NOTICE OF DIVIDEND

At a meeting of the Board of Directors of The Tonopah Mining Company of Nevada, held September 10, 1917, a regular quarterly dividend of fifteen per cent was declared, payable October 26, 1917, to stockholders of record September 29, 1917. Transfer books will close at noon September 29th, and open at 10 a. m. October 8, 1917. (Signed) C. A. HIGBEE, Secretary.

SPENCER WRIGHT IS NOW IN JAIL

MAN WHO PLACED A BULLET IN HIS BRAIN HAS COMPLETELY RECOVERED.

Spencer Wright, the negro who shot and killed Mattie Wright and then fired a bullet into his own brain, has so far recovered from the effects of his injuries that he has been removed from the county hospital and placed in the jail for safe-keeping. District Attorney Harry Atkinson swore out a warrant charging the prisoner with murder and will proceed with the case as quickly as possible.

FAY DAVIS DIES IN SAN FRANCISCO

DECEASED WAS ACTIVE IN POLITICS AND MEMBER OF MANY ORDERS.

For the second time in the course of two days Arthur H. Keenan, exalted ruler of Tonopah lodge of Elks, received a death message announcing the loss of an esteemed member. This afternoon the news came that I. F. Davis, better known as "Fay," had passed away at the Hahnemann hospital in San Francisco, after a short illness caused by blood poisoning. Death occurred at 1:30. Deceased was one of the most popular barbers of the camp, having come here and engaged in business in 1908. He was a member of the Knights of Pythias, the I. O. O. F., and a leader among the Socialists, whose cause he championed at every election.

WILL RECLAIM MOAPA LAND.

By straightening out the channel of the Muddy river in Clark county and building a distributing system for its waters several thousands of acres of land in the valley will be reclaimed. This is to be undertaken by the irrigation investigation department of the bureau of public roads of the federal government under the direction of F. L. Hixby. Surveys of the proposed channel and distributing system, made by R. A. Allen, submitted at a meeting of the farmers of the valley several days ago, were accepted. A board of drainage supervisors, made up of farmers of the district, will be appointed at once.

True Economy.

There are great joys in practicing true economy in the right spirit. True economy, you see, is not abstinence from necessary things—not at all. The joys of true economy are for those who make the most of what they have; who, finding what may be theirs, proceed to the extraction of the greatest benefit from what is within reach.

Too Much Flirting.

First Co-ed—Why, Doris, how tired your eyes look! Tired One—Yes, my dear; I rolled them too much this evening.—Syracuse Orange Peel.

No Time For Her.

Physician—Your case is such, madam, that time alone will effect a cure. Mrs. Randall—Then it is hopeless, for I never have even five minutes.—Life.

He Knew Her.

Mrs. Gabbie—I met Mr. Brown today while I was shopping. Her Husband—That so? What did you have to say?—Boston Transcript.

NEW TODAY

Mrs. Mapes, Real Estate

Two-room house completely furnished, gas, lights, water, rent \$12. \$700. All in first-class condition. Owner leaving town. adv244f

"DAD" JONES DIES FROM INJURIES

MEMBER OF TONOPAH LODGE B. P. O. E. SUCCUMBS TO AUTO ACCIDENT.

Arthur H. Keenan, exalted ruler of Tonopah lodge B. P. O. E., received a telegram yesterday morning announcing the death of "Dad" Jones at Berkeley as the result of an automobile accident that occurred early in the week. The flag of the local home was placed at half staff on receipt of the news, as the deceased was one of the most esteemed members of the order in Nevada. He followed the occupation of sign writer while living in Tonopah, but previously to coming here was one of the leading accountants of the coast, with his home in San Francisco. His intimate friends say he lost a couple of fortunes in the great fire of 1906 and came to Tonopah to recuperate his losses. He identified himself with the Tonopah Military band and was a conspicuous figure in all parades wherein he officiated as drum major. Mr. Jones was over 6 feet in height and weighed 250 pounds. The funeral took place at Berkeley this afternoon at 2:30 o'clock, under the auspices of Berkeley lodge of Elks.

