

STOCKS

The following are the closing stock quotations, and the record of the day's sales, as received from the San Francisco stock exchange this afternoon by Broker H. E. Epstine:

Table with columns: TONOPAH DISTRICT, Bid, Asked. Includes Tonopah Mining, Montana, Tonopah Extension, Midway, Belmont, West End, Jim Butler, North Star, Rescue-Eula, Mispah Extension, Gypsy Queen, Tonopah Merger, Monarch Pittsburg, Halifax, Cash Boy, Umattila, Victor.

Table with columns: GOLDFIELD, Bid, Asked. Includes Goldfield Consolidated, Jumbo Extension, Combination Fraction, Booth, Blue Bull, Florence, Atlanta, Merger Mines, Lone Star, Great Bend, C. O. D., Sandstorm, Silver Pick, Kewanna, Oro, Spearhead, Yellow Tiger, Blue Bell, Grandma, Simmerone.

Table with columns: MANHATTAN, Bid, Asked. Includes Manhattan Consolidated, White Caps.

Table with columns: TONOPAH Morning Sales, Afternoon Sales. Includes West End-100, 60; Monarch Pittsburg-2000, 5; Halifax-100, 26; Cash Boy-500, 4; 1000, 4.

Table with columns: GOLDFIELD Morning Sales, Afternoon Sales. Includes Jumbo Ex-100, \$145; 200, \$145; Spearhead-500, 7; Atlanta-2000, 20; Lone Star-5000, 4; Spearhead-2000, 7; Grandma-3000, 2; 2000, 2; 2000, 2.

Table with columns: MISCELLANEOUS Morning Sales. Includes Round Mountain-400, 46; 500, 45; 1000, 44.

HAD FREEZE SUNDAY NIGHT

While Sunday was one of the hottest days we have had this summer, the northern part of the county Saturday night experienced a cold snap that formed ice over a quarter of an inch thick. The growing vegetables, and especially the potato vines, were nipped down, and it is thought that the freeze will seriously affect the crop in that section this season.—Free Press.

KILLED AT PARK CITY

A telegram was received in Eureka Thursday afternoon announcing the sudden death of John Truman Burdick, eldest son of Mr. and Mrs. T. A. Burdick of Eureka, at Park City, Utah, that day, being killed by falling from a wagon. No further particulars regarding the fatal accident have been received.—Eureka Sentinel.

TAXES REDUCED

We are informed on reliable authority that the tax levy for Lander county has so far been reduced by 24 cents and a further reduction is expected. The assessed valuation has been raised to \$4,500,000. Lander county is in the best financial condition of any county in the state.—Battle Mountain Scout.

TWO BOYS ESCAPE

Two boys escaped from the Elko school of industry on the night of August 9th. Their names are Ralph Gillette, from Cobre, and Burke Coll, from Reno.

DISSOLUTION OF PARTNERSHIP

Tonopah, Nevada, Aug. 5, 1915. Notice is hereby given that the partnership heretofore existing between the undersigned, doing business under the name of Yee Wing Chau Tong, is this day dissolved by mutual consent of the parties. All parties to whom this firm is indebted are requested to call and get what is due them before August 16, 1915. YEE WING, YEE CHAU, YEE TONG.

When Your Eyes Need Care

One Minute Eye Medicine. No Stinging—Pain Free—Acts Quickly. Try it for Red, Weak, Sore Eyes and Circulated Eyeballs. Merit is compounded by our Oculists—not a "Patent Medicine"—but used in successful Physicians' Practices for many years. Now dedicated to the public and sold by Druggists at 10c per Bottle. Merit Eye Medicine is Available in Reno, and elsewhere. Write for Book of the Eye Free. Merit Eye Medicine Company, Chicago. Adv516

CUTTING STATION TO INTERCEPT A LEDGE

LATERAL WORK WILL BE DONE IN BUCKEYE ON THE 900-FOOT LEVEL

Cutting the station at the 900-foot level of the Buckeye has been in progress during the fore part of the week, with very favorable indications appearing. In sinking the main shaft there was encountered between the 800 and 900-foot points a ledge that showed some values, but at the time it was not desired to develop at this level. Having now proven the trachyte formation to exist on the 1200-foot level it is an object to ascertain how high up the ledge may extend under the capping, and what values may be found in it between the 1200 and 900-foot points. The present work is but a short distance below where the ledge natter passed out of the shaft on its dip, the intention being to crosscut under the ledge about 20 feet away from the shaft and there to follow it and develop it if the values and quantity are sufficient.

