TEUTONS MAY ENTER GREECE TO FIGHT ALLIES

MILITARY OPERATIONS IN THE BALKANS IMPENDING

ACTIVITY ON THE EAST AND WEST FRONTS

Germans, with Partial Success, are Hammering Away on the French Lines

(By Associated Press.)
LONDON, Feb. 10.—Signs that military operations of importance may be impending in the Balkans are furnished by the Bulgarian government organ at Sofia, which asserts the rights of Bulgaria to invade Greece for an attack on the French and British there. Recent reports regarding the intentions of the Teutons as to the move on Saloniki have been contradictory. On both the western and eastern fronts activity during the last few days has been marked. A movement of importance may be developing at the northern end of the Russian line where the artillery play is reported heavy. In the west initiative appears to be with the Germans, who are hammering on the French lines, making occasional gains at some points, with successes for the French at other points. Berlin has announced the capture of a large trench section north-west of Vimy. The Germans admit a reverse near Bequincourt.

WAITED 20 YEARS TO GET A HUSBAND

LOVELORN SPINSTER SUES AND SHOOT HER TARDY SWEETHEART

(By Associated Press.)
FINDLAY, Ohio, Feb. 10.—Just before Miss Ada Warner, aged forty-one, was placed on trial on the charge of shooting Morris Powell, aged forty-three, it was announced that the charge was dropped by Powell, on condition that Miss Warner drop her breach of promise suit against him for \$10,000. She was accused of having donned men's clothing and entering Powell's house, demanding that he marry her. He refused and she shot him. She was found later with a knife wound in her throat. She charged that Powell promised to marry her twenty-two years ago and she waited twenty.

MINING ENGINEERS TO CONVENE MONDAY

QUESTION OF MILITARY PREPAREDNESS WILL BE UNDER CONSIDERATION

NEW YORK, Feb. 10.—When the 112th meeting of American Institute of Mining Engineers convenes here next Monday (Feb. 14) it is expected that in addition to discussing questions of vital importance to mining circles of the country the engineers will have before them the whole question of military preparedness. General Leonard Wood will address one of the first meetings on behalf of a reserve corps of engineers to serve in time of emergency; Secretary Daniels will co-operate by sending the engineers around New York harbor on a naval vessel; and a letter has just been received from President Wilson calling upon the engineers to aid in "organizing the manufacturing resources of the country for a case of emergency."

It is expected that the next week's meeting of the mining engineers will be as vital, from the standpoint of construction work, as any that has yet been held. Some of the addresses which are expected to excite a nationwide discussion among mining engineers are notes on flotation by J. M. Callow; substitutes for platinum, by F. A. Fahrwald; and metallography for steel for U. S. naval ordnance, by H. E. Cook.

There are at present some 3,500 members of the Mining Engineers institute and it is expected that a large number of these will be in attendance. A noteworthy feature this year will be the elaborate entertainment of the families of the members and a general program of festivity which will be held between the hours of the business meetings. These festivities include luncheon, theatre par-

LONE BANDIT ROBS PASSENGER TRAIN

FORCES BRAKEMAN TO TAKE UP A COLLECTION FROM THOSE ABOARD

(By Associated Press.)
CHEYENNE, Feb. 10.—A bandit held up and robbed twenty passengers on a sleeper and observation car eastbound on a Union Pacific train last night, between Green River and Rock Springs. Poses are pursuing. He forced a brakeman to pass the hat and the passengers were instructed to deposit their valuable and money. He fired several shots to intimidate the passengers.
The bandit returned \$70 taken from a woman, remarking that he did not want to rob women.

SZE-CHUEN CAPTURED BY REVOLUTIONISTS

CHINA IS OVERRUN BY LARGE BODIES OF REBELS AGAINST THE GOVERNMENT

(By Associated Press.)
SHANGHAI, Feb. 10.—Luchow, in the southern part of Sze-Chuen province, has been captured by Yunnan revolutionists.

(By Associated Press.)
SAN FRANCISCO, Feb. 10.—Revolutionists from Yunnan advanced from Luchow and captured Chung-King, the largest city in Sze-Chuen, with a population of a third of a million, according to cable advices to the Chinese Republic association. It is reported that the revolutionists consisted of sixty thousand men under General Tong Chi Yao.

DELOS A. CHAPPELLE DIES OF PNEUMONIA

WAS PRESIDENT OF THE NEVADA-CALIFORNIA POWER COMPANY

A telegram received last evening by Manager Bruce of the Nevada-California Power company brought the sad news of the death of Delos A. Chappelle, president of the company, and president also of the Southern Sierra Power company and the Pacific Power company.

Mr. Chappelle died at 2 o'clock yesterday afternoon in St. Luke's hospital at Denver. Pneumonia was the cause of his death. He was aged 74 years and, though so far advanced in life, he took great pleasure in visiting all branches of his companies, even to climbing the mountains to the sources of power. He was a frequent visitor to Tonopah and will be remembered by many, for he was very companionable and approachable and all his employees seemed to be his intimate acquaintances.

PRESIDENT ABANDONS HIS SOUTHERN TRIP

SAYS HE IS NEEDED AT WASHINGTON TO BE IN TOUCH WITH CONGRESS

(By Associated Press.)
WASHINGTON, Feb. 10.—The president has given up the idea of making an extended southern trip to speak for preparedness. He told the congressmen that he would not make another trip. He feels he is needed in Washington to keep in touch with the army and navy bills and other legislation.

JACK DILLON HAS BETTER OF FIGHT

(By Associated Press.)
NEW YORK, Feb. 10.—Jack Dillon of Indianapolis outwrestled "Battling" Levinsky of this city in a 10-round bout in Brooklyn last night. Dillon weighed in at 168 1/2 pounds and Levinsky at 157 1/2.

