

STOCKS

The market opened sluggish despite the increase in silver. Rescue continued weak on small offerings. Great Western was very active with large sales on the strength of an apparently well founded report that small values had come in and that crosscutting would be resumed on Wednesday. The Goldfields were more active than for some time with a decided improvement in Merger and Atlanta. Tonopah Extension was strong without bringing out any stock.

The following are the closing stock quotations, and the record of the day's sales, as received from the San Francisco stock exchange this afternoon by Broker H. E. Epstein:

Table with columns: TONOPAH, Bid, Ask. Lists various stocks like Tonopah Mining, Montana, Tonopah Extension, Midway, Belmont, West End, Jim Butler, North Star, Rescue Eula, Mizpah Extension, Gypsy Queen, Monarch Pittsburg, Halifax, Cash Boy, Unatilla, Tonopah '76', Great Western, McNamara.

Table with columns: GOLDFIELD, Bid, Ask. Lists various stocks like Goldfield Consolidated, Jumbo Extension, Combination Fraction, Booth, Blue Bull, Florence, Atlanta, Merger Mines, Lone Star, Great Bend, C. O. D., Sandstorm, Kewanas, Oro, Spearhead, Yellow Tiger, Blue Bell, Grandma, Simmerone, Silver Pick.

Table with columns: MANHATTAN, Bid, Ask. Lists White Caps.

Table with columns: MISCELLANEOUS, Bid, Ask. Lists United Eastern, Round Mountain, Rochester, United Western, Nevada Packard, Nenzel, Big Jim, Rochester Merger.

Table with columns: TONOPAH Morning Sales, Bid, Ask. Lists Montana, Midway, West End, Jim Butler, North Star, Rescue Eula, Monarch Pittsburg, Cash Boy, Great Western.

Table with columns: Afternoon Sales, Bid, Ask. Lists Tonopah Extension, Rescue Eula, Gypsy Queen, Great Western.

Table with columns: GOLDFIELD Morning Sales, Bid, Ask. Lists Goldfield Consolidated, Jumbo Extension, Blue Bull, Atlanta, Merger Mines, Lone Star, Sandstorm, Silver Pick, Kewanas, Spearhead, Shamerone, Grandma.

Table with columns: Afternoon Sales, Bid, Ask. Lists Goldfield Consolidated, Jumbo Extension, Atlanta, Merger Mines, Booth, Great Bend.

Marine Eye Salve in Aseptic Tubes, 2c and 5c. Write for Book of the Eye Free. Marine Eye Remedy Company, Chicago. Ad.

MACDONALD VEIN IS FOUND BY LEASERS

TRIBUTERS AND COMPANY DOING WELL UNDER CO-OPERATIVE SYSTEM

One of the most important ore bodies in the district was discovered years ago by the Midway Consolidated Mining company in what is known as the Macdonald vein. Eventually the ore was found to be cut off by a fault, and although the drag line was perceptible in places, it could not be followed for its entire extent and it was only yesterday that the vein was picked up. The discovery was made 125 feet from the discontinuance of the vein and was bumped into in a raise put up by Mart Cleala and Joe Alrola, who have been leasing in the Midway for many months with very indifferent success. They have a full face of quartz today, but it would be premature to say that it is all ore, although there is an abundance of black sulphides, while in places there is the unmistakable yellowish pink stain of the rhodnite. The fortunate tributers are preparing to take out a shipment at the earliest possible date. Ross Gavin and associates own the block into which the vein is apparently trending and they will at once crosscut to pick up the lens. There is great activity in the Midway lease ground, which is tapped by the old shaft and extends to a depth of 600 feet, the ground below that level being reserved by the management for work on company account. "Billie" Douglas, the general manager, instituted leasing in the district on May 1, 1915, with the exception of two tributers in the Montana. He has a system all his own, or rather one patterned after that of Jim Butler in the earliest days of the district. All the leases he gives are verbal. He asks a tributer if he is financially able to carry on his work and if he is not he furnishes the powder, air, fuse, caps, tools candles and other supplies and, when the first shipment is made he retains the value of the material advanced, but if no shipment is made the company bears the loss. He also pays the engineer to hoist and lower the men on the same system and has taken up with the state insurance commission the matter of insuring the men, and although this was not contemplated in the law, he has all the leasers insured against death or injury. The leasing system is each month bringing a considerable sum into the treasury of the Midway. In the new shaft the crosscut is being advanced on the eight hundred level. A net work of stringers is being encountered, the values running around \$20 to the ton. The crosscut will be advanced in expectation of encountering a ledge of commercial width. Later drifts will be run on the stringers. Meanwhile arrangements are being perfected to also start crosscutting on the bottom level.