BOMBS FROM AIRPLANES.

Simple Device That Aids in Dropping the Bombs Accurately. At the numerous aerial bombing schools pilots and observers are taught how to drop bombs accurately on stationary and moving objects on the ground and on captive balloons. Bombs of all classes are used, from the eight pound high explosive bomb to the 200 pound bomb as well as the phosphorus and rachimite bombs. The instrument that is used in directing the placing of a bomb on the object aimed at is a simple device and is provided with several adjustments that can be made almost instantly. One of these gives the speed at which the machine is traveling, another is an ordinary water level, and both in conjunction with two mirrors which show the pilot the ground below serve to aim the bomb. The wind has to be seriously considered when dropping bombs and most bombs are dropped up wind. Bomb dropping is a most important branch of the air service, and pilots have been known to drop bombs on enemy trains and transports from fairly good heights and also on the vital parts of bridges and on depots and railway junctions, munition plants, aerodromes and submarine bases.—Scientific American.

The Track of the Earth.

If the sun and earth and the earth's orbit could be seen, the track of the earth would be a spiral around that of the sun. Go take a broomstick, wind wire around it like thread on a spool, take out the stick and stretch the coil until the space between each turn is, say, one-third of an inch and make a hundred turns of the wire. Then this spiral or coil would represent the track of the earth through space during a hundred years. The sun moves toward the star Vega at a speed of twelve miles per second and carries the earth, all the planets and their moons along. But they all move around the sun at the same time and therefore traverse spirals, represented fairly by extended coils of wire.

TRIAL OF WEINBERG.

(By Associated Press.) SAN FRANCISCO, Cal., Sept. 24.—The trial of Israel Weinberg in connection with the bomb explosion has been set for October 1.

NOTICE.

There will be a meeting of the grand jury at 7 o'clock on the evening of Wednesday, September 26, in the jury room at the court house. All members are urged and requested to be present. This is important. J. G. CRUMLEY, Foreman. adv244f

PERSONAL

GEORGE B. THATCHER, attorney general, was among the arrivals yesterday. E. F. STACKS, representing the Intertype Corporation, of San Francisco is registered at the Mispah. DR. J. C. COWDEN, who attended the grand lodge of the Knights of Pythias of the Domain of Nevada, returned this morning. JAMES MAYBURY left on this morning's train for Reno, where he was called by the serious illness of his father, James Maybury, the oldest pioneer in Washoe county, he having reached the ripe old age of 82 years. MRS. ROSE GIBBONS, who has been on the coast attending her daughter, Marguerite, during her recent illness, returned this morning and was pleased to announce that Marguerite is now visiting in Berkeley. MRS. FREDERICK BRADSHAW and daughter, Elizabeth, were passengers this morning for the coast. S. H. BRADY, president of the Silvermines Corporation, arrived yesterday en route to Hornsbyville to arrange for opening the big mill.

ONE WAY TO WOO SLEEP.

Travel In Memory Some Road You Knew Well In Childhood. It is hard for me to remember now that my knowledge of the sleepy road, gained so many years ago, came only through the chance bit of advice dropped by a wise, kind, weary old doctor as he shuffled at midnight down the corridor of the silent hospital, says the Atlantic Monthly.

TONOPAH LIBERTY LADS

(Continued from Page One.)

