CHARGES DISMISSED.

(By Associated Press.) SAN FRANCISCO, Cal., Feb. 26.—Two murder charges against Israel Weinberg, a jitney driver, in connection with a bomb explosion here in 1916, which were pending in Superior Judge George H. Cabanias' court, have been dismissed on motion of the district attorney, who said his office was unable to proceed with the case. Six indictments in two other courts remain against Weinberg, who previously was acquitted of one murder charge.

FREIGHTER TORPEDOED.

(By Associated Press.) NEW YORK, Feb. 26.—The British freighter Philadelphia was submerged last Thursday.

All jewelry repairing done by me will be turned out like new at a moment's notice. Emil Merman, at Roberts grocery. advF211f

MANY CITIZENS ENTER ENGINEER REGIMENT

OPPORTUNITY FOR RED-BLOODED MEN TO SERVE NATION IN TIME OF NEED.

Great interest is being shown by the citizens of Tonopah in the recruiting campaign for the 319th engineer regiment. A number of high class men have already been obtained and the officers wish to get at least fifty men from this city. One great advantage in enlisting in the 319th engineers is that all of the men from Tonopah will be in the same unit and not scattered all over the country, as they would probably be in the draft. This should prove a great inducement to those patriotic citizens who want to do their bit. The service which the 319th will have is the kind that appeals to the red-blooded miner and American and a man must be physically fit to be in this regiment.

Men enlisting at this time have an excellent chance of advancement and can work themselves into the grade of master engineer, which pays \$81 per month above all expenses for clothing, food, medical attention and everything else which the soldier needs. The position of master engineer is a most responsible one and calls for a man of great experience in some special line of engineering—mining or other special branches. It is the highest non-commissioned grade in the engineer service. In addition to the possibility of working into this grade an ambitious soldier may work into a commission. It has happened in numerous cases that high class non-commissioned officers from the engineer regiments have been taken out and given commissions. This is true more of the engineers than of any other branch of the service. This is an opportunity for those men below the age of 41 who have registered for the ship reserve to do a greater service and see action overseas. Lieut. Joyce of the 319th engineers is anxious to have all of these men between the ages of 18 and 41, whether in the draft or not, to communicate with him at the Mizpah hotel.

WILL MAKE A PUBLIC TEST LIBERTY MOTOR

(By Associated Press.) WASHINGTON, Feb. 26.—The first test of an airplane equipped with a Liberty motor will be made probably next week to give congressmen an opportunity to see the new engine in action.

Secretary Baker today announced that the Browning machine rifle, declared to be the greatest weapon of its kind yet developed, is being produced in three factories. More than a hundred have already been delivered.

WHAT'S WHAT

Vol. 1. Tonopah, Feb. 26. No. 13. (By L. L. Mudgett.)

One of the greatest mottoes ever conceived is: "Boast! Don't Knock." That's the motto for me. In introducing the Sullivan Machinery company's goods, I stand pat on the insurance that they are equal to any and inferior to none; therefore, I expect to get the business by providing superior service. The magnitude of the Sullivan establishment can be seen from the fact that the company has large offices and distributing branches in thirteen foreign countries, as well as throughout the U. S. A.

It does not stand to reason that such a concern has built up its business in any manner other than super-merit. The company has selected me to handle this district because they think I am an energetic guy and will give its patrons super-service. Watch my smoke and see if I make good.

In looking through the Manhattan Magnet I note that Bill Gotwaldt called me a "Pooh Bah." I don't know what that means, but if I find out that Bill's calling me names I'm gonna make him prove it.

ADVERTISEMENT. If anybody can give me the straight on Cash Boy I'll increase his expense account. I'm a stockholder, so it will not be illegal to give me some information.

GENERAL PUBLIC. HEALTH HINTS. Use lots of Ivory soap. Don't use wheat, flour, meat or sugar.

Eat lots of potatoes and beans.

WEIGHT LIMIT INCREASED.

