Fifteen Bodies Brought Out and Fire Reported Under Control

CONSCRIPTION BILL SURE TO PASS BOTH HOUSES

(By Associated Press.) WASHINGTON, D. C., April 28.—The administration forces won over three opponents of conscription in the house, voting 279 to 98 to strike all volunteer amendments from the measure.

be made up to the 19-year class. Representative Mondell predicted that in conference between the two houses, the age provision would be put back to between 19 and 25.

Voting on the army bill the senate adopted a drastic prohibition amendment making it unlawful to sell or give liquor, wine or beer to any officer, or man in uniform, or knowingly to furnish liquors to any person in the army.

TODAY AND A YEAR AGO. Official readings of the thermometer by the United States observer at Tonopah. Table with 2 columns: Time, 1917, 1916.

DISASTER DUE TO AN EXPLOSION RESCUE CREWS WORK FRUITLESSLY FOREIGN PLOTTING INVESTIGATED

(By Associated Press.) TRINIDAD, Colo., April 28.—There was no escape for the 120 or more men caught behind the fire in the Hastings mine of the Victor-American Fuel company near Ludlow, and it is believed all have perished.

reported the fire out. President Bartlett, of the Victor-American company, said he believed that some men had a chance for their lives because several among the trapped miners were trained in rescue work.

(the burning mine hangs over the canyon. Above the workings where the men were entombed is a level with an abandoned tunnel that has been afire and smouldering for several years but which is sealed. Air ducts run in to the slope where the men were trapped.

MORNING GLORY MINE EXAMINED BY WELL KNOWN MINING ENGINEER

Mr. Forest B. Caldwell, graduate engineer of mines, who visited Manhattan about three weeks ago and looked over the district, has returned and after a second careful examination of the more important properties in Manhattan, has become associated with the Manhattan Morning Glory Mining company as a director and consulting engineer.

Mr. Caldwell advises that he found the hoist working on the Morning Glory shaft and that the force had reached a depth of 40 feet and expect to reach ore within a short time. He also advises that a second old shaft, now down on Morning Glory ground on the White Caps vein 70 feet, all of which is said to have carried values from low-grade up to \$17 a ton, is now being prepared for sinking.
