

KORNILOFF NO LONGER A FACTOR IN RUSSIA

(By Associated Press.)
General Korniloff's rebellion against Premier Kerensky apparently has been quelled. Official reports from Petrograd say Korniloff's headquarters has surrendered and that Korniloff himself desires conditionally to place himself in the hands of the authorities. The government, however, is demanding his abject capitulation. Meanwhile his troops continue to desert and return to the government, declaring they were misled by Korniloff's professed aims. Kerensky has been confirmed by the cabinet as commander in chief of the army and will have as chief of staff General Alexeff, former commander in chief. Added

strength is also expected to be given Kerensky's rule by the appointment of new military officials for the district and city of Petrograd. Although the Petrograd war office early Thursday announced that no official communication had been received from the headquarters staff at the front, late in the day the communication was forthcoming. It indicated that no great amount of disaffection had occurred among the fighting forces, who in the region of Riga, near Sventsiany, and in the Rumanian theatre were vigorously on the offensive and that east of Riga and in Rumania at several points they had won successes over the Teutons.

Near Riga the German cavalry was compelled to retire south of the Riga-Wendon road, while in Rumania a height was captured from the Austro-Germans and more than 400 men made prisoners. German positions south of Sventsiany, which lies between Vilda and Dvinsk, are being heavily bombarded. The situation in France and Belgium continues comparatively quiet except for bombardments on various sectors. In the Austro-Italian theatre the Austrians in another violent assault on Monte San Gabriele have been rewarded with slight gains. Their efforts to press these advances failed completely.

A MAN MUST REMAIN DEAD WHEN LEGALLY NOT ALIVE

(By Associated Press.)
LOS ANGELES, Sept. 14.—Judge Fred H. Taft of the superior court here has ruled that when the supreme court of California says a man is dead, he is dead, and his own affidavit to the contrary is not admissible to disprove his death. The ruling, said by lawyers to be unique, was made here in connection with the settlement of the estate of Thomas Wilcox, who died a few months ago. According to the evidence, the widow was thrice married.

Her first husband was Albert Broberg, whom she wed in 1897, and who disappeared soon thereafter. Later, she married a Dr. Lehman, who subsequently brought an annulment action, claiming he had learned Broberg was alive. While the case was in the supreme court on appeal Dr. Lehman died. Later, the widow married Mr. Wilcox.

After the death of Mr. Wilcox, his son by a former marriage was made administrator, and set about establishing the rights of the heirs. He procured an affidavit from Broberg, now in Canada, that he is not dead. When the final account was presented, the affidavit was offered to the court. Then came the ruling that the supreme court decision controlled the court, that Broberg was legally dead, and that his affidavit to the contrary could not be received in evidence.

Then the supreme court held the fact that Broberg was alive had not been established. That ruling validated the subsequent marriages.

SECOND QUOTA MEN FROM MYE COUNTY

The second quota of conscripts from Nye county will leave here on Sunday morning, September 23 for Camp Lewis at American Lake, Washington. The class will include 28 men who were notified yesterday to report at the sheriff's office on Saturday the 22nd. The ladies of Tonopah are arranging to furnish the boys with badges and lunches and to see that they get off with a smile and a

happy recollection of their parting from home ties. On the evening of the 19th the Tonopah Military band will tender the recruits a concert and dance at the Airdome to which the public is invited. The list of men drawn on this call follows: Raniel S. Weeks, Roy Sidney Daniels, Joseph A. Carmody, Wesley Fitzgerald, Steve Varnish, Antonio Tezak, Vincent Oberto, Perfect Peirini, Pete Dosa,

Vaso Sperto, Alarik Alesiu Himankas, George Viskysvac, Leander Johnson, Pietroboni Giovanni, Daniel Radan, Alfredo Del Papa, Van Harmansen Makkonen, Andrew Jackson Sailer, William Edward Powers, Elmer Odver Stone, Radoye Yelich, Treavn Malkovich, Gargo, Mezjugorac, John Divanovich, Fidellas G. Ott, John Herman Jacobson, Vido Kultacha, Frank Kolich.

BUYING LOCUST TREES FOR SHIPS

(By Associated Press.)
SEATTLE, Wash., Sept. 14.—Representatives of wooden shipyards on the Pacific coast have been buying up the locust trees in the irrigated country east of the Cascade mountains, to use the wood for nails and pins in the wooden ships. Workmen in the employ of the buyers cut down the locust trees, chop them up, take away the stuff they wish and leave the remainder on the ground. The shipbuilders use the locust wood because it is strong and does not decay. The farmer in the irrigated country grow the locust because it

is the most beautiful of all the fast growing trees. The locust is a native of Eastern North America, and was formerly a favorite shade tree in eastern states, but it is no longer permitted to be planted there because of a boring insect which makes the tree trunk a mass of running sores and finally causes it to fall. The locust is threatened with extinction in its native home because of the borer, but on the Pacific coast the tree is perfectly sound and grows even more rapidly than in the east. A locust tree chopped to the ground is soon restored by sprouts from the stump.

