## SEA SCORPIONS SWARMING OFF ATLANTIC COAST

### Warships of the Allied Powers Worried By the Super-Submarines

#### Will Be Sunk On Sight Without Giving Warning

(By Associated Press.)  
BALTIMORE, July 13.—Unloading of the Deutschland was completed today, when the ship's rise revealed the estimated size was exaggerated. Her length is not more than 250 feet and width not more than 25 feet. The overall draft when submerged figures 32 feet.  
Searchlights from tugs and motor-boats played over the craft during the last hours of unloading. The German ambassador, Von Bernstorff, was to come to inspect the Deutschland during the day. The crew decided to turn over to the German Red Cross \$10,000 given them for valor by a wealthy New Yorker.

(By Associated Press.)  
WASHINGTON, July 13.—State department officials anticipate many bothersome questions in connection with the status of the Deutschland. The contention of the French and British embassies that she is a potential warship is given little weight in view of the department's information that the vessel is purely a merchant craft.  
Consideration has been given the suggestion of the government to withhold news of the boat's sailing to prevent information reaching the allies. Under the ruling that the craft is a merchant vessel the department could not countenance sinking or violence by international law.  
Warships are reported to be gathering around the heads watching for

the departure of the undersea boat of the coming of the Bremen, which is said to be nearing the three mile limit. Should either of the submarine merchant vessels be destroyed while at sea there cannot be any redress as they become legitimate prey for enemy ships the minute they pass out of the domestic beach line. No mercy will be shown and either vessel will be sunk on sight.

(By Associated Press.)  
BALTIMORE, July 13.—The formation of a line of submarine merchantmen to ply between Baltimore and Bremen is in process of formation, according to Henry Hilken, of the Eastern Forwarding company.

#### WAR'S FOOD PRICES STARVING NEUTRALS

#### Non-offensive Nations Compelled to Suffer Through Advance in Prices

(By Associated Press.)  
WASHINGTON, July 13.—War's increase in food prices in Europe have touched the neutrals almost as heavily as the warring nations, according to the bureau of labor statistics. The Teutonic nations felt the pinch heaviest. In Austria meats have advanced 500 per cent and in

Berlin 160 per cent. The British public is paying an average of 55 per cent more for food than a year ago. France is 23 per cent higher and Italy 30 per cent. Prices are highest in Norway, with an increase of 63 per cent; Denmark, 34 per cent; Sweden, 21, and Switzerland from 300 to 375 per cent.

#### SCORES INJURED OR SLAIN IN FACTORIES

#### Niagara Nitrogen Plant, Carrying War Contracts Damaged Mysteriously

(By Associated Press.)  
NEW YORK, July 13.—Seven persons were killed and a number injured by the explosion of an ammonia tank in a Brooklyn butcher shop. The building collapsed, burying the occupants. One hour later it was estimated that between twenty and thirty had been taken to hospitals. Some of these were fatally injured.

(By Associated Press.)  
BUFFALO, N. Y., July 13.—More than a score of men were injured, some seriously, when lightning struck the plant of the Semet Solvay company, on Niagara river, and caused an explosion. This is the great nitrogen extraction plant that has large contracts with munition plants for supplying chemicals.

#### WATER POWER BILL BEFORE THE SENATE

(By Associated Press.)  
WASHINGTON, July 13.—The house took up the water power leasing bill today with the intention of completing consideration before adjournment. The bill has passed the house.

#### FLAMES SWEEP FORESTS AWAY

GREAT FIRE BURNING WITH TERRIFIC SPEED THREATENS DESTRUCTION OF RIO NIDO

(By Associated Press.)  
RIO NIDO, Cal., July 13.—Hundreds recruited at nearby points are fighting a losing fight against a fierce forest fire which is creeping through the redwoods and brush towards Rio Nido and Guerneville, threatening to wipe out both.  
The fire started last Saturday, but was thought to have been extinguished when a fresh wind rekindled it. The Armstrong woods, containing ancient redwood trees, are reported consumed. A fast special train with 100 fire fighters and railroad employees is on the way from Sausalito.

#### LORIMER GOING BACK TO SEAT IN CONGRESS

(By Associated Press.)  
CHICAGO, July 13.—William Lorimer, former United States senator, will be urged to become a candidate for his old seat in the lower house of congress, according to a published statement.

#### BETTER FEELING ALONG BORDER

PERSHING SAYS FOREIGNERS OPINE THAT CRISIS HAS PASSED  
(By Associated Press.)  
WASHINGTON, July 13.—Pershing reports that the Mexicans and foreigners along the border believe the crisis between the countries has been averted, in consequence of which a better feeling prevails between the Americans and Mexicans. Customs officers on the border have been instructed to permit free entry into Mexico of food and clothing.

