CROP MATTERS DISCUSSED.

(By Associated Press.) SAN FRANCISCO, Cal., Jan. 25.—Plans for increasing California's crops were discussed today at a meeting of farmers with the food administration of the agricultural production board. The summer crops committee recommended the placing of farm advisers in all productive counties for the encouragement of a war gardening campaign by county farm boards to arouse public interest in production.

ROOSEVELT SUPPORTS CHAMBERLAIN IN HIS WAR CABINET PROPOSITION

(By Associated Press.) WASHINGTON, Jan. 25.—Theodore Roosevelt yesterday in a speech before the National Press club, asserted his right to criticize the conduct of the war and declared it to be every man's duty to expose inefficiency if it retards the work of the war-making machinery. In answer to an attack made on him recently in the senate by Senator Stone, he said the speech was an insidious effort in behalf of Germany, and that the Missouri senator, who had done all he could to serve Germany in opposing war legislation, had been the first to inject partisan politics into the war.

Colonel Roosevelt came out in open support of Senator Chamberlain's proposals for a war cabinet and a munitions department. "The proposal," he said, "means that at least a proper scheme of administration will be adopted by the government. I am well aware that no scheme can accomplish anything unless the right men are put in, but at least we will get a proper scheme of administration. In Washington you have a good many star players, but mighty little team work." While the speech contained little criticism of individuals, the colonel spoke of the "maladministration" of the war department.

MISS VERA FRASER GIVEN A SURPRISE

A NUMBER OF PEOPLE SPEND A VERY PLEASANT EVENING.

Miss Vera Fraser was very pleasantly surprised Thursday night, when, on her return home from the show, she was greeted with the word "Surprise!" by a number of her young friends. The evening was spent in playing games and singing. At midnight the guests entered the dining room, where the table was laden with good things to eat. The centerpiece was large birthday cake, lighted with nineteen candles, which was the gift of Miss Claire Le Brandt.

Those present were: Misses Vera Fraser, Blanch Collins, Claire Le Brandt, Mildred Hart, Gladys Perry, Maurine Goldsmith, Myrtle Malcomson, Catherine Bowler, Annie Fraser, Marguerite O'Brien and Lucile Murphy; Messrs. Harold Bowler, Allie Gilbert, Tom Gibbons, Speck Harvey, Bergen Murphy, Burdette Poland, Tom O'Connell, William Peck, Wyno Sparks, Russell Sheerin, Joe Feutsch, Leland Henderson, Henry Lamb, Roy Clark, Carl Monahan and Bob Greenleaf.

ADMINISTRATION TO

(Continued From Page One.)

Ignorant of the truth about conditions, but that Secretary Baker also was misled, challenging the senate and the country to inquire and then deny his assertions. Despite the president's opposition, he declared the committee's army investigation would proceed and the committee plans to resume its inquiry at once. A chart based on reports from all army camps and showing only minor clothing shortages existing January 19 was sent by Secretary Baker to the senate military committee yesterday soon after Chairman Chamberlain made his speech in the senate. In his speech Senator Chamberlain referred to a state of conditions on January 1, recording many deficiencies which the later reports show no longer exist.

Secretary Baker said no statement would be issued in answer to Senator Chamberlain's charges, remarking, "The war department is in the unfortunate position of being unable to speak about certain things." He did comment, however, on several features of the speech. In connection with a letter read by Senator Chamberlain telling of the death of a soldier under harrowing circumstances at one of the camps, he said several similar isolated cases had been called to his attention and that every precaution possible to prevent recurrences had been taken.

As to the assertion that the surgeon general was not consulted in the selection of camp sites, Mr. Baker said every site had been selected by a board consisting of one medical officer, one engineer officer and one line officer, appointed by the departmental commanders. In only one case was the suitability of the site questioned on sanitary grounds, he added. Surgeon General Gorgas was then requested to send a specially selected sanitarian to look into the question.

I positively guarantee that every watch repaired by me will not lose or gain a minute a week. Emil Merman, at Roberts Grocery, advJ25tf

the war department in warmly praising the work of the senate committee. As to the worth of investigations, he said it was the duty of congress to get at the truth, and he quoted from the writings of President Wilson when at Princeton, advocating congressional inquiry into the acts of the administration. Declaring the present is no time for politics, Colonel Roosevelt said: "No public servant and no private citizen in the public relation at this time has any business to consider partisan politics in any way." He said he criticized the conduct of the Spanish war and that his action then showed he believed himself to be performing his duty now. It was never more necessary than now, he said, to tell the people the truth. "If conditions are good," he said, "tell the truth. If they are bad, tell the truth. If they have been bad and have become good, tell the truth."

The navy department, the colonel added, inefficient six months ago, is now doing excellent work. The work of shipbuilding, he declared, now is in excellent hands. For the coordination of shipping operations he recommended the appointment of one man to be put in supreme charge of the operation of all vessels.

RUSH IS STARTED FOR SHALE LANDS

The opening up of a large shale deposit at Eastgate, in Churchill county, near the intersection of Churchill, Lander and Nye counties, has caused a rush of shale prospectors to the scene and, according to men who just returned from the district, a boom town similar to the many mining camps that have grown up in a night in Nevada will probably spring up.

