TONOPAH LADY IS ACTIVE FOR T. A. R.

Like many other former Tonopah residents, Mrs. W. C. Hunter, who is now living in San Francisco, is taking a lively interest in the T. A. R. and in the ambulance Tonopah will send to the front. She is a musician of great ability and has looked after the publishing of the T. A. R. song, "The Call of the Ambulance," copies of which will be on sale Friday evening at the Airdome, the proceeds to go into the ambulance fund. Mrs. Hunter received so many orders for the song from former Tonopah people now residing in and about San Francisco that she was obliged to have a very much larger number of copies printed than was at first contemplated. The song is entirely a home product, both words and music having been written by Tonopah people.

The ambulance which Mr. Chapman is constructing and which will head the children's march Friday evening will be placed on exhibit down town in a day or two. An exhibit of articles that will be on sale in Klinger's show window. These are changed daily.

Congress eliminated from the urgent deficiency bill an appropriation for this work and it has been assumed that the project could not be carried out, at least, until money was forthcoming at the next session in December. Discussing reports that several bills proposing to change the draft ages would be offered when congress re-assembles, the secretary said he had not changed his opinion that 19 to 26 was the best age limit for military service. TONOPAH PICTURES AT BUTLER.

In addition to the regular program today, which is a "dandy," the local pictures of the last quota of twenty-four of our Tonopah boys leaving for the training camp will be shown, also repeating the pictures of the first two quotas which left some weeks ago. This will make quite a lengthy Tonopah picture, and one that is sure to interest everyone in this vicinity.

The feature today presents House Peters and Louise Huff, making one of the strongest stellar combinations the patrons of "the screen" have ever seen. The charming Louise Huff and the magnetic personality of House Peters, added to the combined histrionic ability of both, heads a great cast. The name of the story is "The Lonesome Chap," and it is a human interest tale of a school girl who falls in love with her guardian and he with her, but both, not knowing, decide to sacrifice themselves, but later, through strife, they find each other out.

The strange coincidence of it is that this gripping story might have been taken from real life, as the little home in the Sierras exactly suited for the purpose, and located by one of the Pallas company scouts for this picture, was built by its owner for his bride-to-be, who never materialized, which is practically the same situation as the first part of the story of "The Lonesome Chap."

A Ford Educational Weekly will also be added to the program. Tomorrow do not forget the day—Wednesday—Douglas Fairbanks, in his very best picture, "Wild and Woolly." And Thursday, "The Flame of the Yukon."

JEWELRY ROCK FROM WILLOW CREEK DISTRICT

Andy Giggeri an old-time prospector of this section, who has been operating in the Willow Creek district of Nye county for the past two years, arrived in Ely yesterday, bringing in samples from a strike recently made on one of his claims, which are literally full of free gold. The lead is better than three feet in width, several inches of which is expected to average \$3,000 per ton. Some assays have been had running as high as \$12,000. It is expected that the entire lead will run from \$100 to \$200 per ton. The strike was made in a winze from the tunnel level, which has now been sunk eight feet on the ore, which still holds good in values. It is the intention to continue the winze on down to a depth of 100 feet, after which further development will be started. Joe Dugan of Ely and Joe Basse are associated with Mr. Giggeri in the ownership and development of the property.—Ely Record.

ALIENS MUST ENLIST OR LOSE CITIZENSHIP

Subjects of Great Britain who are residing in Nevada and who fail to offer their services to their country may be shorn of their citizenship, according to a statement made by Maj. Manchester, who is conducting a recruiting campaign among the British and Canadians in the United States. Maj. Manchester obtained from Adj. Gen. Sullivan a list of 257 subjects of Canada and Great Britain who are residing in Nevada. White Pine county led the list with a total of eighty-three who registered under the selective draft law. Washoe was second with fifty-four. The list will be forwarded to British and Canadian headquarters in New York City.

Maj. Manchester said that Canadians who registered will be subject to draft under the conscription law adopted recently by the Canadian parliament.

A considerable number of British and Canadian subjects residing in White Pine county have volunteered since the census was taken. It is said, and are now serving under the colors of their respective countries.

NEVADA'S CONTRIBUTION WILL BE VERY LARGE

Within the next few days a sum estimated by William A. Kelly, collector of the United States internal revenue at Reno, at \$150,000 will be collected in Nevada under the operation of the new war tax law from merchandisers in cigars, tobacco, wines and liquors. From \$200,000 to \$300,000 will be taken in taxes on the stock now held by Nevada dealers.

The law requires that all dealers make an inventory of all the stock of tobacco, cigars, wines and liquors, in excess of the amount exempted from the war tax, and immediately mail this list to Mr. Kelly. This inventory showing the amount of stock they had on hand October 2 will be the basis for collecting the tax, which will run approximately \$100 a barrel on whisky, three times the old tax on wines and a heavy tax on tobacco and cigars. Enforcement of the obedience of the rules governing the making of the inventory and payment of the taxes is to be very strict, according to Mr. Kelly.

Those who make misrepresentation of inventories and fail to observe the law will be prosecuted vigorously.

WOMEN UNDER CONSIDERATION.
