MAY ACCEPT WILSON'S PLAN

BELIEF THAT RAILROADS WILL YIELD TO THE PRESIDENT

Cabinet Officers Confident That Crisis Has Passed--Counter Proposal Waited

WASHINGTON, August 22.—While the railroad executives worked to draft a counter proposal to the president's plan for averting a threatened rail strike, the cabinet discussed the situation fully and expressed confidence that in the end the railroads would accept Wilson's plan.

conclusion were not disclosed. The cabinet members agreed that it was not feasible to hurry the railroad executives into a decision, as they had many things to consider.

A counter proposal is expected to be the next step, but there is no outward indication when this step will be taken.

Elisha Lee, chairman of the National Conference Committee of Railways, has issued a statement in which he said:

"That the railroads should grant, under threat of a national strike, a \$50,000,000 wage preferment to a

DEMOCRATS REVOLT AGAINST PRESIDENT

WASHINGTON, August 22.—President Wilson informed callers today that he will veto again the immigration bill if it reaches him containing the literacy test. It has been reported that he might sign, but it is stated emphatically that he is still opposed because of the test.

The president's announcement, which settled the question, arrived while the Democrats were continuing their party row over the action of nine revolting Democrats who refused to be bound by the caucus which decided to let the bill go over, and leaders of the revolt making caustic replies to the reproaches of Senator Stone.

WASHINGTON, August 22.—An unexpected Democratic revolt in the Senate yesterday resulted in the immigration bill being taken up in defiance of the Democratic caucus and opened the way for efforts to displace the revenue bill as unfinished business, an action which might indefinitely prolong the session of Congress.

Ten Democratic senators voted with the solid Republican minority to take up the immigration bill upon a motion by Senator Smith, of South Carolina, chairman of the immigration committee.

Administration leaders said that they had enough votes to defeat the Smith motion to displace the revenue bill. Even some of the revolting Democrats have declared their intention of voting against it. Should it prevail the resulting fight over the literacy test provision would upset

WHITE CAPS GAINS IN THE EXTRACTION

A general sample of all the ore taken from the new strike in the east crossed on the 215 level of the White Caps returned \$39.15 in gold. There is now a dump of about 150 tons from the find. This ore has been subjected to the same test as the dump ore extracted from the second level and is found perfectly amenable to the proposed treatment, yielding an extraction of 91.6 per cent. The west crosscut is believed to be nearing the main, or shaft, orebody.

TURNING POINT FOR MR. HUGHES

REPUBLICAN NOMINEE NOW ON HIS WAY TO RENO AND THE EAST

FRESNO, August 22.—At the turn in his transcontinental trip Hughes is speeding north from Los Angeles to Sacramento with fourteen scheduled stops for brief speeches in the San Joaquin valley. Here he made a ten minute talk. Other addresses were two and three minute affairs from the rear platform. He talked chiefly of the conviction of the country that the next protective tariff would enable American enterprises to meet the competition of Europe when peace comes.

Before reaching Fresno, Hughes spoke to station crowds at Porterville, Lindsay, Exeter, Visalia, Kingsburg and Selma. He started the day with his voice fairly strong after a difficult day in Los Angeles, but at station after station speech was made he became huskier and huskier. At

BROACH PEACE TERMS IN HOUSE COMMONS

LONDON, August 22.—In reply to a question of the House of Commons, Premier Asquith said he could not undertake to summon Parliament during the coming recess if proposals were made regarding terms of peace.

PROLONGED STRUGGLE

FRENCH MINISTER EXPECTS SEVERE FIGHTING BEFORE THE WAR ENDS

PARIS, August 22.—A difficult and prolonged struggle before the war is ended is prophesied by former Premier Viviani, who is minister of justice in the president's cabinet. He said: "Although victory is certain, it will require hard and prolonged efforts to break German militarism to prevent a recurrence of crimes. There can be no peace before the attainment of victory until adequate reparation is made before justice triumphs."

ANGLO-FRENCH ARE GAINING

LONDON, August 22.—The British on the Somme front have advanced along a line half a mile long in the region of Pozieres and also made an advance near the Leipsic salient.

PARIS, August 22.—The French have made progress on the Somme front north of the river, on the outskirts of Clerly. South of the river, French captured trenches near Estrees and Soyecourt.

WOMAN SHOT AS SPY BY COUNCIL OF WAR

PARIS, August 22.—A woman was executed as a spy, says a Havas dispatch, at Marseilles, when Felice Pfaff was executed this morning. She had been convicted of espionage by the council of war.