F. M. Duncan and G. G. Schwels, both of Reno, went into the district last June and located considerable of the shale land. They worked on some of it and samples that have been tested at the university show that the sands will go from thirty-five to eighty gallons of oil to the ton, according to Duncan. They took up about 800 acres of the land and sampled the shale for a distance of 3000 feet, opening up the deposits which range in depth from thirty to over a hundred feet.

Both men are in Reno now making plans to install some process for treating the shales and state that the country in that vicinity is being located fast. "Diamondfield" Jack Davis recently took up 2000 acres of land near the original locations of Duncan and Schwels and is preparing to install some kind of a plant to handle the sands.

The country is small rolling hills of sand and the shale beds are exposed in numerous places where the water has washed the sands away and dug deep gulches. The oil, as is most of the shale

the smallest minority seeks to overthrow the government. Rumanian troops are aiding the Russian commander in the gradual demobilization of the Russian army on the Rumanian front. The Rumanians are on guard against marauding bands of Russian soldiers, insisting that all give up their arms before being released from their units. A battle occurred four miles from Jassy between Ukrainian and Bolshevik forces.

AUSTRIANS AT WORK AGAIN.

"DICK" ERNEST GOES TO A NEW POSITION

WAS FOR TEN YEARS THE EFFICIENT SUPERINTENDENT OF ROUND MOUNTAIN MINE.

R. H. Ernest, for the past ten years superintendent of the Round Mountain Mining company, leaves tomorrow morning for San Francisco, where he will be busy for a week on matters pertaining to the company, and will then leave for St. Louis to accept the management of the Manhattan Oil company.

During the ten years that Mr. Ernest was in charge of the property it produced about \$3,500,000. Regarding his present status, Mr. Ernest said: "I think the placer operations during the coming season will be very profitable, owing to the fact that the sluices are laid and all preparations made to take advantage of the water as soon as it arrives."

"While the snowfall this season has not been as heavy as usual on the Toiyabe watershed, I think it will be adequate. The late storms are what count in hydraulic operations."

"For the present the company will not proceed on its plans to erect a larger mill, although it has huge zones of low grade ore available. This is because of the increased cost of mill construction and operation on account of the war. When times become normal the mill will undoubtedly be built. In the meantime the leasing system is proving very satisfactory. There are fifteen tributaries working in the lode mine and they are following small stringers of high grade, which could not be handled very profitably on company account, while the chloriding methods of the leasers, who have no overhead expense, make the work not only profitable to them, but advantageous to the company."

PERSONAL

J. D. McLEOD and wife are visitors from Millett.

JUSTICE OF THE PEACE LAWRENCE is in from Manhattan. JUDGE PETER J. SOMERS had law business at Luning today.

M. HIRAKAWA, a Japanese mining engineer, is spending today in Tonopah.

J. E. PRICE, a successful placer operator of Manhattan, had business in Tonopah today.

DR. CRANE is in from Round Mountain visiting his daughter, Mrs. Kelleher.

N. C. ABLEMAN and James Sevilla were departures for Reno on this morning's train.

A. F. GEGAN of the Hercules Powder company, returned to Reno this morning.

T. BERGERSON, traveling freight and passenger agent for the Southern Pacific company, was a passenger for Goldfield this morning.

JOHN MAGEE, superintendent of the Great Western mine, who had been on the coast for the past week, returned this morning.

MRS. F. A. KNOCK and daughter will leave tomorrow morning for Oakland to join Mr. Knock, where they will reside permanently.

MRS. CHARLES BILYEU returned this morning from Roundup, Mont., where she went to attend the funeral of her brother.

ED KIRCHEN and Lou Townsend, master mechanic at the White Caps, came in this morning by auto and returned an hour later.

RALPH SWEET, a mining man of Manhattan, was in Tonopah today on his way home from Stockton, where he had been called by the illness of his wife.

MRS. T. M. SAMUELSON, who had been visiting her mother, Mrs. L. Bowden, and sister, Mrs. Hiram Bilyeu, left this morning for her home in Salt Lake City. She was accompanied by her little daughter.

HARRY E. HORN, who has been in charge of the diamond drill for the Tonopah Belmont Development company for the past year, accompanied by his wife and son, left this morning for San Francisco, the Belmont company having completed its exploration work.

J. P. RAWSON, who accompanied his wife and little daughter, Margaret, as far as Reno, returned this morning. Margaret will undergo treatment at the St. Helena sanitarium. He reports his daughter greatly improved and now out of danger.

H. H. ATKINSON, district attorney, who was called to Salt Lake ten days ago by the illness of his mother, returned to Tonopah this morning to attend to important county business. He reports his mother as being in critical condition and cannot long survive.

JOHN TAIT MILLIKEN, a prominent Colorado Springs mining man, who had been in Southern Nevada for the past week, inspecting the various camps, came in from Manhattan last evening, accompanied by E. C. Smith, the broker of Reno and San Francisco. They spent several days looking over the Manhattan district.

ROLL OF HONOR.

(By Associated Press.) WASHINGTON, Jan. 25.—General Pershing today reported another private killed in action on the 22nd. Private Rossi of Lodi, Cal., has died of tuberculosis.
