

# BOILERS FOR POWER COMPANY MAROONED BY BIG UTAH FLOOD

The Nevada-California Power company is one of the victims of the big flood that destroyed a large portion of the Price branch line of the Denver & Rio Grande railroad and the construction of the new addition to the local service will be delayed indefinitely. The company bought two Babcock & Wilcox boilers from one of the coal mines operating in the upper end of Carbon county with stipulation for early delivery. The boilers should have been received in Tonopah a week ago at the latest, but a searching inquiry elicited the fact that they had not been hauled away from the branch line and now stalled somewhere between Colton and Price, Utah. The distance between these points is about 60 miles and every effort will be made to secure temporary arrangements by which the material can be pushed forward as quickly as running conditions are restored sufficiently for the slow moving of traffic.

R. E. Manifold, engineer of the Nevada-California Power company, came in yesterday from investigating the condition of the tracks and reports that it will be impossible to get the boilers released before another two weeks. He says that nine miles of the main line have been washed out and that the branch line is completely out of business. Between Kyune and Castle Gate there are nine breaks. One of these is a double track steel bridge where the rails are left forming a suspension track but it will take until July 10th before traffic will begin to move. The branch is a double track

line and the smelters are urgent in their calls for fuel since they are confronted with the possibility of blowing out their furnaces which would entail a great loss not alone to the smelting concerns but would paralyze the mining industry. It is estimated that it will be at least three weeks before the boilers arrive here but, in the meantime, the power company will go ahead with the balance of the improvement so that nothing will remain but to place the boilers in position and make the connections. A huge tank with a capacity of 400 barrels which was bought from the Pittsburgh Silver Peak Mining company will be installed and the pump line to the railroad tracks constructed. The tank is 20 feet in diameter and 12 feet high.

## SUPRISE SPRUNG ON STOCKHOLDERS

STOCKHOLDERS OF MANHATTAN AMAZED BY ACTION OF THE DIRECTORS.

After the lively trading Saturday during which close to 100,000 shares of Manhattan Con. changed hands at advancing prices a bomb was thrown in the ranks of the friends of the company by the announcement that the directors had resolved to place before the stockholders an amendment increasing the capital stock to 2,000,000 shares. The surprise was all the greater since it is only a short time ago that the management declared it was well financed for bringing the mine into a producing state and the further fact that the company is organized on an assessable basis and the directors could have levied an assessment if funds were required to carry the development. The majority of stockholders is said to be opposed to any increase and proxies are being called for to resist the effort. Messrs. Mangum and Miller, who represent the new interest in the company have been urged to come here and explain matters. They will arrive not later than Thursday. In the meantime the drift is in 18 feet on the footwall highgrade.

## FRANK LORENZO BURIED BY ORDER OF MOOSE

At the funeral services yesterday for Frank Lorenzo, held at Eagle's Hall, many fine floral offerings were in evidence. The L. O. O. M. feel keenly the loss of their brother who has lived in this silver camp but a short time, coming from Angels Camp, California. The services were conducted by the local Loyal Order of Moose, Dict. Belmont, presiding. Prelate Gregovich delivered the eulogy over the casket. The funeral cortege left the hall at 5:30, the casket being escorted by the following brothers as pallbearers: Butson Gregovich, Ford Stokes, Starr, and Ruppe, to the cemetery where the last rites were paid to the departed.

## STOCKS

NEW YORK, July 2, 11:04 a. m.—Midway, 9-10; Manhattan White Caps Ex., 24 B; Merger Mines, 5 B; West Tonopah, 17 1/2 B; Kewanas, 13 1/2 A; Manhattan Con., 37 A; Cash Boy, 7 1/2 B; Atlanta, 10 B.

NEW YORK, July 2, 11:55.—Manhattan Con., 35 A; Merger Mines, 5 B; Monarch, 7 B; McNamara, 31 A; Belmont, 44.25 asked.