Selma he clearly showed the strain of constant use of his voice and spoke but a few words, pleading that his voice was "tired."

RUSSIA WITH ALLIES ON SERBIAN FRONT

Field Marshal Von Mackenzen Takes Charge of Bulgarians Resisting Advance

ATHENS, August 22.—The initial brigade of Russians arrived at Saloniki today to join the entente allies fighting in the Balkans. The general feeling here is that the arrival of the Russians definitely dispelled the dream of a great Greece entertained for a year and a half.

ATHENS, August 22.—After a conference of French, British, Serbian, and Russian commanders it was decided that the newly arrived Russian contingent take up positions with the Serbian troops on the southern frontier of Serbia.

The occupation of Kastoria and Coryssa by Bulgarians is confirmed. News from an official source says German Field Marshal Von Mackenzen is with the Bulgarians.

RUMANIA MAY JOIN THE ALLIES VERY SOON

PARIS, August 22.—Newspapers comment at length on the possibility of Rumania joining the war. Meetings in progress at Bucharest are taken to mean that various developments in the situation are being seriously considered and the general tone of comment is decisive that the moment for Rumania's action has arrived.

Operations of Bulgarian armies in Macedonia are interpreted as having been undertaken solely with the view of influencing the decision of Rumania. It is agreed that a new phase of Balkan history is opening. The statement is made on good authority that Rumanian troops number 800,000 armed men, in the best condition after long preparation.

AMSTERDAM, August 22.—The Rumanian situation again is taking a leading place in the war news. Dispatches from Berlin and Bucharest, via Berlin, describe the relations between Rumania and the Germanic allies as extremely serious. Wolff Bureau dispatches hint that an Austro-German ultimatum is in preparation.

The Kreuz Zeitung declares negotiations that took place at Bucharest at the week-end between the Russian military attache and the Rumanian secretary of war must be considered as proof that Rumania has joined the entente.

"It is supposed," says this newspaper, "that plans for a Russian march through Rumania territory were discussed. Of course, Germany would regard such an arrangement as a casus belli."

BERLIN, August 22.—The Budapest Azese, which is usually well informed on the Rumanian situation, prints a dispatch from Bucharest saying the agitation for war which for the last few days has been at fever heat has suddenly cooled. It is stated possibly that the end of mobilization is responsible for the change, if not the serious words uttered in the Hungarian Parliament. The dispatch adds there is no doubt that Premier Bratianu reached an understanding with the entente allies that

ALLIED EMBASSIES NOTICE BLACKLIST

WASHINGTON, August 22.—The so-called anti-blacklist provision of the administration ship-bill authorizing customs officials to refuse clearance to any ship refusing American cargo, except on being fully laden, is attracting the attention of the allied embassies, who are making inquiries which may result in representations to the State department.

NEW YORK, August 22.—William J. Bryan's speaking tour on behalf of Wilson begins about Sept. 15, probably in Ohio, and continues to election day. He will not visit the Pacific coast.

BULGARIA OBJECTIVE OF THE ALLIES' DRIVE

LONDON, August 22.—The great offensive opened by the allies Sunday on the Saloniki front is developing, but no decisive action has been fought. The British and French advancing on the right have crossed the Struma, pushing northeastward towards the Bulgarian frontier. At the same time the Serbians who have opened a drive for Monastir report the capture of Bulgarian first line trenches. On the extreme left, however, immediately south of Monastir, they have suffered a reverse and have evacuated the Greek town of Banica.

In the center, at the mouth of the great valley of the Vardar, the main highway through Serbia, violent artillery action is in progress. It was down this valley that the Teuton-Bulgarian forces made their victorious advance, and according to military experts its possession is vital to whoever holds Serbia.

Reports from Saloniki say that Italian troops have landed there and will join in the general offensive. This, if corroborated, means that Italy has decided formally to declare war on Germany, as the Germans are admittedly directing the Bulgarian campaign. At certain points on the front Berlin reports the Bulgarians on the offensive, but London and Paris interpret this as a move for political purposes and not as a serious attack against Saloniki. A desire to affect public opinion in Rumania and to influence the approaching Greek elections is the motive behind Bulgaria's aggressive activity, in the opinion of the allies.

BREMEN WILL GO TO NEW LONDON

NORFOLK, Va., August 22.—Capt. Cullison, of the tug Hansa, said today it was true that the Eastern Forwarding company has leased a pier at New London, Conn. Previous reports have been denied.

It is reported the Hansa, which conveyed the Deutschland in American waters, would go to New London before the end of the month. According to this story the Bremen left a German port on August 14.