MORTGAGE THAT WAS GIVEN BY MARK TWAIN That Mark Twain, in his adventurous career in this state in the 60's, was broke on at least one occasion is attested to by a document recently found by Auditor Clyde Johnson, while copying county records in his office. The document was executed at Aurora, which was at that time in Ermeralda county, and is dated Aug. 5, 1863. It states that 12 months from the date mentioned S. B. Clemens promised to pay T. K. Hutchinson or order, \$1,000 with interest at five per cent per month from date until paid. The mortgage was given on a lot on Antelope street in Aurora. The interest rate would today be considered exorbitant. —Tribune.

TWO MEN INJURED BY EXPLOSION IN A MINE

B. Goldsworthy was seriously hurt and E. Lewis injured early Monday morning by a premature blast in the Seven Troughs Coalition mine at Seven Troughs.—Review Miner.

J. L. JOSEPH, who spent the past few days in Tonopah attending to business, returned on yesterday morning's train to San Francisco.

MISCELLANEOUS Morning Sales

Table with columns: Bid, Ask. Lists United Western, Nenzel, Rochester, Packard, Round Mountain, Rochester, Big Jim, United Western.

MISCELLANEOUS Afternoon Sales

Table with columns: Bid, Ask. Lists Packard, Round Mountain, Rochester, Big Jim, United Western.

MARCH WEATHER WAS Milder Than Usual

ONE OF THE WARMEST MONTHS IN THE HISTORY OF THE TONOPAH STATION

Tonopah tried to renege on the cold weather of the past three months by offering a greater percentage of sun shine akin to the normal than has been observed since the days of January when the blizzard swept over the state. Thirteen days out of the month registered the full quota of brightness of 100 per cent while four other days were in the nineties. In the language of the weather man there was 81 per cent of a possible 299 hours. In temperature the month was one of the warmest known as it was surpassed by only two others in the course of nine year's observations. The highest was 63 degrees on the 9th and the lowest 16 degrees on the 24th making the mean for the month 45. The normal for March is 35.4. Since the first of the year there has accumulated an excess of temperature amount to 495.3 degrees which portends a cool summer as records show the weather even up in the course of twelve months. The only precipitation was .57 of an inch on the 20th and a trace of snow. The normal moisture for March is 1.37 and the observer notes a deficiency of 2.11 since the first of September. The total wind movement was 8,433 miles aggravated by a storm on the 23d that blew at the rate of 48 miles as a maximum.

PLEASED WITH DISTRICT

Courtland Lawrence, who has been engaged in the oil business at Tampico, Mexico, for the past five years, is stopping at the Mizpah. Mr. Courtland was mining in the Chihuahua region for a quarter of a century. The disturbances in Mexico forced his return to the United States. He is so pleased with the outlook for Tonopah that he may acquire interests here and make this his place of residence.

FORMER AUSTIN LAWYER LOSES SHOES AND SHEEPSKIN IN FIRE

W. D. Coppernoll, former Austin lawyer and representative in the legislature from Lander suffered a great loss by fire which swept a part of the town of Seward, Alaska, where he is now located. His law library was burned, his clothing and private papers went up in smoke and he writes that his keenest grief came when he found that he had not even saved his shoes and that his law diploma was also burnt up.—Reese River Revue.

AN IMPORTANT CONFERENCE

Dr. Ward, president of the Tonopah Extension Mining company, will be in Tonopah on the 20th. A number of other men high in mining finance are expected on that date and it is probable that a conference will be held, the result of which will be to change the map of this mining district.

BROKERAGE SERVICE BY 'PHONE

There are two 'phones in my office, for the convenience of patrons and all persons interested in stock quotations and the latest market news. My 'phone service is at your disposal, either for the purpose of giving you the latest information, or for executing your market orders. All orders by 'phone will receive prompt and confidential attention. Call either No. 1442 or 2072. R. FRED BROWN, Adv. M27H. Stock Broker

THE BONANZA carries in stock home manufactured mine location books. They are durably bound and fit easily into the pocket. Each book contains 150 pages, there being fifty original location sheets, with two duplicates in different colors for each. The original is to be placed on the ground, the first duplicate is for recording and the third remains in the book for reference. Carbons are supplied so that each location notice need be written but once. For sale at this office \$1.25 each. Also loose leaf location notices, location certificates and proofs of labor.

Subscribe for the Bonanza.