## WEDDING POSTPONED WHILE WAITING A DISPENSATION

(By Associated Press.) NEW YORK, July 1.—The marriage of Kingdon Gold and Miss Annunziata Camilla Maria Lucel, an Italian artist, to have taken place this morning, was postponed because the dispensation had not arrived. Gould is a Protestant and Miss Lucel a Catholic.

## BIG FIRE IN GOLDFIELD.

At 7 o'clock last night a fire in the southern end of Goldfield back of the restricted district burned four houses located on First street.

## MEAT MARKETS CLOSE.

The meat markets will be closed all day the Fourth and will only be open till 11 a. m. on the 5th. There will be no delivery of meats either day.—Adv. 12-3.

Granulated Eyelids, Eyes inflamed by exposure to Sun, Dust and Wind quickly relieved by **Murine Eye Remedy**. No Smarting, just Eye Comfort. At Your Druggist's 50c per Bottle. **Murine Eye Salve** Tubes 25c. For Book of the Eye Treatise Druggists or **Murine Eye Remedy Co.**, Chicago

## DRILLING RULES SLIGHTLY CHANGED

At a meeting of the drilling committee held last night the following rules were adopted to govern the contest: Drawing for place, 7:30 p. m. Tuesday night at H. R. Grier's office.

Time—Eight minutes, including connecting air and water. This account of the large number of entries and danger of some contestant drilling through the rock.

If any contestant drills through the rock he will drill in new hole assigned by the committee.

All drilling to be done continuously in one hole.

Drill—Each contestant is allowed 10 minutes to pull his drill after time is called.

Coach—Each contestant is allowed one combined coach and time-keeper who shall not be allowed to touch either the machine or any part of the outfit while drilling.

Hole—Each contestant shall blow out his own hole.

Drawing—If any contestant is not present to draw when his name is called the committee will draw for him.

Contest will start sharply at 9 a. m., July 4th, and 10 a. m., July 5th, on account of the large number of entries.

## RUSSIANS RESUMING

(Continued from Page One.) sky. minister of war, has telegraphed Premier Lvoff that the Russian revolutionary army resumed the offensive July 1st when it captured Konluchie, an the Galician front with 164 officers and 8,400 men.

(By Associated Press.) WASHINGTON, July 1.—Russian Minister of War Kerensky informed the United States three weeks ago that a big Russian offensive would take place the first part of July. Secretary Lansing stated that the Russian successes were very pleasing, and indicated that Kerensky had succeeded in reorganizing the army. The soldiers of new Russia have assumed the aggressive. For the first time since the revolution last March, Russian troops have begun an attack on an extensive scale. Along a front of 18 1/2 miles in the region of Brzezany, Galicia, Russian troops have stormed the German positions. Berlin says the Russians suffered heavy losses and were compelled to retire before the German fire. The attack was made in the section south-east of Lemberg, where the artillery fire has been heavy recently.

The Russians also made night attacks on both sides of Brzezany and near Zwyn, and Berlin reports assaults between Ziota Lipa and the Narauyka. The artillery arm of the Russian forces has been active and from the Berlin report it is learned that an intensive duel has been in progress from the region of Brzezany to as far northward as the middle Stokhod in Volhynia, a distance of about 175 miles.

Brzezany is one of the keys to Lemberg, the Galician capital. Berlin declares the Russian attacks, which it said were powerful, were brought about through the pressure of the leading entente powers.

Field Marshal Haig continues to tighten his grip on Lens. On the north bank of the river Souchez, British troops have captured German positions on a front of half a mile southwest and west of Lens. The British army during June captured 8656 German prisoners, in-

## ALL SUNSHINE RECORDS ARE BROKEN IN JUNE

TONOPAH GOT ALL THAT WAS COMING IN THE WAY OF SOLAR SPLENDOR.

