RUSSIANS ROUT THE GERMANS

TEUTONS OVERWHELMED AND VON BOTHMER RETREATS

MORE TOWNS OCCUPIED, MORE MEN CAPTURED AND WAY CLEARED FOR RUSH ON TO LEMBERG

Infantry Action in Full Play With Hand to Hand Fighting Between the Flower of the German Forces and the Best Blood of the Allied Anglo-French Armies--Partial Defeat is Conceded By Berlin.

(By Associated Press.) PETROGRAD, July 8.—The Russians have pressed back the Germans to a farther sector of Czartorysk, occupying several more towns. Over two thousand men were captured. In Galicia the Russians made further progress against the army of Count Von Bothmer and captured over a thousand of the enemy.

(By Associated Press.) PETROGRAD, July 8.—The Russian advance in the Czartorysk region, where the attacking Germans were thrown back yesterday, was again pushed forward, is the official announcement. The capture of the villages of Dolzyca and Gruziatyn is told of by the latest dispatches. An increasing number of German and Austrian prisoners were captured.

(By Associated Press.) PARIS, July 8.—France, following England, has abandoned the declaration of London. A decree to this effect appears in the official journal.

(By Associated Press.) LONDON, July 8.—With the aid of innumerable guns, the infantry of the British continue to make slow progress in an effort to bring the line between Anere and Montauban level with the French line farther south. This led to furious fighting, in which the flower of both the German and British armies was engaged.

According to reports the Germans abandoned the Belgian troops to meet the Anglo-French offensive. Operations on the Somme front are impeded by unusually heavy rains. During the last few days the allies captured 20 cannon and 51 machine guns.

(By Associated Press.) PARIS, July 8.—The French made a further advance on the Somme front in the vicinity of Belloy en Santerre and Estrees, according to an official report to the war department. The gains, as a whole, were not large, the operations being hindered by weather. Several hundred Germans were captured. The Verdun front was the scene of violent artillery engagements.

(By Associated Press.) BERLIN, July 8.—Advices show the fighting during the last twenty-four hours was intense at three points, Thiepval, around Hem and in the region south of the Somme. At Thiepval there were bitter attacks and counter attacks, the British finally succeeding in obtaining a foothold, but each time were ejected from the village with extraordinarily heavy losses. The only British success, which, however, is declared unimportant, was the capture of the German salient trenches east of Laboisselle. The capture of the village of Hem by the French was accomplished after three desperate attempts. The French, after hand to hand fighting, remained in possession of Belloy.

CARRANZA WIPES OUT HIS PAPER MONEY ISSUE

(By Associated Press.) GUAYMAS, July 8.—Carranza has issued a decree declaring void all except the latest issue of his paper money, according to reports.

INFANT EPIDEMIC IN LOS ANGELES

NEW YORK GAINS THE UPPER HAND BUT DISEASE IS SPREADING

(By Associated Press.) NEW YORK, July 8.—The epidemic of infantile paralysis showed a decrease today notwithstanding this is the hottest day since the disease began. Only eighteen children died during the last twenty-four hours preceding 10 o'clock this morning, thirteen of whom died in Brooklyn. Ninety-five cases were reported in the five boroughs. During the week there were 126 deaths and over 800 cases reported.

Elsewhere in the country the disease seems to be spreading, even the far west reporting a few cases at Los Angeles. The federal authorities took active hold of the outside situation today.

ONLY AEROPLANE IS WORTHLESS

ONLY PIECE OF MODERN EQUIPMENT CRIPPLED FOR WANT OF NEW PROPELLOR

(By Associated Press.) COLUMBUS, N. M., July 8.—The only available aeroplane at Gen. Pershing's camp was damaged today and rendered useless by a broken wooden propeller. Twelve planes are lying idle because steel propellers ordered have not been received.

MAY END STRIKE BY NEXT TUESDAY

LONGSHOREMEN AND THEIR EMPLOYERS ARE EXPECTED TO REACH UNDERSTANDING

(By Associated Press.) SAN FRANCISCO, July 8.—Labor leaders declare the end of the longshoremen's strike will be in sight by next Tuesday. Conferences between the labor and employers unions will be resumed Monday. A settlement is confidently expected by both sides.

DREADED DISEASE REACHES THE BAY

SUSPICIOUS CASE FROM NEW YORK UNDER OBSERVATION; ALL TRAINS INSPECTED

(By Associated Press.) SAN FRANCISCO, July 8.—The health authorities have quarantined a case of suspected infantile paralysis in the person of a four year old girl who recently arrived from New York. The city board has requested the state board to inaugurate a regular train inspection.

MISS E. MATTMAN was an arrival on this morning's train from San Francisco.

THREE TEXANS KILL FOURTEEN MEXICANS

Rustlers From Across Rio Grande Overtaken By a Trio of Good Gun Men

(By Associated Press.) EL PASO, July 8.—Fourteen Mexicans are reported to have been killed in a battle with three Americans near Anapra, N. M., according to a report. The Mexicans are reported to have crossed the border early this morning and rustled 45 horses from a ranch three miles south of Anapra. Tom Perrine, a ranger and former customs guard, with two cowboys, overtook the rustlers near the border and started a battle, in which they killed fourteen. There were thirty in the band, Perrine reports.