board to excuse him on the ground of being an alien subject, was absent. No surprise was expressed at this, as he had been reported absent from camp several days before the time for final enrollment. Makkonen had taken out his first papers and in that way became eligible. His ground for claiming exemption was that he had a wife and family in Finland. It is supposed that he left with Alarik Alesu Himanka, another countryman, who disappeared from Tonopah last week to avoid conscription. The appearance of the streets yesterday morning was inspiring. Froin in front of Musicians' Union headquarters, where the band gathered, to the court house there was a string of flags and marching orders on their way to the county building whence the Liberty Lads were to take their formal departure from their home town. The Moose were there in large numbers and were followed soon after by the Serbian Young Men's Society presided by their national flag and the flag of their adopted country. This organization turned out nearly 70 per cent of the membership and the boys marched with military precision, indicating that many were veterans of the Balkan wars. Tonopah lodge of Elks next filed into line along the approach to the court house. Each member bore a small flag and the lodge was headed by the immense silken banner with its mass of heavy bullion framing the stars and stripes. The Knights of Columbus arrived with the musicians and, as the parade started for the depot, the knights fell in at the post of honor in rear of the Serbians. Then the band struck up "Tramp, Tramp, Tramp the Boys Are Marching" and the line stepped forth briskly for the depot. Ed Harmer led with the Stars and Stripes, under which he and other veterans of the Civil war had fought so valiantly. On his right was J. Jordan, another member of the G. A. R., and Van Hallberg, a Spanish-American war veteran. The band followed and then came the fraternal societies in the order given above. At the Mizpah hotel the line counter-marched to permit the Woman's Relief Corps and the T. A. R. to fall in, and once more the march was resumed. Citizens dropped in and by the time the paraders reached the station there could not have been less than two

NATURALIZATION HEARING TAKES PLACE TUESDAY

Commissioner Lyttleton, who has charge of naturalization processes, was to appear here today, but wired that he had been detained in Reno by business, but would hold court tomorrow. There are five cases to be passed on, including two postponed from the previous hearing.

Hindenburg is ill and the kaiser doesn't feel any too well himself. It's a great life—if you wish.

Owing to war stringency hot birds will hang high this winter, and to pull down a cold bottle a long reach will be required.

The winter prospect is that Germany will not find Russian towns good things to freeze in.—Atlanta Constitution.

They went to camp with shout and song; Ach, Kaiser Bill, you're sure in wrong.

AMUSEMENTS

FIRST LOCAL MOTION PICTURES OF TONOPAH BOYS LEAVING FOR THE FRONT.

Tonight at the Butler the first local motion pictures of the Tonopah boys leaving for the front will be shown in addition to the regular picture program. This picture shows the big procession lead by the Tonopah Military band, with Master Thomas Lynch, Jr., at their head, en route to the depot, and Governor Boyle addressing the large crowd assembled. While this big event took place only two weeks ago, three of the boys have already received promotions. The feature picture this evening will be a Vitaphone Blue Ribbon production, "The Sixteenth Wife," with pretty Peggy Hyland and Marc MacDermott in the leading roles. "The Sixteenth Wife" was adapted by A. Van Buren Powell from Ollie Elliott Seawell's romance, "Mary Ann and the Grand Duke." Mlle. Olette, heading the Russian ballet, is really a shrewd American girl who poses as a Russian to make success easier. The latest release of Hearst-Pathe News will be added to the bill, making a seven-reel program.

thousand men, women and children in line.

As the train backed in the platform space was so jammed that it was impossible to move. The flag bearers of the several orders grouped themselves in front and the boys were called for and brought out for the greetings of their friends and relatives. Milton Detch seized the opportunity to climb up on a baggage truck and briefly introduced Hon. Ben D. Luce, speaker of the assembly, who spoke feelingly of the obligations of himself and the remaining citizens were under to the defenders who were going away to fight for their country. He said: "For these young men, this is the most momentous period of their lives. They are entering into a work that will make for the big things in life; they are starting a great career and becoming a part of the making of the most glorious events that will mark the pages of history in future generations. It is to them, the young blood of America, to whom we must look to perpetuate our liberties and our flag, and it is these men who now go forth to shape the destinies of our nation and become the great men of our country—and may God speed them in their glorious work, and we who are left behind can only cheer them and envy them in their proud position. Three cheers to the marching heroes!"

MANHATTAN MAPS FOR SALE

Both folding and wall maps of the Manhattan mining district as surveyed by William J. Moran are on sale at this office. The pocket maps are \$2.25 each and the large wall maps \$5.50. This map includes the latest surveyed locations and is the only up-to-date map of the district.
