BULGARIANS STOP PURSUIT OF ALLIES

Greek Officials Deny That an Army Has Entered its Territory

(By Associated Press.)
LONDON, Dec. 15.—The Bulgarians have definitely declared that they have stopped pursuit of the Anglo-French forces at the Greek boundary lines, according to today's dispatches. The allied line now extends as far as Kucus, 25 miles north of Saloniki. The Greek government denied that the Bulgarians had entered upon Greek territory.

WHITE CAPS WILL START OPERATIONS

BIG MANHATTAN PROPERTY PARES TO RESUME OPERATIONS

Immediately after the first of the year the White Caps Mining company, a Manhattan corporation, will start operations on an extensive scale. At present the pump is running continuously and some minor preliminary work is being done.

Recently the company was reorganized and placed on a sound financial basis through an arrangement made with Tonopah interests, whereby the indebtedness will be liquidated.

The property has a huge tonnage of ore in sight in the mine and several thousands of tons on the dump. It is of excellent grade, but the difficulty of treatment has hitherto been a bar to successful operations. Now that a Tonopah metallurgist has worked out a process for getting close extraction at low cost of treatment, the mine can be operated, it is confidently believed, at a large profit. The mill is now being put in readiness for operation.

PAYS TO ADVERTISE IN TONOPAH BONANZA

Bill Evans says that if he ever decides to go into business he surely will advertise in The Bonanza. Yesterday the chief phoned that there was a destitute family in Tonopah that had been supplied by the relief committee with food, clothing and bedding, but they needed a mattress. An inconspicuous note to this effect in last evening's paper and by 10 o'clock this morning twelve mattresses had been donated. The committee has already found good use for three of them.

LAST EXHIBITION BY AVIATOR IN WEST

Special to The Bonanza:
SANTA CLARA, Cal., Dec. 15.—Art Smith, the daring boy aviator, made his farewell flight, prior to his departure for the east, yesterday afternoon, at the University of Santa Clara's turf field. Fully twenty thousand people witnessed the most daring of all flights. His antics in the air were something marvelous. The name Santa Clara, so cleverly written in the sky, was the grand finale of his elaborate performance.

DO IT NOW

King Winter is evidently somewhere in the near neighborhood. Did you feel his icy breath last night and this morning? Just enough to remind us that he is about to pay us his annual visit—and just enough to remind us that there might possibly be in this great silver-gold camp someone who is unfortunate enough to lack sufficient clothing or bedding or fuel or provisions. Maybe you know such a case. If so, why not report the matter at once to the relief committee? Do it now while you think of it.

APPEAL TO PRESIDENT

(By Associated Press.)
SAN FRANCISCO, Dec. 15.—An appeal to President Wilson not to recognize the Chinese monarchy was sent today by the Chinese Republican association.

FORD PARTY MAY BE HELD BY ENGLISH

OSCAR II. ARRIVES AT KIRKWALL INSTEAD OF GOING TO CHRISTIANIA

(By Associated Press.)
KIRKWALL, Orkney Islands, Dec. 15.—The steamship Oscar II, with the Ford peace party, arrived here today.

Kirkwall is the port to which most trans-Atlantic vessels held up by the British are taken. The Oscar II was destined for Christiania, and her arrival at Kirkwall probably means that she is being detained by the British.

MAN AND MAIDEN HAVE SUICIDE PACT

LOVER KILLS SWEETHEART AND THEN TURNS GUN ON HIMSELF

(By Associated Press.)
SEATTLE, Wash., Dec. 15.—Velle Veronnie, aged 20, was shot to death in a row boat on Lake Union by Anatole Vasileff, who then shot himself. He may recover. The Veronnies lived near the lake. After the shots the family heard Vasileff call out: "I've killed your daughter." Notes exchanged indicate a suicide pact.

PREPARATIONS FOR THE SILVER SERVICE

Governor Boyle and County Clerk Pohl are in communication relative to the exhibit of the silver service for the superdreadnaught Nevada in Tonopah. There are many details to arrange for, such as finding a fire-proof location, employing a watchman, arranging for a public function and other matters. It is possible that the governor will come out to supervise matters in conjunction with Mr. Pohl. It will probably be a week or more before the beautiful and costly service arrives.

JURY DENIED

The case of Love vs. the Mt. Oddie United Mines company was called in Judge Averill's court this morning. A new attorney appeared in the case and he demanded a jury trial, which was refused, because on previous calling of the case counsel for both sides waived a jury. The matter was continued to January 6.

THE COLDEST MORNING

While the official records show 12 degrees to be the coldest today at regular observation times. Observer Legler said that the government thermometer showed 10 degrees above zero between 5 and 6 o'clock.

AVERAGES SIX A DAY

The apparently despised road from Tonopah south through Goldfield and Carrara is enjoying a boom in business. For the past week, an average of six cars a day have continued south to Las Vegas or Death Valley Junction. Surely a through motor traffic of that size is entitled to some consideration.—Obelisk.