NEVADA TO PREPARE FOR MINING SESSION

During the week beginning September 20, the mining men of the country will hold a number of conventions at the San Francisco exposition, the most notable of the meetings being the National Mining Congress and the convention of the American Institute of Mining Engineers. The Nevada exposition committee is making arrangements to have the mining resources of Nevada fully portrayed during the convention week, and is preparing to secure the cooperation of every operator and mining man in the state. Dean J. G. Scruggam of the University of Nevada is in charge of the work in this state.

PLAY HIDE AND SEEK AMONG THE CLOUDS

GERMAN TAUBE ESCAPES FROM FRENCH AIRSHIP BY REMARKABLE DIVING

(By Associated Press.) PARIS, Aug. 12.—A game of hide and seek among the clouds more than a mile above earth, in which the German Taube came off successfully, is described by a French flying officer in an interview with the correspondent of a Paris newspaper. "We were chasing him, two of us," said the French aviator. "It promised to be fine fun. We were seven or eight thousand feet up, and there was a clear sky except for one great white patch of cumulus clouds. Closer and closer to him we came, and the gunner in our leading aeroplane was just getting ready to open fire, when bang! into the clouds went the German. Disappeared utterly. Swallowed up like a pill. "All right," we thought, "he's got to come out some time." So we began making great circles around the patch of clouds. We kept on waiting until I began to wonder if the aeroplane hadn't been dissolved inside when suddenly my gunner by my side simply gasped with rage. Out of the cloud below us, falling head downwards, dived the German plane for two thousand feet, straight as a plummet, and then, righting itself, went off at the rate of 100 miles an hour for the German lines. He had escaped us fairly, by the most remarkable feat of aerial high diving I have ever witnessed."

ITALIANS MEMORIZE PATRIOTIC LETTER

ADDRESS TO SON WHEN FATHER FALLS MORTALLY WOUNDED

(By Associated Press.) ROME, Aug. 12.—The following letter was written from his deathbed by Lieutenant Colonel Negrotto, one of the most popular Italian commanders, who fell mortally wounded when leading his men on the bank of the Ionzo. It is addressed to his little son. "To you, Enzo, my son, at the moment of his quitting this life forever, this is the message and legacy your father bequeaths you: "Be ever obedient to your mother. She who will now be alone in the world clinging to the name and to the memory of your father has a right to find her consolation in you, my dear son. "Be always and in all places, honest, hardworking, and brave, and proud of the name of an Italian. See that all you do helps to increase the power and glory of our people and tends to honor the unspotted name which I leave you as an heirloom. "I close with a kiss. From your old father who has been very fond of you always." The letter has been widely quoted in Italy as an example of patriotic devotion and fatherly affection. It has been read in hundreds of schools and churches, and committed to memory by hundreds of Italians. C. M. BOOTH, representative of Hall, Lubbe Co., was an arrival from Reno this morning.

PARIS SUFFERS WITH DEARTH OF COPPERS

SMALL COINS ALL GOING FOR RELIEF OF VICTIMS OF THE WAR

(By Associated Press.) PARIS, Aug. 12.—Paris and all the French cities are suffering from a dearth of coppers, for the two-son pieces have all gone into the tin collection boxes carried throughout France by women and children on the four "tag" days—Red Cross day, Belgium's day, day of the "seventy-five," and War Orphans' day. The four days netted between three and four million francs each, and a fifth collection, confined to Paris, a million or more. It is stated by the organizing societies that between 40 and 50 per cent of the contributions were made in one and two-son pieces. The Bank of France has issued a statement that as soon as the sums can be counted, weighed and wrapped, they will gradually be replaced in circulation.

IMPROVEMENT SHOWN IN WEST END WINZE

SINKING IN WESTERN PART OF ESTATE ON STRONG LEDGE OF EXCELLENT GRADE

One marked improvement has taken place in the workings of the West End Consolidated Mining company during the past week. It is in winze 600, which is in the western part of the territory of the company. Some days ago fair milling values were encountered, but since that time there has been very noticeable improvement and the winze now shows about five feet of an excellent grade of ore. This winze is being sunk from the sixth level and is approximately 1000 feet west of the 600 W, the eastern working winze.

KENNEDY DISTRICT IS COMING TO THE FRONT

TEST OF ORES AT THE MURRAY SMELTER ATTRACTS ATTENTION TO CAMP

North, south, east and west of Winnemucca is the energy and progress at work that makes mining count and which is destined to make Humboldt the banner mining county of Nevada, says the Star. William Thomas, who is located in the Kennedy district, is in town today from those diggings and brings good news. He states that some 20 men are at work showing and proving the worth of the district. "The Kennedy district for mineralization and general distribution of values is a remarkable evidence of the metal worth of Nevada. Heretofore the trouble has been in getting a process to treat the large bodies of refractory ores. To meet this requirement A. St. Roylance is erecting a plant with appliances which he is confident will recover the values of the ore at a low cost. Proving a success of the Roylance process means that the great ore deposits of Kennedy will be worked and give employment to hundreds of men and likewise increasing business."

