HOMER WILLIAMS IMPROVING

Homer Williams, who was injured day before yesterday in the Victor mine, is doing quite well at the Mine Operators' hospital. His mother arrived from the coast this morning.

TEMPERATURE REPORT

Highest temperature yesterday, 41; lowest this morning, 35. Highest temperature a year ago, 46; lowest, 33.

DEATH OF MRS. KEARNS

Mrs. Annie Kearns, a trained nurse, died at 3 o'clock this afternoon at her residence after an illness of only four days. At noon she seemed on the way to recovery. She was aged about 40 years and had been a resident of Tonopah for a long time. Pneumonia was the cause of her death.

Warm up with a glass of hot clam juice or a tomato toner. Where? At the Tonopah Liquor Co. If you prefer something else, ask for it. Adv. 17

TAKEN TO SAN FRANCISCO

Carl Reik, who had his hip broken when he fell from a car at Coaldale several days ago, and who was brought here for an operation, was taken to St. Joseph's hospital, San Francisco, where he was accompanied by Dr. Cox, who returned this morning. The hip bone is broken in several places. It will be several months before Mr. Reik will be able to return.

Location notices in book form at the Bonanza. Price \$1.25.

PROFESSOR CHURCH TO DELIVER A LECTURE

Professor Francis Church Lincoln, director of the Mackay school of mines, will arrive in Tonopah Saturday for the purpose of delivering the first lecture of a series to be given under the auspices of the Tonopah school of mines. The subject of Professor Lincoln's lecture will be "Peru and Bolivia," and will deal especially with the mining industry of those countries. The lecture will be free to the public. The Tonopah school board has kindly given permission to have the lecture held in the assembly room of the new high school building. The public is urged to attend these lectures, and is asked to be on hand at 7:30 Saturday night.

COOPER BROS' SHOW COMES TO TONOPAH

This is circus day in Tonopah and as a result the small boys and girls were released from their school duties, from which they would probably have absented themselves anyway. The big show has its tents pitched at the ball park. There was a performance this afternoon and there will be another this evening. An excellent concert was given at noon. The admission is 75 cents for adults and 25 cents for children. A very creditable performance is given.

Eyes of a Giraffe.

No matter from what direction you may approach the giraffe, the top heavy looking animal is sure to discover you. It has been called the original "rubber-neck." It is not generally known that nature, because of the height of its eyes from the ground, has supplied it with a talent peculiarly its own for making observations. As a matter of fact, a giraffe can see in all directions at the same time without moving its head. The eyes are large and prominent and so placed at the side of the head that, bulging out as they do, they are capable of seeing backward as well as forward.

Origin of the Word "Farm."

The origin of the word "farm" is as follows: In the Saxons' time the estates which the lords of manors granted to the freemen were at first but for a term of years, with a render of a rent, which in those days was of corn and other products. The leases so made were called farnes or farmes, but times ensuing turned the produce into money and terms of years to terms of life and inheritance.—Westminster Gazette.

A Marvel of Chemistry.

One of the most marvelous things is the burning of a jet of hydrogen gas in liquid air. The smoke that arises from the combustion floats off in the air as pure snow, a flame burning brilliantly in the midst of a liquid, with snow given off for smoke!

Unwittingly Kind.

Cholly Ayres—Yes, since the Parkers lost their money I have stopped calling them. Miss Keen—That is very kind of you. It ought to cheer them up a whole lot.—Baltimore Sun.

Good Impulse.

A mere good impulse that does not result in good works is rather worse than useless, for it not carried out in deed it has a reaction instead of an action as its outcome.

Happiness is at least not solitary. It joys to communicate: it loves others, for it depends on them for its existence.

The Villa rumors have at least one fortunate effect—they keep down the Japanese scares.—Pittsburg Post.

FOUR STATES WILL BE GIVEN OFFICIAL COUNT

(By Associated Press.) NEW YORK, Nov. 9.—Charles E. Warren of Michigan, national committeeman of the Republican party, said: "The election depends upon the count in California, Minnesota, North Dakota, New Mexico and New Hampshire. Oregon is safely for Hughes and also West Virginia. The probabilities are that the Minnesota vote will be cast for Hughes, but the official count will be required for North Dakota, New Mexico, New Hampshire and California before the result in those states is definitely known."

CHARGES OF TAMPERING WITH BALLOT BOXES

(By Associated Press.) FARGO, N. D., Nov. 9.—Charges that attempts are being made to tamper with the ballot boxes in several precincts in western North Dakota were laid before United States District Attorney Hildreth this afternoon by United States Marshal Doyle. Hildreth said he will begin an immediate investigation.

VALUE OF BORIC ACID.

Its Use as a Disinfectant and as a Healing Remedy.

A physician writes to Farm and Fireside saying "that the very best disinfectant known to science does not seem to be known to some people at all."

"I allude to boric acid or, as some people call it, boracic acid. It is exceedingly efficient, safe and economical. It is a white powder and makes the best dressing for wounds that modern doctors have ever discovered."

"In using peroxide or hydrogen it is always necessary to remember that while it is a disinfectant it is not a healing remedy at all, as it is acid in reaction and stimulating rather than healing to wounds."

