PEACE NEGOTIATIONS MAY BEGIN DURING WINTER

Hungarian Statesman Authorizes Statement That Prospects of an Early Settlement Are Fair

PROPHECY INSPIRED IS POPULAR BELIEF

Count Apponyi Says That the United States May be the Means of Suggesting Terms

(By Associated Press.)
BERLIN, Nov. 13 (Delayed in transmission).—The opening of peace negotiations may perhaps be expected with fair prospects of success during the course of the coming winter, according to Count Albert Apponyi, the veteran Hungarian leader and former Hungarian premier.
Apponyi, who is visiting Germany to deliver addresses on Hungarian history, expressed his views in an interview given to the Associated Press, wherein he discussed the general European situation.
Count Apponyi was asked if he thought the start of peace discussions should come from within the camps of the warring powers or whether the outside impetus in the form of a tender of the good offices of a neutral power would be necessary. He replied he saw no reason why neutral mediation should not be welcomed when the opportune moment to which he referred should arrive, and added he knew no reason why President Wilson should not be acceptable as an intermediary.

BLOWING UP OF THE COLUMBIAN PROVES INTENTION OF THE GERMANS

(By Associated Press.)
CORUNNA, Spain, Nov. 15.—When the crew of the American steamer Columbian landed here they were accompanied to their hotel by a great crowd of people. The sailors told interesting stories of the attack upon their ship, which was shelled and sunk off the Spanish coast by a German submarine.
The captain of the Columbian was at dinner when he heard the first gun; it sounded remote. At the time the Columbian was making eleven knots. Suddenly a shell passed over the ship.
Captain Curtis, on the bridge, soon afterwards distinguished a submarine four miles distant. He ordered the American flag hoisted. The submarine, which was the U-49, approached and signalled the captain to follow the submarine, but not to approach it nor attempt to escape, as he would in either case be sunk.
All on board the Columbian put on life belts. The captain prepared to send his first officer by boat to the submarine with documents and a demand that the American flag be respected, but the sea was too high and the trip too hazardous. The Columbian followed the submarine throughout the night, being guided by rockets, which also were sent up from time to time by the Columbian.
Towards 6 o'clock in the morning, six American seamen manned a boat and went with a petty officer to the submarine with the object of explaining that it was an American ship. They were not allowed to explain, but were ordered to take on board.

WILL SPEND WINTER OVER THE BORDER

NO WITHDRAWAL OF PERSHING'S TROOPS CONTEMPLATED BY WAR DEPARTMENT
(By Associated Press.)
SAN ANTONIO, Texas, Nov. 15.—Major General Funston said last night that no orders for a new disposition of troops of the expeditionary force in Mexico have been issued. Nothing at headquarters indicated that an early withdrawal of General Pershing's command is contemplated.
Officers pointed out that presence of American troops in Mexico serves to minimize the danger of border raids. It is the opinion of military authorities that Villa can hardly risk a move against the Big Bend country while Pershing's men are on duty because of the ease with which his retreat back into Chihuahua could be cut off.

SUBMARINE IS TESTED FOR UNDERSEA TRIP

LONGEST STAY UNDER WATER AT HER DOCK WAS FOR HALF AN HOUR
(By Associated Press.)
NEW LONDON, Conn., Nov. 15.—Three submergence tests for the German undersea freighter Deutschland were held at her pier yesterday, and according to her officers they were entirely successful. On one test the submersible completely disappeared from sight, not even her mast showing. Her longest stay under water was half an hour.

GOVERNMENT TO DEFEND THE LAW

ADAMSON BILL WILL BE FOUGHT FOR TO FINISH BY JUSTICE DEPARTMENT
(By Associated Press.)
WASHINGTON, Nov. 15.—Attorney General Gregory has decided that suits against enforcement of the Adamson law will be defended by the department of justice. The defense presented in each case will be worked out between Solicitor General Davis and other department officials with United States attorneys of the various jurisdictions.
The department is unable to determine whether it will be necessary to defend each of the many suits already begun or whether the railroads will be content to make a test case in one suit. No word has reached the attorney general from the railroads suggesting such a course. If such proposal is not made each suit will be defended.
Departmental officials in charge of the defense stated that no offers had been made by the attorney general about making a test case of any particular suit. They pointed out that the granting or refusing of a temporary restraining order by one federal judge would not be binding on another federal judge of equal rank and that its force would only be argumentative.