The weather report for the month of June established a record for this station by registering 98 per cent sunshine with a total of 424 hours or over 14 hours a day of unadulterated sunshine. The previous high sunshine record was 96 per cent for June, 1910. The highest temperature for the month was 89 on the 17th and the lowest 35 on the 12th. The mean for the month was 67 compared with a normal mean of 60.2. The highest maximum for the month during eleven years was 92 and the minimum for the month during eleven years was 26. There was not a trace of precipitation. The normal for June is .44 leaving a deficiency of 4.76 in the rain fall.

## WEDDING SURPRISE FOR YOUNGER SET

A marriage of interest to Tonopah people took place in San Francisco last Saturday evening, when Miss Carol Coulter, daughter of Mrs. Maud D. Coulter, became the bride of Mr. Waldo D. Waterman. Miss Coulter passed several vacations here during her school days, and also spent last winter here, at which time she was a popular member of Tonopah's younger social set. Mr. Waterman is a son of Mrs. Waldo S. Waterman of San Diego, and at present is serving his government as an instructor in aviation at his alma mater, the University of California. The many friends of the young people wish them every possible happiness for the future. The honeymoon is being spent at the Hotel Clermont, Berkeley.

## FIFTEEN KILLED

(Continued from page one) George C. Fairweather, officials of the Chicago University, reached Milwaukee today and identified two students who lost their lives. Many of the injured were students from the University on their annual outing. Different versions were given as to the cause of the accident, but all agreed that the primary cause was the exceptionally strong current sweeping the Milwaukee river from the Menominee due to recent heavy rains.

## BOB CHRISTIAN LAID TO REST IN GRAVE

One of the largest funerals seen in Tonopah was that held yesterday afternoon from Elks Home where the final obsequies over the remains of the late Robert Christian were conducted. The large assembly room of the order was filled to capacity while the bier was covered with garlands of the most fragrant flowers. The exercises were simple, consisting chiefly of the ritual of the Elks. This was followed by a brief prayer by Rev. Harlan Bailey who took occasion to extol the humble character and unflinching kindness of deceased. After the exercises the body was escorted to the automobile hearse and, followed by an immense string of autos, taken to the cemetery for interment. The pall-bearers were J. J. McQuillan, Dan Robb, W. J. Douglass, Ross Condon, Joseph Gori and Edward Brown. The funeral was under the joint auspices of the Elks and Knights of Pythias.

### PERSONAL

BOB GOVAN returned from San Francisco this morning looking very much improved.

JEROME B. HIGGINS of Rawhide, was among the arrivals this morning.

MISS MARGARET SHIELDS is home from Reno after an absence due to legal business.

JOHN CONNOLLY, of the Kawich Cattle company, was a passenger this morning for San Francisco.

STEVE A. MAY, who has been working at the Lost Burro, came in from the mine this morning.

F. G. WATERHOUSE, general manager of the Nevada Tel. & Tel. Co., arrived this morning from the coast.

MRS. LENORE SOLLENDER-HANBY left this morning for Los Angeles where she goes to make her future home.

SENATOR AND MRS. J. WESLEY STEWART left this morning in their new Hudson speeder for Bridgeport, Cal.

WILLIAM BUTLER, representing the Wittenberg interests at Manhattan, was a passenger this morning for the coast.

FATHER DIES will leave for Salt Lake next Friday morning to attend the retreat of the priests of this diocese which will occupy the whole of next week.

LOUIS K. KOONTZ, the Manhattan mine operator, came in from that camp last evening with a bunch of optimistic reports concerning the outlook.

JACK SCHWEBLE arrived this morning from Los Angeles where he was called to report on a copper property at Ray, Arizona, where he says it's too hot to breathe.

JOHN DYNAN, mine superintendent, and bride, returned home Saturday and are at home to their friends in the Victor cottage.

C. P. MASON with his wife and family left at daylight this morning for a cool ride across the desert to Los Angeles as the guests of Rev. Ralph W. Bayless who is going down to bring back his own family.

JOHN G. KIRCHEN, general manager of the Tonopah Extension and Yerington Mountain Copper company, left this morning for Reno where his headquarters will be established for the future.