ATHLETES CALLED TO THE BORDER

RANKS OF AMATEURS DEPLETED BY THE SUMMONS OF THE NATIONAL GUARD

(By Associated Press.) SAN FRANCISCO, July 8.—Followers of sports in all its branches are wondering what effect the present Mexican trouble will have on competition in the different lines of athletic endeavor. Hundreds of athletes are members of the national guard organizations to be sent to the border, and scores of teams are likely to be disorganized as a result. It is generally thought at least from one to three months will elapse before the men are mustered out. Hehr and Pell, the eastern tennis players, are the first athletes of national prominence to be called to the colors. Their absence already has disorganized several tournaments which were to have been held. No branch of athletics has escaped and all are likely to suffer.

Football will be the first of the great sports to be effected, for it is the consensus of opinion that there will be little opportunity for the men returning in time for the coming season. The trainers and coaches already are preparing to find ways and means of filling the gaps that have been made in their squads. Many of these men are stars, and whether the quality of the game this season will suffer as a result of their absence remains to be seen. It is not anticipated that any games will be called off for none of the teams is known to have lost more than a player or two, but it may mean that the coaches will have to do considerable shifting which will put the play back somewhat. Where a star, around whom the offensive or defense of a team has been built, is missing, the problem will be more serious for the coach, but these instances will be the exception. The University of Washington is among the hardest hit, five members of the squad being guardmen.

BURIED WITH HIS FATHER

(By Associated Press.) EL PASO, July 8.—The body of Lieut. Adair was shipped today to Portland, his old home, to be buried beside his father, who died recently without knowing of his son's death.

300 CARRANZISTAS SLAIN BY YAQUIS

Extermination Band of Troops in Southern Sonora--Captives Burned at Stake

(By Associated Press.) NOGALES, July 8.—Between 200 and 300 Carranza soldiers and camp followers were massacred by Bronch Yaquis in lower Sonora, according to reports from there. Those not killed by gunfire were burned at the stake. While the estimate of killed differs, estimates based on the disposition of troops in that section place the dead at 300.

News of the disaster caused extreme unrest, as several thousand Yaquis Mayos are at Em Palmo.

KRUPP INCOME \$25,000,000

OWNER OF HUGE ORDNANCE PLANT MAKES MILLIONS A YEAR FROM THE WAR

(By Associated Press.) VIENNA, July 8.—The annual report of the great Krupp works at Essen says that out of every 100 women employed there 77 claimed relief from the sick fund during the year, as compared with 62 men out of every 100.

The number of women employed by Krupp has risen more than tenfold. In August, 1914, just before the war broke out, the company's pay roll included 36,880 men and only 1214 women. At the end of April last these figures had risen to 55,949 men and 13,022 women. Bertha Krupp, the "cannon queen," is credited with having received an income from the works last year of more than a hundred million marks, or \$25,000,000.

CYANIDE STAIN DUE TO THE EMBALMER

EXPERT TESTIMONY ADDUCED IN THE TRIAL OF ORPET FOR MURDER

(By Associated Press.) WAUKEGAN, Ill., July 8.—The Orpet jury was called into the chemistry class today when the members listened to the rebuttal of testimony relative to cyanide of potassium. Dr. Ralph W. Webster, toxicologist, and Fred L. Wenban, undertaker, were questioned. Wenban declared he had put the spots on the girl's coat when embalming the body.

J. M. GREGORY APPOINTED TONOPAH SCHOOL TRUSTEE

J. M. Gregory, cashier and manager of the Tonopah Banking Corporation, has been appointed school trustee to succeed Lou Herring, who resigned two months ago. The board has arranged that the Tonopah High school receive pupils from the county instead of having such pupils take their course with the limited resources of local districts. To meet this expense a levy of ten cents has been added to the county taxes.

RAILROADS BUY PUBLICITY ON MAGNIFICENT SCALE

An advertisement that will be published in every daily and weekly newspaper in the United States appears today in the Bonanza from the railroads of the country, whose offer to arbitrate the wage dispute with their service employees was refused at the joint conference held in New York. This is said to be the most extensive newspaper advertisement ever placed. The advertisement will appear in 17,000 publications, in every city and hamlet capable of supporting a newspaper, and reach practically the entire reading population of the nation. F. P. MILLER returned from the coast on today's train.

OVER \$4,000,000 LOST IN TORNADO

RETURNS FROM THE TROPICAL STORM TURNED LOOSE ON SOUTHERN STATES

(By Associated Press.) NEW ORLEANS, July 8.—At least seven lost their lives and \$4,000,000 shows the property damages as the result of a hurricane which swept over Alabama and Mississippi two days ago. A number of schooners were swept out to sea and sank, while others were wrecked on the beach. Rains deluged the country.

FOUNDATION FOR THE PEACE TALK

NO NEGOTIATIONS CALLING FOR THE WITHDRAWAL OF GEN. PERSHING CONSIDERED

(By Associated Press.) WASHINGTON, July 8.—Word from Carranza of his decision that will form the basis of diplomatic negotiations for a settlement of border difficulties is expected today. This probably will authorize Arredondo to informally talk with Acting Secy. of State Polk. He probably will form the basis of diplomatic negotiations, which was rejected by the United States because it involved the immediate withdrawal of Pershing.
