Strong Hint to Punitive Expedition that Further Advance will be Resisted

(By Associated Press.) WASHINGTON, Apr. 20.—Official advisers noting recent movements of Carranzistas from Chihuahua to the Parral region has caused concern.

farther into Mexico. The indications are that the Carranzista move is made without the knowledge of Carranza.

(By Associated Press.) EL PASO, Apr. 20.—Villa passed through Troya, east of Parral, two days before the engagement of Americans and Mexicans at Parral, according to reports.

ULTIMATUM GIVEN OUT IN GERMANY

Too Solemn a Matter to be Decided Without Very Earnest Consideration

(By Associated Press.) WASHINGTON, Apr. 20.—Ambassador Von Bernstorff conferred with Secretary Lansing today on the submarine situation and also the arrest in New York of Wolfe von Igel, secretary of the Ex-German military attache at Consul Von Pape.

It is understood the German diplomat regards the receipt of a reply from Germany within two or three days impossible as he believed a reply could not be received before ten days.

Regarding the hope held by German officials here for an amicable settlement, one official described the prospect as a "Toss up."

(By Associated Press.) BERLIN, Apr. 20.—The American note to Germany arrived late yesterday. Ambassador Gerard will probably present it to the foreign office this afternoon.

(By Associated Press.) WASHINGTON, Apr. 20.—The United States, having said its last word to Germany about submarines, has turned with grave expectancy to Berlin, where rests the decision whether the Imperial Government shall abandon its present methods of submarine warfare or break with Washington. No time limit was set but, it is believed, three or four days is considered a reasonable period to allow Germany to decide.

INCITING INDIA TO A REVOLT

GERMANS CONSPIRE TO BRING ABOUT AN UPRISING OF THE NATIVES

(By Associated Press.) LONDON, Apr. 20.—A plot for the purpose of causing a revolution in India was uncovered as a result of the seizure in February of 38 enemy subjects on the American liner China, from Shanghai for the United States, says an official announcement.

American headquarters of the plot is said to be the Pacific coast. A ship is known to have sailed from San Francisco with a German crew and Indian conspirators with arms aboard. The British say they believe Franz Bopp, German consul in San Francisco and others under federal indictments for violations of neutrality, participated in the plot.

The headquarters of the plotters in the orient was Shanghai and, when their mechanisms were uncovered, the plotters set sail for Manila on the China.

(By Associated Press.) SAN FRANCISCO, Apr. 20.—Officials of the department of justice denied they had knowledge of any connection of Consul Bopp with the plots to incite a revolution in India. The steamer referred to by London is probably the American steamer Maverick, interned at Batavia for violation of neutrality in carrying a cargo of ammunition.

RUSSIANS LAND IN MARSEILLES

TROOPS JOIN FRENCH AND ENGLISH TO FIGHT ON WEST FRONT

(By Associated Press.) PARIS, Apr. 20.—A strong force of Russian troops has landed at Marseilles and will fight beside the allied forces in France. General Joffre welcomed the Russians, saying their arrival was another proof of devotion of Russia to a common cause. The French again have taken the offensive in Verdun. In attacks against the German lines on the right bank of the Meuse they captured portions of German trenches and a redoubt with several hundred prisoners.

NATIONALS WIN IN PRELIMINARY GAMES

OFFICIAL REPORT OF THE SPRING GAMES OF WORLDS SERIES

(By Associated Press.) NEW YORK, Apr. 20.—The National League baseball clubs atoned to some extent for the loss last autumn of world series honors by winning decisively in the recent inter-league contests played prior to the opening of the pennant races. Out of a total of thirty-nine games played in the south, east and middle-west, the National League clubs won twenty-four to the American League fifteen. In these contests the senior league teams collected 154 runs and 309 hits to the junior's 125 runs and 290 hits. The American League players made fifty-eight errors to the National's sixty-one. In the city championships the St. Louis Nationals won four out of six games from the St. Louis Americans and in the series between the Philadelphia and Chicago Nationals the Phillies won seven straight.

TROOPS MARK TIME IN WAITING ORDERS

GEN. FUNSTON TAKING STEPS TO STRENGTHEN HIS LINES OF COMMUNICATION

(By Associated Press.) SAN ANTONIO, Apr. 20.—Frightful destruction in the country through which the expedition operated south of Casas Grandes is detailed in a General Pershing report, due to the warfare of Mexicans. While Americans are marking time in the pursuit of Villa, efforts are being made to strengthen army bases and lines of communication. Shipping is reported from different localities.