DENIS NOLAN, who went to Reno a week ago to attend the Knights of Columbus initiation, came in this morning after having enjoyed himself visiting relatives and friends in Carson City and Sacramento.

MRS. FRED NINNIS and little son left this morning for the coast where she will spend her vacation until the coming of Mr. Ninnis several weeks hence.

GEORGE DUGAN severed his connection with the Tonopah Banking Corporation Saturday and left yesterday for his Hot Creek ranch where he and his brother will take care of the business.

RAY ROBB, WALTER THATCHER and WILL PORMAN returned last evening from a fishing trip to Fish Lake valley above Chiatovich's ranch where they caught 42 trout.

MIKE GLOGOVAZ, owner of the Technical market and grocery in Oakland and one of the largest owners of Tonopah real estate, came in this morning from the coast.

### CLASSIFIED

WANTED—To buy modern house, 4-rms., close in. Phone 1174. 915J301F

Grant Lands Locating Co., Box 610, Portland, Oregon. 915J301F

### AMUSEMENTS

**BUTLER THEATER**

The feature at the Butler this evening is a Vitagraph Blue Ribbon production, "Apartment 29", with the popular film star, Earle Williams in the leading role. He sees them in the street. He interferes. Later he finds her dead in her apartment, Apartment 29. He investigates, stumbles over the man who killed her and who killed himself. The finger of guilt of this double murder points directly at him. What can he do? A young girl appears on the scene, then her lover—who demands blackmail. How foolishly he acts. He, the biggest dramatic critic of the city, is utterly lost—while the bewildering events pile on so quickly. Thrill after thrill, suspense upon suspense—and interest-building into a highly keyed climax, make "Apartment 29" a distinctly original photoplay full of spectacular surprises. The preliminary reel will be the latest release of Hearst-Pathé News. Tomorrow, Louise Huff and Jack Pickford, in "Great Expectations", adapted from the celebrated novel by Charles Dickens. In the evening, the carnival entertainment, in addition to the picture program will be given—Hula-Hula girls, Irish comedians, the Cannibal King of Zoo Zoo, and everything that go to make up a real up-to-date carnival show which will be in keeping with the day.

### STREET OBSTRUCTION IMPEDES TRAFFIC

The street carnival which arrived last night this morning began to take possession of Brougher avenue and Central streets without asking permission and to the great detriment of business. Both streets and sidewalks were pre-empted and citizens were forced to go out into the roadway at the imminent risk of their lives. The situation became so intolerable that complaint was lodged with the chief of police, Jack Grant who instantly ordered the boss of the show to tear down several of the flimsy structures. The fellow refused to do as he was told and Jack with one swing of his strong right arm grabbed him and led him off to the bastille. At this juncture District Attorney Harry Atkinson came along but refused to do anything saying there was no town ordinance prohibiting any one from occupying streets. The citizens of the vicinity are alarmed over the possibility of a conflagration as it would be impossible for the fire department to work. Fifteen minutes later Atkinson left for Boston and Chairman Davis called an emergency meeting of the town board and compelled the company to materially change the plans.

### CARD OF THANKS.

I wish to thank the public at large and members of L. O. O. M. No. 974 and especially Bros. Wm. Scully, Department Organizer, Harry Burton, steward, and Wm. Mitchell, secretary, for the interest they took in the burial of our late brother, Frank Lorenzo, of Angels Camp No. 673, L. O. O. M.

C. J. BELMONT, Dictator.

### HOTTEST DAY OF THE YEAR WAS EXPERIENCED YESTERDAY

Yesterday was the hottest day of the year in Tonopah but it was not a marker to what other cities on the coast suffered. The temperature at the maximum was 91 but the evening came in cool with those balmy breezes for which Tonopah is famous and light wraps were necessary for persons sitting out on their porches.

### NOTICE TO PATRONS

Service on all lines of the Nevada-California Power company will be suspended on July 4th between the hours of 8 and 10 a. m. for the purpose of making necessary repairs. J363t