BANDITS BURN HOUSES

(By Associated Press.)
EL PASO, Feb. 10.—Villa is near Santa Ana. His men burned houses near San Juan.

There will be very active development work in the Clear creek mining district, at the edge of Smoky valley, in the vicinity of Darragh's hot springs, as soon as the snow disappears, according to Fred Mitchell, the discoverer of the district, who is in Tonopah for a few days on court business. Mr. Mitchell is wintering at Beatty, the snow being so deep at Clear creek at present that work cannot be carried on. He said yesterday to the Bonanza:

"I have wonderful confidence in the district. Four years ago I walked through there with a pack on my back and was so impressed that I returned. The discovery was made on June 16 of last year. Don Ritchie, Bill Hostetter and myself have the original locations. They consist of four claims. We have opened up the ledge for a distance of 143 feet by means of seven cuts.

"The vein is from fourteen inches

to three and one-half feet in width and consists of talc. It carries free gold ranging from \$22 to \$186 a ton in value. The footwall is porphyritic breccia and the hanging wall porphyritic quartz. The general formation of the country is porphyry, there being a large basin of this material, fringed with basalt or malpais. We already have a considerable shipment out. It is selected ore and will be forwarded as soon as the roads permit transportation.

"Mrs. Darragh and Mr. Wardenhoff, the latter being the hermit of the country, have a splendid showing. They have a tunnel in 110 feet, run end-on on the ledge, with pinnings the entire distance. On the surface the ledge shows sixteen feet of excellent milling grade. There are other very promising properties in the district. Work will be resumed about March 20 if weather conditions permit."

AMERICA MAY MAKE DEMANDS ON AUSTRIA

(By Associated Press.)
WASHINGTON, Feb. 10.—Secretary Lansing today announced that he has sent to Austria a dispatch asking for an investigation and explanation of the attack of an Austrian submarine on the American tanker Petrolite. He said it is possible that demands of some sort might be made in the future should the investigation and explanation asked for warrant them.

CARMALT'S TESTIMONY FAVORABLE TO JUDGE

EXAMINER DENIES STATEMENT MADE REGARDING ATTITUDE OF BRANDEIS

(By Associated Press.)
WASHINGTON, Feb. 10.—James Carmalt, chief examiner for the interstate commerce commission, before the senate subcommittee investigating the nomination of Judge Brandeis to the supreme bench, challenged the declaration of Clifford Thorne that Brandeis had concealed from him the attitude he would take in arguing the eastern freight rate case before the commission. Carmalt's testimony is regarded by Brandeis' friends as being much in Brandeis' favor.

ALL NEVADA STUDENTS PASS AT ANNAPOLIS

Notwithstanding the fact that 220 students failed at Annapolis in the semi-annual examinations held last month, all the young men from this state attending the school passed with creditable grades. The examinations, according to reports from Annapolis, were among the hardest ever conducted by the academy. Nevada has five young men at Annapolis: Orin Wood and Lieut. Grant Marsh of Minden, James Fife, J. R. Redman and Carter Anderson of Reno. Lieut. Marsh was graduated in 1910, but is taking a postgraduate course.

FEW BANKRUPTS IN GERMANY

(By Associated Press.)
BERLIN, Feb. 10.—A noteworthy decrease in the number of bankruptcies was one of the more striking features of Germany's business life in 1915. According to statistics just issued there were only 4,580 bankruptcies, as against 7,738 in 1914. These figures are commented upon in the press as denoting the economic soundness of Germany's position.

TIA JUANA RACE MEET RESUMPTION INDEFINITE

The Tia Juana race track will be reopened as soon as the damage done to railroads and highways between San Diego and the southern California border can be repaired, according to a statement made last night by James Coffroth, president of the Lower California Jockey club.

The directors of the club held their meeting yesterday at Carson City. Coffroth was re-elected president and H. S. Houser, secretary. W. H. Wylie also was present at the meeting, at which 90 per cent of the stock was represented.

MRS. M. F. SCHOEN, who has been quite ill for some weeks, is reported today to be unchanged.

RAILROAD VALLEY CO. WILL BE INTERESTED

INDICATIONS THAT LEASING BILL WILL BE PASSED BY CONGRESS

Victor Barndt, the potash expert, who is one of the heavy owners in the Railroad valley project, arrived this morning from Washington, where he had important business. He said to the Bonanza upon his arrival:

"The outlook is very favorable for congress passing the leasing bill, after which it will be applied to the Seartles lake lands. Whenever that happens it is reasonably certain that the Railroad Valley company will have a substantial interest in one of the federal leases.

"You may also state that we have taken an option on the potash-alum property north of Blair until May 1 and we will at once expend several thousand dollars in development and experimental work."

CHILDREN KILLED BY BOMB

(By Associated Press.)
AMSTERDAM, Feb. 10.—Ten children are reported to have been killed by an aeroplane bomb exploded at Cologne. The youngsters were playing in a ditch near the flying ground when they unearthed the bomb from a rubbish heap. A sentry near by shouted to the children to go away whereupon one of the boys picked the thing up and threw it at the man. The bomb burst, inflicting mortal injuries upon all the children, but the sentry was not hurt.

POETRY BEING COLLECTED

(By Associated Press.)
KIEL, Feb. 10.—The University of Kiel has begun the collection of all the poetry of the war which has more than mediocre merit. Requests have gone out to all poets of reputation, to all newspapers, magazines and publishers, to forward to the university anything that may seem to them to be worthy of a place in the collection, including prose skits, songs with or without music, novels and dramas.
