**PAN-AMERICANISM THEME OF LANSING**

**Secretary of State Makes an Address Before Congress of Nations**

(By Associated Press.) WASHINGTON, Dec. 27.—A Pan-Americanism of "one for all; all for one" was outlined by Secretary Lansing today at the opening of the second Pan-American scientific congress. "Pan-Americanism," said the secretary, "is an expression of the idea of internationalism. America has become the guardian of that idea which will in the end rule the world. Since the European war began, other factors have strengthened this natural bond and given impulse to the movement. Never before have our people so fully realized the significance of the words 'peace' and 'fraternity'."

At another point in his address Secretary Lansing said: "If the sovereignty of a sister republic is menaced from overseas, the power of the United States and I hope and believe, the united power of the American republics will constitute a bulwark which will protect the independence and integrity of their neighbor from unjust invasion and aggression."

Mr. Lansing spoke in part as follows: "Pan-Americanism is an expression of the idea of internationalism. America has become the guardian of that idea, which will in the end rule the world. Pan-Americanism is the most advanced as well as the most practical form of that idea. It has been made possible because of our geographical isolation, of our similar political institutions, and of our common conception of human rights. Since the European war began other factors have strengthened this natural bond and given impulse to the movement. Never before have our people so fully realized the significance of the words 'peace' and 'fraternity'."

ized the significance of the words, 'peace' and 'fraternity.' Never have the need and benefit of international co-operation in every form of human activity been so evident as they are today.

"The path of opportunity lies plain before us Americans. The government and people of every republic should strive to inspire in others confidence and co-operation by exhibiting integrity of purpose and equity in action. Let us as members of this congress, therefore, meet together on the plane of common interests and together seek the common good. Whatever is of common interest, whatever makes for the common good, whatever demands united effort is a fit subject for applied Pan-Americanism. Fraternal helpfulness is the keynote to the arch. Its pillars are faith and justice.

"In this great movement this congress will, I believe, play an exalted part. You, gentlemen, represent intellectual forces in your respective countries. Together you represent the enlightened thought of the continent. The policy of Pan-Americanism is practical. The Pan-American spirit is ideal. It finds its source and being in the minds of thinking men. It is the offspring of the best, the noblest conception of international obligation.

"With all earnestness, therefore, I commend to you, gentlemen, the thought of the American republics, twenty-one sovereign and independent nations, bound together by faith and justice, and firmly cemented by a sympathy which knows no superior and no inferior, but which recognizes only equality and fraternity."

**FIREHOUSE ITSELF VICTIM OF FLAMES**

**SUNDAY MORNING BLAZE DOES DAMAGE AMOUNTING TO ONE THOUSAND DOLLARS**

The Tonopah fire department was called upon Sunday morning to battle to save its own home. The alarm sounded at 7:20 and before a line of hose could be gotten on it, it appeared as though the big double frame building, occupied by the paid and volunteer departments, would be destroyed, as well as the water company's office adjacent.

The fire was caused by a flareback in the furnace of the gymnasium bathhouse. This furnace burns crude oil and the blazing fluid spread about the room. It was further scattered by a garden hose stream of water which was turned on by the caretaker.

What made the fire so difficult to combat was that it found its way in between the ceiling and roof of the gymnasium. The water pressure was good and several lines of hose were gotten into action in time to check the fire. The loss will amount to about \$1000, covered by insurance.

J. C. Williams, who had charge of the gymnasium, is suffering from severe burns, both hands and his right knee, as well as his forehead, being seriously burned. When the explosion occurred he fought the fire alone, believing that it could be conquered without summoning the department next door, but when he realized that he was gaining on him, he was so choked with smoke that he could not make an outcry, but could only kick and pound on the engine house door, awakening the firemen.

A. H. HOWE, secretary and treasurer of the Goldfield Consolidated Mines company, and Mrs. Howe, passed through Tonopah Sunday on their way from Goldfield to Reno.

**DOGS ARE BECOMING VERY RARE IN ELKO**

A curious thing occurred this forenoon on the main streets of the town. A big jackrabbit had come in from the neighboring hills and started up the main street, dodging hither and thither, and eventually escaped to the hills. During all this time not a single dog showed up on the scene. A year ago there would have been at least fifty canines in pursuit. Elko is becoming to be almost "dog-leastown."—Free Press.

**NEW TODAY**

**Coffee**

It may be an extravagance; grant it. But let it be good if you have it at all.

The nicest part of Schilling's Best is—if you want good coffee, it isn't extravagant. We take the bitterish chaff out; grind the coffee into even bits that assure best results; pack it into airtight tins that protect the full, fresh flavor.

Cost, by the cup, is surprisingly little.

**INFORMATION FOR DESERT ENTRYMEN**

**NEW RULING FROM WASHINGTON IS OF IMPORTANCE TO SETTLERS**

A ruling was recently made at Washington that throws considerable light on the question of what quantity of water is deemed sufficient to irrigate a desert claim.

Formerly all that was necessary in making a desert land filing was to submit a map showing the proposed means of procuring the water supply. But some time ago the additional requirement was added that the entryman must show that there was good reason to believe that water could be procured by the method proposed.

Now comes some additional requirements, among which is the construction placed upon the meaning of a sufficient supply of water to irrigate the land before final proof can be made. The ruling comes in the form of a decision on a case which reads:

"According to a table of hydraulic equivalents, one cubic foot of water per second is equal to a flow of about 450 gallons per minute, and the well and pumping plant have therefore a capacity equal to about one and one-fifth second feet in which water right entryman owns only a half interest, or a little over one-half second foot. Such amount of water is insufficient to properly irrigate the 160 acres alleged to be irrigable, the one cubic foot of water per second is generally considered sufficient for the irrigation of about 100 acres, unless some special soil or other condition exists to offset this calculation, which is not alleged in the case in question."

**FORMER CARSONITE PASSES**

Old residents of Ormsby and Esmeralda counties will be grieved to learn of the death of E. B. Pixley, "Beam," which occurred last evening at his home in San Rafael, Cal., says the Carson Appeal.

"Beam," as he was known among his friends, was of happy disposition, always cheerful, good natured and a great favorite during his residence in Carson. He was a brother of Mrs. George T. Mills of this place.

**A SPLENDID SUCCESS**

The dance given by the Loyal Order of Moose Saturday evening in the Airdome, was a brilliant success. It was largely attended and the Christmas spirit was everywhere evidenced. The admission was free, a double jiteny being the price of each dance. In addition to having a jolly time, the members of the order turned a considerable fund into the coffers of the lodge.

**UNIVERSITY TERM OVER**

The first semester of the University of Nevada formally closed Friday. A few of the students will have a left-over examination to take but all recitations have been over for the past few days. Classes will begin on January 12, when a record enrollment is confidently expected by the authorities of the university.

**MILITARY BAND DANCE**

A delightful dance was given Saturday evening in the Airdome by the Tonopah Military band. It was one of the largest and most enjoyable dancing parties ever given there. The event was a social and financial success. Another dance will be given next Saturday evening.
