THE SWIMMING POOL

For years the people of Tonopah—grown people as well as children—have been without the pleasures of a swimming pool, unless they went 20 miles to Alkali, 60 miles to Soda-ville, or 72 miles to Darrough's springs. The sad death of a twelve-year old boy who hunted out an unkept irrigation reservoir for a swim, woke the people up to the fact that humans as well as ducks must have water. A project was started to "make the kiddies a swimming pool" and as an abundance of pure warm water has been developed by deep mining the grown people wish it to be big enough and elaborate enough that they too may enjoy the pleasures of a well kept swimming bath.

As there can be no purer water than that which comes from a depth of over a quarter of a mile in the earth, heated by nature's heat nearly to blood heat, there is no reason why the people of Tonopah should not have an all year round warm water natatorium.

This idea has grown beyond the

RED FOX VISITS CAMP AT SUNRISE

If you find any chickens missing this morning from their customary roosting place don't suspect your neighbors of making too free with the property of others for there was a red fox in town at an early hour and boldly trotted off home at 6:30 without showing the least alarm. The departure was by way of Central street past the Bonanza office and up past the Jim Butler dump. He was a beautiful specimen of the tribe which is so rare in this section that many believe he escaped from some backyard pen.

NOTICE

To Subscribers to Red Cross War Fund

We are today mailing to each person appearing on our records as a subscriber to the Red Cross War Fund a postcard (with return card attached) stating the amount subscribed and the amount paid up to and including Aug. 31, 1917. Any subscriber who fails to receive such a card will materially assist the Finance Committee by immediately communicating with Mr. J. C. Kind, acting secretary.

DEATH OF VIRGINIA CITY MAN REPORTED FROM BUTTE

Mrs. Thomas Griffin received word this morning of the death of her uncle in Butte, Mont., where he had resided for the past sixteen years since removing from Virginia City where he had been known as one of the old time men of the Comstock. Patrick Quinn, a nephew, lives in Manhattan.

original expectations of the ones who first proposed the "Kiddies Swimming Pool" and the boosters and the committee members are giving much time and study to the project.

The reservoir for this natatorium is 35x80 feet, built of reinforced concrete, to hold 150,000 gallons which will be continuously flowing in at one end and out at the other. There is no natatorium in the state of Nevada that will have any better equipment than this one can have. It is closer to the heart of town than Shaw's springs is to Carson, or Moana is to Reno.

The same lumber that has been used in making the forms will be used in putting a walk and a wall around the reservoir and 40 or 50 dressing rooms in a lean-to can be built all around the wall at a very reasonable cost. This, with a roof over the tank would provide an all year around plunge bath for Tonopah, that any city could and should be proud of.

There is 2800 square feet in the surface of the tank, which when completed with the lumber erected into an eight foot wall around it, will cost about 70 cents per square foot of area, exclusive of the roof and the dressing rooms.

Thus far there has been used about 90 barrels of cement, and this plus the sand, broken rock, lumber, nails, and miscellaneous hauling runs the material cost, including what additional cement will be required for the floor and abutments to approximately \$1250. The labor thus far is nearly \$500, and will be \$250 to build the wall and walk around it. The roof and the dressing rooms will be additional and to this amount should be added about \$700. More money is required to complete the swimming pool and when opened to the public will have no equal in the state Nevada. Send in your subscription—no matter how small—it will help to build the pool.

DAN RENEAR COMES BACK

Dan Renear, formerly of the Nevada state police, and now a moving picture magnate of Los Angeles, where he is conducting three separate show houses, came in by the southern route last evening by auto, accompanied by Mrs. Renear, formerly Mrs. Georgie Cash of this place. The Renears are on a most enjoyable camping trip and after a few days as the guest of the Joe Hoopes family will return to their Los Angeles home by way of Bridgeport and Yosemite.—Reno Journal.

SORENSEN'S BEAR CATS BEAT TONOPAH EXTENSION NINE

The attendance at the ball game for the benefit of the Tonopah Red Cross yesterday was nothing like the audience expected from the sale of tags. The game was a lullless performance in which little interest was manifested and at the conclusion it was announced that Sorenson's Bear Cats had defeated the Tonopah Extension team by a score of 22 to 15.

SHOWS MUCH IMPROVEMENT

Word comes from the coast that Sam P. Davis, whose right leg was amputated a short time ago, is reported to be improving gradually but surely. Mr. Davis is now able to sit up some of the time and is allowed to see his friends.

It is alright to talk about this as the last war, but the point is, when are we going to see the last of it.—Pittsburg Post.

AMUSEMENTS

BUTLER THEATER

Of all the many Paramount pictures in which the talented Pauline Frederick has appeared, perhaps the best suited to her marvelous ability is that in which she plays the title role of "Sapho." It is the story of a butterfly woman, not bad at heart, but through early environment and education, ignorant of the best principles of life. The story of how she fights her way as a model through a long and stormy career and finally turns Red Cross nurse, is portrayed by Miss Frederick in her own masterly manner. The screen Sapho is a character that will be as famous in filmdom as the original has been in literature. This wonderful picture will be featured at the Butler today, with Pauline Frederick in the leading role, and in addition to the picture program, the vaudeville team of the Hippodrome circuit, will appear at the close of the first show, and entertain you in a comedy talking, dancing and musical act.

Tomorrow, Clara Kimball Young, in her big picture "The Easiest Way."

FREE RIDE TO SWIMMING POOL BRINGS HUNDREDS

The free swimming pool jitneys organized by the citizens committee caught the popular fancy Sunday afternoon and hundreds availed themselves of the privilege to visit the new kiddies' plunge. The visitors were amazed at the progress and appearance of the work.

J. A. UHLAND of the Miners' drug store, came in this morning from Seattle, accompanied by Mrs. Uhl and who has been away from camp to gain the benefit of a lower altitude. Mrs. Uhl and is fully recovered.

FRANK J. CAVANAUGH, accompanied by Mrs. Cavanaugh and his daughter Mary and Thomas F. Dunn of Goldfield, motored in from Long Beach, Cal., yesterday. Mr. Cavanaugh's family has been absent since June 15.

MRS. MATTHEW HAUG, mother of Ed Haug, superintendent of the White Caps Extension and Zanzibar companies at Manhattan, arrived yesterday morning and was greeted at the station by her daughter in law and the new baby. Later in the day the party proceeded to Manhattan.

MRS. JOHN W. CONNORS and newly born daughter, wife of John W. Connors of the Bonanza staff, returned home Sunday morning from Oakland, California. She was accompanied by her sister, Mrs. F. E. Thompson. The homecoming and the introduction of papa was made an event for congratulations which occupied the greater part of the day.

NOTICE OF ANNUAL MEETING

Notice is hereby given, that the annual meeting of stockholders of the Belmont Big Four Mining Company, will be held on the 8th day of October, 1917, at the hour of 10 o'clock a. m. of said day at the old Courthouse in the Township of Belmont, in Nye County, Nevada. For the purpose of electing five directors and transacting such other business as may properly come before said meeting.

Dated: August 15th, 1917. FRANCES B. MOTT, Secretary. FRANK W. SPEAR, President.

Wonderful Soda-- That's what they all say

—and why wouldn't they say it? It certainly is the most wonderful soda we have ever seen, and probably the very best soda that can be produced today. That is the reason. First, purity of ingredients, then careful manipulation, then a sanitary fountain and the cleanest and nearest service. That's what makes it good. That should appeal to you, and induce you to meet and treat at our fountain, now and for the balance of the summer. Any flavor you want! all the old-timers, and the newest ones.
