(By Associated Press.) PETROGRAD, Sept. 5.—Russians are continuing to retreat along the coast of the Gulf of Riga and have crossed at Louvan the River Aa.

(By Associated Press.) LONDON, Sept. 5.—A dispatch confirms the capture by Italians of Monte San Gabriele with 950 prisoners including 32 officers.

(By Associated Press.) From Riga to the east of Uxkull the Russians continue in full retreat before the Germans, those from the evacuated port making their way northeastward along the coast of the Gulf of Riga and those from Uxkull and vicinity endeavoring to reach the Petrograd railway line.

Behind them the Russians left Riga partly aflame as the result of the German shells hurled into the town before they departed, while the smoldering ruins of small villages mark the path over which the other contingents have passed, having been set on fire during the retreat.

Along the eastern coast of the Gulf of Riga for a distance of about 80 miles north of the evacuated town German warships are shelling various towns, possibly with the intention of covering a landing of troops whose object would be to cut off the retreat of the Riga army or turn its flank, thereby entirely clearing the gulf shore region and giving Prince Leopold of Bavaria a base, possibly at Pernau, whence to operate overland in conjunction with the naval forces toward Reval.

CHICAGO MAYOR OPENLY ACCUSED BY CITY COUNCIL

LONG SPECIAL SESSION OVER WHICH THOMPSON HIMSELF PRESIDED

(By Associated Press.) CHICAGO, Sept. 5.—Chicago's city council, sitting as a committee of the whole, at the end of a turbulent four hour special session adopted by a vote of 42 to 6 a resolution praising Governor Frank O. Lowden for his action in overriding Mayor William Hale Thompson by refusing permission to the People's Council for Democracy and Peace to meet in Illinois and urging the state's chief executive to prevent any meeting in the future which may be inimical to public safety or disloyal or treasonable to the United States.

This course was made necessary by the fact that there were not enough aldermen present to suspend the rules for the immediate passage of the resolution. The session was held under a heavy police guard with Mayor Thompson presiding.

Mayor Thompson and his friends in the council made a stubborn parliamentary fight to prevent the adoption of the resolution. Mayor Thompson at one time urged the aldermen to take a recess until evening but the majority insisted upon remaining in session until the resolution had been adopted.

(By Associated Press.) LONDON, Sept. 5.—It is officially announced that 11 were killed and 62 injured in last night's air raid when all the victims were found.

SOLDIERS ATTACK MAYOR THOMPSON

POLITICAL DEMONSTRATION IS DAMPENED BY PATRIOTIC OUTBURST

(By Associated Press.) CHICAGO, Sept. 5.—Mayor W. H. Thompson was the center of a menacing demonstration by soldiers this morning as his party was mobilizing in fifty automobiles for a trip to the fair at Kankakee, Ill. Flags of a political nature were torn from his and other machines. Soldiers cried "Slacker" and other epithets. Over a hundred collected quickly but it was all over in a few minutes as a provost guard acted promptly, straightening out traffic.

The demonstrators were members of the Second Illinois Field Hospital corps encamped at Camp Grant on the lake front. Civilians joined in the demonstration. Some held their noses while passing the autoists as if in the presence of a stench.

PATRIOTS APPEAL TO THE PRESIDENT TO EXTEND BATTLE LINE

(By Associated Press.) WASHINGTON, Sept. 5.—A statement issued by the Patriotic Education society urges that the United States should declare war immediately upon Germany's allies, asserting that the German secret service is relying largely upon Austrians and Bulgarians for information from this country and asking "If this is a war of democracy against autocracy, how can we maintain friendly relations with the most despotic of the great empires, Austria-Hungary?"

Instead of refraining from a declaration of war against Austria in order to leave the door open for a separate peace, the society argues, the United States should take a surer road to peace by lending full support in war materials to the great Italian drive through Gorizia.

PHONOGRAPH FOR OBSERVERS USE

(Correspondence Associated Press.) PARIS, August.—The phonograph is proving a useful adjunct to observation officers on duty in the air. These officers, forced to keep their field glasses continually on the positions they are observing, have found considerable difficulty in making notes of details as quickly as they see them. Observation airplanes are now fitted with a registering phonograph into which the officers speak through an acoustic tube. Thus all the points the airman have noted are correctly recorded for future use.