PERSONAL

JOHN MANION spent today in Goldfield. E. E. CREVALLI, a wholesale business man of San Francisco, is here on a brief errand. MRS. J. S. BRANT left yesterday morning for Juliet, Idaho, called by the illness of her grandfather. E. H. MEAD, general manager of the Cash Boy, returned this morning from a trip to San Francisco. BART KNIGHT, who was injured in the recent accident has left the hospital and is at his brother's home. HERMAN ZADIG, after looking over his Goldfield and Tonopah properties, returned yesterday to San Francisco. RAY MCINTOSH, who conducts a meat market at Bishop, is here looking for a location to go into business here. FRANK MALLEY has returned from Reno, where he spent the past three weeks. He is much improved in health. MRS. L. C. DORN left on the train this morning to be with her sister, Mrs. C. J. Young, who is critically ill at Reno. MRS. C. E. PEART returned this morning from a trip to the coast, where she visited her daughter, Miss Geneva Peart. JIMMIE McCABE was a passenger yesterday for Mina where he will look after his mining interests for the next day or so. J. WESLEY STEWART returned this morning from a visit to the coast. Mrs. Stewart will remain there for a few weeks longer. WM. HENNESSY of Goldfield, who was here visiting John Magee and William Campbell, left yesterday morning for Los Angeles. MRS. HORACE CAMPBELL, who has been ill for two weeks was taken to St. Helena sanitarium, California, this morning accompanied by her husband and Miss Hatfield, a trained nurse. MRS. JOHN BRANDT left yesterday morning for Juliet, Idaho, upon the receipt of a wire telling of the serious illness of her grandfather. Mrs. Brandt, who will remain in Idaho through the summer months will be joined in June by her son who is at the high school.

DEATH OF MRS. FOLTZ ANNOUNCED IN TELEGRAM

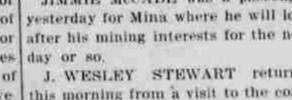

A telegram was received here last night from Paradise Valley, Butte county, Cal., announcing the death on Thursday evening of Mrs. Foltz, mother of Miss Irma Foltz of the Tonopah high school staff. Death followed an operation, performed for intestinal trouble at Chico, on Wednesday. The funeral will be held today at Paradise Valley. Mrs. Foltz is well known in Tonopah having visited her daughter here for some time.

Wills in Argentina.

In Argentina the laws provide that a father must leave his children four-fifths of his fortune and a husband if he has no children has to leave all of his property to his wife. An unmarried son is compelled to leave his parents two-thirds of his property, and only unmarried persons without parents or descendants can make wills disposing of their possessions as they see fit. An Effective Way. "They say," said the young dramatist, "that I shall have to cut my play down, but I really don't know where to begin." "Why not start at both ends," his candid friend asked, "and work toward the middle?"

DR. W. E. TAYLOR OPTOMETRIST

of Reno is now in Tonopah, at the Golden Eagle Hotel, to remain two weeks

An opportunity to consult a specialist if you are having trouble with your eyes or glasses. If others have failed to give you proper glasses, consult Dr. Taylor. Entire time devoted to the study and practice of Optometry. Special attention given to children and the development of weak eyes. Cross eyes straightened without drugs or operation. All work guaranteed. Latest styles in lenses, frames and mountings. Any lense duplicated.

BIGGEST COUNCIL IS AIM OF ELY KNIGHTS

KNIGHTS OF COLUMBUS EXPECT COPPER CAMP TO OUTSTRIP ITS RIVALS

Christopher Barry, treasurer of Tonopah council, Knights of Columbus, was the recipient yesterday of a half dozen telegrams from friends in Ely advising him of the great doings in that town in connection with the induction of the largest class of knights ever given the third degree within the limits of the state at any one time. The Ely council is one of the youngest of the order but the members are ambitious to take the first place now occupied by Tonopah at the premier membership council. Ely bears No. 1340. Fifty new members received the entire honors of the order yesterday when there was an attendance that taxed the capacity of the largest hall in the town. The degree work was put on by S. A. McGinnis, D. J. Kenney, R. J. Hogan, H. C. Enge and J. J. Cavanagh. A banquet in Bijou hall brought the affair to a happy termination. The lady members of the members families were seated around the festal board. A general invitation came to Tonopah council and it was arranged to send a representative delegation but, in view of the bad roads and numerous washouts the local knights had to abandon the trip.

STUDENTS MAKE INSPECTIONS

Dr. Lincoln, Prof. Palmer and their class of students from the Mackay school of mines of the University of Nevada last evening concluded their examination of the district. They had a most enjoyable and profitable trip here, being taken into a number of underground workings, as well as into the reduction plants, where they took copious notes. The party left this morning for Goldfield where they will continue their observations.

NEW CAR ARRIVES

H. H. Bacon has taken the agency for the Chevrolet car. This car is now being built at Oakland. The first shipment has arrived in Oakland. This car and the Oldsmobile, for which he is also representative is on exhibition in front of his new office, opposite from the telephone office. Adv. A312

TEMPERATURE REPORT

Highest temperature yesterday, 42; a year ago, 62. Lowest temperature last night, 29; a year ago, 43.
