AS PORTRAYED BY BOTH SIDES

THE Bonanza does not depend solely upon the Associated Press for data upon which to base its conclusions regarding the probable duration and result of the world war. The German propaganda sends The Fatherland to this office. This is a New York publication devoted to furthering sentiment in favor of the cause of the central powers. The magazine is somewhat bitter and acrimonious but with apparent honest intent and breathing the spirit of loyalty to the land beyond the Rhine.

From the allies comes the London Observer, which Sir Gilbert Parker, who with Earl Gray is the chief publicist of Britain, has sent to this paper until the termination of the war. Needless to say this newspaper, so oddly constructed from American standpoints, is in its entirety a plea for the backing of the cause of the allies with the public sentiment of the United States.

Perusal of the latest issues of the two publications leads to the conclusion that the great war will be ended early next spring through negotiations, or later in the year through conquest. The Fatherland admits that German aggression is suspended, but that its defensive movements will be indefinitely prolonged. The Observer narrates steady progress by the allied hosts, but does not claim that a complete triumph is yet at hand. The general trend of the two publications, however, gives rise to the assurance that there is only one conclusion to the war and that it will not be deferred many months.

SELECTION WILL BE CAREFULLY MADE

WHILE it is regrettable that Robert G. Pohl, who has so efficiently served the county as clerk, saw fit to withdraw from the ticket, it develops that there is no lack of excellent material for the place. It is the duty and privilege of the county central committee to fill the vacancy and the only reason that this has not yet been done is that it has been painstakingly canvassing the situation. It has had numerous offers of candidacy and it has also sought unwilling, but very capable, men and women to permit the use of their names. The result of the elimination contest will be known soon, possibly tonight, and it may be assured that the person chosen will be capable and will be of assistance to the entire Republican ticket. All desirous of obtaining this place must file their application with the committee.

WILSON ASHAMED

SPEAKING at Baltimore, President Wilson said: "The only thing I have been ashamed of in America is the fear and trembling of Americans in the presence of foreign competitors." Possibly Mr. Wilson is to be congratulated that he feels no shame for his own fear and trembling in the presence of foreigners. But he should not censure American business men too severely. They realize that while Mr. Wilson is in control at Washington their foreign competitors may murder them in cold blood, torpedo the ships they travel on, outrage their wives and kill and mutilate their children with impunity; that the administration at most will merely write a note. They know that their foreign competitors may forfeit their property by unjust laws and decrees, as Carranza is doing now, and Mr. Wilson will probably defend and support the foreigner. It is not recorded that American business men have shown fear or trembled before their foreign competitors. But if Mr. Wilson knows of an instance where they have, it certainly is not for him to misunderstand the reason or to censure them.

NOT BUILT FOR A DAY

A WESTERNER who had followed mining excitements all his life finally paid a visit to the east, and after he had seen the sights of New York he was asked by an acquaintance what he thought of the town. "Stranger," he replied, "I'm convinced that this is a permanent camp."

The same may be said of Tonopah. It is steadily gaining in length, breadth and depth, with no one possessing the temerity to say that the extent of the mineralized formation will be determined within the next decade. The overburden caused by erosion is so heavy that the only means of exploring the region is by deep shafts, and even those farthest to the east and to the west have assurance of picking up the ore. It is little wonder that people are planting trees for the benefit of the next generation.

Now that Tonopah has had its first fall of snow for the season, the fly swatters might be used upon the pneumonia germs.

FRENCH AND BRITISH EMBASSIES PROTEST

(By Associated Press.) WASHINGTON, Oct. 3.—A strong protest has been made to the state department by the French and British embassies against the action of the Carranza government in Mexico in seizing the assets of British and French banking institutions in Mexico City. The banks closed as a result of the Carranza decrees and

it is declared that the interests of the British and French stockholders have been seriously affected. The state department has not given any indication of what it will do, but it is believed that the protests, transmitted first to the American embassy of the Mexican-American joint commission, will be drawn to the attention of the Mexican members.

LITTLE GIRL CHIEF WITNESS FOR DEFENSE

(By Associated Press.) CAMBRIDGE, Mass., Oct. 3.—A 12 year old girl, Dorothy Fox, was the chief witness for the defense in the trial of Albert J. Roper, charged with the murder of his father, Albert Roper, a florist at Tewksbury. On the night of March 1, she said, when the elder Roper was beaten to death and robbed, Bert Roper, as she called the young man, was at the home of her mother, Mrs. Jessie Fox, in the Roxbury district of Boston.

With quiet self possession, the little girl told of playing cards that evening with her mother and the defendant, who did not leave the house until 11 o'clock, she said. According to testimony brought out previously, the murder was committed shortly after 9 o'clock.

CONSERVATIVES KILLED AT MEXICAN ELECTION

(By Associated Press.) MANAUGUA, Nic., Oct. 3.—In a fight which broke out here yesterday during the election of G. Chamerro as president of the republic, Salvador Zelaya, a nephew of former president Zelaya, attacked a group of conservatives, shooting and killing four of them. During the fighting Zelaya himself was seriously wounded, while a number of other persons also were hurt. The police quickly intervened and quelled the disorder.

The four men killed were given public military funerals today, thousands of conservatives quietly following the bodies to the graves.

MILK SHORTAGE IS SUBJECT CONTROVERSY

(By Associated Press.) NEW YORK, Oct. 3.—In the face of a serious milk shortage in this city because of the controversy between the dairymen's league and individual distributors, Health Commissioner Emerson declared emphatically late today there would be no relaxation in the rigid inspection of the supply by his department. He asserted he was more interested in quality of milk than in anything else and that the standard could not be lowered, no matter how acute the shortage became.

CITY IS THREATENED WITH MILK SHORTAGE

(By Associated Press.) NEW YORK, Oct. 3.—New York state farmers have tightened their grip on the milk supply and caused a further reduction in the quantity supplied the city. Farmers are holding the product to compel the big city distributors to pay higher prices. The milk war has spread throughout the state. A serious milk famine is threatened, with a consequent probable increase in the infantile death rate. Reports from all over the state all of thousands of gallons of milk being spilled in combats between dairymen and employes and distributors. Picketing the cross roads in dairy districts, farmers are held up and beaten. Establishment of cheese manufactures disposes of the surplus, resulting in withholding the New York city supply.

ANOTHER BOOST FOR THE PRICE OF SUGAR

(By Associated Press.) SAN FRANCISCO, Oct. 3.—Prices of cane sugar registered another increase to \$7.10 wholesale and \$7.60 retail. The increase is 15 cents higher than the consumer paid 10 days ago, a total increase of 65 cents since September 14.
