

SERBIAN FORCES ARE RETIRING IN GOOD ORDER

BRITISH BOMBARD BY SEA AND AIR

Russians in North Poland are Reinforcing and Advancing on German Trenches

(By Associated Press.) LONDON, Nov. 30.—The Germans took Pristrend, the last important Serbian town in their path. The Serbians have evacuated Monastir. Bulgarian occupation is a matter of hours. The Teutons claimed that the Serbian campaign is completed, as it holds practically all of Serbia. It is believed that it failed to crush the army, as the Serbians are retiring in good order, aiming to mobilize on the Albanian, Montenegrin borders. Premier Pachitch and other Serbian officials have moved the capital of Sentari to Albania. Rumania has notified Russia that it desires to remain neutral. Consequently the Russians are barred from entering the Danube and crossing Rumania into Bulgaria. Rumania said it would defend neutrality if necessary. Field Marshal French is here and conferred with Asquith. Kitchener is home and will report his observations Tuesday. It is reported that he may make General Joffres commander of the allies on the western front. This is officially denied. Final solutions of the negotiations with Greece have been delayed, pending a reply to Greece's request for a definition of the Macedonian military requirements. British aeroplanes have attacked the Belgian coast and raided the German munition factory behind the lines. A British squadron has bombarded the Belgian coast. The English, out-numbered by the Turks, were forced to retire at Tare, in the campaign against Bagdad. The Russians in North Poland have occupied a suburb of Lilkouk and have advanced to the German trenches.

CRUMLEY VS. S. P. IS ON TRIAL TODAY

Judge Averill in the district court is today engaged in hearing the case of J. Grant Crumley versus the Southern Pacific company. It is being tried without a jury.

This is an action in which the plaintiff is suing for \$2,000 damages for having been compelled to leave his stateroom and occupy a lower berth after having paid for the superior accommodations. The defendant claims that it is a rule of the Pullman company, which formerly was a co-defendant, that drawing rooms cannot be let to a single occupant, unless he pay double fare to the company and also purchases two train tickets. H. R. Cooke is attorney for the plaintiff and George S. Brown of Brown & Belford for the defendant. The contention of the plaintiff is that he purchased the use of the drawing room from the ticket agent at Reno.

GOOD SHOW GIVEN BY THE PRINGLE COMPANY

"BABY MINE" WILL BE THE PRESENTATION THIS EVENING AT AIRDOOME

"Bought and Paid For" was the play presented by the Della Pringle players at the Airdome last evening, and proved beyond a doubt that the company keeps up its standard of first class plays. Della Pringle proved herself a capable actress in the role of the wife. C. K. Van Auken, as the husband, gave a most creditable performance of a very difficult part. Hazel Stone, Arthur Belasco and Barrow Le Paige furnished the comedy. Tonight is the last for the company in Tonopah. They will produce that well known comedy "Baby Mine." There should be a good house tonight as the play is good and the company above the standard.

ONE INCORPORATION AND ONE DISSOLUTION

The Ralston Development company of Virginia City filed articles of incorporation in the secretary of state's office this morning. The principal office will be located at Virginia City, and the company is capitalized for \$3,000,000, with 1,000,000 shares at a par value of \$3 each. W. C. Ralston, J. N. Gillette, A. B. Cooper, L. Van Orden and F. J. Solinsky are the incorporators and board of directors, says the Appeal.

Articles of dissolution of the White Pine News Publishing company were filed this morning, representing ninety-ninth of the stockholders of the company and signed by Henry F. J. Knoblock, Frank W. Holmes, Henry E. Dodge, Arthur Smith and Louis Timmerman.

VORARLBERG IS NOT SUFFERING FROM WAR

PROSPERING INDUSTRY DEVELOPS IN LITTLE MOUNTAIN CROWNLAND

(By Associated Press.) ZURICH, Switzerland, Nov. 30.—While Austrian trade and industry generally are suffering great depression from the war, the little mountainous crownland of Vorarlberg, on the borders of Switzerland is in a most prosperous condition.

In Vorarlberg are scores of small embroidery factories now crowded with orders from Swiss agents, who can get the work done thirty per cent cheaper there than in their own country, because the Austrian crown, usually roughly equivalent to a franc in value, is now worth only seventy centimes in Swiss money. And meanwhile thousands of Swiss workers are out of employment.

Valenciennes, the center of the French embroidery industry, is occupied by the Germans, and Plauen in Saxony, the chief center of Germany's embroidery trade, can no longer export any wares. Consequently Switzerland's embroidery exports are rising by leaps and bounds, in spite of the general depression everywhere resulting from the war. Last year the total exports of embroideries amounted to some twenty-four million dollars. This year they will probably reach forty millions. The bulk of the goods are going to the United States and to Great Britain. The Swiss trader is profiting both ways; in cheaper labor and comparative freedom from competition.

READY TO DISTRIBUTE CLOTHES TO NEEDY

D. McCrimmon, chairman of the distribution committee of the relief organization, and his committee met today at the police station and opened the many bundles of clothing that had been collected by the chief.