PROHIBITIONISTS WILL MEET NEXT JUNE

ANTI-SALOON LEAGUE PREPARES PLANS FOR SESSION IN COLUMBUS

(By Associated Press.) COLUMBUS, O., Apr. 20.—Special plans for enlisting young people's organizations in the fight for national prohibition will be made by the Anti-Saloon league of America at its national convention to be held June 26 to 29 in Indianapolis, according to an announcement of the program committee. A number of national organizations of young men and women interested in abolition of the liquor traffic will meet simultaneously with the Anti-Saloon league convention. The eastern college oratorical contest will be a feature of the opening day of the convention.

Campaign plans will be developed at the convention for co-ordination of state anti-saloon associations in state prohibition campaigns as well as in the national fight. On Sunday afternoon, June 25, the day preceding the formal convening of the convention, a mass meeting of men from Indianapolis and central Indiana will be held at Tomlinson hall. The collegiate oratorical contest is set for Monday afternoon, June 26. On that afternoon a rally of young persons organizations will be held. Round table discussions will feature the program for Tuesday morning. Delegates from Canada will tell of the successful fight for prohibition in the dominion.

WOMAN GIVEN YEAR

(By Associated Press.) OAKLAND, Apr. 20.—Mrs. Hazel Cherry, formerly of Goldfield, was given one year in San Quentin today by Superior Judge Ogden as sentence for complicity with her husband, Wm. L. Cherry, in the robbery of Herman Hirsch. The husband is serving fourteen years.

they find them less expensive than the Japanese dress. Different kinds of kimonos and other garments are required for various functions and the tailor bill of a well dressed Japanese gentleman is very high.

REFORM IN KIMONOS BEGINS IN JAPAN

GARMENT TOO EXPENSIVE AND NOT ADAPTED TO MODERN USAGE

(By Associated Press.) TOKIO, Apr. 20.—A movement has been started by a number of Japanese women to remodel the present form of the kimono. It is led by Mrs. Iriawa, the wife of Dr. Tsuneo Iriawa, a prominent physician. She thinks that the kimono in its present form is not suited for practical purposes. "It is very inconvenient when at work," she said, "and it is rather unnecessarily expensive. The people of the middle classes and below have to spend one-third of their income for clothes, and the lowest class of people spend nearly all of their money for clothes."

"The number of rolls of cloth needed for a set of suits for a man or a woman in winter is on the average about 8; the length of thread needed to sew them about 350 feet, and the number of stitches about 30,000. The garments have to be made by the woman of the family by hand, not by machines, and it requires days to do the work. The women folk have to devote much of their time to it all the year round. For educated women to devote their time to such service is uneconomical from the point of view of the conservation of human energy. We propose to find some way by which all these unnecessary expenses may be eliminated."

Prizes have been offered for the best models of kimonos, and all sorts of kimonos for men, boys, and children at home, for visiting and for school use are to be included. An exhibition will be held and a committee will judge the designs and award prizes. One reason why many Japanese men wear western clothes today is that

CYCLONE RAVAGES PART OF MISSOURI

OVER TWENTY KILLED AND A HUNDRED INJURED BY A TORNADO

(By Associated Press.) KANSAS CITY, Apr. 20.—Reports of a tornado that swept sections of Missouri and Kansas indicate the death by yesterday's storms will reach twenty. Over 100 were injured. The damage was \$750,000.

HALIFAX READY TO INCREASE OUTPUT

BY FIRST OF MAY WILL RESUME PLACE AS A STEADY PRODUCER

Completion of the air connection between the 1200 workings of the Halifax and Buckeye last Saturday was followed by a perceptible cooling of the atmosphere. Since that date there has been a more gradual decline in the temperature which will probably continue for some time as the rock becomes cooled. The production of ore which had been stopped by the difficulty of mining during the past two months will be resumed. In the meantime the shipments have been limited to ore taken out in the course of development.