PITTMAN HAS THREE BILLS

Senator Pittman of Nevada has offered a bill to grant two million acres of public lands for Nevada's schools; also bills to develop artesian wells and to abolish residence on arid homesteads.

LABOR DESIRES A PLACE ON COMMISSION

SAMUEL GOMPERS MAKES PROPOSITION IN MATTER OF PREPAREDNESS

(By Associated Press.)

He asked the president to appoint a representative on the labor commission that he may name to confer with the army and navy officers on the mobilization of the nation's military resources.

HUSBAND CRAZED BECAUSE RECONCILIATION COULD NOT BE EFFECTED

(By Associated Press.)
OAKLAND, Dec. 15.—Crazed by failure to effect a reconciliation with his wife, Charles Lawrence, a mill hand, used an ax to beat out her brains, while their 16-year-old daughter listened in terror outside the bedroom. They separated about a week ago. Lawrence was arrested.

FORMER LORD CHIEF JUSTICE IS DEAD

VISCOUNT ADVERSTONE WAS ONE OF MOST POPULAR MEN IN ENGLAND

(By Associated Press.)
LONDON, Dec. 15.—Viscount Alverstone died today. For nearly 13 years he was lord chief justice of England, and was one of the most popular, human and many-sided men in British public life. While on a circuit at Newcastle in February, 1912, Lord Alverstone was seized with a serious heart attack, and his continued ill health led to his resignation.

Tall, athletically modelled and vigorous, he was a splendid specimen of the old school of British gentlemen. At Cambridge, where the finishing touches were put to his education, he was noted as a distance runner, being in fact "the best of his year." His interest in sports he carried into the world and won many trophies on the cinder track. Until his seventieth year he was an enthusiastic rider and a good hand at golf, and in the earlier days of the big ring contests was a frequent visitor to the National Sporting club.

DISTRIBUTION OF STOCK

Judge Averill in the district court this morning made distribution of the 13,350 shares of Halifax stock which belonged to the estate of the late Malcolm L. McDonald. ROBERT EMMET EXPATRIATES

(By Associated Press.)
LONDON, Dec. 15.—Henry James, the novelist, is not the only former American citizen who has recently become a subject of King George. Another is Robert Emmet, a son of Dr. Thomas A. Emmet of New York, who has lived most of the time since he was graduated at Harvard in Warwickshire and now has a commission in the British army. He is a descendant of Robert Emmet, the famous Irish leader who died in 1808.

SMALL FORTUNE IN A LOAD OF CONCENTRATES

On Monday last Earl Marriott arrived from Sacramento pass with 4300 pounds of scheelite concentrates from the Doyle Mining company, which no doubt averaged better than 60 per cent, and is worth at present prices somewhere between \$9000 and \$10,000.—Ely Record.

THE HOUSE OF QUALITY

Note the new advertisement of Ryan & Stenson, whose big store is familiarly and justly spoken of as "The House of Quality." The chill in the air makes their offerings in furs, cloaks, overcoats, seasonable clothing and shoes, very attractive. The firm is making prices that should certainly convince anyone that it is folly to send out of town.

ON LEGAL ERRAND

Attorney H. R. Cooke leaves tomorrow morning for Carson City to participate in the case of the Postal Telegraph and Cable company versus the Nevada Telephone and Telegraph company. It will be tried by a jury in the United States district court. Mr. Cooke represents the Nevada telephone company.

MILLERS TEAM AFTER A RETURN CONTEST

BASKETBALL PLAYERS ALSO DESIRE GAME HERE WITH THE GOLDFIELDS

The Millers basketball team, which was defeated by Tonopah Saturday evening by the score of 42 to 25, has individually and have connectively recovered from the hard contest, with the exception of skinned knees and Pinkstaff's dislocated thumb, which injury was sustained in the early part of the first half.

A letter from Millers to the Bonanza states that the boys from the mill town were much pleased with the showing they made, considering their lack of practice and they were much elated over the sportsmanship shown by the Tonopah boys. The next game they desire is with Goldfield on the Tonopah floor, after which they will seek revenge upon the Tonopah bunch.

CARD FROM LADIES' AID

The Ladies' Aid of the Presbyterian church wish to thank the public and friends for the patronage accorded at their recent bazaar, which made it the success that it was. But they also wish to announce that they have some choice pieces of fancy work left that can be seen at the home of Mrs. Joe Percy on Ellis street, and aprons at the home of Mrs. Hasman, 105 Summit street.

AFTER MANY YEARS

The Bonanza was shy a linotype operator some eight years ago and Frank Hertzler came into the breach, as he did yesterday. He borrowed a plug of tobacco from the foreman before sitting down to the machine and yesterday when he returned, he brought back the original slab, less only what had been masticated while he was on the shift.