WRECK OCCURS ON L. V. & T. RAILROAD

TEN FREIGHT CARS DERAILED BUT NO PERSONS ARE HURT

The southbound train of the Las Vegas & Tonopah railroad that departed from Goldfield yesterday afternoon at 1:45 o'clock was wrecked 10 miles south of Bonnie Clare at 4:10 o'clock. Nothing definite regarding the cause of the accident has been learned. Nobody was injured. Ten freight cars were derailed but the engine and passenger coach remained on the track. News of the accident was telegraphed to Las Vegas and Goldfield and relief trains were sent out from both towns. The relief train from the south took the passengers of the regular incoming train from Las Vegas.

"WHEELBARROW KIDS" NOT FARING WELL

BOYS ARE FLAT AND CAN NOT "BUM" ANYTHING IN THE GOLDEN STATE

Jack Whitman received the following wire this morning from the wheelbarrow kids, from Elmira, Cal., evidencing that they are not faring as well with the native sons as they did while journeying through Nevada: "Dear Jack: We are flat and can't bum anything. Call off that feed and please send us a little coin. I wish we had one of those big steaks of yours. Send to Vallejo."

BATTLE MOUNTAIN TO HAVE SCHOOL BUILDING

Battle Mountain has placed herself in the long list of progressive towns in Nevada. At the election held on the 3rd to vote a bond issue for the erection of a \$15,000 school building there was not a dissenting vote cast. School elections in all districts, as a general thing, do not bring out a very large crowd, but Battle Mountain turned out 195.—Battle Mountain Scout. GEORGE SHIELDS has returned from an extended visit to Jackson, Amador county, and other California points.

JIM BUTLER SHOWING REMAINS UNCHANGED

TONNAGE THE SAME AS LAST WEEK, WITH VALUES UNALTERED—DETAILS OF WORK

During the past week the stopes in the Jim Butler showed no change. The tonnage was normal and the values were the same. Following is the work that is being prosecuted on the various levels of the two shafts: Desert Queen—fifth level—504 south crosscut prospecting fault. South crosscut 501 raise went through three to four feet good grade of ore. Crosscut being continued south. 500 north crosscut and 502 south crosscut both in trachyte. Sixth level—614 raise shows 12 to 18 inches low grade ore. 615 raise is in 2 1/2 to 3 feet of vein matter showing low values. 616 raise is in two feet of fair grade ore. Seventh level—704 west drift is being continued under the Stone Cabin fault. 706 west drift same. 705 east drift in 2 1/2 to 3 feet fair grade ore. 711 raise being continued through fault to south branch of south vein. 712 raise being put up from back of No. 4 stope on south branch of south vein. 713 raise going through fault on main branch of south vein. Eighth level—805 raise being put up on south branch of south vein in one foot to 18 inches of low grade ore. Ninth level—Development work temporarily discontinued. Wandering Boy—second level—350 east drift in 2 1/2 to 3 feet fair grade ore. 351 raise in three feet of fair grade of ore. Fourth level—451 east crosscut in trachyte. Sixth level—636 southeast crosscut in trachyte, cutting small stringers of quartz. Seventh level—West drift off 808 raise in 2 feet of good ore. East drift 808 in 2 1/2 feet of good ore. In intermediate east drift No. 1 shows face of mixed quartz and waste carrying low values. Intermediate north crosscut No. 4 is in glassy trachyte.

CUTTING STATION IN THE CASH BOY SHAFT

The station in the Cash Boy mine on the 1350 level is nearly completed and will probably be finished tomorrow. In cutting out there were several seams of high grade encountered, but no bodies of commercial extent.

BROUGHER AVENUE LEFT IN DISARRAY

SURE THING GAMES REMOVE, BUT LEAVE THEIR DIRTY BEHIND

If, as was arranged, only \$5 a day was charged as license for the gambling, merchandising and cheap circus outfit that occupied Brougher avenue for a week or more, taking a large amount of money from the town, the price will hardly pay for cleaning up the rubbish left behind. The street was perforated with holes and all manner of waste material was scattered broadcast. Inasmuch as the tarvia hitherto laid on the street and later coated with sand and dust, had not been removed, the town authorities are now forced to make a thorough cleansing of the surface of the avenue in order to get rid of the unsightly stuff left by the show. The tarvia will also probably come off in the sweeping, which will prove an infinite blessing.