With the improved conditions ship agents will go forward this week as fast as chutes can be installed and other arrangements made to allow for a rapid increase in the tonnage output, so that, possibly, by the first of May the Halifax will be sending out once more to the West End mill a regular tonnage. The three compartment raise from the 1400 to the 1300 intermediate will be utilized to the fullest capacity. The raise sent from the 1300 to connect with the winze from the 1200 to relieve the almost unbearable atmosphere, with a few days work can be enlarged to three compartment size for an ore chute, a waste chute and a manway. All ore below the 1200 level will be handled by the intermediate route and the vein will be developed from the 1300 intermediate.

The additional fresh air makes it possible to resume work on the 1700 level where it has been so warm that it was impossible to get men to stay there even though one dollar a car was offered to men to work in that torrid atmosphere. The bonus on this job may be understood when it is known that an average day's work for

MOVING RUSSIAN ARMY TO FRANCE

ONLY GOVERNMENT TRAFFIC IS PERMITTED FROM PORT ON WHITE SEA

(By Associated Press.) NEW YORK, Apr. 20.—Cable advices said Russia has closed Archangel on the White Sea to all except government traffic. This may mean that troop movements from Archangel for France are under way or contemplated. The troops disembarked at Marseilles were, perhaps, from Archangel.

BRITISH GARRISON NEARING FAMINE

CRITICAL POSITION OF THE GAL-LANT DEFENDERS OF ARABIAN FORTRESS

(By Associated Press.) CONSTANTINOPLE, Apr. 20.—The position of the British being besieged at Ku El Amara is becoming "very critical." The British commander has ordered the civilian population to evacuate the town on account of the scarcity of food, the war office has announced.

WOOLEN MILLS INCREASE PAY PITTSFIELD, Mass., Apr. 20.—Wage increases of 10 per cent for 2100 hands were announced today in the seven woolen mills here and near this city.

TO DESTROY CITY MAINS NEW YORK, Apr. 20.—A plot has been discovered to blow up part of the New York water system at Mount Kisco.

a good lively nicker under normal conditions is eighteen cars a shift. About the first of the month resumption will begin on this level when an aggressive campaign will be mapped out for driving the east drift which is now out about 800 feet. Nothing has been done in this section since last fall as it was found unprofitable to endeavor to work under the exhausting physical conditions. The temperature and atmosphere will also be improved by the fact that the fresh air for the lowest workings will only have to be forced from the 1400 level thus making the supply purer and more invigorating than if drawn the entire distance of 1700 feet from the surface.

PEACEFUL SOLUTION OF BRITISH CRISIS

AGREEMENT REACHED IN TENSE SITUATION FOR SUBMISSION TO PARLIAMENT

(By Associated Press.) LONDON, Apr. 20.—The British coalition government has been given a new lease of life. A settlement was reached in the cabinet crisis over the question of conscription at a meeting where the government agreed upon proposals the ministers will make to parliament on the subject of recruiting. The proposals will be submitted Tuesday.

PAROLED PRISONER WILL BE SENT TO PRISON

PORTUGUESE PORT IN CHINA UNDER BAN

THE ONLY POSSESSION IN THE ORIENT PLACED ON WAR BASIS

(By Associated Press.) HONGKONG, Apr. 20.—Since Germany's declaration of war upon Portugal Macao, the single Portuguese possession in China, has been placed under the same strict regulation as the English are now enforcing in Hongkong. Macao has been a popular refuge for Chinese revolutionists, and they have enjoyed many privileges there. It was the agitators from that port who attacked the Chinese gunboat Suwo near Canton.

DEATH OF MRS. CRITCHFIELD

A wire received last night told of the death of Mrs. Ed. Critchfield at Reno where she went last week to have an operation performed. The deceased was accompanied and attended by her youngest daughter, Mrs. Walter Bowler. Mrs. William Leary and Irine, daughters, and son, Eddie, reside in Tonopah. Mr. Critchfield and Walter Bowler left for Reno this morning to arrange for the funeral. The deceased lady was dearly beloved by all of her acquaintances and her death has caused sorrow in many a Tonopah household. It has not been decided as yet whether the interment will be in Reno or Tonopah.

DESPONDENT MAN LEAPS FROM BAY FERRY BOAT

(By Associated Press.) OAKLAND, Apr. 20.—Robert Ostergaard, a machinist living at the Reno hotel, Sixth and Howard streets, San Francisco, jumped off the ferry-boat Garden City at 6 o'clock last evening just before it arrived at this side. The crew rescued him and the Emergency hospital attendants resuscitated him. He said that he had no friends and had decided to kill himself.
