DIVIDE LEDGE OVER 40 FEET WIDE

The Tonopah Divide mine is proving to be a 'whale'. The crosscut on the 265-foot level is now in forty feet from the hanging and the foot-wall is not yet in sight. To tell of some of the assays that have been taken would be an unbelievable story, but the Bonanza man has seen them, as well as the ore, and there's no fooling. The entire forty feet is not high grade, as the formation is somewhat broken, but there is no questioning the fact that it will all treat at a profit. The gold and silver contents alone are profitable, and highly so, while in addition there

is a quantity of molybdenum, making the ore almost as heavy as galena. It is believed that the ore can be economically treated. Experts will go to work this week taking five-foot samples, after which they will plan a process of working the ore. This find has caused a number of offers to be made for neighboring properties. It has also stimulated the Hasbrouck to go to work on a heavier scale. All mining men who have seen the Divide rock prophesy that Gold Mountain will soon become one of the most active portions of the Tonopah district.

MONARCH IN RUSSIA

(Continued from page one)

pled before the actual status of Russia can be determined.

Some members of the embassy staffs have already left, while others will leave by way of Siberia on a special train tonight.

The Bolshevik premier, Lenine, declared the Germans have their "knives on our chest and our position is hopeless," in the course of a speech urging acceptance by the workmen and soldiers' delegates of the Teuton terms. "However oppressive and unfortunate they might appear, this peace must be accepted as a respite. It will enable us to prepare decisive resistance to the bourgeoisie and imperialism. The proletariat of the whole world will come to our aid."

SWEDEN TAKES HAND.

PETROGRAD, Feb. 25.—At the Bolshevik headquarters confirmation is given of the report that Swedish forces have seized the Aland islands. The landing forces was resisted stubbornly by the small garrison of Bolshevik troops.

The forwarding of Swedish troops to maintain order in the Aland islands, which are populated largely by Swedes, was reported unofficially last week, although until the arrival of this dispatch no announcement had been received of the actual seizure of the islands. The Swedish parliament has adopted the government's proposal for military intervention.

DIPLOMATS TO REMAIN.

PETROGRAD, Feb. 25.—Allied ambassadors have determined to remain in Petrograd pending developments.

THE WILLIAM PATRICK.

Heavy work is planned for the William Patrick group near Central. This property has been under development for some time by John Houppert and associates. The shaft is now timbered and is being deepened. Indianapolis people are backing the enterprise.—Manhattan Magnet.

LAID AT REST.

The funeral of the late James Tunney took place yesterday afternoon at 2 o'clock. Services were conducted in the Catholic church and at the grave by the Rev. Father Noonan. There was a large attendance and many floral tributes.

DRAFT QUOTA MAY BE SMALL.

With 700 new enlistments reported, together with an over-supply of 45 men in the first draft for which credit will be given, it is the opinion of Adjutant General Sullivan that Nevada will be called upon to furnish few, if any, men for the second draft, which it is believed will be called soon. It has been reported to the adjutant general that 1082 enlistments from this state have been made through the Fort McDowell station. Of that number 382 were credited to the first draft, leaving a net credit of 700 men to apply on the second draft. Other depots should add several hundred additional credits for the state.

TRENCH CANDLES MADE AT INFORMAL PARTY

HORN SILVER BRANCH OF N. S. D. BUSY PREPARING SURGICAL DRESSINGS.

The N. S. D. committee acknowledges the receipt of 210 trench candles made at a little informal party given by Mr. and Mrs. Roy Davenport Saturday evening. As soon as a sufficient amount of these is on hand they will be forwarded to the proper Red Cross shipping station in New York for shipment to France. Newspapers, string, paraffin and candle ends should all be carefully saved for making these packages of heat and light for our soldiers in the cold, wet trenches of Europe.

The Hornsilver branch shipped last week 1369 dressings to the New York headquarters. They have a neat little workroom out there and an enthusiastic and active organization, which is doing good work for our country's defenders.

ACKNOWLEDGMENT OF TONOPAH'S EFFORTS

LETTER RECEIVED HERE FROM HEAD OF RED CROSS WORK IN FRANCE.

Mrs. Willard, chairman of the National Surgical Dressings committee, recently received a letter from Maj. Grayson Murphy, head of the Red Cross in France, in which he says: "Your co-operation with us has been most satisfactory and certainly one of the most useful factors in the work we have done, and I can never thank you enough for the generous and effective spirit in which you have worked with us."

These gracious words will be of great encouragement to the local committee and to their many friends who are helping so generously to carry on the work here in Tonopah.

AMUSEMENTS

FAMOUS STAGE BEAUTY AT THE BUTLER.

At the Butler tonight Elsie Ferguson, the most beautiful artist of the American drama, makes her motion picture debut in "Barbary Sheep," for Artercraft pictures. Miss Ferguson's career on the stage started at the bottom. Through characteristic persistency and hard work she has become one of the most popular actresses of the world, and enjoys particular prominence among the hearts of American theatre-goers.

In "Barbary Sheep," adapted from Robert Hichens' most popular work since "The Garden of Allah," Miss Ferguson is given a vehicle that not only is particularly adapted to her capabilities, but one that offers her a most lavishly artistic background, and some of the most elaborate sets ever staged for a production. The romantic story of Algeria, which tells of the infatuation of an English noblewoman for a dark-skinned army officer, as told on the screen, has achieved greater popularity than ever the book experienced. Charged with the heart passion and swift action that befit a daring romance of this country, "Barbary Sheep" attracts and holds the immediate attention of the audience from beginning to end. The gods were good to Elsie Ferguson, giving her a generous supply of their best gifts—beauty, grace talent—and that elusive magnetism called personality. Do not fail to see this talented star. In addition to the above feature, the Hearst-Pathé News, with its history-making events in a new installment of the official U. S. war films.

Tomorrow, Gladys Brockwell, the popular sensational Fox star, in "For Liberty," telling a story you will not forget.

THEY ALL LOOKED ALIKE.

An Indian who was paroled from the state prison and who is now in the East, in charge of William E. Johnson, an ex-Indian service man, wrote the following to Carson as part of a letter sent to a newspaper there: "The other day I went to Columbus, Ohio, to look in the city. While there the all streets were all alike to me and some time I got lost in it. This was happened three or four times, but I was lucky enough to come to same place where I started from the first time. I finally find my way out of the city and come home."