#### ARMY BABIES WILL BE SAFEGUARDED

OFFICERS WARN PARENTS THAT VISITS WILL NOT BE PERMITTED TO PRESIDIO  
(By Associated Press.)  
SAN FRANCISCO, July 13.—Precautions have been taken to prevent the spread of infantile paralysis to the Presidio, where 100 or more children of army officers are spending the winter. They will not be permitted to leave the reservation by request of the post medical authorities. Children visitors from the city will not be encouraged.

#### FOUND GUILTY OF EXTORTION

CHICAGO JURY GIVES VERDICT CONVICTING LEADERS WHO TRIED TO BLACKMAIL

(By Associated Press.)  
CHICAGO, July 13.—Fourteen of seventeen labor leaders tried in the circuit court on charges of conspiracy to extort and destroy property were found today when a verdict was returned. The defendants were proven to have used their offices for the purpose of collecting blackmail from firms under threats of calling a strike unless they met the demands.  
Business men testified at the trial that the labor men carried on a campaign of window glass smashing and that to obtain permission for resetting the glass property owners were compelled to pay defendants. Six were sentenced to imprisonment and eight were fined.

#### KNOCKS \$350,000 OFF RAILROAD BILL

RECEIVERSHIP EXPENSES FOR WESTERN PACIFIC SUFFER IN REVISION  
(By Associated Press.)  
SAN FRANCISCO, July 13.—The state railroad commission approved today the reorganization of the Western Pacific, which was sold recently under foreclosure. The board lopped off \$350,000 from the \$2,350,000 asked to cover the reorganization and receivership.

#### PARTS OF BODY INSIDE SHARK

MANEATER THAT HAS RAVAGED NEW JERSEY COAST KILLED AT LONG BRANCH

(By Associated Press.)  
NEW YORK, July 13.—A monster shark, with the stomach containing a portion of a human body, was killed at Kayport, N. J., according to the reports of the Long Branch weather observer. This is believed to be the monster which attacked and killed four recently, wounding several others who may die, at Matawan, N. J.  
The shark weighed 300 pounds, was 11 feet long and undoubtedly the same fish which invaded the creek. The waters of the Atlantic are infested with sharks. A British sloop from Bermuda arrived with a score of dead sharks aboard which were caught and killed in the gulf stream. Skipper said fish are very numerous and hungry.

#### LABOR CLASS WINS PORTO RICO FIGHT

PLANTATION OWNERS REFUSE TO UPHOLD WORKINGMEN'S COMPENSATION LAW  
(By Associated Press.)  
SAN JUAN, Porto Rico, July 13.—The Workmen's Relief commission, appointed by Gov. Yager to carry out the provisions of the new workmen's compensation law, has issued schedules of rates which went into effect on July 1.  
Many employers, particularly the proprietors of sugar centrals, however, consider the rates applicable to their employees too high and have signified their intention of exercising their option of rejecting insurance under the law, taking their chances of settling injury damage claims either in or out of court.  
The rates provided by the commission run from a fraction of one per cent to four per cent for the more hazardous occupations.  
The new law had been pending for more than five years and during previous sessions was vigorously opposed by the employers. Its passage is considered a distinct victory for the labor element of the island and is looked upon as one of the most constructive pieces of legislation since American occupation.

#### HEAVY FIRING BEFORE VERDUN

NO INFANTRY FIGHTING BUT ARTILLERY KEEPS UP PLAY ON FRENCH FRONT  
(By Associated Press.)  
PARIS, July 13.—No infantry fighting of importance has occurred on the Somme front. Intermittent artillery engagements have occurred. Near Souville, Chenois and Lauffee, before Verdun, a heavy bombardment has been maintained by the Germans. In Champagne the French penetrated the German salient. German raids in Argonne were stopped by French fire.

#### MOTORCYCLE MACHINE GUNS ARE RUSHED TO BORDER

(By Associated Press.)  
COLUMBUS, N. M., July 13.—Anticipating a bandit raid into the Sasimon valley in Arizona, cavalry line riders in this vicinity were ordered to be on the alert. A fleet of motorcycle machine guns was reported rushed for "somewhere on the border," presuming to be used to reinforce the border cavalry patrols.

#### DECREASE IN THE NEW CASES

MORTALITY INCREASES WITH 24 DEATHS REPORTED IN THE LAST 24 HOURS  
(By Associated Press.)  
NEW YORK, July 13.—A slight decrease in the number of new cases with a marked increase in the deaths during the last 24 hours in the epidemic of infantile paralysis is shown by a bulletin of the department of health. Twenty-four children died yesterday with 117 new cases in greater New York.  
Since the beginning of the epidemic 1557 children were stricken and there have been 311 deaths in New York.

#### ORPET ARGUMENTS OCCUPY THE DAY

DEFENSE RESENTS INSINUATION THAT ITS WITNESSES ARE NOT ENTITLED TO CREDENCE  
(By Associated Press.)  
WAUKEGAN, Ill., July 13.—Resuming his arguments in the Orpet defense Ralph F. Potter defended the integrity of his own witnesses, particularly H. J. Carlin, the investigator. The state insinuated that Carlin persuaded the state witnesses to change their testimony. Then he turned to Josephine Davis, who confessed she had given wrong testimony at the inquest because she was angry at Orpet for what she said he had done to Marion. Potter said no one could disbelieve this open confession.