(By Associated Press.) WASHINGTON, Feb. 26.—Postmaster General Hurleson has increased allowable weights of parcel post packages from 20 to 50 pounds in an effort to stimulate the movement of farm products to consumers.

ENLISTING MEN FOR THE REGULAR ARMY

PARTICULAR OPPORTUNITIES FOR SERVICE IN AVIATION OR COAST ARTILLERY.

Sergeant S. L. Harris arrived this morning to recruit men for all branches of the service, including coast artillery, heavy artillery, aviation, infantry, cavalry, quartermaster's department, engineers and medical department, all for the regular army. His headquarters are at the Mizpah hotel. He personally examines candidates and if they pass he furnishes them with transportation to San Francisco, from which point they are directed to their posts.

The sergeant does not accept men within the draft age, but between 18 and 21 and between 31 and 40 years, inclusive. Mechanical helpers may join either the aviation or coast artillery branches. Those enlisting in aviation will be sent to Georgia, Kansas, Texas or San Diego, and in the coast artillery to the officers' training school at Fort Monroe, Va. Skilled mechanics of all kinds are wanted for the service.

POSITION OF PACKERS

(Continued From Page One.)

speed up the work and increase the output of the plants. That the government's requirement of devoting four hours in every 24 hours to scrubbing and cleaning the entire plant to keep it in a sanitary condition makes it impossible to install three shifts of eight hours each.

That the plants are now being operated 20 out of every 24 hours to meet the demands made upon them by the government, its allies and the world.

That the adoption of an eight-hour day in the packing plants would decrease the output 20 per cent.

That women are not discriminated against in the matter of wages and are now receiving the same wages paid men for the same work.

That the packers are not supplanting men with women in their plants.

That the packers have not imported negroes from southern states to northern cities for work in stock yards plants.

That if stockyards employes did not spend millions of dollars annually in saloons they would have more money to furnish necessities for their families.

That the packers have not discriminated against labor unions.

That 85 per cent of high salaried packing house executives have come up from the ranks of laborers in the plants.

SPECULATOR IN FOOD LOSES HIS LICENSE

(By Associated Press.) SAN FRANCISCO, Cal., Feb. 26.—The food administration has revoked the license of H. P. Cox, a San Francisco grain dealer. It was charged that he failed to deliver rice sold last June. He is alleged to have speculated. This is the first action of its kind in California.

ACTIVITY OF CORPORATION.

(By Associated Press.) WASHINGTON, Feb. 26.—The interstate commerce commission has made public an official record showing that the Louisville & Nashville railway spent thousands of dollars in political activity and supporting newspapers in Southern states between 1917 and 1917. The disclosures are based on an affidavit filed recently by President Smith in answering questions to which he refused to reply until the supreme court ordered him to do so.

GERMANS TAKE TOWN.

(By Associated Press.) BERLIN, Feb. 26.—The Germans have captured Pakov, about 160 miles southwest of Petrograd.

PATRIOTISM RUNS RIFE IN PYTHIAN CASTLE

HONOR PAID KNIGHTS WHO HAVE JOINED THE COLORS OF THE NATION.

The dedication of the honor roll of the Knights of Pythias who have entered the service was an affair last evening to be long remembered by the huge throng that witnessed the ceremonies. The program started promptly at 8:30, Chairman C. E. Bevis presiding. The tribute to Old Glory was very touching. The colors were presented by a company of knights in full uniform, under command of R. M. Bateman. Mrs. J. L. Simmons rendered some patriotic songs in a most pleasing fashion.

After the ceremonies dancing was enjoyed until midnight. The Pythian Sisters served a Hoover lunch. This was the fifty-fourth anniversary of the founding of Pythianism, and similar ceremonies were performed in all the castle halls of the order.

THE PRESS

(Continued From Page Three.)

world by Prussian militarism, a worse hell unimaginable.

