NOVEMBER MAKES A WEATHER RECORD

The sudden change of temperature that descended on Tonopah Saturday morning kept on increasing until at daylight this morning the mercury at the government station registered 6 above zero. Sunday morning the coldest was 8 above, accompanied by a bitter wind that intensified the frigidly. The highest reading Sunday was 24. The weather bureau does not anticipate any quick change, for the prediction today forecasts continued coldness.

It was generally predicted that there would be more contests over questions affecting different branches of organized labor than ever before in the federation's history.

Close examination by the weather observer disclosed that this was the coldest November morning experienced in Tonopah since November 3, 1906.

Reno Outweighs Tonopah But Only Scores 3 Points

No more credit could be given the Tonopah football team had they won the game from Reno on Saturday than is due them for the plucky and strenuous fight they put up against big odds in holding the Reno team to a score of but three points.

the Reno man is playing at least his third season. The Reno team had the advantage of about 30 pounds average to the man and, as the high wind prevented the Tonopah team from making use of the open plays and forward passes with which they expected to win the game, the game had to be played with hard line hudding, in which, naturally, the advantage lay with the heavier team.

Reno team succeeded in getting the ball to within a yard or two of the goal, only to find themselves confronted as by a stone wall, with no possibility of putting the ball across for a touchdown. The same happened when the Tonopah team was apparently within easy distance of a touchdown. The scramble would bring the ball close to the goal on one end of the field and in turn

ROBUST SUBMARINE POLICY A SEQUEL TO WILSON'S RE-ELECTION

(By Associated Press.) WASHINGTON, Nov. 13.—President Wilson came back to Washington last night, ready to take up public problems, and to begin framing plans for his second term in the White House. He had been away two months.

of the belief of some officials that the situation is serious. The president has made it clear that the policy towards submarine warfare laid down in the notes to Germany concluding with the correspondence on the Sussex case will be followed strictly.

A cheering crowd packed the railroad station and waited outside in a drizzle of rain to welcome the president.

Mr. Wilson probably will have another conference in the near future with James W. Gerard, American ambassador to Germany.

The president also will take up consideration of the Mexican situation promptly. He has been getting frequent reports from Secretary Lane, chairman of the American section of the Mexican-American commission, meeting at Atlantic City, and will now give the question detailed study.

Secretary Lansing is expected to lay before him a summary of recent developments collected at the state department, dealing particularly with the Marina, Columbian, Arabia and Laneo cases. No secret is made

INJURY TO AMERICANS ON SUBMARINED SHIPS PRESENTS GRAVE QUESTION

(By Associated Press.) WASHINGTON, Nov. 13.—Secretary Lansing laid before the president a summary of the information regarding recent submarine attacks on vessels carrying Americans, but it is reported that sufficient evidence has not yet been received whereon to base action. While state department officials regard the submarine situation serious, no decision has been reached as to whether Germany violated the pledges given the United States after the Sussex attack.

PREPARING TO COUNT CALIFORNIA RETURNS

Republicans Hope to Split Vote and Gain One or More Electors in Final Show Down

(By Associated Press.) SAN FRANCISCO, Nov. 13.—The official count of California's vote in the presidential election will begin tomorrow and steps have been taken not only to expedite the enumeration, but to insure its accuracy.

will be before the board of supervisors in each county. In San Francisco, city and county election returns will be handled by the election commissioners, and in Los Angeles county by the registrar of voters.

Both the Democratic and Republican state central committees have engaged checkers and attorneys to scrutinize the county of each tally sheet.

The Republican state central committee is busy getting in figures of the individual votes of all electors, in the belief, it was announced, that at least some of the Republican electors might be found to have enough votes to qualify for the electoral college.

Under the direction of the state committees, the county committees will have charge of the scrutiny, and last night all preparations were reported complete.

With seventeen isolated precincts still unreported, the vote stands: Hughes, 462,828; Wilson, 466,106. The missing votes, it was generally believed, will not materially change President Wilson's majority of 3278.

Except in San Francisco and Los Angeles, the count of the tallies sent in by the precinct election officials

ONE MAN WAS BURNED TO DEATH IN HOTEL FIRE AT GOLDFIELD

One man was burned to death and several were seriously injured at a fire that started in the Commercial hotel, in Goldfield, this morning shortly before daybreak. The dead man was C. A. Kearns, a miner who recently arrived in camp from some outlying point. He was not generally known and until his history is looked up it is impossible to state where his family or relatives reside. Manager Olds, who formerly kept a commission house, and who had the Com-

mmercial hotel under lease, sustained bad burns while rescuing his family. The origin of the fire is in doubt, but the universal opinion is that an oil stove exploded. When the fire department reached the scene nothing could be done except to prevent the flames spreading to adjacent buildings. The Commercial hotel was situated on Columbia street, one block south of the Goldfield hotel, and was a cheap wooden structure erected in 1906. The loss is estimated at \$5000.

NERVY VOYAGE OF A SMALL TUG

BURKE COCKRAN TO DEFEND DYNAMITERS

EMINENT NEW YORK LAWYER TO CONDUCT DEFENSE IN SAN FRANCISCO

(By Associated Press.) SAN FRANCISCO, Nov. 13.—Bourke Cockran, the noted New York lawyer, will defend without charge five persons indicted for the murder of ten victims of the preparedness bomb explosion.

"One of the most extraordinary voyages ever made across the Atlantic has just been completed by the Vigilant, a small American tug, belonging to New York and bound from St. Johns, N. F., for Cardiff. Two days out from St. Johns, which she left a week ago last Sunday, the Vigilant experienced terrific weather, and on the fifth day sent out a 'S.' calls, the captain fearing she would founder. The Holland-American liner Ryndam picked up the signals and proceeds to her assistance. "The captain and twelve of the tug's crew were taken off by the Ryndam, which was bound for Rotterdam, but three men refused to leave. They were the second mate, Robert Ferguson, a Scot; the third engineer, Thomas Walsh, an Irishman, and an American fireman named John Smith.

It is said Cockran agreed to hand the defense by request of a New York society women after reviewing a transcript of the trial which resulted in conviction of Billings, who was sentenced for life.

"Taking control of the ship, these three men overcame tremendous difficulties and actually succeeded in bringing her within sight of the Irish coast, where they were picked up by a British patrol vessel. Ferguson was locked in the wheelhouse and the other two in the engine room. The terrible weather prevented them moving and they remained at their posts for fifty hours, without food, water or sleep. Several parts of the ship were smashed in the gale, including the shaft of the dynamo in the engine room. This caused the tug to be in total darkness by night and added to the terror of the situation."

There are a few precincts to hear from and practically all of the second and third regiments.

WAITING FOR THE OFFICIAL COUNT

HUGHES AND WILLCOX WILL TAKE VACATION AFTER OFFICIAL COUNT

(By Associated Press.) NEW YORK, Nov. 13.—Charles E. Hughes and William Willcox, chairman of the Republican national committee, plan to remain in New York for a week or more to await the result of the official count of the vote in California. It was announced last night. Once the official count is finished, they expect to take a vacation. Mr. Willcox said. The national chairman called upon Mr. Hughes at his hotel this afternoon. Later Mr. Willcox said: "We are in the same position as we have been since election night. We want an official count in California to assure the re-election of Mr. Wilson, before we are willing to concede defeat. Far be it from us to deprive President Wilson of one single vote properly cast for him."

ST. PAUL, Nov. 13.—Yesterday's corrections left the Hughes plurality in Minnesota at 260. The total vote was: Wilson, 178,548; Hughes, 178,998. Fairbault county soldiers favored