ITALIANS WIPED OUT BY CANNON

LAST MAN OF BRIGADE ANNIHILATED BY AUSTRIAN FIRE IN ISONZO REGION
(By Associated Press.)
BERLIN, Nov. 15.—The Overseas News agency made public the following:
"Vjenna reports that the tremendously heavy losses of the Italians in their last offensive in the Isonzo region have been confirmed. The village of Castagnievizza saw the most tenacious fighting of the Austro-Italian war. Extraordinarily efficient artillery fire annihilated nearly the last man of an Italian infantry brigade, and an Alpine battalion.
All Italian reports recognize that the hostile artillery fire was of imposing exactitude and formidableness. Especially was this true of the counter-drum-fire of the Austrian artillery during the night battle about Castagnievizza. This counter-drum fire compelled the Italian troops to retreat from this zone, which was covered by about 200 machine guns.
"The Italians lost about 15,000 men at Castagnievizza."

CALIFORNIA IS STILL FIGURING ON THE PRESIDENTIAL RETURNS

(By Associated Press.)
SAN FRANCISCO, Nov. 15.—As to whether the highest vote for a Republican elector in California was greater than the lowest vote for a Democratic elector, is about the only question of interest to California politicians. If this should prove to be the case, the state's delegation in the electoral college may be split. The Republicans admittedly unearthed nothing in the course of the day for or against such a prospect.
Sidney M. Van Wyck, Jr., chairman of the Democratic state campaign committee, worked all day bringing in reports from all counties in the mountains where the county clerks had finished their counts and also succeeded in getting one or two fair sized counties. His total for 20 counties showed that the totals for the lowest Democratic elector in each county added 6468, or more than the totals for the highest Republican elector in the same counties. This count would show, when completed, the Wilson electoral vote at its lowest ebb, Mr. Van Wyck said. That is to say, if the lowest Democratic totals are finally ahead of the highest Republican totals, a solid delegation in the electoral college is assured.
If the highest Republican totals exceed the lowest Democratic totals this will not necessarily indicate that any Republican electors win, because the lowest Democrat and the highest Republican are not the same in all counties.
Republicans and Democrats alike manifest surprise at rumors, traceable in all cases to the east, that a considerable error had been found somewhere in the state in counting the votes.
"The mistake as reported would have to be in San Francisco, Alameda and Los Angeles counties," said Mr. Van Wyck. "It is in none of them, and, so far as we have been able to learn, it does not exist. The final count will show no material change."
Reports from Republican headquarters were similar.

Thanksgiving Set For November 30 Largest Terminal In the Country

(By Associated Press.)
WASHINGTON, Nov. 15.—The usual Thanksgiving proclamation will be issued by the president within the next few days. The president said he would designate November 30. Because of the closeness of Christmas there was a movement to set the observance for an earlier date.
(By Associated Press.)

HUGHES IS SAFE IN MINNESOTA

LEAD INCREASING, RETURNS OF BACK COUNTIES MAKING RESULT CERTAIN
(By Associated Press.)
ST. PAUL, Minn., Nov. 15.—The Hughes lead in Minnesota suffered many changes yesterday, but last night stood at slightly more than 1000. Returns came slowly into the capital and there were several differences between them and the unofficial returns previously published. There was a consistent gain for Hughes in the afternoon figures. The vote, after a complete re-check, stood: Wilson, 178,260; Hughes, 179,264. Hughes' plurality, 1004.
Added sheets from the county auditors are expected today at the state house and will be unofficially gone over. Kellogg, Republican, in the race for United States senator, is ahead of Lawlor, Democrat. The vote: Lawlor, 83,660; Kellogg, 161,922; Calderwood, 58,893.

AMPHITHEATER WILL SEAT 76,000 PEOPLE

BIGGEST CROWD EVER ASSEMBLED AT FOOTBALL GAME EXPECTED BY YALE
(By Associated Press.)
NEW HAVEN, Conn., Nov. 15.—Five thousand additional seats are being erected at the Yale bowl, which will bring the total seating capacity up to 76,000 for the Yale-Harvard football game here on November 25. The normal capacity of the amphitheater is near 62,000. More than 8000 new seats were erected two weeks ago, and the latest addition now makes it certain that the classic will be witnessed by the greatest crowd ever assembled at a football game in America.
In view of the fact that more than 100,000 applications for seats have been received, the Yale ticket office announced last night that in order to satisfy as many as possible, non-graduates of Yale will receive only two tickets, instead of four as originally planned.