"I am proud of the patriotism shown by the press of the United States and it is entitled to sincere respect for the unselfish and un begrudging manner in which it placed its news and advertising columns at the disposal of the government without asking for one cent remuneration. Without the support of the press it would have been almost impossible to have raised the large sums of money subscribed to the Liberty Loan in such a short time. The press has contributed towards the draft, the raising of money for the Red Cross, the Liberty Loan, and has impressed upon the public the vital necessity of co-operating with the government in its tremendous effort to equip the American army in the shortest possible time, in order that it might reach Europe in time to relieve poor, bleeding and exhausted France and to prevent disaster to the allied cause.

"Thank heaven, through just such support we have over a half-million men in France today, and a constant stream of soldiers en route, which means that America has accepted and met its monumental task of placing a large army in Europe, which spells the defeat of autocracy and the establishment of liberty for the world. It means that the United States will be recognized as the greatest peace-loving republic that the world has ever known, and the press of the country will have the satisfaction of knowing that by doing its duty it played a great part in this great drama."

HOUSE MAKES SLOW PROGRESS WITH BILL

(By Associated Press.) WASHINGTON, Feb. 26.—After voting to give the administration bill to govern federal control of the railroads continuous consideration until a final vote is had, the house made slow progress on the measure and its passage by tonight as now planned seems doubtful.

A fight was started against the section providing for a \$500,000,000 revolving fund to be used in operating the roads.

FORMER PRESIDENT NAMED.

(By Associated Press.) WASHINGTON, Feb. 26.—Representatives of capital have named William H. Taft as their representative for the public in the joint conferences here between employers and employes to establish their basis of relations during the war. The employes also will name a man to represent the public.

AMUSEMENTS

GLADYS ROCKWELL AT THE BUTLER.

A new William Fox photoplay is announced for the Butler tonight. It is called "For Liberty," and deals with events of today. Gladys Brockwell is the star, and that in itself insures a brilliant performance, for it is declared that in spite of all the fine work this star has done, her performance in the new play which is to appear here shows her in a different and in a greater light. This story tells of the conditions that immediately preceded the war in Berlin and of the terror and alarm that came when the declaration was made. It is, however, the story of the life of a brilliant woman who goes through all the ordeals that beset American women who were in Germany at the time, and who is true to her country and to her love. The love element predominates and survives war and tribulation. "For Liberty" is a story of a woman's life that is wonderful and inspiring. It is set in the midst of war, and this makes it intensely real to us who know that such conditions prevailed, but who have only a glimmering of the real truth. It is understood that the play is quite new in the treatment of the questions with which it deals and, like all Fox productions, is beautifully set and finely cast. It is a timely American drama, and one that will interest every loyal American citizen. A Ford Educational Weekly will also be shown.

Tomorrow, Mae Marsh, the ever-popular screen star, in a Goldwyn production, "Fields of Honor," a story which was published in the Saturday Evening Post and read by millions of people. Don't miss seeing Jack Pickford this week in "The Varnish."

WILL HOLD CONFERENCE.

(By Associated Press.) WASHINGTON, Feb. 26.—General Manager Pier of the emergency fleet corporation was called to conference next Tuesday with government officials and representatives of unions whose members are engaged in shipbuilding to consider an amendment of the so-called shipbuilding labor agreement to meet the views of carpenters of the brotherhood.

Do not send your watches to skilled watchmakers out of Tonopah. You have the finest watchmaker right here. Give me a chance and I will prove it to you. Emil Merman, at Roberts' grocery. F211f

TAKEN SUDDENLY ILL.

Mrs. E. S. Grigsby, who recently returned from San Francisco, where she went with her husband when he was removed to the coast for his health, was compelled to leave again for sea level this morning as the result of suffering from an attack of angina pectoris. Accompanied by her nurse, Miss Winrod, she will go to Los Angeles to recuperate in that low altitude.

DYNAMITE FOUND IN CAN.

(By Associated Press.) SAN FRANCISCO, Cal., Feb. 26.—The authorities are investigating the discovery of a cigar can dynamite bomb found in the South San Francisco shipyards, where an explosion would have seriously delayed ship production.