BOYS ESCAPE FROM INDUSTRIAL HOME

Two boys escaped from the industrial school Monday night, and up to the present time they have not been captured. They are Ralph Gillette, recently sent here for robbing the Cobre Mercantile company's store, and Burke Coll of Reno, who was sent to the school for breaking into the rectory of an Episcopal church in that town and stealing beer, says the Elko Independent.

COAST LEAGUE

DEATH COMES ALMOST WITHOUT A WARNING

MIKE KOLAK STRICKEN AFTER HE HAD WORKED HIS SHIFT AS USUAL

Mike Kolak, a miner well known in Slavonian circles, died suddenly just before noon today. He worked his shift as usual last night and returned at his customary time. Mrs. Kolak called to him about 11:30, asking him to care for the baby while she was preparing his breakfast, but he replied: "I can't; I worked too hard last night." The unusual tone of his voice frightened his wife and she sent for aid. Two physicians hurried to the home, but found him past assistance. Death was apparently due to paralysis and heart failure combined. A widow and three children are bereaved. Mrs. Kolak plans to have the body interred at Salmon City, Idaho, where her father is buried. The deceased worked in the mines of Tonopah for about five years.

CUTTING STATION IN THE CASH BOY SHAFT

The station in the Cash Boy mine on the 1350 level is nearly completed and will probably be finished tomorrow. In cutting out there were several seams of high grade encountered, but no bodies of commercial extent.

SLIMES CAUSE MUCH BOTHER IN SINKING

PUMP AND WATER COLUMN ARE CLOGGED IN SHAFT OF THE EAST END CO.

Operations at the Tonopah East End have been considerably impeded by the peculiar formation of the rock through which the shaft passed before the shutdown. There was considerable caving, or "shelling off," and this formed a slime that chokes the sinking pump and the water column. There is about five feet of this substance to clear from the bottom of the shaft before actual sinking is resumed.

PERSONAL

BEN SAMPSON is over from Goldfield today. FRANK COOLEY left for the coast this morning. A. T. LESLEY of Goldfield is stopping at the Mispah. JOE KENLOCK and family left yesterday to visit the exposition. JIM DEEGAN has gone to the coast for a month. BOB WHITE was a departure this morning for the exposition. H. O. JONES left this morning for San Francisco on his vacation trip. I. H. COOK is over from Goldfield.

PARENTS BOUND OVER

The Greek who recently threw his newly born babe from the window of a passenger coach while the train was moving at a high rate of speed, has been bound over to appear before the higher court of Elko county to answer to a charge of attempted murder. The mother has been ordered detained for trial. The baby, which is alive and healthy, will be placed in a home by the Elko authorities.

IT'S BORN IN THEM

A little tot, probably three years of age, clad in cute jumpers and a rakish cap, was watched studiously observing a market board this morning with rather a downcast countenance. A passerby, noticing his sadly meditative mood, asked him, "Johnny, how are stocks this morning?" Without removing his eyes from the quotations, he replied: "Aw, they're all shot to hell."

MUST PAY WAR TAX

(By Associated Press.) BERLIN, Aug. 12.—Fighting for the Fatherland does not exempt one from paying the universal church tax, according to a ruling by the highest authorities, who have been deliberating on countless appeals for an opinion on this question. If you want the telegraph and local news—try the Bonanza.

AMUSEMENTS

BUTLER THEATER

The program at the Butler tonight will consist of a special one-reel comedy furnished by the World Film corporation, and Nance O'Neil, America's foremost emotional actress, in "Princess Romanoff," based on Sardou's "Fodora," presented by the Fox Film corporation. Nance O'Neil, with her vital personality and compelling magnetism, is beyond question America's most eminent emotional actress. She has been proclaimed as such by no less a master of stagecraft than David Belasco. The enterprise of William Fox in securing for the screen the services of this gifted actress, was amply demonstrated in "Kreutzer Sonata," in which Miss O'Neil made her photoplay debut. She now appears in the wonderful character of Princess Romanoff in the William Fox feature, "Princess Romanoff," based upon Sardou's greatest play, "Fodora." Certainly no more absorbing or intense screen drama has ever been filmed, nor has any greater actress than Nance O'Neil ever appeared in the famous role of the Russian Princess. Tomorrow, May Irwin, the celebrated comedienne, will be seen in her greatest comedy success, "Mrs. Black Is Back."—Adv.

NEVADA HORSES WANTED

An immense amount of money will be spent in Nevada for cavalry horses by the French government within the next few months, according to Dan Edwards, who has just returned to Reno after a trip to Cheyenne, at which place the American purchasing agents of France have a large inspecting station.—Gazette.