#### GERMANS REPULSED IN THE SOUTH END

FIGHTING CONTINUES WITHOUT EVOLVING MATERIAL CHANGE IN THE GENERAL ASPECT  
(By Associated Press.)  
LONDON, July 13.—Fighting continues in the region of the Somme river with no change in the general situation on any part of the British line, says an official message. Attempts of the Germans to raid the trenches west of Wyschaete and south of the Labasse canal were frustrated.

#### TONOPAH MAN ARRESTED IN GOLDFIELD WITH WOMAN

Ed. Benuzzi of Tonopah was arrested yesterday in Goldfield on the charge of cohabiting with a negro woman whom he said was his affianced wife. This occurred after Benuzzi accused the woman of stealing \$80 from him in Tonopah. He applied for a warrant with the result that both were landed in jail. The woman calls herself Lillian Robinson.

#### OFFICIAL NOTIFICATION

(By Associated Press.)  
NEW YORK, July 13.—Hughes will be officially notified here on July 31 at Carnegie hall of his nomination as Republican candidate for the presidency.

#### MIDWAY TESTS WHISTLE

The testing of the new whistle at the Midway mine this afternoon caused people to believe that there was a fire alarm.

#### DEATH OF PIONEER

(By Associated Press.)  
SAN FRANCISCO, July 13.—Horace Davis, a pioneer manufacturer and citizen of this city, died today.

R. W. BELL was an arrival on No. 24 from Rousley, Colo.

#### OLDEST STUDENT IN THE WORLD

(By Associated Press.)  
BERKELEY, July 13.—Mrs. Amy D. Winship, who is 85 years old and still a college student, is to come to the University of California next year, according to information from the University of Wisconsin at Madison, where she is a student this year. Mrs. Winship is specializing in botany, physics and "modern internationalism." What course she will elect at California she has not yet indicated.  
Mrs. Winship is said to be the oldest college student in the United States, if not in the world. Her university career began several years ago when she entered Ohio State University. In registering she was asked about her preparatory work and replied she graduated "from a log school in Illinois in 1847."

#### WOMAN OF EIGHTY-FIVE YEARS TAKES UP BOTANY IN BERKELEY

(By Associated Press.)  
BERKELEY, July 13.—Mrs. Amy D. Winship, who is 85 years old and still a college student, is to come to the University of California next year, according to information from the University of Wisconsin at Madison, where she is a student this year. Mrs. Winship is specializing in botany, physics and "modern internationalism." What course she will elect at California she has not yet indicated.

#### PEACE ANGEL HOVERS NIGH

MEETING OF EMPLOYERS AND LONGSHOREMEN MAY BE HELD TOMORROW  
(By Associated Press.)  
SAN FRANCISCO, July 13.—The combined efforts of Henry M. White, federal mediator, and representatives of the state have been successful in arranging a peace meeting between the striking longshoremen and the employers' union, which probably will be held tomorrow. Prospects for a settlement are believed to be good.  
The conference probably will occur tomorrow, according to White, who told the employers that the strikers expressed their willingness to re-

#### SILVER PEAK LEASE PROVES PROFITABLE

PRACTICAL MINER GETS VALUES WHERE A MILLION DOLLAR CORPORATION QUIT  
J. B. Fanchini, of Blair, is making a handsome little fortune where a company of millionaires failed to find profit, is dismantling a million dollar mill and stripping the property of all its machinery and appurtenances. Fanchini has a lease on the Pittsburg Silver Peak mine at Blair and is successful to the extent that he has ordered the construction of a ten stamp mill right in sight of the hundred stamp mill that is being wrecked and shipped away.  
Fanchini is building a ten stamp mill on the foundations of the old Silver Peak mill and expects to be able to treat fifty tons a day, with the possibility of increasing the tonnage. The ore is coming out of the Wason tunnel and is said to be better than the average that has been treated by the parent company.

#### FRANCE TO CONCEDE POINTS TO JAPANESE

JAPAN PLANS TO HAVE EXTENSIVE TRADE IN FRENCH INDO-CHINA  
(By Associated Press.)  
TOKIO, July 12.—Gov. Gen. Roume of French Indo-China has arrived in Japan in connection with negotiations between Japan and France for a revision of the customs tariff between Japan and the French colony. It is understood here that France will make customs reductions which will permit of a greater exportation of Japanese goods to Indo-China.  
Highest temperature yesterday, 90; lowest this morning, 64.  
Highest temperature a year ago, 84; lowest, 61.

FROWNS ON SUFFRAGE  
(By Associated Press.)  
BUDAPEST, Hungary, July 13.—Hungary frowns on the feminist movement, in war time at least. The leaders of the Hungarian Feminist association had planned a big congress for this season, but had to postpone it.

MR. and MRS. MIKE KELLY motored in today from Manhattan to spend the day.
