Carnegie Hall is Crowded At Formal Presentation Of Republican Candidate

(By Associated Press.)

WASHINGTON, August 1.—News of Hughes' announcement for a suffrage amendment was received with unbounded enthusiasm at the headquarters here of the Congressional Union. Statements of leaders declared the women of the west would rally to the support of Hughes, contrasting his attitude with that of Wilson insisting that suffrage was a state issue.

NEW YORK, August 1.—Charles Evans Hughes was formally notified of his nomination as the candidate of the Republican party for the office of president at a mass meeting held at Carnegie hall last evening. The huge auditorium was packed to capacity and the stage was occupied by the leading national celebrities of the party. The meeting was opened by Warren H. Harding, chairman of the Chicago convention, addressing himself to the candidate as follows:

"Mr. Hughes: The committee here assembled, representing all of the United States and territories, chosen by the Republican National convention which met in Chicago on last June 7, is directed by that convention formally to notify you of its action in selecting you as its nominee for the presidency of the republic.

"Speaking for the committee, it is my pleasure to say directly what was conveyed to you by telegraph, while the convention was yet in session—that you are the unanimous choice of the Republican National convention for the party standard bearer.

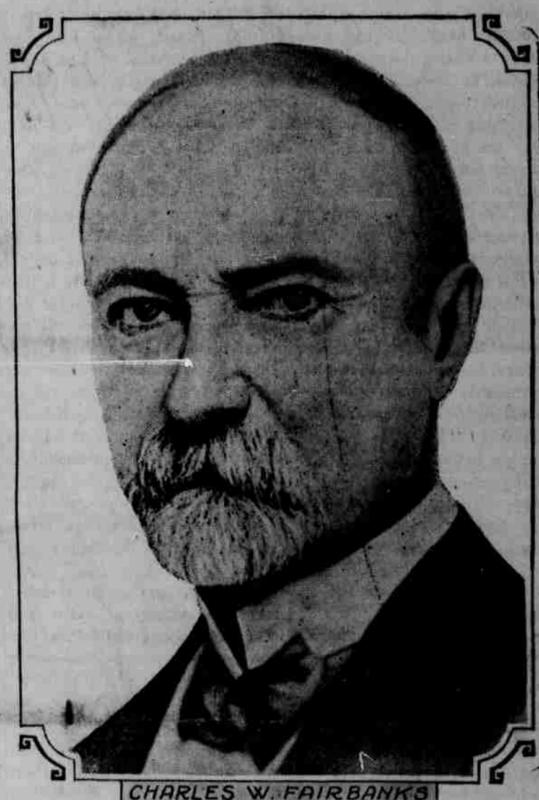

"That convention uttered the principles of a confident, determined, united and enthusiastic Republican party which turns to you, in highest respect and trust, as a nominee best typifying the party's purposes and the people's desires.

"Inasmuch as the unusual circumstances inspired an informal notice at the time of the convention's action and you then made an informal acceptance of the call to patriotic duty, which won the plaudits of our people, I shall not refer in detail to the action of the convention or the declared principles to which the Republican party is committed. But it is fitting that I should speak the congratulations of this committee on your most extraordinary nomination. It has no parallel in the history of the Republican party. As the whole people have approvingly witnessed, you have been chosen for leadership by a convention which comprised the best thought, the highest intention and deepest consecration of a great and historic party, when you were not only not an aspirant but dis-

couraged all endeavors in your behalf.

"Notwithstanding your holding aloof from all conference and participation, that unflinching understanding which directs popular sentiment to highest victory called you to the service of the party and the nation. Your record of public service, your well known and courageous views on public questions when in executive position, your abiding devotion to Republicanism, your possession of a confidence which has united all believers in Republican policies under our party banner, your unalterable and abiding Americanism, your high personal character and well known capacity—all these have fixed you in the American mind as the best exponent of Republican principles and the wisest leader to restore American prestige and efficient government. We bring it in the highest appreciation to that leadership. We bring it in full confidence that the people will gladly acclaim the Republican restor-

WOMAN'S SUFFRAGE MEETS APPROVAL

(By Associated Press.)

NEW YORK, August 1.—C. E. Hughes declared for an amendment to the federal constitution providing for women's suffrage. His views were made public in a letter written to Senator Sutherland of Utah.

Hughes' letter was in reply to a telegram received from the senator asking the nominee to define his personal position regarding an equal suffrage federal amendment. Hughes replied: "Your telegram received. In answer to the notification, I have not referred to the proposed federal amendment relating to women's suffrage because it was not mentioned in the platform. I have no objection, however, to stating my views. As I said in my speech, I think it most desirable that the question of women's suffrage be settled promptly. The question should be settled for the entire country. My view is that the proposed amendment should be submitted, ratified and the subject removed from political discussion."

MUNITIONS EMBARGO BY JERSEY CITY POLICE

(By Associated Press.)

NEW YORK, August 1.—Representatives Egan and Hamill of New Jersey announced they would go to Washington tomorrow, accompanied by Mayor Fagan of Jersey City and demand an embargo on explosives from the Atlantic coast. This decision was reached at conclusion of a conference of city, state and federal officials regarding the Black Tom island explosion.

Egan said he would introduce a resolution in the House asking for an immediate embargo. Hamill says the framing of his bill will be similar in design.

McKenzie, president of the National Dock and Storage company, who was arrested and released on \$5000 bail, says there was no infringement of the laws.

(By Associated Press.)
JERSEY CITY, August 1.—The city commissioners, by a vote of 4 to 1,

adopted a resolution calling upon the director of public safety to prevent the shipment or storage of high explosives within the city.

The commissioners authorized the use of physical force, if necessary, to carry out the mandate, which, they said, was based on the public nuisance ordinances. This means, it was explained, that this city ceases to be the terminus for munitions shipments to the entente governments. It was stated that fifty carloads of explosives are within the city.

SUBMERSIBLE FEELS THE WAY

SWEEPING THE CHANNEL FOR SUNKEN LOGS AND HIDDEN EXPLOSIVES

(By Associated Press.)

BALTIMORE, August 1, 6 p. m.—The Deutschland sailed at 5:40 on her return voyage to Germany. She carried a cargo of crude rubber and nickel and a consignment of gold.

(By Associated Press.)

BALTIMORE, August 1.—Activities indicating an early departure of the Deutschland are noticed at the pier. Logs forming the outer barrier were towed into midstream and anchored. Tugs swept the channel from dock to main channel with a heavy weight suspended by a line between two crafts. This evidently was a precaution against possible obstruction of the path.

It is learned from a trustworthy source that Capt. Koenig asked today for a pilot to guide the underwater liner to the Virginian capes. Capt. Owen Coleman, who brought the submersible in, has been assigned.

The sweeping operations were thoroughly performed, searching for sunken logs and also to ascertain whether explosives had been planted. Arrangements were made, it was said by an official of the Operating company, for the Deutschland to depart this afternoon or evening.

PETROGRAD, August 1.—The Russians, at a bend in the Stockhod river, in the region of the village of Velickikuchary, forced the Austro-Germans back and fought their way through to a point west of this line. Teutonic counter attacks in the Kovel and Lutsk regions were repulsed.