CABINET CHANGES MADE IN FRANCE

(By Associated Press.)
PARIS, Sept. 14.—The new French cabinet contains a new ministry, first called in the ministry propaganda but later changed to a minister of missions abroad. Sixteen members of the new cabinet have been ministers or under secretaries before and three are former premiers. Painleve becomes premier and continues as minister of war. The Swedish ministry of foreign affairs is assisting the minister of justice in a special investigation of the Argentina revolutions.

ALLIED COUNTRIES ARE GETTING TOGETHER

(By Associated Press.)
WASHINGTON, Sept. 14.—A plan for co-operation in war legislation by the parliamentary bodies of the United States, France, Great Britain, Italy and Russia was presented to members of the public last night by Henry Franklin Bouillon, vice president of the chamber of deputies at Paris. Mr. Bouillon, speaking in the hall of the house, urged the appointment of a congressional commission of 25, seven senators and 18 representatives—as a United States inter-parliamentary delegation to join with similar bodies from other allied government in quarterly meetings. Without power of any kind, the conference would act in an advisory capacity to the various parliamentary assemblages. The suggestion was warmly applauded, but no member proposed that it be carried out. The meeting followed several weeks of consultations between Mr. Bouillon, who is about to return to France, and some of the members of the house, and suggestions of closer parliamentary affiliation between the allies made by Viscount Bryce and the speaker of the Brit-

ish house of parliament in letters to Speaker Clark and Vice President Marshall. Speaker Clark, in introducing Mr. Bouillon, told the members that he was stated to be a member of the French cabinet. Mr. Bouillon said meetings already held in Paris, London and Rome had been very beneficial in war legislation. He explained that the plan was not to bind the government in any way, but to have sessions lasting not exceeding five days at a time to exchange ideas and get all the information possible as to what the prospect governments are doing "to obtain victory of the allies." During the first 18 months of the war, he said, the members of the French parliament were in ignorance of what was occurring at the front and the same was true of the British and Italian parliaments for quite a time after the outbreak of the war. Asked if the international parliament would consider after-the-war problems, Mr. Bouillon replied that the only consideration contemplated was of present war questions. There apparently is little sentiment in the house in favor of participating in the plan.

sunshine. The records of the weather bureau fix the first frost about the opening of October. Last year it was October third when the first show of frost came. On the day after a killing frost came and then winter was here.

NORMAL GRADUATES APPOINTED TO THEIR SCHOOLS

Miss Louise Parker has been appointed to teach the Eagle Valley school in Lincoln county and Miss Laurel Hill has received the appointment as teacher at Reardon, in the eastern end of this county. Both ladies are graduates of the last normal class which graduated in Tonopah last June.

Don't fail to attend the Musicians' Annual Ball and farewell to the conscripts at the Airdome, Sept. 19th. Music by 12-piece orchestra. Admission free, dancing 10c.—Adv. S13 16.

Perfection in CLEANING AND DYEING

can only be attained in a plant that has perfect modern facilities and equipment for such work. Ours, the largest, most modern and most complete establishment of its kind in America, is the result of 65 years of knowing how.

Cleaning and Dyeing Saves Buying The Shortage of European Dyes Does Not Affect Us

Our prices are lower than you pay for work done in such terms. Perfect past brings you to us. We deliver the same way and pay return postage.

Beans Become One Of Biggest Crops

(By Associated Press.)
WASHINGTON, Sept. 14.—Beans take their place this year as one of the country's most important and valuable crops. Forecast of production in the five important bean-growing states, Michigan, California, New York, Colorado and New Mexico, announced by the department of agriculture today in a special report shows 19,969,000 bushels, compared with 8,846,000 bushels last year and 16,321,000 bushels in 1915. More than 1,500,000 acres were planted to beans in those states and the average farm price being paid for them on August 15 was \$7.24 a bushel, compared with \$4.60 on that

date last year. At the August 15 price the prospective crop was worth about \$145,000,000. No estimate was made for the production in other states. Michigan's crop is forecast as 7,350,000 bushels; California 4,399,000; New York 2,899,000; Colorado 2,328,000 and New Mexico 963,000.

NEARING THE FROST LINE FOR THE FALL SEASON

So far this season Tonopah has nothing to complain about in the matter of temperature. While the mornings are crimpy the days are normal with a penetrating heat and

Too Much Food Is Bad for Man — and So Is Too Little

WE can overindulge in almost anything, such as tea and coffee drinking, and even in the use of water. There is such a thing as "Aquamania" (water lunacy) and we also have food drunkards. Everyone knows that the intemperate use of alcoholic beverages is unquestionably injurious, just as every sane man knows that the temperate use of a mild Barley-Malt and Saazer Hop brew, such as **BUDWEISER**, is the drink of moderation. **BUDWEISER** sales exceed other beers by millions of bottles, because it is brewed in the good old honest way. Quality has for 60 years been the secret of its success.