"Boric acid is mild and safe in its action, promotes rapid healing of wounds, can be used as a dressing powder or dissolved in water as a cleansing solution. Boric acid in solution makes an excellent gargle for sore mouths or a lotion for sore eyes, and as it is not at all expensive a pound box of it should form part of the domestic supplies of every family."

"Always remember that boric acid is nonpoisonous in any ordinary quantity usually used, while bichloride of mercury and carbolic acid are exceedingly poisonous."

ANCIENT PROBLEM SOLVED

(By Associated Press.) KARLSRUHE, Baden, Nov. 9.—The authorities of the grand duchy of Baden have found a welcome solution to the problem that has long bothered them of how to address women whose fiancés have been killed in the war and who regard themselves as wedded even though no ceremony ever took place.

By order of the grand duke to the ministry of justice such women are entitled to call themselves and to be called "Frau" instead of "Fräulein" if they can establish satisfactorily that they were engaged, with earnest intention of being married, to men who have been killed in the war or who are reported as missing for a specified length of time.

The girl of today is fond of needle-work. She will run the graphophone for hours at a time, provided she has a dancing partner.—Florida Times-Union.

FRAUDS ALLEGED IN CALIFORNIA ELECTION

(By Associated Press.) SAN FRANCISCO, Nov. 9.—Allegations of amazing election frauds in the wet and dry fight in San Francisco were made by Franklin Hichborn, publicity manager for the Anti-Saloon league. If substantiated, Hichborn declares that not only will the entire wet and dry vote of the state be jeopardized, but the national election affected.

PENNSYLVANIA ROLLS UP BIG MAJORITY

(By Associated Press.) PHILADELPHIA, Nov. 9.—As additional election districts are heard from, Hughes' plurality in Pennsylvania continues to grow. Returns from 5649 districts out of 6968 give him a plurality of 169,839 over President Wilson, of which 125,463 were contributed by Philadelphia and Allegheny county, which takes in Pittsburg. The total figures for the 5649 districts are: Wilson, 419,225; Hughes, 589,064. Returns from the congressional districts, which, however, may be changed by the soldier vote, show that neither the Republicans nor the Democrats made any net gain among the congressmen elected.

CARSON MAN DIES IN RENO

Word was received yesterday of the death in Reno last Sunday of Morris Quinn, well known in this city, and who years ago resided here. He has been ill for many years and his death comes to relieve great suffering.

Mr. Quinn leaves one son, William, who was born in Carson City. The remains will arrive here for burial on Wednesday and will be taken from the train to the Catholic church, where a high requiem mass will be celebrated and he will be laid to rest in the Catholic cemetery. The deceased was about 70 years of age.—News.

PROHIBITIONIST LEADING

(By Associated Press.) TAMPA, Fla., Nov. 9.—With returns from 50 out of 52 counties received, S. J. Cats, prohibition independent candidate for governor, has 26,610 and W. V. Knott, Democrat, 21,958 votes.

SMALL REPUBLICAN MAJORITY

(By Associated Press.) CONCORD, N. H., Nov. 9.—Complete returns from the state give Hughes a plurality of 161, according to an unofficial announcement by Edwin Bean, secretary of state.

VOTE IN SAN DIEGO

(By Associated Press.) SAN DIEGO, Cal., Nov. 9.—Two hundred and eleven precincts complete out of 220 in San Diego county and city give: Hughes, 16,734; Wilson, 16,546.

BIG TURKEY SHOOT

A. Shelly, who conducted such a successful turkey shoot last season, will come to Tonopah again this Thanksgiving with 500 of the biggest and fattest turkeys that ever hit the town. Vail Pittman is barred from winning over thirty in one day. Adv. N6-17

DISSOLUTION NOTICE

The undersigned did on the 4th day of November, 1916, sell the business known as the Midway saloon to John Hill and John Frayne. On and up to that date all bills will be paid and all accounts collected by the undersigned, for none of which he is responsible after that date. (Signed) DENNIS HILL, Tonopah, Nev., Nov. 6, 1916. FOR SALE CHEAP—No. 7 Remington typewriter, nearly new; also oak bedstead and springs, in good condition. Inquire at Bonanza. Try a small adlet in the Bonanza.

AMUSEMENTS

BUTLER THEATER The feature tonight at the Butler is Lucille Lee Stewart in a Vitagraph Blue Ribbon production entitled "The Destroyers," the picture which was booked here last week but missed train connections. It is taken from the novel, "Peter God," by James Oliver Curwood, and is crammed with fulsome interest and dynamic action. From the ease of society to the ruggedness of snow lined woods comes a girl to look for "Peter God." How she falls in love with the royal mounted guard, then finds "Peter God" as a hermit, smitten with the "red death," and nurses him back to health and love, makes for a high voltage photoplay with the swift moving, clipity-clip of a dynamo and with the full pulsed invigoration of the snow touched pine. It is a picture that to see it is to talk about it. One which you will not forget.

The preliminary real is Pathe News, with all the current events of the day from all over the world. Tomorrow, Theda Bara, in "Her Double Life," one of the best productions in which she has ever appeared.

Now that the election is over, after a clean fight by all of the candidates for the office of constable, and I was defeated, I wish to thank all of the good people of Tonopah, whether they voted for me or not, for the manner they have treated me in the past, and I hope that our friendship (outside of politics) will continue to exist. Adv. 11 W. B. EVANS.
