

GERMANY INCLINED TO MAKE CONCESSION

MORE HOPEFUL TONE COMES FROM BERLIN

Teutons Have no Desire to Provoke a Rupture in Present Friendly Relations

(By Associated Press.)
WASHINGTON, Apr. 24.—Confidential dispatches from Ambassador Gerard indicated that Germany is willing to make certain concessions to the United States in response to the note demanding immediate abandonment of the present methods of submarines.

Whether these concessions will be sufficiently broad to meet American demands appears uncertain. However, officials reflected an air of hopefulness for an amicable settlement of the issue. It is understood that Ambassador Gerard received broad intimations that Germany will go to great lengths to preserve friendly relations with the United States. This is gained by impressions from officials in the Berlin foreign office including Foreign Minister Von Jagow.

TOO INTIMATE WITH YUAN SHI KAI TO PLEASE HIS COUNTRYMEN

(By Associated Press.)
Since Dr. Ariga addressed Yuan Shi Kai as "Your Majesty" in a document widely printed in the Chinese press supporting the monarchial movement, Dr. Ariga has been ostracized by his fellow-countrymen residing in China, and mercilessly attacked by the press in Japan. This action of Dr. Ariga, at a time when his country was opposing the Chinese monarchy, has been regarded as little short of treason by his fellow-countrymen. He was forced to resign from the Japanese club in Peking, and is no longer welcome in the homes of the leading Japanese in this city. It has been frequently suggested to him through the press that he should surrender his Japanese citizenship and become a Chinese subject.

He is now busily engaged in assisting with the new Chinese officials connected with the constitution drafting committee. Dr. Ariga is a graduate of Tokio University, and was in charge of affairs relating to international law during the China-Japanese war. He was formerly a professor at Waseda University, but has been forced out of that institution because of his work in China.

DEATH OF A. B. MILLETT OCCURS IN LOS ANGELES ON SUNDAY MORNING

Albion Bradbury Millett, pioneer of Smoky Valley and one of the best known men in Nevada died in Los Angeles Sunday morning from the effects of injuries received in a trolley car accident two days before. In termination will be at Oakland. He was 63 years of age, leaves a widow, an adopted daughter, Miss Lottie Daniels, and a niece, twelve years of age, living at Pablo Canyon, in Smoky Valley.

John Murray, formerly shift boss on the Tonopah Extension, convicted of receiving money from a man employed under him, was sentenced this morning by Judge Averill to six months in the county jail and to pay a fine of \$300.

The deceased was known as one of the wealthiest men of the southern country and one who never refused a favor to any applicant. He was energetic and progressive and through thrift and industry established one of the largest and most lucrative ranches in Smoky Valley. Although not as well known as others of the early comers to the state those who knew him knew him as a friend who could be relied upon, as staunch and true as ever was moulded in the form of man. His business consisted of one of the largest stock ranches, a mercantile establishment that supplied the entire northern end of the county and mining interests that added materially to a substantial fortune.

W. H. Forman, attorney for the defendant, on the opening of court, moved for a new trial and arrest of judgment on the ground that the information was in contravention of the laws of Nevada and the statutes of the United States. Both motions were overruled and Murray was remanded to the custody of the sheriff.

Mr. Millett was born in Maine and came to Nevada in 1876 when he settled in the section made famous by his development and established the town bearing his name. Soon after he married Mrs. Christina Shields. He always took an active part in public matters and was elected from Nye county to the assembly in 1886 and two years later was returned to the state senate. At both sessions, Mr. Millett was prominent in committee work and on the floor made his influence felt to a remarkable degree.

Mr. Forman will leave tomorrow morning for Carson city to apply to the state supreme court for a writ of habeas corpus on the ground of insufficiency of the complaint.

When applying for a license, the groom gave his age as twenty-two and the bride gave her's as eighteen. The groom stated that he was a resident of Ruby Valley, and the bride said her

One of the chief mourners will be Miss Lottie Daniels, daughter of the late Jesse Daniels of Kingston Canyon and the only daughter of the family who was taken into the Millett home on the death of her mother who, while on her deathbed, sent an Indian messenger to the Millett ranch with a request for Mr. and Mrs. Millett to come and see her before she passed away. The invalid was perturbed by the face that her only daughter would be left without a home and she asked the Milletts to look after the orphaned child. Since that date Miss Daniels has been recognized and treated as one of the Millett family.

Love laughs at locksmiths. So it is in the case of John Francis Fowler and Elizabeth Eleanor Malone, of Tonopah, who were united in marriage last evening by Justice of the Peace Castle. The couple secured a license last evening and proceeded without delay to have the matrimonial knot tied. This morning the sheriff's office here received a telegram from Tonopah conveying the information that both were under age, and requesting their arrest in order to prevent the marriage. As Dan Cupid had consummated his work, however, the minions of the law graciously allowed the young couple to enjoy their liberty and pursuit of happiness.
