## MINE OWNERS DONATE \$550

On Monday the laying of concrete for the floor will commence on the bottom where a network of steel rails has been laid to reinforce the cement. The steel rails are the gift of the Tonopah & Goldfield railroad and, since old rails are worth their weight in gold, the committee feels very thankful to Manager W. D. Forster for his kindness. The Tonopah Mine operators have given \$550 to the fund bringing the total close to \$1700.

That everybody may know what the committee has done and what remains to be done, arrangements have been made to have automobiles leave the Mizpah hotel between the

hours of 2 and 4 o'clock free of charge. Any public spirited citizen who feels like loaning their machine to the committee are requested to be at the hotel between the above hours at the hotel between the above hours tomorrow afternoon.

The following subscriptions were received today:

\$5.00 each—Frank Dunn, C. Young, Dr. McLeod, R. B. Sorenson, Win. Foreman, W. H. Stotesbury.

\$1.00 each—W. J. Lynch, Dr. C. J. Richards, J. E. McNamara.

\$2.00 each—Leo Harrington.

Tonopah Mine Operators, \$550. Ben D. Luce, \$24 for cement sacks.

## MATCH GAME OF BASEBALL TO BE HELD ON (MONDAY) LABOR DAY

With the big match game of baseball to entertain the people on the afternoon of September 3rd at the ball park between the Tonopah Extension and Sorenson's Bear Cats, and the big Labor Day parade of all the organizations in the city, Tonopah will have a fine celebration. All the stores and mercantile houses will be closed all day in order to give their employees a much needed rest.

Both ball clubs worked out last night at the grounds and both teams are on edge and eager for the umpire to call at 2:30 p. m.

The game is being played for the benefit of the Nye County chapter of the Red Cross society and while no admission will be charged and everybody is cordially invited to be present and witness the contest, the Red Cross committee will sell tags at 25c each to those who care to purchase them and a good sum of money is anticipated will be raised.

The ladies are now hard at work

sewing and knitting for the boys in the trenches and the money secured for the game will be expended to purchase wools, linens, etc., to be made up into sweaters, gloves, caps, and many other useful articles.

The two ball teams are playing for a side bet of a chicken dinner banquet with all the trimmings and both teams are out to win. The following will be the lineup:

Tonopah Extension: McNeill, catcher; Zenl, pitcher; Murphy, 1st base; M. Pollard, 2nd base; Blaker, shortstop; B. Pollard, 3rd base; Gibbons, left field; Bahor, center field; Carroll, right field; McVey and O'Keefe, substitutes.

Sorenson's Bear Cats: Harvey, catcher; Ismert, pitcher; Abernathy, 1st base; Styles, 2nd base; Lydon, short stop; Gilbert, 3rd base; Pohl, left field; Hallihan, center field; Franks, right field; Dyanan and Butler, substitutes.

## TEACHERS COMING BACK TO CLASSES

This morning's train brought in the first detachment of returning teachers who will preside over the destinies of Tonopah's youth and beauty for the ensuing school term. In the number were Miss Mamie Sullivan, teacher of penmanship and drawing; Miss Grace Russell from Storm Lake, Iowa, who takes the 8th grade; Miss Katherine Murphy, Minnesota, who will take charge of the commercial; Miss Christina Garvin, kindergarten; Miss Rowena Racque, 6th grade; and Miss Georgia Bennet, who will resume her former place in the fifth grade.

## NARCOTIC ADDICTS SENT TO HOSPITAL

Mr. and Mrs. Ben Bowen, two of the worst addicts of the drug habit in Tonopah, were committed to the state hospital at Reno by Judge Averill this afternoon. Bowen and wife had been securing their supply from Goldfield but when the federal agents got on the trail of the vendors and the supply was cut off the physical condition of the patients became so critical that they begged to be sent away for treatment. Their request was complied with. Bowen is a musician of some ability.

## DUCK SEASON OPENS OCTOBER

C. W. Grover, State Fish and Game Warden, advises the Bonanza that in reply to a wire to Congressman Roberts relative to the open season for ducks, he received the following:

"Season this year will open October first and close January 15th."

There seemed to be conflicting opinions relative to the action taken by the department at Washington, fixing the open season for migratory game birds, so to get the matter definitely settled the game warden sent the inquiry with the result above quoted.

## STOCK MOVEMENTS START NEXT MONTH

FIRST CONSIGNMENT OF LAMBS TO BE SENT EAST SEPTEMBER 4

About all the Nevada wool crop has been delivered to the eastern buyers and next comes the movement of livestock, both cattle and sheep. The first shipment will be a consignment of lambs which is to be shipped from the eastern part of the state about September 4 and from that date regular shipments of stock will be going out from different points along both railroads.

From what can be ascertained, about 85 per cent of all the mutton sheep were contracted early in the season and were sold at extremely low prices, when compared with the present high prices of mutton sheep. A large percentage of the lambs were contracted before they were born. The delivery of lambs is to be made next month. A large number of these lambs were purchased by Humphrey & Moffat of Reno and San Francisco, who have made big profits in their lamb deals.

Following the sheep and lamb movements many shipments of cattle will be going out both to California and the east.—Humboldt Star.

## NORMAL WEATHER FOR PAST MONTH

The weather report for the month of August shows very little departure from normal as the mean temperature was 72.4 degrees compared with a normal average of 71.6. The rainfall was .58 of an inch of which .32 of an inch fell on the 12th. The average rainfall for August during the twelve years the station has existed is .44.

## NEW ARMOR MATERIAL FOUND BY ENGINEER

SPECIAL TO THE BONANZA.  
THE HAGUE, Neth., July 1.—The Dutch General staff, as well as one or two foreign military attaches, are evincing considerable interest in a new armor material devised by an inventor here. The principle on which it is based is that of distributing the pressure of projectiles and explosives as rapidly as possible. The armor consists of a system of double plates with more or less space between them filled with a material that is very similar to sand, but is of extremely fine grain and at the same time extraordinarily hard.

## AMUSEMENTS

### BUTLER THEATER

"Her Better Self" with Pauline Frederick today. This is a story of the east, of New York; of surroundings as comfortable as money can procure, of men and women in conventional garb. It is a striking contrast to its predecessor. What is of more importance it is a strong story and also it is finely staged. Pauline Frederick is seen in the role of a well to do young woman who following her engagement to a count, becomes interested in the charity work of a doctor or in him personally, each may make his own guess as to that. With him she goes to a hospital to learn of nursing; she visits the night court, and for him, to save his life she enters a court of higher jurisdiction. It is a straight characterization of a very straight young woman of the social world. It is a strong characterization, too, of a quality for which Miss Frederick is notable. Together with this great feature will be seen that great comedian known the world over and will not need an extra introduction to the picture fans of Tonopah, and today's funny feature, "Behind the Screen," will sure make you laugh some. Tomorrow, Kathryn Williams in "Out of the Wreck."
