making the progress at times slow. A gain of 15 feet in depth was made during the past week and the shaft is now down 819 feet. The management expects in a little greater depth to break into the West End andesite.
